

# Chapter 261: My Genes Evolve Infinitely

## SITUATION

‘what is that?!’

A large number of civilians exclaimed.

But the night watchman seemed to understand something, and many people smiled excitedly.

The young man with the middle-aged man quickly spoke:

‘Vice Minister! It’s reinforcements! It’s reinforcements coming!’

A surprised look appeared on the middle-aged man’s face: ‘It came so fast.’

It didn’t take long for them to send out the distress signal, but the reinforcements arrived, which was much faster than he thought.

But middle-aged men are naturally happy.

He smiled: ‘Fight back! Clean up all the dark shadows! ... Besides, don’t let the civilians get confused.’

‘Yes!’

said, the middle-aged man turned into an afterimage, flew into the sky, and began to kill the shadow that had not been purified by the sun.

As he got closer and closer to the sun in the sky, the middle-aged man found that the temperature was getting higher and higher. Even the King of War level he felt tingling on his skin and dry mouth.

The middle-aged man waved out the storm casually, shattering a fleeing black shadow, glanced at the sun in the sky, his eyes were shocked.

So powerful! Who is this big man?

is not only a middle-aged man, but several other King-level powerhouses in other areas are also continuing to kill the shadows in the air at this moment, feeling the blazing high temperature, and feel shocked.

With the appearance of the sun, the black clouds are quickly dissipating. Coupled with the cleaning of the night watchmen, the black mist in the entire area disappeared and the shadows disappeared before long.

The sun in the sky slowly lost its light, revealing a figure, and beside this figure, another figure appeared.

is Lu Yuan and Li Qinghe.

Li Qinghe has dispelled the black cloud that Lu Yuan hadn't considered. She glanced at the miserable condition below, frowned slightly, and said:

'Fortunately, we came in time.'

Lu Yuan also nodded, his face solemn.

If the alienated person who controls the Soul Devourer can use that weird ability to devour the soul without restriction, the harm will be too great.

Lu Yuan's gaze swept down, and the Evolution Cube in his body didn't feel vibrated.

This made Lu Yuan frown. He didn't know if it was because the Evolution Cube was a little far away and couldn't feel it, or because the alien who controlled the Soul Devourer was not in this area.

Just as Lu Yuan was thinking, several figures flew towards them.

is a mature and beautiful woman with long white hair.

She glanced at Lu Yuan and Li Qinghe. After seeing Lu Yuan, she paused, her face showing gratitude, thanking her sincerely:

‘It turns out that it was Elder Lu and Elder Li. Thanks to the two elders who arrived in time, otherwise we might not be able to resist these shadows. I am Bai Linglong, the head of the night watchman branch of Xikou City. Thank you for the two elders here.’

Li Qinghe has seen this kind of scene too much, she chuckled and shook her head:

‘Minister Bai is polite, this is what we should do... By the way, when did this alienation begin?’

‘More than two hours ago, there was a sudden black fog. At first, the black fog was not dense. Only a few ordinary people died. However, after the night watchman intervened in the investigation, the members of the night watch team also died, and then the black fog gradually faded. It became rich and gradually formed what it is now.’

Bai Linglong didn’t conceal the slightest, she directly spoke.

Lu Yuan and Li Qinghe nodded thoughtfully.

It can be seen that the alienation phenomenon in the several cities mentioned by Gu An almost broke out at the same time.

The two looked at each other and Lu Yuan said, ‘Where did the alienation phenomenon first begin?’

‘I will take two of you over! You guys will handle the follow-up.’

Bai Linglong spoke to Lu Yuan, and then turned to the other warlords.

The other warlords nodded and thanked Lu Yuan and Li Qinghe one after another, and then turned and left.

And Bai Linglong brought Lu Yuan and Li Qinghe to a very ordinary-looking residential building with white exterior walls in that huge residential area.

‘According to the whistleblower, the first black fog came from here. Later, the night watchman came to investigate the small building and found a large number of dark shadows.’

Li Qinghe felt it, frowning slightly, nothing noticed, she turned to look at Lu Yuan: ‘Brother Yuan, do you feel anything?’

Lu Yuan’s perception ability is already very strong, he felt the downstairs, there was nothing unusual, and the Evolution Cube did not shake.

Lu Yuan frowned slightly, and then said, ‘Go in and take a look.’

‘Um.’

The three of them entered the small building, Lu Yuan noticed that there was some dark and abnormal aura inside, which were left by the black souls controlled by the Soul Eater Orb before.

In addition, there are still many dead bodies in the corridors and corridors.

These corpses have pale faces and no wounds on their bodies, but they have lost their vitality.

Their souls were swallowed.

Lu Yuan glanced at the corpse on the ground and then retracted his gaze. When he was in Xili City, Lu Yuan had already seen the corpse whose soul had been swallowed by the Soul Devouring Orb.

This residential building has a total of twelve floors, and the three of Lu Yuan from the first floor to the twelfth floor checked all of them.

Bai Linglong looked at the two with some expectation: ‘How is it? Two elders, are there any gains?’

Lu Yuan and Li Qinghe looked at each other and shook their heads slightly.

A look of disappointment flashed in Bai Linglong's eyes, and she said, 'Then I am afraid that the alien who will hide in the dark will continue to attack at any time.'

Lu Yuan thought for a while, and said: 'Next, we will be here for the time being.'

Li Qinghe also nodded: 'Check all the nearby areas during this period of time, maybe there will be gains.'

Bai Linglong heard that Lu Yuan and Li Qinghe will be guarding here next, she was slightly relieved, and she nodded: 'I see, I will trouble the two elders next.'

.....

Xikou City, South District.

In a gloomy basement, a beautiful-looking black-haired woman exhaled slightly, and there was a gloomy black mist flowing in her dark eyes.

There is a trace of fear in her eyes:

'My lord is right, that Lu Yuan is really strong! It was so easy to kill all my soul servants. If it is discovered...'

Thinking of this, her face changed slightly.

However, when she thought of the task that the adult gave her, she could only grit her teeth and her eyes became firm:

'Come again tonight! Drag them all here!'

At the same time, in other cities where the Soul Eater Orb alienation phenomenon has appeared, there are a large number of Warlord and

Warlord-level powerhouses to support, and finally the alienation phenomenon has been put out.

However, some cities have been seriously damaged, with more than 10,000 deaths, and some cities are slightly better.

Ordinary civilians in these cities are in panic all day long, trying to find ways to leave their city, so as not to be affected when alienation occurs next time.

Of course, those who can leave are businessmen and elites with certain assets, and the price of the aircraft is not affordable for ordinary people.

Even so, the seat of the aircraft is still hard to find, and not everyone can get on the aircraft.

As for the real ordinary people, they can only continue to live with fear. Residents in areas previously destroyed by alienation can only temporarily move to other areas to live under the guidance of the consul.

For a while, there was a lot of chaos in several cities. Even if the sheriffs suppressed them with all their strength, the frequency of crimes was still increasing rapidly.

And genetic warriors, similar to night watchmen, don't have time to take care of the chaotic civilians. They can only investigate the location of the master of the Soul Devouring Orb and deal with the source as quickly as possible.

Only in this way, these cities will slowly recover.

The large-scale alienation phenomenon in several cities has even been heard in other cities in the Red Maple Empire. For a while, many people were worried and afraid.

But ordinary people who have no power can't do anything even if they worry no more.

.....

Imperial Capital, the headquarters of the night watchman.

Gu An sat in the chairman's office with a gloomy face, listening to Secretary Liu's report, her face was extremely ugly.

'What the \*\* is the Soul Devourer? Who made it? What is his purpose? These eleven cities now involve a lot of energy and strong people within us. Sooner or later we will have troubles.'

Secretary Liu's face was also a little worried, and he said:

'Now I can only hope that they can find the master of Soul Eater quickly.'

'Huh! Even the Lord Warlords have begun to talk about this matter. I hope that it will stop making trouble, otherwise, the person behind the Soul Eater Orb will not think about it. By the way... how about the underground containment room? Yes. Is there nothing unusual?'

After receiving the anonymous text message, Gu An placed the security of the underground containment room in an increasingly important position. Now that the outside world is turbulent, there must be no mistakes in the underground containment room. Otherwise, the situation may become very bad.

Hearing Gu An's words, Secretary Liu said: "The underground containment room is still as usual now. The two warlord-level elders Xingyun and Meg will guard with other warlord-level elders, even if the warlord wants to come in. It will be discovered, and Lord Zhan will definitely take action at that time.'

Gu An breathed a sigh of relief when he heard this, and nodded: 'That's good, there is absolutely no room for loss in the underground containment room.'

.....

Xikou City.

Bai Linglong led Lu Yuan and Li Qinghe to leave the residential building. In the air, Bai Linglong said:

‘Now there is no other clue to the alienation phenomenon. Next, our night watchman will make every effort to investigate the location of the Soul Eater Orb. Why don’t the two elders follow me to the branch first and go to the reception room to rest?’

Lu Yuan and Li Qinghe looked at each other, Li Qinghe smiled and said:

‘No, let’s investigate together. Now there are eleven cities plagued by Soul Eater. If we can deal with it as soon as possible, we can also help other cities.’

Upon hearing this, Bai Linglong smiled and said:

‘It’s the best, so I’ll have to trouble the two elders more.’

‘It should be.’

Li Qinghe smiled.

She turned her head to look at Lu Yuan: ‘Brother Yuan, let’s go to different places to find it separately. Maybe there are some other gains.’

Lu Yuan naturally had no objection. He nodded and smiled: ‘That’s good.’

Then, Lu Yuan and Li Qinghe flew towards the two directions of Xikou City respectively.

During the flight, Lu Yuan’s shadow shook slightly, and black shadows quickly left and moved in the shadows.

The Kingdom of Shadows.

Lu Yuan intends to let a large number of shadows search together. Although the Evolution Cube can only be sensed and used by himself,

and there is no way to feel it in the Shadow clone, even if the Evolution Cube cannot be used, more shadow clones will find unusual places faster. , The efficiency will be higher.

Lu Yuan's current strength is much stronger than when he first broke through to the King of War level. He released hundreds of shadow clones, centering on Lu Yuan itself, conducting a carpet-like search within a radius of 50 kilometers.

During the search, Lu Yuan discovered that there was a night watchman and other children of the gene warrior family in the city who were also searching together.

For the Night Watch Division, it is their own job, and for the children of those big families, if the Soul Eater continues to grow, perhaps the entire Westkou City will be abandoned, and they will lose their most important foundation at that time. This is related to the family. Inheritance, dare not slack off.

At the door of a room in a community, two burly men holding fire axe with smirk on their faces, they kept kicking the door of the room forcefully.

One of the strong guys shouted: 'Ma De, open the door to Lao Tzu!! The two brothers just want to spend some money, don't make Lao Tzu angry, be careful that Lao Tzu will kill you!'

There was a horrified voice from the door of the room: 'If you are like this, aren't you afraid that the sheriff will come over?'

'Sheriff?' A strong man smiled: 'My cousin is the captain of the nearby security team, do you think they will come? And now they are busy, open the door quickly, or even if I hack you to death, you guys It's also dead in vain!'

In the room, a gentle man with glasses was holding the little boy with a trace of fear on his face, and the little boy was trembling, and a

gentle woman beside him also looked worried~www.mtlnovel.com~  
Husband, what should I do? ‘

The woman’s voice trembled: ‘They might hit the door.’

The gentleman’s face was pale, his eyes flashed, thinking what to do.

At this moment, a scream of horror suddenly came from outside the door.

‘Ah! What the \*\* are you? Get out of here!’

‘Ahhh!!’

The screams made all three of the family shake their bodies, and the little boy’s tears came out. He bit his lip and didn’t dare to cry.

The gentle men and women were pale as paper.

Seeing that there was no movement outside, the two looked at each other, and there was a look of horror in their eyes.

Then the gentleman took a deep breath and said: ‘You are waiting here, I’ll take a look.’

He came to the door, looked outside through the cat’s eyes, and found that there was no one outside.

The gentleman was taken aback, then swallowed, and said: ‘Are you still outside?’

There was no response from the outside. The gentleman glanced at the woman, took a deep breath, inserted the safety bolt, and quietly opened a crack in the door.

Through the crack in the door, the gentleman saw two strong men lying on the ground, their hands clutching their necks, their faces were purple, as if they had strangled themselves to death.

Seeing this scene, the gentle man's heartbeat missed a beat, a cold breath came from the bottom of his heart, and the goose bumps were all up.
