

Chapter 197: My Genes Evolve Infinitely

NONE OF YOU ARE INNOCENT

Hot recommendation:

Then, under everyone's gaze, Amy ran towards Lu Yuan with a smile.

'Big liar, why are you here?'

Lu Yuan smiled: 'It should be me asking you, why are you here?'

'It's not a harvest day. I came here with my mother. She seems to have something to come here.'

Amy explained with a smile.

'It turned out to be so.'

Lu Yuan nodded slightly.

The Yang Ping man at the side froze.

He thought that Wang Lingling was watching him before, but now it seems that, as expected, he is beside Brother Yuan, he has no sense of existence at all, okay?

too difficult.

Many young men who had thoughts about Amy in the meeting were all looking ugly at the moment.

Especially the daughter of the Li family is related to you, so why is the little princess of the Algabe family also related to you?

If not many people took the opportunity to get people to know Lu Yuan, they would think that Lu Yuan was a soft rice king.

At this moment, many young men looked at Lu Yuan's eyes even more icy.

However, after learning about Lu Yuan's situation, they also knew that although Lu Yuan did not have any family background, he was extremely talented. After just two months of enrollment, he could rank second in the Red Maple Empire Genius Camp. It can be said that there will be some in the future. Very high probability to become a war emperor, even above the war emperor may not be impossible.

In this regard, they also knew that the Red Maple Empire would not let them do anything to Lu Yuan.

What's more, looking at the relationship between the daughter of the Li family and the little princess of the Algabe family and Lu Yuan, I am afraid that the shadow war emperor and the Tian Luo war emperor may not necessarily see Lu Yuan being bullied.

What they want to do is naturally weighed.

In the end, they still chose to forbearance.

Several people chatted, time flies quickly.

Before long, McGonagall also came over.

When it gets dark, the entire palace is brightly lit, and the table is full of various food and wine, allowing VIPs to choose freely.

Throughout the venue, everyone was communicating in twos and threes.

This is a high-end dinner for the entire Red Maple Empire, and even the entire Daqixing, whose purpose is to develop contacts and develop partnerships.

No matter how delicious the food is, almost everyone just tastes it, basically just chatting.

A young Junyan also came to chat with Amy. Unfortunately, Amy's thoughts are all on various desserts, and it is basically Wang Lingling who is taking care of it.

Although Lu Yuan knew that Wang Lingling was very capable, every young Junyan who wanted to communicate was eventually led away by Wang Lingling's gentle words, and finally walked away with a smile on his face.

Lu Yuan felt more and more that Wang Lingling was probably the darkest girl among the girls Lu Yuan had accepted.

He even wondered if Wang Lingling had any brainwashing combat skills.

There were also students from the genius camp and some beautiful girls who came to Lu Yuan to chat, and Lu Yuan could only answer the conversation with a smile.

Fortunately, with Wang Lingling's help, otherwise Lu Yuan would really not be able to handle this scene alone.

Yang Ping and McGonagall on the side had a very happy chat with some young men and women because they were with Lu Yuan.

It didn't take long before Li Qinghe came back, and they came with Li Qinghe, Shuangyue and Rebecca.

Shuangyue wore a simple green dress with a peculiar style. It should be a special dress of the elves, a bit like a robe.

But after all, people are good-looking, even in long robes, Shuangyue is still extremely beautiful, and also has a bit more noble temperament.

Rebecca at the side was wearing a beige dress, her face was distressed, and she was uncomfortably moving the dress's tight sleeves with her hands.

Obviously, she also doesn't like wearing dresses.

When the three returned to the venue, they immediately attracted the attention of the crowd.

But when they saw these three people come to the edge of Lu Yuan, the princes of the kingdoms and the heirs of the big families were all darkened at the moment.

What a...

They want to hit someone.

After finding Lu Yuan, the three naturally saw Amy and Wang Lingling beside Lu Yuan. Li Qinghe raised his eyebrows slightly, a hint of surprise flashed in his eyes, and a smile appeared:

‘Brother Yuan, is this the little princess from Algabe?’

Lu Yuan smiled and nodded: ‘Yes, Sister Qinghe, I should have told you, Amy Algaby, this is Wang Lingling, Amy’s housekeeper?’

After all, Lu Yuan and Amy are good friends, and they talked to Li Qinghe before.

It’s just that Lu Yuan didn’t expect that Amy would come to the Red Maple Empire today.

Amy also stared at Li Qinghe with wide eyes, with a hint of curiosity in her eyes:

‘This sister, you are Sister Li Qinghe, right? The big liar told me about you. He said that you are his closest person.’

Lu Yuan: ‘???’

The corner of his mouth twitched. Although he had said this, the ** Amy said it here? !

At the moment, the other people looked at Lu Yuan with weird eyes.

Lu Yuan felt embarrassed by the thief.

Li Qinghe raised his eyebrows, laughed, took Lu Yuan’s arm, and looked at Lu Yuan:

‘Huh? So that’s what Brother Yuan said about me?’

Amy nodded and wanted to talk. Lu Yuan picked up a strawberry cake and stuffed it into Amy’s mouth. Amy’s face immediately bulged, and he smiled:

‘Amy, this cake is delicious, eat more!’

Amy’s eyes lit up and nodded in satisfaction, somewhat ambiguous:

‘It’s not bad!’

Rebecca looked at Lu Yuan with a weird expression:

‘Ayuan, Amy seems to have something to say before?’

‘No! You must be wrong!’

Lu Yuan glared at Rebecca, and Rebecca suddenly shrank her neck:

‘Oh.’

Shuangyue looked at Lu Yuan and then at Li Qinghe, a smile appeared on the corner of her mouth.

‘Is your relationship better than I thought?’

Li Qinghe also looked at Lu Yuan with a smile:

‘Brother Yuan? Do you have anything to say?’

Lu Yuan coughed dryly and asked:

‘How did you come out? Didn’t you come out with your tutor and Tingxue?’

Li Qinghe looked at Lu Yuan with a smile, but he didn’t get to the bottom of it.

She smiled and said:

‘The dinner is about to begin. They are princesses. Of course, they have to come out at the latest. We will come out first.’

Lu Yuan was a little startled. At this time, the gate of the main castle opened, with short gray hair, handsome appearance, and the young Emperor Hongfeng walked out of the castle.

With a gentle smile on his face, his voice sounded:

‘You are welcome to attend the Harvest Day Dinner hosted by the Red Maple Royal Family. The old year has passed. We are grateful. In the new year, I hope you can have new gains. I won’t say much. I hope everyone Have a nice evening.’

As soon as the Red Maple Empire voice fell, the band began to play music.

In the band are the most famous musicians in the entire Red Maple Empire.

Being invited by the Red Maple Royal Family to the Harvest Day Dinner is naturally a rare honor for them.

Everyone played very seriously.

At this moment, the entire venue stagnated, everyone fell silent and looked at the door behind Emperor Hongfeng.

Si Tingyu and Si Tingxue came out.

Si Tingyu has blond hair, golden red eyes, tall and hot body, wearing a golden red dress, looking gorgeous but not tacky, like a noble queen.

And Si Tingxue was wearing an ice blue dress against that ice blue long hair, her beautiful face was expressionless, and she looked like an ice fairy.

The two appeared, and after the meeting was silent, everyone began to whisper.

What Lu Yuan heard was all admiration for the two.

The eyes of almost all the young men present flashed with eager light,

Amy wailed a piece of butter cake into her mouth, her mouth bulging and round.

Looking at Si Tingyu and Si Tingxue, she couldn't help but be a little surprised:

‘These two princesses are so beautiful.’

Lu Yuan nodded with a smile.

Li Qinghe squeezed Amy's face with a smile, and said softly:

‘Amy is also very beautiful.’

Lu Yuan didn't know why, Li Qinghe seemed to like Amy very much.

Amy nodded with hands on hips, a little triumphantly:

‘Of course! This young lady is also a beautiful woman.’

Although she was right, Lu Yuan still thought this guy was narcissistic.

Unlike him, although he knew he was handsome, he never said it.

The Emperor Hongfeng looked at the two princesses, with pride in his eyes.

For him, there are many princesses and princes, but they have such an outstanding appearance, inherit the extraordinary genes of their ancestors, and possess extremely powerful talents. Only Si Tingyu and Si Tingxue are the two most proud of him. Daughter.

Then Emperor Hongfeng flashed a hint of helplessness in his eyes.

Whether it is Si Tingyu or Si Tingxue, the two have not yet been engaged, and this has almost become a part of his heart disease.

With their talents and strength, the Red Maple Emperor naturally couldn't let the two of them marry to another country, they could only be married.

For him, as long as the two of them like them and their talents are not bad, that's fine.

But the two of them have so far missed none of them.

A few days ago, there were so many young handsome men from various countries who wanted to meet and chat with them, but they were better off and fled.

But he couldn't help it.

This is very helpless.

As a war emperor, his hair is going to be bald.

Emperor Hongfeng no longer thinks about this daunting thing, and dances the opening dance with his queen to the music.

After the opening dance, a couple of men and women also danced gracefully.

One by one, the young handsome began to invite Si Tingyu and Si Tingxue to dance.

Of course, as expected by the Emperor Hongfeng, all were rejected.

Emperor Hongfeng saw it in his eyes, and was suffering in his heart.

After rejecting batch after batch of young handsome men, Si Tingxue and Si Tingyu seemed to be in trouble.

They just got up and went to other places.

Many people's eyes moved with them, and after seeing the direction they were going, almost everyone was not surprised.

After all, Li Qinghe and Shuangyue have always had a good relationship with Si Tingyu, and they still knew about this.

However, when they saw Lu Yuan among the girls, many young people gritted their teeth and were full of anger.

Special, why is it him again? !

Why is there him everywhere? ?

When the Red Maple Emperor looked at Lu Yuan, he was slightly stunned.

Regarding Lu Yuan, Emperor Hongfeng naturally knew him, and his eyes flashed when he thought of Si Tingxue fighting alongside Lu Yuan during the beast tide.

If it's Lu Yuan, that's really okay.

After all, his talents are extremely high, and there is even hope to become a war emperor in the future, and may even surpass that war emperor.

It is obviously good for Si Family to let Tingxue be with him.

Moreover, Emperor Hongfeng knew his daughter very well.

He had never seen Si Tingxue and any boy walking so close.

At the very least, Si Tingxue shouldn't hate this Lu Yuan.

In this case, there is hope.

The Red Maple Emperor smiled here, with a slight smile on the corner of his mouth, and his mood was a little better.

But after seeing Si Tingyu next to him, his mood deteriorated again.

Si Tingxue is okay, what about the next Si Tingyu ?

Emperor Hongfeng sighed again.

And at the location where Lu Yuan and the others were, naturally someone came to invite people to dance.

After all, here are some girls with good talents and good family backgrounds.

If they can get their favor, ordinary people can fight for many years.

It is also a great help for the children of the big family.

What's more, they are beautiful in their own right ?

At the beginning of the prom, a blond man came over and smiled politely:

'Miss Rebecca, can I ask you to dance?'

Rebecca was looking at Amy secretly. She wanted to squeeze her face and was afraid of being scolded. When she heard this, she was shocked:

'I?'

'Yes, Miss Rebecca?'

Rebecca looked around nervously, and then pulled Lu Yuan over:

'I, I have a partner.'

Lu Yuan: '???'

He looked at Rebecca dumbfounded, she hadn't said anything about it.

Rebecca looked at Lu Yuan pitifully, and said through the voice:

'Ayuan! Save me! For the sake of watching me win so many games with you!'

Lu Yuan's voice transmission: 'Give me your magic weapon.'

‘Damn it, I took advantage of the fire! ... OK!’

Rebecca said with some dissatisfaction.

Lu Yuan raised the corners of his mouth, looking at the blond man with an apologetic expression:

‘Sorry, Rebecca is my female companion.’

The blond man’s face became stiff, and he smiled dryly:

‘I see.’

After the blond man left, another black-haired man came over:

‘Miss Li Qinghe, can I ask you to dance?’

Li Qinghe looked at the black-haired man with a faint smile, and then pointed to Lu Yuan:

‘Then you have to ask my male partner.’

‘Forehead?!’

The black-haired man looked at Lu Yuan dumbfounded.

He had seen Rebecca say that Lu Yuan was her dancing partner before, right? !

Lu Yuan smiled: ‘No.’

The black-haired man turned stiff and left silently.

Not long after the black-haired man left, another black-haired man with longer hair came over.

‘His Royal Highness Shuangyue, can I ask you to dance?’

Shuangyue looked regretful: ‘It’s a pity~www.mtlnovel.com~ I have a partner.’

She smiled and pointed to Lu Yuan.

Lu Yuan looked speechless, how did these people refuse at the dinner party?

Why are you using him as a shield this time?

He felt a strong malice.

Lu Yuan also said helplessly:

‘That’s right, it’s me.’

The black-haired man clenched his fists and looked at Lu Yuan coldly.

At this moment, Li Qinghe narrowed his eyes, and a black stream of light appeared in his eyes.

As if feeling something, the black-haired man froze and chuckled dryly:

‘So that’s it, I know.’

After a while, even Amy was invited to dance.

It’s a pity that Amy was eating dessert, but she didn’t hear clearly. In the end, Wang Lingling smiled and pointed to Lu Yuan:

‘This is my eldest lady’s dance partner.’

Lu Yuan was expressionless, anyway, there were more lice and he was not afraid of itching.

He could already feel all kinds of dazzling gazes around him.

Lu Yuan looked at several people, somewhat speechless:

‘If I were sacked, none of you would be innocent.’

Li Qinghe took Lu Yuan’s arm, glanced across the crowd, and said with a smile:

‘Who dares to do it to you?’

Shuangyue also showed a slight smile:

‘Brother Yuan, don’t worry, it won’t.’

Rebecca looked at Lu Yuan and smiled:

‘I heard from the old man at home, he said he is very optimistic about you, you can talk to him about anything.’

Amy also nodded: ‘Didn’t you see my grandfather? This young lady will cover you, don’t worry.’

Then Si Tingyu and Si Tingxue came over.

Everyone ate, drank, chatted, and soon the dinner was over.

During the period, Lu Yuan and a few people really did a dance alone, which was considered to have completed the task.
