

Chapter 260: My Genes Evolve Infinitely

SUN

Night watchman headquarters.

Lu Yuan and Li Qinghe landed, and immediately discovered that the atmosphere of the entire night watchman headquarters was very calm, but unlike Lu Yuan's previous thoughts, the underground containment room was not invaded.

If the underground containment room is invaded, the night watchman headquarters will definitely not be so orderly now. A large group of alien objects are released, which is absolutely catastrophic.

Lu Yuan and Li Qinghe stepped into the hall. In the hall, there was a look of genetic warriors hurriedly. According to the information, Lu Yuan and Li Qinghe took the elevator directly to the top floor.

came to the door of the president's office, Lu Yuan knocked on the door, and soon the door of the room opened, and Secretary Liu appeared inside the door.

After seeing Lu Yuan and Li Qinghe, Secretary Liu quickly smiled and said, 'Elder Li, Elder Lu, you are here, come in.'

The two nodded and walked in.

Then Lu Yuan was a little surprised to find that besides Secretary Liu and Chairman Gu An, there were eight genetic warriors in the office.

Lu Yuan's gaze swept across the eight genetic warriors, and found that there were many people he hadn't seen, only two middle-aged men. Lu Yuan had a fate in the night watch headquarters before and knew that they were also honorary elders.

Are the others also honorary elders?

Lu Yuan guessed in his heart.

At the moment, eight genetic warriors were standing in the office with serious faces. After seeing Lu Yuan and Li Qinghe, everyone flashed their eyes, nodded at them, and smiled.

Then three of the genetic warriors all looked at Landing Yuan, with curiosity in their eyes.

A handsome middle-aged man smiled and said, 'Elder Lu, I heard that you have joined the Night Watch before and I have always wanted to meet you. Today I finally got my wish. I heard that you have been ranked 40th on the King's List. What a young hero.'

The middle-aged man's exclamation made the other five genetic warriors slightly widened, and looked at Lu Yuan in a little astonishment.

'No. 40 on the King's List?'

A little thin old man uttered in shock, seeing Lu Yuan's eyes full of disbelief.

'Really? Elder Lu unexpectedly made it to the 40th place on the King's List? I remember you just broke through to the King of War for less than half a year, right?'

A tall, brawny man was also shocked.

Others also looked shocked, some of them couldn't believe it.

'Elder Lu's talent is really enviable and jealous.'

'Elder Lu will probably be very easy to become a war emperor in the future, even if it is a war saint, there is hope?'

Seeing the shock of everyone, Li Qinghe on the side raised his mouth, holding Lu Yuan's arm with some pride.

Lu Yuan smiled shyly when he heard everyone's exclamation:
'Several seniors have passed the awards, and I just worked harder.'

The corners of the genetic warriors' mouths twitched, and the atmosphere was silent for a moment.

If they can do this hard, will they still be the King of War or the King of War?

Gu An, who was sitting behind his desk, had just heard the news that Lu Yuan was on the King's List, and was a bit shocked before.

But soon he came back to his senses, coughed slightly, and said solemnly:

'Everyone, I have something to say when I summon you all.'

Everyone returned to their senses and looked at Gu An.

'Chairman, has something happened? Is it so exciting?'

The skinny old man said.

Gu An took a deep breath, and then slowly said: 'The news came before that there were eleven cities including Zinan City, Yunzhou City, Xikou City, Haiyang City, etc., that a large number of people died suddenly at the same time, and there was a powerful alienation. The movement of things...'

Having said that, he paused, glanced at Lu Yuan and Li Qinghe, his face was ugly and said:

'According to the situation, we judge that it may be caused by a foreign object such as Soul Eater.'

Upon hearing this, both Lu Yuan and Li Qinghe had their pupils shrunk.

Lu Yuan frowned, as he expected, there were not only two Soul Devouring Orbs.

But, Soul Eater appears in eleven cities?

This is too exaggerated, right?

If these are really Soul Eater Orbs, and if they are evolved to a complete body, wouldn't it be equivalent to eleven war emperors?

Lu Yuan felt a bit cold in his heart.

Li Qinghe on the side of also thought of this, and his brows were also frowned, and the arms that grasped Lu Yuan used a bit more strength.

The other honorary elders obviously also knew about the Soul Eater Orb. For a while, the several honorary elders had their eyes widened, some of them couldn't believe it.

After the atmosphere fell silent, Gu An slowly said: 'These cities are now asking our night watchmen for help, because the night watchmen headquarters has very important things that also require a lot of manpower, so I hope you can take action.'

A sturdy honorary elder frowned, and said: 'Even if we make a move, it is too late. After all, we only have so few people.'

Gu An said, 'In addition to you, I have notified the royal family and other families that there will be others to help.'

Hearing this, everyone heaved a sigh of relief and nodded slightly.

A white-haired old man asked, 'What about the elders in the headquarters? Don't they take action?'

'The elders have other tasks, which are also extremely important. The details need to be kept secret.'

Gu An sighed and said.

Hearing this, Lu Yuan's eyes flashed and he understood something.

I'm afraid it is to protect the underground containment room?

There was a sudden outbreak of severe alienation in eleven cities outside. This is too unusual. It must be purposeful, and it may also be related to the underground storage room.

If I were the president, it would be normal to send someone to guard the underground containment room in order to avoid being transferred from the mountain.

The other honorary elders don't seem to know about the idea of someone planning to hit the underground containment room...

Lu Yuan swept his gaze, and saw some honorable elders who were a little confused, and understood that Gu An did not tell them about this matter. Is this because he is worried about a rape?

Gu An is the chairman of the night watch, and he probably has his own considerations, and Lu Yuan didn't think too much.

He nodded and said, 'If this is the case, it shouldn't be too late. If it is Soul Devourer, then the person who masters Soul Devourer is probably getting stronger every moment. President Gu An will control those cities. Tell us about the information, which city shall we go to?'

Gu An nodded and said, 'Elder Lu is right. Time waits for no one. The most serious area now is Xikou City. When the news came out, thousands of people had died. Now the king of war is there. The first-level powerhouses deal with the phenomenon of alienation and evacuate the masses. There are no activities for the emperor-level powerhouses near Xikou City, so there needs to be someone who can rush through as soon as possible.'

Lu Yuan said, 'I'll go, I'm fast, I'm sure to get there quickly.'

In fact, Lu Yuan can arrive in an instant as long as he knows the spatial coordinates of Xikou City.

The situation is urgent now, and Lu Yuan will naturally not hide his clumsiness. Afterwards, if someone asks him why he can move such a long distance in space, he can just use the treasure obtained from the king's list to prevaricate it.

Hearing what Lu Yuan said, several honorary elders all looked at Lu Yuan, and they had no objection.

When they learned about the Soul Eater, they also knew that one of the Soul Eater was brought back by Lu Yuan.

The master of the Soul Devouring Orb was at the Battle King level at the time, and even so, he was still not Lu Yuan's opponent.

Lu Yuan passed by alone, and they would not be surprised.

Gu An said solemnly:

‘Elder Lu, if you can get there as soon as possible, then I will trouble you.’

Lu Yuan nodded.

Li Qinghe next to said, ‘I'll go with you. Two people should be able to find the master of the Soul Eater faster.’

Gu An thought for a while, and said: ‘Then I will trouble you.’

Then he made arrangements according to the emergency situation in the city. Several honorary elders took them to the city they were responsible for, and then left the president's office together.

In the elevator, the atmosphere is a little silent.

The skinny old man frowned, and said: ‘It's a troubled time. I didn't expect that there would be so many urgent alienation phenomena.’

The strong man beside nodded: ‘I hope it's not all Soul Devourer.’

Speaking of this, everyone felt a little heavy.

If they were all Soul Eater Orbs, then the situation would be different. The controller of these Soul Eater Orbs was suddenly exposed from a hidden state, obviously premeditated.

This premeditated plan is definitely not ordinary.

Lu Yuan and Li Qinghe also frowned and did not speak.

Leaving the elevator, under the gaze of the busy night watchmen in the lobby, everyone left the night watchman headquarters one after another, and then Lu Yuan grabbed Li Qinghe's hand, moved the space, and disappeared where she was.

Seeing Lu Yuan and Li Qinghe disappear, the others were taken aback, then the thin old man smiled bitterly:

‘Elder Lu still possesses the extraordinary gene of the space system, I really envy him.’

‘Let's go too.’

Everyone rose into the air, turned into streamers, and flew towards the city they were assigned to.

The speed of the warlord and warlord was distinguished. Among them, three warlords were extremely fast and flew in front, while the other warlords were gradually separated from each other.

But even so, even the King of War is much faster than the average fighter.

.....

Xikou City sky.

The space fluctuates, and the bodies of Lu Yuan and Li Qinghe emerge.

Li Qinghe looked around, revealing a dazed look: ‘Brother Yuan, where is it?’

Lu Yuan glanced down, and a sharp look flashed in his eyes: ‘This is Xikou City.’

Li Qinghe was taken aback, then opened his eyes wide, with a shocked expression on his face: ‘Xikou City?! Here?? We just set off, how can it be so fast? Your space moves, you can move tens of thousands of kilometers?’

Li Qinghe people are a bit dazed. This is the first time Li Qinghe has seen Lu Yuan move such a long distance at once.

Lu Yuan let out a dry cough, and said, ‘I have gained a bit before, so the space movement has increased a lot.’

Li Qinghe nodded suddenly, and then thought of something, a little excited: ‘Brother Yuan, you have a great ability! If there is any danger, there is no need to worry about running away.’

The corner of Lu Yuan’s mouth twitched, and he glanced at Li Qinghe, good fellow, the first thing Sister Qinghe thought of was to run away.

However, Lu Yuan felt that it was right. Only after he survived, Lu Yuan had the same idea when he recorded and transmitted.

At this moment, Lu Yuan suddenly stopped, and his eyes swept across an area in the distance, not only Lu Yuan, but also Li Qinghe.

The two of them frowned slightly, feeling the weird breath, Li Qinghe spoke with an ugly expression:

‘This breath is indeed a Soul Devourer.’

‘Come and see!’

.....

Xikou City, North District.

This is a huge residential area, strands of black fog spread in the residential area, forming dark clouds, there are strange dark shadows

flying down from the dark clouds, in and out of the residential buildings, full of horrified screams continue to sound, the residential buildings Many people fled in haste.

Some people were taken into their bodies by black shadows at home, then their souls were swallowed, and their bodies fell to the ground.

Among them, there are some genetic warriors in black night watch uniforms standing in the crowd, and voices containing spiritual power sound.

‘Everyone, don’t run around! Leave in an orderly way! Don’t run around!’

On the street, a crowd of people looked horrified, as if headless flies ran away from the residential area, madly pushing the people in front of them.

A woman was holding a little girl, her face was extremely pale, crying and being pushed and ran outside.

The woman’s husband and the little girl’s father used his own body to block the black shadow that fell on the little girl, and fell to the ground. The two of them couldn’t even stop to grieve, and were squeezed forward. .

At this moment, a brawny man roared with a ferocious face:

‘Get out of my way! Don’t get in the way!’

With his thick arms, he squeezed the person in front of him, and at the same time, he squeezed away the woman holding the little girl’s hand.

Suddenly, the woman’s face changed and she was extremely pale.

‘Little Ling!’

The little girl's petite body staggered under the squeeze of the adults, her face was horrified, she was about to fall to the ground, a middle-aged man wearing a night watchman uniform gathered the strong wind, flew down from the air, and landed in front of the little girl, Hold her in his arms.

His face swept across the frightened ordinary people coldly, and said: 'Everyone will leave in an orderly manner, don't run around! Otherwise, when the alienation incident is over, we will settle the accounts one by one.'

Hearing this, many ordinary people felt cold and a little frightened for a while.

Gene warriors have power that ordinary people can hardly reach.

The gene warrior handed the little girl back to the crying woman who kept saying thanks, then turned into a violent wind and rose into the air. The weaker night watchmen nearby took the opportunity to speak: 'Everyone takes refuge according to the instructions! Don't run around!'

They began to evacuate the crowd in an orderly manner.

Some of the night watchmen are surging in spirit
~www.mtlnovel.com~ using various combat skills to attack the shadows and destroy them.

But the black shadows are boundless, even if it is partly broken, there are still a lot of black shadows.

Some weak genetic warriors were entangled by a large number of black shadows, their spiritual power surged, resisted for a period of time, and their souls were also swallowed.

The middle-aged man who mastered the elements of the wind had an ugly face and wiped out a black shadow, and said:

'Damn! Where is the alien? Haven't found it yet?'

‘No, Deputy Minister, I still didn’t find it.’

A young man on the side said bitterly: ‘If this goes on, we can’t keep here! He is devouring more and more souls, and more and more shadows. I am afraid that if this continues, we will all die here. ‘

The middle-aged man glanced at the talking young man, a look of sorrow appeared on his face:

‘Even if we die here, we will have to hold back the labor and management! The reinforcements at the headquarters are already on the way. When the reinforcements arrive, we will definitely be able to deal with this horrible thing as soon as possible! If we didn’t hold back, the civilians in Xikou City Will die here! That’s tens of millions of people!’

The young man’s face was stunned, and he stood up straight: ‘Yes!’

At this moment, a golden light emerged from the dark dark clouds, and then the golden light was bright, like a sun, dispelling the dark clouds, and a large number of black shadows screamed and turned into black smoke under the golden light.

The running civilians and desperate genetic warriors raised their heads and looked at the sun in the sky with horror.
