

Chapter 237: My Genes Evolve Infinitely

CLASS B ALIENATION PHENOMENON, URGENT TASK

With Si Tingfeng's confirmation, Si Chengxin fell silent again.

Then his tone became more serious:

'All in all, you come here first.'

'Yes.'

.....

When Si Chengxin was talking with Si Tingfeng, it was in another manor.

Gu An frowned while looking at the email on the phone.

'Someone wants to fight the idea of an underground alien? Will it cause the alien to move?'

Gu An recalled the change of a39 today, his eyes flashed, and a cold color appeared in his eyes.

'It's no wonder that there will be such an abnormality today, is it so... Looking at the information in this letter, is a war emperor-level powerhouse? This level of powerhouse is not easy.....Tong family is actually like this The strong collude...'

Gu An took a deep breath, then slowly closed his eyes and thought.

After a while, Gu An opened his eyes, and a gleam of light flashed in his eyes:

'I don't know if this letter is true or false... Investigate it first. Then I will report the situation to the Lords of War and see how to deal with it.'

The information brought by Lu Yuan's letter shocked many senior officials in the Red Maple Empire.

.....

Two days later.

Lu Yuan received the news from the night watchman's headquarters, saying that there was an urgent task, and hoped that he could help.

When Lu Yuan saw the information, his eyes sparkled, and he looked forward to it.

His current Evolution Cube is almost ready to transform again, and the underground containment room is definitely not available for the time being. He has been waiting for an alienation mission for two days now.

The details of the mission can only be understood by going to the night watchman headquarters. The message is now only to ask if Lu Yuan is willing to help.

Lu Yuan is naturally willing.

Because Li Qinghe was still in the place of origin, Lu Yuan came to the night watchman headquarters alone.

Soon, he came to the office of Milne Julian, the head of the mission department.

After knocking on the door, the office door opened, and the mild-looking Milne Julian with brown hair saw Lu Yuan, his eyes lit up, and a smile appeared on his face:

‘Hahaha, Elder Lu, are you here? Or are you happy, if Elder Li...cough, let's talk about the situation of this emergency mission.’

Milne changed the subject.

Lu Yuan smiled and understood that Sister Qinghe was lazy. If it were her, she would probably let other honorary elders go? I really can't push it before I leave.

‘Minister Milne, tell me, what's the task?’

Milne asked Lu Yuan to sit down on the sofa in the office and said with a serious face:

‘That's it. A few days ago, many people in Yali City suddenly disappeared one after another, including the local night watchman. Even one of the night watchmen at the time could not be contacted. So the local The night watchman asked the headquarters

for help, suspecting that there was a B-level alienation phenomenon. Our headquarters plans to arrange for Elder Lu to lead the team and bring a team of night watchmen from the headquarters to deal with this alienation phenomenon. What do you think?’

Lu Yuan smiled and said, ‘Of course I am fine.’

Milne smiled: ‘That’s good, then I will arrange a team of night watchers now. They have rich experience and will assist you in time.’

Lu Yuan nodded.

Milne took out a communicator, said a few words, and it didn’t take long for a strong man to walk in.

‘Minister, are you looking for me?’

Seeing this sturdy man, Lu Yuan was taken aback, his eyes widened slightly:

‘Brother Ming?’

The person here turned out to be Framing.

After seeing Lu Yuan, Flamming was also stunned, with some surprises:

‘A Yuan?! Why are you here? I haven’t seen you for a long time.’

Milne at the side introduced with a smile:

‘Lu Yuan is the newly added honorary elder of our night watchman.’

Flamming was taken aback, his eyes widened, and then quickly said:

‘Hello Elder Lu.’

‘So you know each other?’

Milne laughed.

Lu Yuan nodded: ‘Well, when I first awakened, Brother Ming taught me fighting skills and helped me a lot.’

Flamming shook his head quickly and smiled bitterly: ‘Don’t do, Elder Lu, you are an elder, you can call me Flamming, Mingzi, Amin, Xiaoming, but I can’t bear to call me Mingge. What was my point at the time? And it was Elder Li who asked me to teach you.’

Flamming was a little frightened.

Milne was a little surprised: ‘Elder Li? Is it Elder Li Qinghe? That’s the case.’

Milne understood why the relationship between Lu Yuan and Li Qinghe had been so good.

So they knew each other when Lu Yuan first awakened?

Milne couldn’t help but sigh Li Qinghe’s venomous gaze, and he helped a young man at will. He turned out to be such an enchanting genius.

But Milne also knew that Li Qinghe himself was a super genius, and he couldn’t even envy him.

He smiled and said:

‘Since you know it, it’s easy to say, Flamming, this time there is an urgent mission, located in Yali City, which will be led by Elder Lu, and your team will cooperate with Elder Lu in action.’

Flamming stood up straight with a serious face:

‘Yes! I understand.’

After that, Lu Yuan and Flamming left the office and wanted to meet Flamming’s team first.

As a regular organization of the night watch, the Flamming team needs to be on duty at the night watchman’s headquarters daily, and it is naturally also at the night watchman’s headquarters now.

Lu Yuan followed Flamming quickly to an office, opened the office door and walked in.

In the office, Lu Yuan saw a few familiar people.

Needless to say, Xue Wang, the two have exchanges from time to time, as well as Lin Hong and a few other people Lu Yuan met in Xili City before.

At the moment, some of them are playing games, some are reading books, and some are cultivating.

Hearing the movement, they all turned their heads and looked over.

After seeing Lu Yuan, all of them were taken aback.

Lin Hong said:

‘Lu Yuan?’

Xue Wang, who was playing a mobile game, jumped up, with a look of surprise:

‘Lao Lu? Why are you here? You are a celebrity now, why are you suddenly free to come to the night watchman headquarters?’

At this moment, Xue Wang no longer wears sunglasses on his face, and his eyes have returned to black. The previous Silver Wolf gene had obviously been completely burned by Xue Wang, and the abnormality that had originally appeared was now restored to its original state.

At this time, Xue Wang thought of something and smiled: ‘Are you here to see Elder Li?’

Lu Yuan smiled, before he said a word, Fleming glared at them:

‘You people, don’t be noisy. Lu Yuan is a newly added honorary elder in our Night Watch Headquarters. This time there is an urgent task. Our team cooperates with Elder Lu in action.’

Hearing this, everyone in the office was stunned, and the atmosphere was silent.

Lu Yuan smiled and said, ‘I’m going to ask for your advice in the next time.’

Everyone recovered from the shock. No one thought that Lu Yuan was already an elder.

After being silent for a while, Flammig smiled and said:

‘Well, everyone knows that the urgent task time is relatively short, we can set off.’

Everyone got up with weird faces, and left the office while watching Lu Yuan.

In the night watchman’s special car, Xue Wang always stared at Lu Yuan, staring at Lu Yuan so that his scalp was numb.

Lu Yuan’s face was weird:

‘Old Xue, why are you looking at me like this? After your eyes are better, do you like to see handsome guys?’

‘Bah!’ Xue Wang rolled his eyes, trying to say that Lu Yuan was narcissistic, but seeing Lu Yuan’s handsome face, he couldn’t say anything in his mouth.

He exclaimed: ‘I am the owner of a material shop in Xili City. You often come to sell materials as if it happened yesterday. Unexpectedly, in the blink of an eye, you are already an elder, and you have also become a goddess. No. 1 on the list! Sometimes I think if I am dreaming.’

Lu Yuan smiled and said, ‘How about I give you a punch, do you see if it hurts?’

Xue Wang’s mouth twitched: ‘...If you want to kill me, just say it.’

Fulangming on the side laughed and said, ‘Awang, your information is outdated. Elder Lu was not the first in the Tianjiao list a few days ago.’

‘Um?’

Xue Wang was taken aback and looked at Lu Yuan: ‘Is there anyone who is better than Lao Lu?’

Although Xue Wang didn’t watch Lu Yuan’s final challenge on the spot, someone recorded all the challenges with the communication crystal.

Xue Wang knows how terrifying Lu Yuan’s strength is. Isn’t that the number one in the Tianjiao list?

Xue Wang was a little frightened.

Flamming grinned, showing white teeth: 'Elder Lu has already broken through to the King of War.'

Xue Wang: '...'

He is autistic.

The special car was very fast, and when a few people were chatting, they quickly arrived at the airport.

Lu Yuan saw the familiar triangular black fighter, the Ye Xiao 5 fighter.

Lu Yuan came to the imperial capital from Xili City before using this fighter plane.

That was the first time Lu Yuan saw such a handsome fighter plane, and was deeply impressed.

Lu Yuan looked at the fighter plane now, a trace of nostalgia flashed in his eyes.

As Xue Wang and Flamming said, the days in Xili City really seemed to be yesterday.

After boarding the fighter plane, the fighter plane took off and flew towards the city of Yali.

Yali City is located to the west of the imperial capital, more than 30,000 kilometers away from the imperial capital.

If Lu Yuan used space to move, even if he brought a few of Flaming along, he would be able to get there in just a short time.

And if it was a fighter plane, it still took several hours.

When the fighter plane stopped at Yali City Airport, it was already evening.

Lu Yuan and his party got off the fighter plane, and when they left the airport, they saw the four special cars from the Night Watchman branch of Yali City to greet them.

In front of the special bus stood a beautiful black-haired woman in a black suit.

She greeted him with a smile on her face, looking at Lu Yuan's eyes gleaming, with a trace of reverence:

‘Elder Lu Yuan, I am Anna from the Night's Watcher Branch of Yali City, and I am responsible for welcoming you.’

Lu Yuan smiled and nodded: ‘Thank you, Miss Anna.’

‘No trouble, please get in the car.’

With a smile, Anna opened the back seat door for Lu Yuan.

Lu Yuan was a little embarrassed to let the girl open the door, but when she opened it, Lu Yuan naturally sat on it.

Xue Wang behind Lu Yuan also wanted to sit on it, but Anna followed behind and got into the back seat, and then slammed the door.

Xue Wang: ‘???’

He looked dumbfounded.

Fleming at the side patted Xue Wang on the shoulder, and said with a smile: ‘Let's make some other cars.’

Fleming's team and his party all walked to other special cars.

And Lu Yuan in the car was a little confused.

He glanced at Anna, who was sitting on the side with a smile on her face, and then looked at the people who left outside the window. He didn't expect them to leave like this.

With an excited smile on Anna's face, she said:

‘Elder Lu, I am your fan. Can you sign me? You are so strong! You are ranked first on the Tianjiao list, and now you are already the King of War! That's amazing...’

Listening to Anna's unstoppable words, Lu Yuan rubbed his head. Sure enough, he could meet fans wherever he became famous.

He smiled and said:

‘It’s okay to sign, but I didn’t bring pen and paper.’

‘I have it here!’

A paper and pen appeared in Anna’s hand and handed it to Lu Yuan.

Lu Yuan was speechless, good guy, this guy has been planning for a long time, right?

But he still signed Anna.

After signing her name, Anna seemed to have calmed down a lot, and sat quietly in the back seat, but she glanced at Lu Yuan’s face from time to time.

Lu Yuan pretended not to notice, and turned his head to look out the window.

There are very few pedestrians on the street.

At first, Lu Yuan thought that the area itself was too few pedestrians, but he didn’t expect to see a few pedestrians along the way, and even many stores were closed.

Lu Yuan frowned slightly, wondering: ‘Why are there so few people?’

Anna’s expression became a little condensed, and she lowered her head and said:

‘Because the alienation phenomenon this time is a bit serious, tens of thousands of people have disappeared. Now the people in Yali City are panicking. Many people have left Yali City and went to other cities, because most people disappeared at night. Yes, people who are still here will not leave their homes after the evening~www.mtlnovel.com~Many stores will be closed directly at this point.’

Hearing this, Lu Yuan nodded slightly.

It can be seen that a serious alienation phenomenon can completely paralyze a city even if it has not completely erupted.

Looking at the city of Yali now, it is not far from being paralyzed.

Lu Yuan recalled what happened in the slums of Xili City, and found that the alienation of the slums was more moderate than here.

Soon, the special car came to the central area of Yali City, in a black building with ten stories.

The style of this building is very similar to the headquarters of the night watchman.

In the small square in front of the building, there is a stone stele with swords and shields engraved on it, surrounded by stars, but it is also the same as the headquarters of the night watchman.

Anna smiled and said, 'Here, Elder Lu.'

Lu Yuan nodded and followed Anna to get out of the car.

In the other special cars behind Luyuan Yuan's special car, Fleming, Xue Wang and others also got out of the car and walked over.

Lu Yuan swept his eyes and found that several people were waiting for them in front of the high-rise building.

Seeing Lu Yuan got off the bus, they greeted him.

The head was a tall and thin middle-aged man with a beam of joy on his face:

'Elder Lu, welcome! You are finally here! If this continues, the alienation phenomenon will not be resolved, and our city of Yali will probably become a dead city. I will trouble you next!'

Lu Yuan smiled and nodded: 'I will try my best.'

At this moment, the smile on Lu Yuan's face froze slightly.

Inside his body, the Evolution Cube suddenly shook.
