

Chapter 249: My Genes Evolve Infinitely

HEAVENLY SAGE, VALLEY OF THE NIGHT

Every night in the palace, pieces of imperial dragon's barbecue are placed on the grill, dripping with grease.

Although Lu Yuan's craftsmanship is the same, but I have to say that the meat of the Beast Emperor level is good, and the fragrance is tangy.

Ye Ye and Ye Tian Mandrill squatted together, drooling constantly, while Xiao Bai was helping.

At this moment, there was a knock on the door, and Yeye frowned slightly, glanced at the courtyard gate, and the naked eye could see some dissatisfaction on the little face of the basic expressionless face.

There are not many ways to make Ye Ye angry, and it is definitely one of them to disturb her eating delicious food.

Xiao Bai glanced at Ye Ye and saw that the knock on the door continued, and said:

'His Royal Highness, shall I open the door?'

Ye Ye nodded silently.

Xiaobai got up and went to open the door.

Outside the door, a handsome boy with black ears and tail and a boy with black wings on his back stood side by side with a handsome boy with a slight smile on his face.

When Xiaobai was a boy with wings on his back, his pupils shrank slightly, a little surprised.

But soon, Xiao Bai put away the look of surprise, looked at the cat-man boy, and bowed slightly:

'His Royal Highness Ye Heng.'

Ye Heng nodded slightly and smiled: 'Is the emperor girl here?'

'His Royal Highness is inside...'

The corners of Xiaobai's mouth twitched invisibly, and the word barbecue still swallowed.

‘I don’t know what is going on with His Royal Highness Ye Heng looking for His Royal Highness?’

‘What? Can’t you find the emperor sister if you have nothing to do?’

Ye Heng smiled.

‘...No, please come in, Your Highness Ye Heng.’

Xiaobai got out of the way.

Ye Heng nodded, looked at the boy next to him, and said softly:

‘Brother Yan, go in.’

Yan Liang smiled slightly, and the two entered the door together.

Afterwards, both of them had a meal, and they saw Lu Yuan who was barbecuing not far away, and Ye Ye and Ye Tian Mandrill on the side.

Then, their target was attracted by the huge dragon corpse.

Seeing the corpse of the magic dragon, Yan Liang frowned slightly, revealing a dignified color, and slowly exhaled:

‘Imperial Devil Dragon?’

Ye Heng’s pupils shrank slightly, and the smile on his face slowly converged.

Ye Ye turned her head and glanced at Ye Heng and Yan Liang, then immediately turned her head to look back at the barbecue, and didn’t even have the idea to greet them.

Ye Heng glanced at Ye Ye, then smiled again:

‘Emperor sister, I heard that you brought a human back to your bedroom. I guessed it was Brother Lu Yuan. Brother Lu, my name is Ye Heng. I am Ye Ye’s emperor brother.’

Lu Yuan nodded with a smile while flipping the barbecue, ‘His Royal Highness Ye Heng, hello.’

At this moment, Yan Liang on the side stared at Lu Yuan and asked slowly:

‘You killed this emperor-level magic dragon?’

Lu Yuan was taken aback, glanced at Yan Liang, and smiled: ‘Are you?’

Yan Liang returned to his senses and chuckled: 'My name is Yan Liang, you should have heard of me.'

Lu Yuan was a little surprised, and looked at Yan Liang.

Isn't this guy the number one in the Tianjiao list before him?

He originally wanted to challenge this guy in the end, but he didn't expect this guy to break through, and Lu Yuan directly took the first place.

Lu Yuan smiled: 'It turned out to be Brother Yan Liang, of course I knew him. I didn't expect to meet you here. So it seems that you are Ye Heng's helper?'

Yan Liang nodded slightly, and then asked again: 'Did you kill this emperor-level magic dragon?'

Lu Yuan smiled: 'I killed it. It took me a lot of effort.'

This emperor-level devil dragon has an emperor-level bloodline, and is also a war-emperor-level cultivation base. It is considered very strong, and its combat power is even stronger than the previous alien with the soul eater, even if it is Lu Yuan, it also costs. It took a lot of effort to kill it.

This was due to the increase in Lu Yuan's tempering degree and the increase in combat power. If it were the first time, if he wanted to kill this emperor-level devil dragon, he would probably have to consume it slowly before he died.

Hearing Lu Yuan's confirmation, Ye Heng and Yan Liang's eyes both showed a dignified look. If it were a royal-level monster of the imperial bloodline, Yan Liang used all kinds of means and hole cards, perhaps he could barely kill. , And if it were of the emperor-level bloodline, Yan Liang could only escape in embarrassment. Lu Yuan could do this, indicating that at least he was not weaker than him.

If this devil dragon is of an emperor bloodline... Yan Liang shook his head slightly, it is impossible, a warlord, and a warlord who has just broken through, how could it be possible to kill the beast emperor of the emperor bloodline? This is simply unrealistic.

Yan Liang took a deep look at Lu Yuan and smiled:

'I wanted to fight you before, but it's a pity that I broke through. It's not too late this time.'

When Lu Yuan heard the words, he smiled: 'Then it's time for a fight.'

Ye Heng smiled: 'You two, but I have to add the imperial sister and me. The trial will not be one-on-one.'

Then he glanced at the barbecue and smiled: 'Can I have a piece of it? It looks good. I didn't expect that Brother Lu, you still have this craft.'

As soon as he finished speaking, Ye Ye turned her head and looked at him silently.

The corners of Ye Heng's mouth twitched, and he gave a dry cough and said:

'.....I'm just kidding.'

Ye Ye silently retracted his gaze.

Ye Heng shook his head slightly, and then looked at Lu Yuan with a smile: 'Come here today, it's just that Brother Yan Liang wants to see you. Now that I have seen it, we will decide the outcome of the trial the day after tomorrow.'

Lu Yuan smiled and nodded: 'No problem.'

Ye Heng and Yan Liang came quickly and went quickly. After the two left, Ye Ye was obviously happy a lot.

Lu Yuan thought it was probably because this guy felt that no one had grabbed a barbecue with her.

After eating the barbecue, Xiaobai arranged a room for Lu Yuan, in the guest room on the second floor.

Hmm... Sleep on the third floor every night, and Xiaobai, like him, also sleeps on the second floor.

There is a gravity room in Yeye's bedroom, so there's no need to worry about not being able to practice.

For the next two days, Lu Yuan didn't go to the Demon Dragon Mountain Range, but only practiced in the gravity room, and then he was discussing with Ye Ye.

The gene chain of Ye Ye's War King stage is burned with the imperial gene, which is a powerful explosive attack combat technique with extremely powerful power.

Of course, for Lu Yuan, it is still a little lacking.

During the battle, Lu Yuan only needed to use the Great Sun Spirit Body to easily suppress Ye Ye, making Ye Ye a little suspicious of life.

However, after hearing that Lu Yuan's Great Sun spirit body was an emperor gene, Ye Ye and Xiao Bai stopped talking.

Being able to burn emperor genes during the King of War stage is a matter of course.

But this also gave Ye Ye a lot of confidence in the next trial.

Of course, in addition to practicing and discussing, Ye Ye always takes Lu Yuan to Nether City to eat all kinds of delicious things that she finds delicious. They are all cat people's characteristics. Lu Yuan has never eaten, so she doesn't share it with him overnight. Lu Yuan was naturally still willing to try.

I have to say that the taste is not bad. After all, they are all humans. As long as they don't drink blood, even if the basic taste is different, it will not make people feel particularly unpalatable.

However, cat people's love for fish is deeply rooted, and most of them are all kinds of fish food.

Soon, two days passed in a hurry and came to the day of the trial.

Ye Ye Ye came to the courtyard early, looking at Lu Yuan on the side, and whispered, 'Let's go.'

Lu Yuan nodded, and followed Ye Ye and Xiao Bai to leave the courtyard.

They came to a hall in the middle of the city.

In front of the main hall was a huge square. At this moment, there were people standing in the square. Lu Yuan glanced over and saw Ye Heng and Yan Liang, as well as Ye Jing and an elf man that Lu Yuan didn't know.

In addition to them, there are a few cat people standing beside them, some of them look young, and some of them are middle-aged and elderly.

After Ye Ye and Lu Yuan came over, several cat people turned their heads to look at them. Lu Yuan found that a lot of eyes were placed on Lu Yuan's body, with a look of inquiry.

Lu Yuan could also understand that, after all, he was the number one on the Tianjiao list before, and Baiyun City's ranking on the Tianjiao list was still very high in gold.

Seeing Lu Yuan and Ye Ye coming, Ye Heng smiled and waved: 'Brother Lu, Sister Huang, you are here.'

Ye Jing glanced at Lu Yuan and snorted without speaking.

Lu Yuan glanced at Ye Jing and had to admit that Lu Yuan liked Ye Heng better than Ye Jing.

Not long after, the sky suddenly darkened, and then a few figures suddenly appeared on the square. Lu Yuan's eyes swept across, and the cat-man headed by him looked handsome, with dark eyes, just standing there, like a whirlpool of darkness. , Attracting everyone's attention.

Lu Yuan's scalp numb slightly, feeling a little heart palpitations.

This is the fear of life instinct.

This cat man must be a saint of war!

This idea came to Lu Yuan's mind for the first time.

He should be the ancestor of Ye Ye, Heavenly Underworld Saint, right?

This was the first time Lu Yuan saw Zhan Sheng, with a hint of curiosity in his eyes, but he didn't dare to look more.

Compared with Zhan Sheng and Zhan Emperor, the gap is too big.

Even if he was standing in front of the Emperor Zhan, although Lu Yuan felt that he was not an opponent, he would never have such instinctive fear.

Is this the holy class?

Lu Yuan was shaken in his heart, and quickly turned his gaze away and looked at the other people. There were four other cat people, both elderly and mature men.

Standing next to the Heavenly Underworld Saint was a very handsome man who looked somewhat similar to Ye Ye.

Lu Yuan's first reaction when he saw him was that he was the current emperor of the Tianming Empire, Ye Mu.

Ye Mu's breath was also extremely powerful, making Lu Yuan feel a deadly threat.

The current emperor of the Underworld Empire on this day is probably an absolute powerhouse among the war emperors.

There are so many powerhouses in the Heavenly Ming Empire.

I don't know if there are any other saints besides the Heavenly Underworld saints?

While Lu Yuan was thinking, Ye Mu also turned to look at Lu Yuan at the moment, his face was majestic, with a look of scrutiny.

Lu Yuan was a little uncomfortable when he was seen by Ye Mu, and he gave a dry laugh, and silently looked away.

At this time, the head of the Heavenly Underworld Saint showed a slight smile, and slowly said:

‘We Ye Clan have three more talented children, not bad.’

His gaze swept across Heng and Yan Liang for the night, and the elf men who Ye Jing and Lu Yuan didn’t know, also swept Ye Ye and Lu Yuan.

After seeing Lu Yuan, the Heavenly Underworld Sage was stunned, and then showed a meaningful smile. When Lu Yuan was a little dazed, the Heavenly Underworld Sage retracted his gaze.

He chuckled and said:

‘You are all good. Not only did you not lose your own cultivation base, but you also made good friends. This night tribe trial, as usual, will be held in the night valley. The content of this trial is in the night valley. I found a token I put down, the first child of the Night Clan to find the token. In the next stage of cultivation from the King of War to the Emperor, the Night Clan will fully support it, whether it is a spiritual crystal, a genetic weapon, or even an extraordinary. There will be no shortage of genes.’

Upon hearing this, Ye Heng and Ye Jing both squinted their eyes, a sharp look flashed in their eyes, and even Ye Ye clenched his fists slightly.

For large families, not everyone can enjoy the most abundant resource tilt.

After all, there are so many people in the big family who want to cultivate. If everyone can get the most abundant resources, even the Battle Saint Family will be dragged down, but only the most powerful geniuses will be supported. Gotta live.

The genius of this generation is obviously the three of Ye Ye, and they will also fight for the most genius.

The Heavenly Underworld Sage waved his hand, three black lights flashed by, and appeared in front of Ye Ye, Ye Jing and Ye Heng. The Heavenly Underworld Sage smiled and explained: ‘Grab your friend, then Grab them, and you can enter the Valley of Night. The place to enter is random... Oh, I put a lot of fierce beasts in it, among them there are three imperial fierce beasts and more than twenty emperor-level fierce beasts. Fierce beasts, and a large number of king-level fierce beasts, you must pay attention to your safety.’

When he said this, Lu Yuan always felt that Heavenly Underworld Saint had a wicked smile on his face.

Emperor-level fierce beast ?

Lu Yuan's expression changed, it was not something they could deal with at this level.

Not only Lu Yuan, but Ye Ye's faces also changed.

The difficulty of this trial was obviously much higher than they thought.

Ye Ye glanced at Lu Yuan, Lu Yuan smiled: 'Go in~www.mtlnovel.com~ Ye Ye nodded, grabbed Lu Yuan's hand, and then the black spot in front of him.

The next moment, Lu Yuan and Ye Ye were sucked in by the black spots. Lu Yuan felt the change in space, did not resist, moved along the space, and soon came to an extremely dark area.

Lu Yuan squinted his eyes slightly, and then the incomparably powerful dark emperor-level genetic shadow kingdom played a role.

Luyuan can clearly see the surrounding environment.

This is a somewhat barren area, with stone walls on both sides of this area. Lu Yuan looked up at the sky and found that it was also a stone wall.

.....Night Valley is underground ?

No wonder it's so dark.

Ye Ye looked around at the moment, she was a little wary: 'A Yuan, can you see it ?'

Lu Yuan smiled: 'My strength is not weak, so don't worry.'

Ye Ye didn't ask much, and nodded: 'Well, we are going to find the token next.'

Lu Yuan asked curiously, 'How big is the Valley of the Night ? Do you understand ? Where will the token be placed ?'

Ye Ye shook her head slightly: 'Night Valley is the place where our Heavenly Underworld royal family tries each time. I don't know how big it is. As for the location of the token...I don't know.'

Lu Yuan: '...how do you find this ?'

Ye Ye fell silent, and then shook his head: 'Let's find it slowly. Since the ancestors said so, there must be a hint.'

'okay then.'

At this moment, an extremely powerful aura surged towards Lu Yuan and Yeye.

Lu Yuan's expression changed, and even Ye Ye froze.

Emperor-level fierce beast? So unlucky?
