

# Chapter 217: My Genes Evolve Infinitely

## FIANCEE, EVOLUTION CUBE SHOCKED

Hot recommendation:

Genius camp, dormitory.

Si Tingfeng said goodbye with a smile:

‘Brothers, see you at the dinner on Harvest Day.’

McGonagall smiled bitterly and said:

‘I may not be able to go this year. My ancestor’s deadline is about to come. During this time, I’m afraid something will happen at home.’

Hearing this, Si Tingfeng, Lu Yuan and Yang Ping were all taken aback, and then they all fell silent.

Lu Yuan had heard McGonagall talk about the situation of their ancestor before, and he was also a consummate warlord, but unfortunately, he couldn’t break through to the warlord rank.

A warlord-level powerhouse, if it is a normal death, can live for about three thousand years, and if there are special treasures, it can extend their lifespan.

However, this kind of life-prolonging treasure could not be obtained by the King of War.

Birth, old age, sickness and death is a normal thing.

No one can stop it.

‘Sorry, if someone wants to trouble your house because your ancestor is gone, please tell us at any time.’ Si Tingfeng patted McGonagall on the shoulder and said.

‘That’s not the case. Who doesn’t know that my roommate is the third prince of the empire and Lu Yuan on the Tianjiao list? Even a family with friction dare not do anything to our family.’

McGonagall smiled and said.

‘That’s good.’ Si Tingfeng nodded.

The three of them relieved McGonagall, and then the four said goodbye and left.

Lu Yuan returned to Li Qinghe’s home in Bailiu District.

Li Qinghe was resting on the sofa, wearing a loose home nightdress, with slender legs placed on the coffee table, and her little feet dangling.

She was eating fruit while playing with her mobile phone.

Lu Yuan walked in, she turned her head and glanced, then smiled:

‘Back? Come and pass this level for me!’

Then a cell phone was lost.

Lu Yuan took a look, and as expected, they still watched again and again.

He smiled helplessly, sat down beside Li Qinghe, and began to play.

Li Qinghe lay on the sofa, moved his legs from the coffee table to Lu Yuan’s thigh, and comfortably threw grapefruit into his mouth.

Lu Yuan glanced at Li Qinghe, full of black lines.

Boy, this guy really knows to enjoy.

Li Qinghe noticed Lu Yuan’s gaze, raised his eyebrows slightly, and said with a smile:

‘Want to eat? Ah~~~’

Li Qinghe sat up, picked up a piece of grapefruit and placed it next to Lu Yuan’s mouth.

Lu Yuan coughed and ate silently, just shook Li Qinghe's finger.

At this moment, the door to the room opened and Frosty Moon walked in.

Seeing Li Qinghe and Lu Yuan on the sofa, Shuangyue was taken aback, then smiled and said:

'I don't seem to have come at the right time? I haven't seen you in a year, how did your relationship become like this?'

Li Qinghe wrapped Lu Yuan's neck with one hand, raised an eyebrow at Shuangyue, and smiled:

'How about? Envy or not?'

Shuangyue smiled and said:

'Envy, should you let me?'

'Cut~~'

Li Qinghe curled his lips and loosened Lu Yuan's neck: 'I gave it to you.'

Lu Yuan: '...'

He ignored the conversation between the two and greeted with a smile:

'Sister Shuangyue, long time no see.'

'Well, I haven't seen you in a year, but your name has always been on the list of Tianjiao, but I can often see it. I have to say, Ayuan, your strength is increasing really fast.'

Li Qinghe patted Lu Yuan on the shoulder:

'Brother fate, keep working hard, when you reach the battle emperor, team up with my sister and me, we can hunt down many powerful beast emperors, and even the beast emperor can't even think about it?'

This year, Li Qinghe's cultivation has improved again.

Originally, she was already the King of War Consummation. In one year, she finally broke the genetic lock and reached the rank of King of War.

Shuangyue also smiled and nodded: 'It is true, A Yuan's speed increase, I am afraid it will not take long to team up with us.'

Lu Yuan smiled: 'Then I will work hard.'

Shuangyue stretched her waist and smiled:

'It's a rare visit, let me cook.'

Li Qinghe Salted Fish generally lay back on the sofa, stuffed with grapefruit meat in his mouth, and responded vaguely.

Not long after, Si Tingyu, Si Tingxue and Rebecca also came.

It's the same as last year.

Lu Yuan looked at Si Tingxue with a smirk on his face:

'A prince will harass you again this year? With your current strength, you should be able to beat them all?'

After hearing this, Si Tingxue froze, and glared at Lu Yuan, as if a little angry.

Lu Yuan: ' ?'

He was a little dazed.

Why is this angry?

Not only Si Tingxue, but even Si Tingyu's look at Lu Yuan was a bit weird.

Li Qinghe also found out that their expressions seemed a little strange, and asked a little curiously.

'Heavy rain, what's wrong?'

Si Tingyu was taken aback, then shook his head:

‘nothing.’

This year, no other princes came to find Si Tingyu and Si Tingxue, but perhaps during the previous match between Bingmaixing, Siqi saw that Lu Yuan had a strong talent and developed a passion for talents. With their father and emperor, That is, Emperor Hongfeng mentioned it.

As a result, the two of them were kicked out, and Emperor Hongfeng asked them to come and exchange feelings with Lu Yuan.

Although for Si Tingyu and Si Tingxue, they originally planned to visit Li Qinghe and the others during the harvest day holiday, of course they will also spend it with Lu Yuan.

But coming here by myself is completely different from being driven over by the elders, which feels a bit weird.

Especially now Si Tingxue, she felt a little angry when she saw Lu Yuan.

Especially when she saw Li Qinghe’s leg resting on Lu Yuan’s leg, she became even more angry.

Rebecca on the side looked a little embarrassed at Landing Yuan and looked away.

Not only Si Tingyu and Si Tingxue, but even she was raised by her elders, saying that if there was a chance, she would have a good relationship with Lu Yuan.

She used to be quite calm when facing Lu Yuan, but now she has been talked a lot. Seeing Lu Yuan’s elders’ words rang out, she became a little embarrassed.

The atmosphere suddenly became a little weird.

Li Qinghe’s intuition felt that the situation seemed a bit wrong.

She frowned, looked at Si Tingyu and Si Tingxue, and then at Rebecca. After thinking for a long time, she couldn’t think of a reason, so in the end she stopped thinking about it.

She pointed to the fruit and said with a smile: ‘This grapefruit is very sweet, eat it.’

.....

The Harvest Day holiday is no different from last year. A few people play games together and go out shopping.

The harvest day will soon come.

When Lu Yuan and Li Qinghe came to the dinner party, Lu Yuan found that he had received a lot more attention this time than last year.

Almost everyone would smile friendly and kind to Lu Yuan, instead of looking at him because of Li Qinghe next to him.

Lu Yuan understood that this should be the result of his ranking on the Tianjiao list.

This kind of attention can be seen every day after he was on the Tianjiao list.

As soon as he arrived at the central venue, Si Tingfeng, who was greeting people, smiled and said, ‘A Yuan, I won’t call you anymore. You can go in and eat whatever you want.’

Si Ting Lei, who was also communicating with others, also took the time to nod to Lu Yuan and smiled:

‘Lu Yuan brother.’

The man who communicated with Si Tinglei was a man with a deep breath. When he saw Lu Yuan, his eyes lit up and he nodded and laughed:

‘It turns out to be Young Master Lu Yuan. I am Tao Cang from the Tao Family of Mingyue City. Da Qixing has not been a genius on the list of Tianjiao for a few years. Unexpectedly, Young Master Lu Yuan was on the list. The Red Maple Empire needs the support of a young talent like you.’

Although Lu Yuan didn’t know the Tao family, the Tao Cang in front of him was obviously a war emperor.

Lu Yuan smiled and said, ‘Senior Tao has passed the award. The younger generation is still too young. You are the backbone of our empire.’

Tao Cang smiled happily:

‘I have a chance to come to Mingyue City to play, my kid admires you very much and has been clamoring to see you.’

‘Okay, I will visit when I have time.’

The two exchanged a few words, and Tao Cang went to communicate with others.

But Li Qinghe went to see Si Tingyu and the others, leaving Lu Yuan alone in the party room.

It didn’t take long for someone with high authority to come over to greet and communicate after seeing Lu Yuan.

‘Young Master Lu Yuan, I am Gong Wu from the Eastern Guards. Are you interested in joining our Eastern Guards after graduation?’

‘Master Lu Yuan, I’m Gallup from the Tianfu Consortium. This is the supreme membership card of our consortium. You must accept it.’

‘Master Lu Yuan...’

Lu Yuan felt a little physically and mentally exhausted to deal with the strong men who came to say hello one by one.

Lu Yuan was a little helpless, but it was a pity that Amy and Lingling didn’t come this year. If Lingling were here, it would be fine. You can help him deal with it.

He really couldn’t stand it alone.

When Lu Yuan was constantly being greeted by a group of bigwigs, Yang Ping saw that Lu Yuan was afraid to come up, and only shivered in the corner alone.

After a while, the distinguished guests were almost there, and Si Tingfeng came over.

He did not come alone, beside him, he was also followed by a pretty girl with black hair.

With a slight smile on her face, the black-haired girl looked noble.

‘Ayuan, do you still seem to be very popular?’

Si Tingfeng had a smirk on his face.

Lu Yuan rolled his eyes and smiled bitterly:

‘Tingfeng-senior, you should have come to the rescue earlier.’

‘Hahaha! I couldn’t get out of it before? By the way, let me introduce to you, this is mine...well, the betrothed fiancée, Tong Menghan, the daughter of our current prime minister. Menghan, this one You should know each other? The great genius of our Red Maple Empire, Lu Yuan, who is on the list of Tianjiao, my younger brother.’

Si Tingfeng introduced the black-haired girl nearby.

Tong Menghan smiled and nodded to Lu Yuan: ‘Of course I know, even our Imperial Capital College has rumors about Master Lu Yuan. Many of my school girls are little fans of Master Lu Yuan, right?’

Lu Yuan looked at Tong Menghan, smiled and said, ‘It turns out to be a sister-in-law, good sister-in-law.’

Then he looked at Si Tingfeng, ‘Senior Tingfeng, are you going to get engaged?’

‘Well, I will graduate next year. Me and Menghan have been together for a long time, and it’s almost time to get engaged.’

Lu Yuan remembered that from a few months ago, Si Tingfeng was always smirking. Lu Yuan, Yang Ping, and McGonagall thought that something was wrong with this guy’s brain. It turned out to be in love?

Lu Yuan was shocked that falling in love would make people stupid?

He smiled and said, ‘Congratulations to senior, then.’

At this moment, Lu Yuan had a sudden stop.

The Evolution Cube, which had been steady in his body, shook slightly at this moment.

A trace of astonishment flashed in his heart, and he glanced at Tong Menghan with a gentle smile on his side.

The shock source of Evolution Cube turned out to be her.

Lu Yuanren is a little confused, what is special about her? Shocked the Evolution Cube?

Tong Menghan is Si Tingfeng's fiancée, and Lu Yuan naturally wouldn't look at it much, but silently retracted his gaze, feeling a little surprised.

From the experience of Lu Yuan to the present, in the place of origin, the Evolution Cube Shock may have some magical connections, but in the real world, the Evolution Cube Shock often represents alienation.

Is there a relationship between Tingfeng's fiancée and alienation?

How can this be?

Tong Menghan is the daughter of the prime minister, and as the prince's fiancée, wouldn't the Red Maple Royal Family investigate it?

Certainly will not fail to investigate.

Since the investigation is all right, how can it have something to do with alienation?

Could it be that in the real world, besides alienation, there are other things that will cause a shock to the Evolution Cube?

Lu Yuan didn't understand.

After all, the Evolution Cube is too mysterious, and the reason for its shaking Lu Yuan's encounters up to now can be regarded as strange.

However, Lu Yuan still kept his eyes on this Tong Menghan.

Not afraid of ten thousand, just in case.

Si Tingfeng smiled and said, 'The engagement banquet will be just a few days away, and you can come and participate in that time.'

‘must.’

At this moment, Yang Ping came over and said with a grin:

‘Tingfeng-senpai! Brother Yuan! I’m here.’

Lu Yuan’s face turned dark, and he glared at Yang Ping.

He had seen Yang Ping come here before, but when he saw him chatting with some people, this guy was in the corner, so he didn’t even come to help him share the burden?

Lu Yuan had the heart to beat him.

After being glared by Lu Yuan, Yang Ping shrank his neck and smiled dryly, then quickly changed the subject and looked at Tong Menghan:

‘Sister-in-law! Listen to Feng-senpai, I heard it just now. Congratulations on your engagement.’

Si Tingfeng smiled, somewhat proud of the spring breeze:

‘Come to the engagement banquet then.’

‘okay!’

At this time, Li Qinghe, Shuangyue and Rebecca came over.

Li Qinghe said with some doubts:

‘What engagement party?’

‘Sister Li, it’s the engagement banquet between Menghan and I.’

Si Tingfeng smiled.

Tong Menghan also said hello: ‘Miss Li.’

Li Qinghe glanced at Si Tingfeng and Tong Menghan, then smiled:

‘You two are getting engaged? It’s pretty good.’

‘Sister Li must come to attend~www.mtlnovel.com~ Si Tingfeng smiled.

‘no problem.’

Several people chatted again, and Si Tingfeng left with Tong Menghan.

And soon, the Red Maple Emperor and Si Ting Xuesi Ting Yu came out one after another, and the dinner officially began.

Just like last time, everyone danced under the music.

Lu Yuan once again danced with Li Qinghe and others separately.

The difference from the last time is that at this dinner, not many young people looked at him with malicious eyes.

Lu Yuan couldn't help but sigh, although the reputation brought by being on the Tianjiao list can sometimes be troublesome.

But sometimes it is convenient.

At the very least, no one will provoke you.

They also know they can't afford to offend.

The dinner was over and the guests dispersed.

Lu Yuan and the others also returned home.

A few days later, Lu Yuan went to Si Tingfeng's engagement banquet with Li Qinghe.

The engagement banquet for the three princes of the empire and the daughter of the prime minister is also extremely lively and luxurious.

Almost all the celebrities in the imperial capital have arrived, and the Emperor Hongfeng, the prime minister, and most of the princes and princesses have also basically arrived.

Because Lu Yuan had felt the shock of the Evolution Cube before, he was originally worried about any accidents, and he also deliberately set a space anchor, and planned to take Qinghe sister, instructor and Si Tingxue if there was an accident.

Obviously, with so many people here, and there are several battle king-level powerhouses, no accidents happened.

If it weren't for Lu Yuan's face with Tong Menghan, the Evolution Cube was shaken again, he would have thought that he had had an illusion at the dinner party before.

But nothing happens naturally is the best.

Lu Yuan didn't think about it anymore, just left a thought in his heart.

Soon, the holiday was over, Shuangyue returned to Emerald Star, and Lu Yuan also returned to the Camp of Talents.
