

Chapter 193: My Genes Evolve Infinitely

TWO OF THEIR SISTERS ARE NOT RIGHT

Hot recommendation:

In the hall, on the light curtain of the combat power list.

Lu Yuan's ranking has risen to second place.

The atmosphere in the hall was silent for a while, and everyone was stunned at the moment.

Lu Yuan was only in the second month of enrollment. This was Lu Yuan's second combat power test, but it surpassed almost all the students in the genius camp and reached the second place.

The first place is a sixth-grade talented student who is about to graduate.

It is conceivable that this shocked the people present.

Although Si Tingxue was ranked 8th at this moment, it was also shocking.

But compared to Lu Yuan, it was still a little bit worse.

At this moment, Rebecca walked down the stairs, humming a cheerful tone, and returned to the hall.

Seeing the silence in the hall, everyone was stunned to look at the battle list, and a trace of doubt flashed in her eyes.

'Huh? What's wrong with you?'

Rebecca turned her head to look at the battle list with some curiosity, and then she stared wide and was stunned.

Second place, Lu Yuan.

Rebecca opened her small mouth, a little in disbelief:

‘Is A Yuan so strong?!’

Then her face changed: ‘It’s over, Xiaoxue!’

She quickly looked down, and soon saw Si Tingxue’s name in the eighth place.

However, her face still has a distressed look.

As Si Tingxue’s best friend, Rebecca knows the strength of Si Tingxue best.

The eighth place is already her limit. If you want a higher grade, it is estimated that you will have to wait for Si Tingxue’s temperament to improve.

But now, Lu Yuan had just broken through to the third rank, and he was ranked second. From Rebecca’s point of view, it was also incredible.

‘Look at this, Xiaoxue loses, it’s over.’

Rebecca scratched her short orange hair with some distress, already imagined Si Tingxue unhappy.

‘Um... how can you comfort Xiaoxue later?’

At this moment, Si Tingxue’s cold voice sounded from Rebecca’s voice:

‘What comforts me?’

Rebecca stiffened and stood up straight like a cat with its tail stepped on:

‘Ah? Nothing! Nothing!’

Si Tingxue glanced at Rebecca with some suspicion, and then went into the lobby to look at the battle list.

After seeing Lu Yuan’s ranking, Si Tingxue’s body stiffened slightly, and her eyes widened. For the first time, a major change in expression appeared on her cold face.

Seeing Si Tingxue’s surprised expression, Rebecca gave a dry cough and hugged Si Tingxue’s arm:

‘Well, Xiaoxue, victory or defeat is a common matter for soldiers, you don’t need to take it too seriously. A Yuan must be a monster, let’s not compare with him.’

Si Tingxue looked at Lu Yuan’s ranking, her eyes flickering, recalling the conversation between herself and Lu Yuan when she was defending the camp before, biting her cherry-colored lower lip slightly.

After silence, her pretty face gradually calmed down:

‘...I am too weak.’

It was the first time that Rebecca saw Si Tingxue calm down so quickly, she was stunned and looked at her next Si Tingxue:

‘Xiaoxue, are you okay?’

Si Tingxue shook his head: ‘It’s okay, just work hard.’

She glanced at Rebecca and said lightly:

‘You too, you have to work hard, your talent is no worse than others, and you will practice with me in the future.’

‘Ah? Shouldn’t we combine work and rest?’

Rebecca’s face was suddenly suffering, and she scratched her short hair with some annoyance. In fact, she didn’t particularly like to practice, and she liked to play more.

Si Tingxue shook her head slightly:

‘In a while, Grandpa Rafael will be back. If he sees you being lazy, he will definitely scold you.’

‘Hey hey~ Xiaoxue, don’t you just tell my old man, it’s okay?’

Si Tingxue looked at Rebecca: ‘Are you trying to let me deceive Grandpa Rafael?’

Rebecca smiled stiffly, scratched her head with a dry smile, and sighed:

‘Okay, okay, I will practice hard.’

When the two were talking, Lu Yuan walked down. He saw Si Tingxue and Rebecca standing outside the corridor, a little curious:

‘Why are you two standing here?’

Si Tingxue and Rebecca both turned to look at Lu Yuan.

Si Tingxue glared at Lu Yuan. Although there was no expression, Lu Yuan had known Si Tingxue for a long time, and she could see that she was a little unhappy.

On the side, Rebecca puffed her mouth like a kitten, waiting for the landing, and looked like her owner was the same enemy.

Lu Yuan was full of question marks.

What are these two people doing?

Lu Yuan didn’t think too much, walked over and looked at the battle list.

After seeing that he was ranked second, Lu Yuan was taken aback, a little surprised.

He originally thought he was probably in the top five.

This ranking is higher than he thought.

In this way, the strongest person in the genius camp is probably at the king level?

Maybe the first place is better?

It didn’t matter to Lu Yuan. He looked back, and after seeing the name of the eighth Si Tingxue, the corners of Lu Yuan’s mouth raised, revealing a smile:

‘Hey, classmate Si Tingxue, is this ranking right? It seems that I won?’

He finally knew why these two guys were so unhappy.

That’s it.

Yisi Tingxue’s desire to win and lose is indeed unhappy after losing.

But Lu Yuan was happy.

He turned to look at Si Tingxue.

Si Ting Xue stared at Lu Yuan and snorted coldly:

‘Of course, go to my sister’s house tonight!’

Lu Yuan smiled slightly: ‘Okay.’

Rebecca no longer looked at Lu Yuan as fiercely as before, and now she raised her hand happily and said with a grin:

‘I want to go too! I want to go too! It’s been a long time since I had the food made by Xiaoxue.’

Lu Yuan glanced at Rebecca, a little surprised.

It turns out that Si Tingxue can cook ?

When the three of them were communicating, the genetic warriors in the hall looked at Lu Yuan and Si Tingxue.

The talents of the two first-year students are better than all of them here.

There are only the top ten in the first school year, and there is no accident in the future. The two will definitely be the first and the second.

The eyes of everyone are full of envy.

Si Tingxue and Rebecca left, while Lu Yuan was waiting for Si Tingfeng, Yang Ping and McGonagall.

The test ended soon after the three of them came down. After seeing the rankings, Yang Ping and McGonagall were already numb. Si Tingfeng couldn’t help but smile.

‘I’ve long thought that Ayuan you would surpass me, but I didn’t expect it to be so fast.’

He is a little helpless. Although he is also a natural inheritor, he inherits only the leader level.

Compared to Si Tingxue, it was still a little weaker, not to mention the current Lu Yuan.

Under everyone's gaze, the four left the hall and returned to the dormitory area.

After that, Lu Yuan said goodbye to them and went to Si Tingyu's dormitory.

During this time, Lu Yuan was still very concerned about the practice of steel body.

However, compared with Hei Gangjin, the difficulty of steel body cultivation is a bit more difficult. Up to now, Lu Yuan can only improve his defense by about 50%.

Still need to continue to be beaten by Si Tingyu.

When Lu Yuan arrived at Si Tingyu's dormitory, he found that Si Tingxue and Rebecca were already there.

They are chatting with Si Tingyu in the living room.

Seeing Lu Yuan entering the door, all three of them looked over.

Rebecca blinked happily at Lu Yuan:

'Ayuan, you are so slow!'

Si Tingxue at the side glanced at Lu Yuan, snorted as a greeting, and then looked away.

Si Tingyu smiled gently at Lu Yuan:

'I heard Rebecca say that you are already in second place in the battle list?'

Lu Yuan nodded and said with a smile: 'Yes, tutor, the tutor taught well.'

Si Tingyu shook his head and said seriously: 'This is the result of your own talent and hard work. I'm just teaching you defensive skills.'

During the duel training, Si Tingyu naturally could see that Lu Yuan's abilities in all aspects far surpassed the strength shown by the extraordinary genes he had burned.

Si Tingyu didn't know exactly what was the reason, but Lu Yuan definitely had his own secrets and opportunities.

There are many opportunities in the place of origin, and Si Tingyu is not the kind of person who likes to explore the opportunities of his own students, so naturally he will not say much.

Si Tingyu was a little surprised to hear that Lu Yuan was ranked second, but he was more happy for his students.

Lu Yuan is talented, but Si Tingyu also sees his hard work.

Not everyone can be beaten by her every day until the bones are broken and the muscles are broken and never crying out of pain and tiredness.

Si Ting Yu's golden red eyes looked at Lu Yuan, with a hint of gentleness in his eyes.

Seeing Si Tingyu praise Luyuan, Rebecca widened her eyes and looked at Si Tingyu with a look of surprise in her eyes.

Rebecca knew Si Tingyu's harshness very well, so she was actually a little afraid of Si Tingyu, but she didn't expect Si Tingyu to have such a good attitude towards Lu Yuan.

It's rare!

Rebecca looked at Si Tingxue, who was pretty cold-faced again, and couldn't help muttering in her heart that neither of their sisters was right.

Lu Yuan smiled embarrassedly: 'If my instructor hadn't taught me defensive skills and steel body, my combat power would not be so strong.'

Si Tingyu smiled slightly: 'I heard that Xueer is going to make dinner for you?'

Lu Yuan glanced at Si Tingxue, then smiled and said:

'Well, it's our bet.'

Si Tingyu glanced at Si Tingxue, who was exuding low air pressure, with a smile in her red eyes:

'Then let's practice first, and let Xueer cook by herself.'

Si Tingyu glanced at Rebecca again:

‘Rebecca will come with you too.’

Rebecca stiffened and shivered:

‘...I, I want to beat and beat Xiao Xue.’

‘Um?’

Si Tingxue narrowed her eyes slightly and looked at Rebecca sternly.

Rebecca collapsed and almost cried.

Sure enough, I shouldn’t have been here just now!

You can watch movies and play games alone at home!

How easy it is!

She stood up aggrieved:

‘I know, I will also go to practice.’

Lu Yuan smiled at Si Tingxue:

‘Student Si Tingxue, come on.’

Si Tingxue: ‘...’

She clenched her fists in an aura, glared at Lu Yuan, and looked away, not wanting to look at Lu Yuan’s proud smiling face.

‘Don’t worry! I’m willing to bet and lose, I will do it seriously!’

After that, Lu Yuan and Rebecca, who was trembling, followed Si Tingyu downstairs, came to the underground training room, and began to practice.

.....

After a few hours, time came to night.

In the underground cultivation room, Lu Yuan's body flew out and hit the wall of the underground cultivation room with a roar.

His face was a little pale, and he slowly slipped off the wall.

Rebecca sat on the side, shivering, looking at Lu Yuan and Si Tingyu with some horror.

Si Tingyu silently retracted his palm, walked over, and then took out a bottle of medicine that was shining with stars, handed it to Lu Yuan's mouth, Lu Yuan opened his mouth and drank it silently.

This action is already very skilled.

After all, Lu Yuan was often beaten to the point where his bones were broken. If he used the light of life, he would recover quickly.

But in front of Si Tingyu, Lu Yuan had never used the Light of Life, and had to Si Tingyu to feed him every time.

Over time, both of them got used to it.

The Starlight Blessing Potion is a very powerful healing potion. Si Tingyu would not bear it at all. Every time Lu Yuan was injured, Lu Yuan would drink it.

After drinking the potion, Si Tingyu got up and said:

‘Take a rest, wait and continue.’

Lu Yuan nodded silently: ‘Yeah.’

He was lying on the floor, feeling the potion transforming into wisps of gentle energy flowing throughout his body.

At this moment, an intelligent robot went downstairs and said:

‘Master, the second master said that dinner is almost ready, so you can go upstairs to have dinner.’

The secretary listened to Yu heard the words and said:

‘I see.’

She turned her head to look at Lu Yuan: ‘I will stop here today and continue tomorrow.’

Si Tingyu wiped the sweat off his face.

Because it was a physical training technique, neither Lu Yuan nor Si Tingyu used spiritual power or combat skills, but only used the physical body to fight.

Even Si Tingyu would sweat.

The loose white martial arts uniform on her body was soaked in sweat at the moment, clinging to Si Tingyu’s body, showing her fiery figure.

Si Tingyu didn’t care at all.

She turned around and entered the dressing room, and then there was the sound of water flowing inside.

Lu Yuan was lying on the ground, still waiting for his body to recover.

On the side, Rebecca shrank and ran over, squatting next to Lu Yuan, widening her eyes, and carefully poking Lu Yuan’s blue arm.

‘Can’t you?’

Lu Yuan grinned, ‘What do you think?’

The pain must be painful, but Lu Yuan has experienced so many genetic evolutions somehow, and the pain of genetic evolution is much stronger than this. In contrast, Lu Yuan feels that it is not a big deal.

Rebecca looked at Lu Yuan with admiration: ‘A Yuan, you’re so amazing! This can be held back. No wonder Sister Yu treats you so well! I have never heard Sister Yu treat any man so good.’

Lu Yuan rolled his eyes:

‘I’m a student of the tutor, shouldn’t she be nice to me?’

Rebecca was taken aback for a moment and thought for a while: 'It seems to be the same.'

Then she looked at Lu Yuan: 'But A Yuan, you are still very good. No wonder you can be better than Xiaoxue. I definitely can't practice like you.'

The corner of Lu Yuan's mouth curled up, and a smile appeared: 'That is, my strength will be so strong, and it will all be the result of my own continuous efforts.'

'awesome!'

Rebecca clapped her hands, and there was a trace of admiration in Lu Yuan's eyes.

'You and Xiaoxue are working hard, I will also learn from you in the future and play less, otherwise the old man will have to scold me to death.'

Lu Yuan couldn't help laughing.

'Then you have to come on. If you have any questions in the future, you can ask me. I'm still happy to help.'

'You said? That's good!'

After the two chatted for a while, Lu Yuan's injuries completely recovered.

On the one hand, his own physical recovery ability is already very strong, on the other hand, the effect of the Starlight Blessing Potion is indeed very strong.

Lu Yuan got up, Si Tingyu put on a white home obedience and walked out of the changing room.

Taking a look at Lu Yuan, she said, 'You go and wash it.'

Lu Yuan entered the changing room, where there was a shower, and there was a hint of heat and fragrance, which Sir Ting Yu had washed before.

After washing, Lu Yuan also changed a set of clothes. After leaving the locker room, he found that Si Tingyu and Rebecca were no longer there. It was estimated that they had gone upstairs.

Lu Yuan also went upstairs and found that they were all sitting at the table. There were many dishes on the table~www.mtlnovel.com~ Lu Yuan smelled a strong fragrance, and probably all used the more precious flesh and blood of beasts and geniuses. made.

Lu Yuan's eyes lit up, he walked over and sat down, looking at Si Tingxue with some surprise:

‘Unexpectedly, Si Ting Xue Dong, you actually know how to cook?’

Rebecca on the side had already started to eat, and she said vaguely:

‘Of course, the food Xiaoxue cooks is really delicious.’

Si Tingxue also raised Yang Xuebai's neck and said, ‘Try it yourself.’

Lu Yuan took a bite and found that it was really good, even better than the cheese made by Ting Yu.

He gave Si Tingxue a thumbs up, expressing affirmation, and ate quickly at the same time.

Because Si Tingxue's food was delicious, Lu Yuan was full, and his belly grew bigger in the end.

He had no choice but to put down the bowls and chopsticks.

Lu Yuan really did not expect that such an ice cube would be so good at cooking.

After eating, Lu Yuan bid farewell to Si Tingyu and returned to his dormitory.

When I returned, the sky was already dark, and the three of Si Tingfeng were not in the living room, and Lu Yuan returned to his room.

He first went to the school's post bar to update the trading post, and put the spiritual power gene liquid on it for sale.

Then I looked at the post. There was a post by Lu Yuan that rushed to No. 2 on the battle list today, which was very popular.

There are even posts about Lu Yuan and Si Tingxue betting, and the popularity is even higher.

All of the above are speculations about whether Lu Yuan and Si Tingxue are in a close relationship.

Lu Yuan looked at the black lines, and it was true that things like gossip, no matter which world it was in, were human nature.

I really have nothing to do when I'm full.

However, Lu Yuan was obviously full of food, and he was not the kind of person who likes gossip.

At best, he was just watching the screen silently.
