

## Chapter 23: My Genes Evolve Infinitely

### OWN LIFE, A BIG BOSS WITH BAD TASTE

After Xiaohu surrendered, the two got out of the ring.

Lu Yuan was suddenly surrounded by a group of people.

‘Brother Yuan, you are too strong!’

‘Yes, Brother Yuan! With your strength, in our martial arts gym, I am afraid that only Brother Ming can win you.’

‘Hahaha, when Brother Ming comes back, I will be surprised to see Brother Yuan’s current strength!’

‘Brother Yuan, when do you challenge Brother Ming!’

‘Yes, Brother Yuan, when do you challenge Brother Ming?’

Lu Yuan smiled and said, ‘My current strength is far from that of Brother Ming, so let’s practice hard.’

Actually, Lu Yuan felt that he should be able to surpass Fleming in a short time.

After all, Fleming is just a genetic warrior who has just broken through to the warrior level.

With Fleming’s talent, it has only broken through now, and the genes burned in the apprenticeship stage should be of ordinary quality.

This kind of strength is actually not particularly strong, right?

With the elite genes he has burned now, it shouldn’t be too difficult to defeat Fleming when the tempering degree is enough.

But Lu Yuan didn’t want to show too much, just as strong as usual.

Now he doesn’t have a backing. In a dark place like a slum, it may not be a good thing to be Mu Xiu Yulin.

It is necessary to act on the ideological center of steady development.

I, Lu Yuan, is a steady and low-key man after all.

The heart has the Tigers, fine sniffing the rose!

Well, it's me!

Get rid of the entanglement of the people, Lu Yuan continued to practice military physical boxing and military physical killing sword.

Time passed, and at night, Flamming hadn't returned yet.

Lu Yuan left Daming Wuguan.

The slums at night are more chaotic than during the day, and there are few people on the streets.

Most of them work night shifts.

Walking through a street, Lu Yuan heard fierce gunshots coming from the alley not far away.

The pedestrians around have quickened their pace, bowed their heads and left.

Standing on the street, the lady with heavy makeup seems to have gotten used to it. She lowered her head and cursed badly, and hurriedly changed places to solicit guests.

Lu Yuan glanced at the direction of the alley, and did not bother with anything, followed the pedestrians to speed up, and left the gunfight area.

returned to the community in a low-key manner, and Lu Yuan saw a familiar figure on the path of the community.

He raised his eyebrows slightly, speeded up his pace and walked over.

'Sister Qinghe?'

The figure in front of him turned his head, and it was Li Qinghe.

She has a tired face at the moment, holding a cigarette in her hand.

After seeing Lu Yuan, she breathed out her cigarette, and a smile appeared on her tired face:

‘Brother Destiny, why are you still outside so late?’

Lu Yuan smiled and said, ‘I just came back from Daming Wuguan.’

‘Hee hee, brother Yuan is really working hard.’

‘Then you must work hard to make progress, to make money, and to leave this slum.’

‘Then how are you in your cultivation now? Didn’t you say that you entered the land of origin?’

Lu Yuan’s eyes lit up and smiled:

‘I have made great progress. I gained a lot from entering the Land of Origin yesterday, and I made more than 10,000 yuan!’

‘Oh? So many?’

Li Qinghe’s pupils shrank, revealing a trace of amazement.

‘The price of low-level fierce beast materials is only about one or two hundred, more than ten thousand... Brother Yuan, is this a fierce beast that has killed nearly a hundred? ! This kid...I still underestimate him.’

Li Qinghe was really surprised.

is not because of this gain.

Li Qinghe has seen many people who entered the Land of Origin for the first time and harvested more.

When she first entered the Land of Origin, she almost killed all the elite beasts in an area.

But her identity and talent are there, which cannot be used as a reference.

Lu Yuan’s gains can be regarded as quite a genius outside.

And most of these people are helped by the family.

Lu Yuan's family situation, Li Qinghe couldn't be more clear, it is not easy to be able to do this step.

Lu Yuan regards Li Qinghe as an older sister who cares about him. Seeing Li Qinghe's surprise, he also smiled, feeling a little proud:

'It's a pity that this time I have to buy some adventurous necessities, and there is very little left. Next time I enter the Land of Origin, I will surely save enough money, and then I will take you away.'

Li Qinghe looked at Lu Yuan with a smile:

'If you have this heart, my sister will be very happy. Let's talk about it when you save enough money.'

'By the way, Sister Qinghe, you didn't come back today during the day? Have you just returned home now?'

Lu Yuan looked at the exhaustion on Li Qinghe's face and asked.

'Well, I just came back.'

Li Qinghe took a cigarette, stretched out his Miao Man figure, and smiled.

'Why is it so late today?'

A strange smile appeared on Li Qinghe's face, and he looked at Lu Yuan with an ambiguous tone:

'Someone doesn't want to let my sister sleep.'

'Forehead.....'

Lu Yuan was speechless for a while.

He opened his mouth and couldn't say more, so he could only change the subject:

'It seems that Sister Qinghe, you are already very tired, let's go back first, and you have a good rest.'

Li Qinghe glanced at Lu Yuan, a smirk appeared on his face:

‘Hee hee, brother, you’re an adult, right? Why are you still so shy? Sister will help you? Don’t worry, you won’t be charged.’

Lu Yuan stopped and looked at Li Qinghe seriously:

‘Sister Qinghe, you have always been helping me before. I don’t have the ability to help you. But now I have the ability, and I won’t let you do such things in the future. I will let you have an ordinary girl. Has his own life, has his own job, has his own love, and has his own life.’

Li Qinghe didn’t expect Lu Yuan to say this, and was stunned for a while.

She looked at Lu Yuan who was serious, took a cigarette, and chuckled:

‘My little brother is so sensible? Sister, I’m a little touched... Then after a while, I have to tell my clients individually. After all, they have been taking care of me for more than a year. Without them. , Sister, I am not here anymore.’

As he said, a cold light flashed in Li Qinghe’s eyes.

Lu Yuan thought for a while, think Li Qinghe was talking about these people like Flamming?

In fact, after familiarizing himself, Lu Yuan found that Fleming was still very good to him.

Sister Qinghe probably has received a lot of care, he didn’t think much about it, and nodded:

‘okay then.’

‘Let’s go! Go back, sister, I’m a little hungry, brother brother, since you have made money, don’t you ask sister to eat something?’

‘Don’t worry, Sister Qinghe, just say what you want to eat.’

‘Hehe, then I’m not welcome! By the way, you really don’t want your sister to help you enter the adult world?’

‘...Sister Qinghe, please don’t be kidding me.’

‘Ha ha ha ha!’

The two talked and laughed and disappeared in the night.

They went to eat supper, and then they went back to their rooms.

Li Qinghe returned to his room, lay on the bed and looked at the white ceiling, slightly narrowing his eyes.

After a while, she curled up the corners of her mouth, showing a slight smile:

‘...that brat, if you let him see my true face, I don’t believe that he will refuse, huh!’

Then, the smile on her face narrowed:

‘That thing started again... But you can’t escape with me.’

.....

Lu Yuan returned to his room, turned on the broken computer, logged on to Battle.net, and read posts as usual.

This is a habit that Lu Yuan has developed these past few days.

Many of the posts on Zhannet have been of great help to him.

It is a pity that some have to be paid, and some require Battle.net level.

This made Lu Yuan lose the happiness of a prostitute.

Fortunately, for these posts that require money and rank, looking at the title, Lu Yuan doesn’t need it much now.

In the future, if you don’t have *\* for nothing, you won’t have \** for nothing. By then, I will have money too!

Lu Yuan flipped through the forum and quickly saw a post.

‘Humanity is twisted! Someone did such a thing in Grey Stone Forest! »

Grey Stone Forest ?

Lu Yuan raised his eyebrows, isn’t that where he is now ?

what’s going on ?

Lu Yuan clicked on the post curiously.

‘Today I want to tell everyone an angry thing!’

‘It’s like this. My team and I were hunting graystone beetles in the graystone forest, and then we found a place with a strong fire. With the intention of treasure hunting, we went to see that place. We saw it there. Two mad black- patterned greystone beetles! Those two black-patterned greystone beetles didn’t know what was happening, they furiously attacked when they saw us. We were also with the team of elves and kobolds at the time, we It took the bosses of the three teams to kill the two black-patterned graystone beetles. For this reason, I also killed two companions!’

‘This is not the most annoying. The most annoying is that we discovered that the black-patterned greystone beetle was actually guarding a wooden treasure chest. When we discovered that wooden treasure chest, the treasure chest was already empty! Someone must have taken it ahead of time. Treasure chest, and then left the two black-patterned graystone beetles to pit us later generations!’

‘I would like to ask here, do people who do this kind of thing still have the heart?! What a loss! Human nature is distorted! Morality is lost! Everyone who posted it will comment!’

Lu Yuan: ‘…….’

He looked a little weird after reading the post.

Fire, two black-patterned graystone beetles, and an opened wooden treasure chest.

How does this feel so familiar?

Could it be the treasure chest he opened before?

He suddenly became ill.

Is he wrong, okay?!

If he could kill the two black-patterned graystone beetles, would he still keep the pitfalls?

I must have hunted it down, maybe I can get the battle spirit.

Obviously he can’t kill it and keep it, okay?

I didn’t expect to be said that I was distorted in human nature, morally corrupted, and unwilling.

Lu Yuan was depressed~www.mtlnovel.com~ There are hundreds of replies to this post. Lu Yuan clicked to read the comments.

‘Wow, that person is really dark-hearted. He doesn’t seem to be a good person.’

‘Heh... The post master is really weak. The black-stripe graystone beetle is a trash beast, don’t you just kill it? The three teams of the post master besieged two black-stripe graystone beetles and they are still dead. It’s really funny.’

‘You can’t say the same upstairs, who didn’t start from being weak and getting stronger a little bit? The black-patterned graystone beetle is also a rookie killer anyway.’

‘However, someone can open the wooden treasure chest and leave the guardian beast. He should be a big man? How else can he open the treasure chest while the guardian beast is alive?’

‘I also think it’s a big guy, are the big guys so nasty now? Are you hoping to play with newcomers?’

‘.....’

Lu Yuan read some posts and immediately became happy.

Are these people quite discerning?

I actually knew that Lu was a big boss.

Lu Yuan’s mood suddenly recovered.

He closed the post and looked at other posts.

After watching for a while, Lu Yuan closed the website.

His thoughts are integrated into the genetic war pattern.

Suddenly, a light gate appeared in the white mist of consciousness.

The light gate is a bit dim, because of the spirit consumed by Lu Yuan entering the Land of Origin.

However, this dimness is recovering quickly, and it doesn’t take long before he can enter the land of origin again.

It's okay to come out alive. If it's a dead person, it's mentally damaged, and it's even harder to recover. It will take much longer to re-enter the place of origin than to come out alive.

Lu Yuan waited for a few minutes, the light gate was completely restored, and Lu Yuan entered the place of origin again.
