

Chapter 250: My Genes Evolve Infinitely

NIGHT VALLEY MUTATION

Soon, a dark light beam shot towards Lu Yuan and Ye Ye from a distance, very fast.

Lu Yuan's pupils shrank, and there was no time to think about it. He hugged Ye Ye, the space fluctuated, and the two disappeared in place.

boom! !

The light passed through the fluctuating space and landed on the rock wall. There was a roar, the rock wall collapsed, the aftermath raged, and the entire underground space seemed to shake.

Ye Heng and Yan Liang in the extreme distance felt the slight vibration, and their expressions changed slightly.

They looked at each other, and there was a solemn look on their faces.

Yan Liang slowly said, 'Is it an emperor-level fierce beast? I don't know who encountered it.'

Ye Heng smiled slightly: 'Whether it's Ye Ye or Ye Jing, we can only blame them for their bad luck.'

Yan Liang's face was indifferent: 'I hope it's not Lu Yuan and the others, I still want to fight him.'

Ye Heng smiled and said, 'There will be opportunities in the future, so I don't want to be in a hurry.'

Yan Liang was silent, and didn't say much, just nodded.

Then Ye Heng said:

'We have to reduce our breath, or maybe we will be the same as them. If we encounter an emperor-level fierce beast, it will be troublesome.'

Yan Liang looked serious and nodded in agreement.

There were wisps of black mist flowing around the two of them, and in an instant, they seemed to disappear into the darkness.

In another area, Ye Jing and the elf man also felt the shock.

They glanced at each other, and Ye Jing sneered: 'I don't know if it is my emperor brother or emperor sister, it is so unlucky.'

The elf man on the side smiled: 'Brother Ye Jing, do you have a clue? Find the clue to the token? How did your trials complete before?'

Ye Jing's face was solemn, and he slowly shook his head: 'Every trial is different. The previous trials cannot be used as examples.'

Hearing this, the elf man showed a hint of disappointment: 'That can only be done a little bit. This kind of method of finding a needle in a haystack is probably a bit difficult.'

Ye Jing didn't speak, but just shrugged: 'I will take you to reduce your breath, so don't run into the emperor-level fierce beast.'

'Also.'

Ye Jing pressed the shoulder of the elf man, and the two of them disappeared in place.

.....

In a narrow gap, the space fluctuated, and the bodies of Lu Yuan and Ye Ye appeared.

Lu Yuan's eyes still had a hint of palpitations.

The power of the light before was extremely terrifying, even if he turned on the great sun spirit body, turned on the steel body, and even all other hole cards, he might not be able to stop it.

Is that the strength of the emperor-level fierce beast?

Fortunately, he has the ability to move in space, otherwise, he might not be able to run away.

At this moment, Ye Ye pushed Lu Yuan's chest.

Lu Yuan regained his senses, glanced at Ye Ye in his arms, and Ye Ye also raised his head to look at him, her expressionless pretty face seemed to be embarrassed, and her two cat ears trembled slightly.

She didn't speak either, just watched Lu Yuan quietly.

Lu Yuan was a little embarrassed by Ye Ye's calm eyes, and let go of Ye Ye with a dry cough.

He smiled and said, 'Are you okay?'

Ye Ye shook his head: 'It's okay.'

She looked around, and said: 'That emperor-level fierce beast is so strong. If it weren't for you, I should have been eliminated.'

Lu Yuan smiled: 'With me, you can rest assured.'

Every night nodded: 'Yeah.'

Then she thought of something, grabbed Lu Yuan's arm, and whispered: 'We have to restrain our breath so as not to encounter the emperor-level fierce beast again.'

With that, there was a black mist flowing around her, wrapping Lu Yuan and herself inside.

Lu Yuan felt the dark aura and raised his eyebrows slightly. This was an exercise of the power of darkness.

To be honest, Lu Yuan, who now possesses the imperial dark gene, can also do this step.

He didn't say much, smiled, and said:

'It's so, then let's go.'

Ye Ye slowly nodded, and then said: 'From what I know of my ancestors, there may be tokens in the bodies of those fierce beasts, or in remote corners, and even the tokens may be guarded by the emperor-level fierce beasts.'

Lu Yuan raised his eyebrows: 'Then we will look for them while hunting down the fierce beasts... if we meet the guards of the emperor-level fierce beasts, then let's make a long-term plan.'

'Um.'

.....

On the square of the Netherworld Palace, three light curtains floated in the air, and the sage of the sky and the elders and juniors of the night family looked at the three people in the light curtain.

At this moment, most people looked at Lu Yuan and the light curtain of Ye Ye, with a weird look in their eyes.

Especially Ye Mu. Seeing Lu Yuan hugging Ye Ye, he couldn't help narrowing his eyes and snorted coldly.

The Heavenly Underworld Saint looked at Lu Yuan with great interest, and a smile appeared at the corner of his mouth:

'This human kid is interesting.'

Hearing this, Ye Mu and the others were taken aback, and looked at the Heavenly Underworld Saint with some surprise.

You know, our ancestors are war sages, so how good is their vision?

Even if he is ranked first in Tianjiao, not everyone can make him look forward to it.

After all, even if it is ranked first in Tianjiao, there are only a handful of people who can break through to the Battle Saint.

Unexpectedly, the ancestors would praise this human being.

Ye Mu narrowed his gaze and slowly said, ‘Ancestor, is there anything special about this human being?’

The Heavenly Underworld Saint smiled and shook his head: ‘He is a lot stronger than you think. I didn’t expect that there would be such a little guy at the Battle King level... not bad, not bad.’

Then he sighed: ‘It would be nice if there were more geniuses like him, our time is running out.’

The others looked at each other and looked at each other, much better than they thought?

But seeing the Heavenly Underworld Saints didn’t say much, they didn’t ask too much.

At this moment, a change appeared on the light curtain, and an old man squinted his eyes and showed a smile:

‘Huh? Look at what Ye Heng and Yan Liang mean, are they planning to beat the Emperor-level Fierce Beast?’

In the light curtain, Ye Heng and Yan Liang found a pitch-black giant python. They slowly approached, seemingly intending to hunt this imperial beast.

Ye Mu nodded solemnly: ‘It seems that they all guessed that the ancestors hid the token in the beast’s body.’

When the two were talking, Ye Heng and Yan Liang had already handed over to the Emperor-class giant python.

It has to be said that Yan Liang, as Lu Yuan’s previous Tianjiao ranking first, is indeed extremely powerful.

Three pairs of black wings appeared on his body, plus his own wings, forming a full four pairs of black wings. The powerful aura continued to emerge, which made people palpitate.

Even the pitch-black giant python seemed to be looking at Yan Liang with some caution at the moment.

Yan Liang's figure flickered, and he appeared on the python's head in an instant. A dark long sword with incomparable spiritual power slashed towards the python's head.

boom! !

There was a black mist flowing around the imperial python, which resisted the sword light, and a roar emerged. The python's body showed circles of black light waves, and the light waves were layered and swept toward Yan Liang and Ye Heng.

Yan Liang and Ye Heng's face changed slightly, their figures flickered, and they moved back quickly.

The black light wave fell on the stone wall, and the stone wall was immediately corroded.

After the light wave, Ye Heng and Yan Liang approached again and fought with the emperor-class giant python.

The Ye Family members outside looked at the light curtain and nodded slightly.

Ye Mu's face was serious, and he faintly said, 'Not bad.'

'Although Ye Heng's talent is a bit worse than Ye Ye's, but the difference is not too great, the main thing is that Yan Liang, the strength is indeed not weak.'

A cat-man old man smiled and said.

The others also nodded.

'After all, he was the number one on the previous Tianjiao list.'

At this moment, a middle-aged cat man narrowed his eyes and said:

'It seems that Ye Ye and Lu Yuan are also planning to deal with the imperial beast?'

Hearing this, everyone looked at another light curtain.

In the light curtain, Lu Yuan and Yeye also approached a ferocious beast covered with black lin armor, which was resting on the corner of the stone wall.

'Nocturnal Ankylosaurus? This fierce beast is not weak.'

Seeing this scene, several cat people showed interest.

At this moment, within the light curtain, Lu Yuan's body suddenly flashed with dazzling golden aura, as if a sun was shining in the darkness.

The Nocturnal Ankylosaurus not far away was awakened and roared.

Lu Yuan's body instantly disappeared in place, appearing on the head of the Nocturnal Ankylosaurus.

The golden sword light cut down.

boom! !

There was a black aura surging throughout the body of the nocturnal Ankylosaurus, and the sword light fell on the aura, and it suddenly roared.

The next moment, the night-traveling ankylosaurus uttered a scream, and its body was slammed into the air, hitting one side of the rock wall.

Seeing this scene, several cat-man men opened their eyes slightly and were a little surprised.

Even Ye Mu narrowed his eyes.

'So strong? Repelling the emperor-level fierce beast with one blow?'

Ye Mu glanced at the Heavenly Underworld Saint who was squinting and smiling. He was surprised. His ancestors were not surprised at all. I am afraid that Lu Yuan's strength is very strong.

The nocturnal Ankylosaurus that flew upside down had not had time to turn over, and several dark shadows appeared on its side, and a series of incomparable black lines suddenly appeared in the air.

The next moment, it fell on the body of the Nightwalking Ankylosaurus.

laugh!

Scars appeared on the body of the night-traveling armored dragon, and the lin armor was torn open and blood was shed.

However, the scar is not deep and the injury is not great.

Ye Ye frowned slightly, taking advantage of Ye Xing Di Jialong's counterattack, his figure retreated and disappeared into the shadows.

The Nocturnal Ankylosaurus roared and wanted to fight back, but Lu Yuan had appeared in front of it again, and the continuous golden sword light flashed, almost instantly submerging the Nocturnal Ankylosaurus.

In a short period of time, the nocturnal armored dragon was broken for defense, the Lin armor was shattered and was forcibly killed.

Ye Ye glanced at Lu Yuan and silently retracted the long sword in his hand. During the previous discussions, Ye Ye thought that Lu Yuan had already used all his strength, but he didn't expect that he still had reservations.

The cat people outside stared slightly, and the atmosphere was silent.

The corner of the heavenly sage raised his mouth, showing a faint smile, and sighed softly:

‘Sure enough. If nothing else, this human kid will become the top powerhouse in the starry sky in the future.’

Hearing this, everyone was shocked, and looked at the Heavenly Underworld Saint with a little surprise, and then at Lu Yuan.

The top powerhouse in the starry sky is a war saint, even a war god.

Ye Mu narrowed his eyes and said, ‘Lu Yuan's strength is good. It seems that if there is no accident this time, it should be that Ye Ye is more likely to win the trial.’

The Heavenly Underworld Saint chuckled: ‘Winning the trial is not just about strength, but luck is also very important. If you can't find a token, you can't find it.’

Ye Mu was taken aback, then nodded slightly: ‘The ancestors have a point.’

In the light curtain, Lu Yuan and Ye Ye picked up what had fallen from the dead Nocturnal Ankylosaurus, then cut open its stomach, looked at it, and found that there was no token.

The two were a little disappointed, and continued to search for other fierce beasts. Of course, the two of them did not miss all the corners of the stone wall along the way.

Maybe the token is quietly placed in the corner.

The scope of the Night Valley is not small. Lu Yuan and Ye Ye found an area, but they did not gain anything. They hunted down a large number of fierce beasts, even including two imperial-level fierce beasts, and found nothing.

Lu Yuan was ready to fight a protracted battle.

At this moment, Lu Yuan suddenly heard a roar one after another, and a strong breath continued to emerge, emerging from all directions.

Lu Yuan and Ye Ye both had a meal. Lu Yuan raised his eyebrows and glanced at Ye Ye, both of them were a little surprised.

‘What happened to the fierce beast? Did your ancestors make it?’

Lu Yuan asked curiously.

Ye Ye shook her head slightly: ‘I don’t know.’

Not only Lu Yuan and Ye Ye, but Ye Heng and Yan Liang on the other side spent a lot of effort to kill the Emperor-class giant python. As they were repairing, they also felt a lot of powerful aura emerging.

The two of them also changed their faces slightly, and at the same time, they used the combat technique of restraining their breath, and disappeared in place.

Yan Liang looked around, feeling the surging violent breath, frowning slightly:

‘What’s the matter? Has the Heavenly Hades increased the difficulty again? The difficulty of your royal family’s trial is really high~www.mtlnovel.com~ Ye Heng also twitched the corners of his mouth: ‘Isn’t there such a high level of difficulty last time?’ ‘

He is a little skeptical about life. Could the ancestors be dissatisfied with the three of them?

It shouldn't be, the ancestors loved Ye Ye very much, isn't it? Is it the only fierce beast in their area like this? No, the ancestors would not do such an unjust thing because of his love for Ye Ye.

That is how the matter?

Ye Jing and the elf man on the other side were moving. At this moment, they saw a dark night demon wolf with pitch-black fur slowly appearing from the corner.

The dark night demon wolf's pupils flashed with a faint green light, and a strange black mist emerged all over his body. Its breath was strong, but it also revealed a strange breath.

Obviously it was only a king-level fierce beast, but its breath made Ye Jing and the elf man feel a little palpitating.

The two looked at each other, and both saw the color of surprise in each other's eyes.

Before they had time to say anything, the Dark Night Demon Wolf roared towards the two of them.

'This beast...Kill it!'

Ye Jing roared, and his whole body surged, rushing towards the dark night demon wolf, as did the elf man.

While the fierce beast in the Valley of Night was rioting, in one corner, there were always two sharp horns, like a giant tiger, and the fierce beast with black fur had a strange and evil green aura emerging all over its body.

These breaths merged into the fierce beast, and the fierce beast let out a painful low roar, and then it squirmed blood and bones all over its body. A strange tentacles and eyes emerged from its body.
