

## Chapter 262: My Genes Evolve Infinitely

### HOW DO YOU WANT TO DIE?

‘what!’

The gentleman yelled in fear, and quickly closed the door, his face extremely pale.

After he closed the door, a shadow happened to go upstairs from the corner.

Lu Yuan saw this scene while searching for the Soul Eater and killed the two guys.

I have to say, in this scene, Lu Yuan encountered several times along the way.

It was all because of the serious alienation phenomenon this time, especially in the area where the alienation phenomenon occurred before. Many ordinary people moved from the original residential area to other areas, which made the scene more chaotic.

Lu Yuan couldn't help but kill him when he encountered something serious.

Time passed, and soon the sky dimmed.

At night, Lu Yuan's shadow clone is more convenient, and there is no need to worry about being discovered.

The speed of his search has also increased a lot.

But even so, Lu Yuan searched almost half of the city, but still did not find the alienated person who controls the Soul Devourer.

Did you find that your previous alienation phenomenon had been cleaned up and escaped?

Lu Yuan guessed in his heart.

However, at this moment, a wisp of black mist slowly spilled out not far away, and at the same time, the Evolution Cube in the edge of the land began to shake slightly.

Lu Yuan paused in the air, and a cold color appeared on his face.

is still there?

Besides, it seems like you want to keep doing what?

Lu Yuan glanced at the slowly escaping black mist. Before the first time passed, he immersed himself in the darkness, changed several directions, and moved toward the direction where the vibration amplitude of the Evolution Cube was constantly increasing.

What made Lu Yuan a little surprised was that the direction in which the Evolution Cube's vibration amplitude was constantly increasing and the direction in which the black fog appeared were actually opposite.

The Alienator who has mastered the Soul Eater seems to be different from before.

If the two previous alienators who had mastered the Soul Eater had such a powerful ability to prevent alienation from happening in their own area, it would be much more difficult to find them.

In fact, if there is no Evolution Cube, it would be more difficult for Lu Yuan to find this alien in the dark.

His body moved in the dark. Before long, Lu Yuan moved an area of about 60 kilometers, almost to the edge of the city.

At this position, the vibration amplitude of the Evolution Cube has increased to a very strong point.

Lu Yuan glanced down. It was a seemingly ordinary residential area.

He squinted his eyes, followed the intensity of the Evolution Cube's vibration, constantly adjusted the position, and finally stopped in front of a seemingly ordinary three-story single-family house.

He looked at the single-family house and narrowed his eyes slightly. According to the vibration prompt of the Evolution Cube, it was the area with the strongest vibration amplitude.

The alienated person is no accident, he should be inside.

Lu Yuan's body turned into a cloud of black mist, slowly blending into the shadow, and walking in along the crack of the door.

The light is on in this single-family house, but it looks very cold.

Lu Yuan's body moved in the shadow, and soon two middle-aged and elderly couples lying in bed were found in a room on the second floor.

The faces of the two were blue and white, they lost their vitality, they were ordinary people whose souls had been swallowed by the Soul Devourer.

Lu Yuan took a look, raised his eyebrows slightly, and then continued to search. Not long after, Lu Yuan searched all three floors of the building and found nothing unusual.

Lu Yuan couldn't help but frowned. Did he make a mistake? The vibration amplitude of the Evolution Cube is so large, it should not be mistaken.

Is there a basement or secret room?

Lu Yuan remembered the alienated person last time, who seemed to be in a basement.

Lu Yuan came to the first floor again and looked carefully.

He didn't use his perception ability to perceive openly, so as not to be noticed. In case he has any special means of escape, then it will be in trouble.

However, even so, Lu Yuan quickly found a hidden door behind the bookshelf in the study.

Lu Yuan glanced at the door, turned into a shadow through the gap, and entered the door.

Inside the door is a downward passage, and the environment is dark.

After entering the door, Lu Yuan felt a powerful fluctuation of spiritual power, which was a weird and peculiar spiritual power fluctuation.

Lu Yuan is already familiar with this kind of spiritual power fluctuations, and the previous Soul Devourer holders also have such spiritual power fluctuations.

found it.

Lu Yuan narrowed his eyes and showed a slight smile.

He walked down the stairs, toward the bottom of the passage, and soon came to an empty basement.

There is only one person sitting cross-legged in the center in the basement.

That is a beautiful-looking, black-haired woman with a fiery figure.

A black mist circulates all over her body, and every strange face keeps screaming and neighing in the black mist.

She seemed to be doing something with all her strength, completely unaware of Lu Yuan in the shadow.

Lu Yuan looked at the black-haired woman, and a coldness appeared in his eyes.

There are golden rays of light appearing all over his body, the great sun spirit body is running at full capacity, the terrifying high temperature spreads, and the stone floor and walls of the basement show signs of melting.

When the terrifying power emerged, the black-haired woman finally found Lu Yuan.

Her face changed drastically, and a look of astonishment appeared on her face.

At this moment, a golden sword light flashed by. The next moment, the black-haired woman felt the extremely high temperature, heard the screaming scream in her ear, and plunged her eyes into darkness.

Lu Yuan looked at the black-haired woman who was slowly turning into ashes under the high temperature, and exhaled slightly.

The strength of this black-haired woman is already at the battle king level.

If she broke out, Lu Yuan wanted to kill her very easily, but it would cause a lot of damage.

Because this is a residential area, Lu Yuan dare not let go of fighting here.

If Lu Yuan really let go of the fight, the residents of this area might have to die in the aftermath.

Fortunately, Lu Yuan took advantage of this black-haired woman who seemed to be controlling the alienation phenomenon in the distance, and unexpectedly killed her.

This is also because Lu Yuan's strength has been greatly improved recently, otherwise, even if he was not prepared, Lu Yuan would not necessarily be able to kill the alienated Battle King-level powerhouse in seconds.

You need to know that the Soul Eater Orb War Emperor was met last time, but he still used the glory of Sheng Yao to kill that guy.

This is the best ending.

Lu Yuan watched the black mist slowly converge, a Soul Devouring Orb appeared in the center, and took a deep breath.

.....

Xikou City, East District.

The first time the black mist appeared, the nearby night watchman notified the night watchman branch.

After Bai Linglong received the news, he immediately notified Li Qinghe and Lu Yuan, and then rushed in that direction with a group of strong night watchmen.

Li Qinghe, who was investigating clues, also frowned, turned into a streamer, disappeared in place, and rushed towards the east.

It didn't take long for a total of eight warlords and Li Qinghe, a warlord, as well as a group of warlords and the powerhouses of warlords to appear in the Eastern District.

Looking at the black mist that slowly appeared, Bai Linglong's face was cold and ugly:

‘It has appeared again... Haven't found a clue yet?!’

The deputy minister beside also looked very ugly and shook his head: ‘There is no clue yet.’

Li Qinghe slowly said, ‘First, deal with the alienation phenomenon in front of you.’

Bai Linglong nodded slightly: ‘What Elder Li said is.’

At this time, Li Qinghe glanced around with some doubts: ‘Where is my destined brother?’

Bai Linglong was taken aback, and then realized that she was talking about Lu Yuan, Bai Linglong looked around with a weird face, and was also a little taken aback.

She did not see Lu Yuan.

‘I have already notified Elder Lu that I am right...’

Other people are also confused.

Just when they were puzzled, the black mist suddenly became dense, and black shadows slowly emerged and flew toward the residential building.

The residents had already begun to evacuate under the guidance of the night watchman and the sheriff. They couldn’t help screaming when they saw the appearance of dark shadows.

And Li Qinghe didn’t have time to think about it, she said, ‘Handle the alienation phenomenon first!’

A deep darkness emerged from Li Qinghe’s body, rushing towards the black mist.

Lu Yuan is not there, and the black mist naturally needs her to deal with it.

Just as Li Qinghe was flying in the air, suddenly the black shadow let out a scream, and then it turned into black smoke and dissipated. The black mist condensed into black clouds in the air also surged, and finally slowly dissipated.

The phenomenon of alienation disappears silently, just like when it came.

Li Qinghe froze in the air, a little surprised.

The others glanced at the disappearance of the alienation phenomenon, and looked at each other with a blank expression.

‘What’s the matter? What about the black mist and shadows?’

‘I don’t know... how did it suddenly disappear?’

At this moment, the space in the sky fluctuated, and then Lu Yuan's body emerged.

After seeing Lu Yuan, Li Qinghe quickly flew over: 'Brother Yuan, where did you go?'

Bai Linglong also flew over quickly.

'Elder Lu, the alienation phenomenon suddenly appeared just now, and then suddenly disappeared. Do you know what happened?'

Lu Yuan smiled: 'I just found the holder of the Soul Devourer. She wanted to start the alienation phenomenon like during the day, and I was aware of it. After I killed her, the alienation phenomenon here also disappeared. NS.'

Hearing this, everyone was taken aback, and the atmosphere fell silent.

Li Qinghe looked at Lu Yuan with some surprise: 'You mean, the holder of the Soul Eater Orb has been killed by you?'

Lu Yuan smiled and nodded: 'Yeah.'

said, he took out a black box, and after opening the box, a soul eater floated out of it.

Li Qinghe had seen Soul Eater, she was immediately sure: 'This is Soul Eater!'

Bai Linglong also recovered, they felt a little bit dreaming.

'...If the Soul Eater is found, the alienation phenomenon of the previous one won't happen again here?'

The middle-aged man beside Bai Linglong opened his mouth in surprise.

Lu Yuan smiled and nodded: 'If there was no second Soul Eater here, it would not have appeared.'

Hearing this, the atmosphere fell silent, and then several people showed surprise smiles.

‘Elder Lu, thank you so much!’

‘I heard that Elder Lu you are a peerless Tianjiao, but today I discovered that you are a peerless Tianjiao and I will look down upon you!’

‘Even such an insidious Soul Eater has been discovered so easily by you, it’s really amazing!’

One by one, the night watchmen and the warlords of the big family spoke, and nothing more came out.

Lu Yuan was a little speechless, they were so excited, what they said made him a little embarrassed.

Bai Linglong’s beautiful eyes flashed, and she thanked her sincerely: ‘Elder Lu, thank you so much this time. If it weren’t for you, I don’t know how many people will die this time.’

Lu Yuan smiled and said, ‘I should do my own business.’

Bai Linglong smiled slightly: ‘In order to thank Elder Lu, Linglong intends to hold a banquet to celebrate. I wonder if Elder Lu would like to show her face?’

Lu Yuan hadn’t spoken yet, and suddenly felt a slight pain in his waist. He twitched the corner of his mouth, glanced at his waist, and then looked at Li Qinghe who was smiling on the side.

‘.....’

He smirked: ‘Sorry, Minister Bai, because there are similar alienation phenomena in other areas, we have to deal with it as soon as possible, so we can’t stay here any longer.’

Bai Linglong seems to have noticed something too, glances at Li Qinghe, and smiles embarrassedly:

‘So that’s the case, then I will not force Elder Lu and Elder Li to stay.’

Li Qinghe smiled: ‘Don’t stay longer, we’re leaving now, right? Brother.’

Lu Yuan nodded: ‘Yes.’

Lu Yuan stretched out his hand solemnly to embrace Li Qinghe’s waist. Li Qinghe’s body became stiff, and the expression on his face froze.

Before she could say anything, the space fluctuated, and the two disappeared in place.

Bai Linglong looked at the direction the two were leaving, a look of disappointment appeared in his eyes, while the others looked at each other, silently looked around, and did not speak.

.....

Over a wilderness thousands of kilometers away from Xikou City, Lu Yuan and Li Qinghe’s body emerged.

Li Qinghe looked around and found that he was already in the wilderness. He gave Lu Yuan a blank look and pressed Lu Yuan’s hand on her waist: ‘Is it comfortable to touch?’

‘Um...I’m wearing leather armor, I can’t feel it, if I can reach in...’

Before Lu Yuan finished speaking, Li Qinghe squeezed his face: ‘Brother Yuan, you are getting more and more proud of yourself! Tsk tsk tsk~[www.mtlnovel.com](http://www.mtlnovel.com)~ Is the minister Bai that looks good just now? Exquisite, look at you The look in his eyes is also weird, so don’t you want to look at your face, hehe...’

Lu Yuan looked innocent: ‘...It’s none of my business. I didn’t agree.’

‘Do you want to agree in your heart?’

‘That’s definitely not the case. How can that Minister Bai compare to my sister Qinghe?’

Lu Yuan is serious.

The strength in Li Qinghe's hand was a little weaker, and he squeezed Lu Yuan's face with a smile, and smiled triumphantly:

'Sister, where am I good?'

'Um...Big Bear?'

Lu Yuan thought for a while and said.

Li Qinghe: '.....'

Her body stiffened, she gritted her teeth and stared at Lu Yuan: 'Say, how do you want to die?'

Lu Yuan was shocked, thought about it, and then said:

'Shuang...Shuang die?'

'Lu Yuan!!!'

Li Qinghe immediately wrapped Lu Yuan's neck and squeezed his face.

Lu Yuan pretended to be very painful. Li Qinghe's strength was already inferior to him. Defense was even Lu Yuan's strong point. Moreover, Li Qinghe didn't use any force. Lu Yuan didn't feel much, but he still had to pretend it.

After Li Qinghe finished venting, Lu Yuan said: 'Sister Qinghe, shall we go to another area?'

Li Qinghe snorted, glared at Lu Yuan, and then nodded: 'Okay, go to Yunzhou City.'
