

Chapter 263: My Genes Evolve Infinitely

SERVANT

The imperial capital of the Red Maple Empire.

In the small world that Lu Yuan had entered before, there was a cloud of gray mist floating in front of a mysterious person wearing a cloak with his face hidden under the cloak, and eleven black spots of light floating in the mist.

The blood-colored eyes under the cloak flashed light, quietly looking at the eleven black spots.

Behind the cloaked man, Tong Shu knelt on the ground, his originally handsome face had multiple black lines, which looked much older than before.

Tong Shu said: ‘My lord, as you might expect, a large number of warlords and warlords in the imperial capital have left to deal with the eleven Soul Eater Orbs. But... Gu An should have received the news and realized that we are The underground containment room has ideas, so there should be a lot of war kings and war kings in the underground containment room.’

The cloak man’s blood-colored eyes flickered, and he spoke slowly in a hoarse voice: ‘It seems that the little bug played a role in it last time.’

Hearing this, Tong Shu suddenly lowered his head, not daring to speak.

‘However, this does not affect our actions, and their understanding of erosion is far from comprehensive.’

The man in the cloak has a hoarse voice with a hint of irony.

At this moment, the black spot in the gray mist suddenly dimmed.

Then, the cloaked man took a halt and snorted, a little heavy.

His blood-colored eyes flashed with cold and tyrannical rays of light, and there was a wave of black mist surging around his body. The powerful aura made War Emperor-class Tong Shu breathless. His face was extremely pale, and he felt like a small boat in the storm. , May be swallowed by the storm at any time.

A look of horror appeared on Tong Shu's face, and he respectfully said:

‘My lord, what happened?’

The atmosphere fell silent, and the man in the cloak slowly said: ‘One of my servants was found and cleared...’

Hearing this, Tong Shu's pupils shrank, a little astonished: ‘So fast?’

Tong Shu knows that if the Soul Devouring Orb is released to devour the soul, it can be upgraded to the Battle King level in a very short time, plus the previous accumulation, it will only be faster.

A warlord-level powerhouse who is still good at hiding, how could he be cleared so quickly?

The man in the cloak was silent, and the black mist around him surged even more fiercely.

His blood-colored eyes narrowed slightly, and he slowly said, ‘Go ahead and speed up the progress.’

Tong Shu quickly lowered his head: ‘Yes!’

Then he left the small world.

Outside Small World is an ordinary rented house in the Imperial Capital.

If Tong Shu had never appeared in such a place before, but now that the secret has been discovered, he can only hide.

Tong Shu glanced at the World Stone, a trace of awe flashed in his eyes, and then the flesh and blood on his face changed, and it quickly became an ordinary face that looked ordinary, completely different from the previous Tong Shu.

is not only a face, but also a certain body shape.

As long as he keeps his breath, no one can recognize him.

After the change, Tong Shu took a deep breath, walked out of the room, and hurried away.

.....

Lu Yuan and Li Qinghe continued to use space to move, and soon came to the sky above Yunzhou City.

The time is at night, but Yunzhou City is a bit lively. On the one hand, the phenomenon of alienation has erupted, causing ordinary people to behave in riots and chaos. On the other hand, the night watchmen and the local families in Yunzhou City are frantically looking for possible existence at this moment. The source of alienation.

Lu Yuan glanced down, and soon discovered that it was almost the same as the previous Xikou City, almost the same.

Of course, they don't have an Evolution Cube. If the holder of the Soul Eater is similar to the one in Xikou City before, it will be very difficult to find it.

Li Qinghe also looked at the night watchman below who was constantly patrolling everywhere, raised his eyebrows, and said: 'It seems that they have not been able to find the source of the alienation, and the phenomenon of alienation has not continued to appear.'

Lu Yuan nodded and felt the surroundings. Perhaps the holder of the Soul Devour Orb did not fully use the Soul Devour Orb and did not initiate the alienation phenomenon. The Evolution Cube in Lu Yuan now has no feelings.

However, Lu Yuan was not worried at all. According to his previous experience in Xikou City, as long as the holder starts to use Soul Eater, the Evolution Cube will always feel it.

Lu Yuan couldn't help sighing that after the evolutionary cube continued to evolve, its perception of alienation phenomena was also constantly improving.

At least when Lu Yuan had just arrived in this world, Evolution Cube couldn't do that.

‘Then we go to the night watchman branch first?’

Lu Yuan looked at Li Qinghe.

Li Qinghe smiled and nodded: ‘Okay, first go to the branch to find out the situation.’

The two turned into streamers and flew towards the night watchman branch.

Soon, the two fell at the gate of the night watchman branch, entered the door, and came to the hall.

The night watchman in the hall is very busy.

Lu Yuan glanced over, and found that they were basically ordinary people as service personnel, and there were not a few genetic warriors.

Lu Yuan can understand, after all, the alienation phenomenon is a bit serious. If you want to go through the entire Yunzhou City, even if all the genetic warriors of the Night Watch Division are added together, it is an extremely vast project.

However, fortunately, there are still strong ones who stayed behind in the Night Watch Division.

Lu Yuan guessed that it might be that the senior management of this branch directly attacked the night watchman's lair in order to prevent the holder of the Soul Eater from going crazy?

Lu Yuan can also understand this.

Li Qinghe communicated with the front desk staff. After confirming their identities, the two front desk young ladies immediately glanced at Lu Yuan and Li Qinghe in awe, and then notified a deputy minister who was staying at the branch and another from the headquarters. Genetic warrior.

Not long after, an ordinary-looking middle-aged man and a thin old man walked out of it.

Lu Yuan glanced at the two of them. The skinny old man, whom Lu Yuan knew, was the honorary elder who had come out of the headquarters together. He seemed to be a strong man named Chapman.

After seeing Lu Yuan and Li Qinghe, Chapman showed a look of stunned expression on his face. With a trace of dazedness, he opened his mouth and said:

‘Elder Li, Elder Lu, I just heard that you two are here, and I can't even believe it. Have you already dealt with the alienation phenomenon in Xikou City?’

Li Qinghe lifted his chin slightly, the corners of his mouth raised, and smiled:

‘It didn't take long for my destined brother to find the location of the soul eater, and then easily killed him. The soul eater has been recovered by us.’

Hearing this, Chapman and the deputy head of the branch took a deep breath, watching Lu Yuan, for a while, they didn't know what to say.

After all, the alienation phenomenon has left them helpless until now, and they haven't even found a clue. As a result, they found it as soon as they passed by? This is too fast. Doesn't it appear that they are incompetent?

The deputy minister beside quickly smiled and said, 'Elder Li and Elder Lu, are the two here to help?'

Lu Yuan smiled and nodded: 'Well, it is better to deal with the alienation phenomenon as soon as possible.'

The deputy minister was immediately overjoyed: 'Thank you Elder Lu and Elder Li, we are indeed in a difficult situation now, and so far there is no clue to discover.'

Lu Yuan smiled: 'Don't worry, take your time, let's help together.'

Li Qinghe smiled and said: 'My brother Yuan and I just came to talk to you, so as not to cause any misunderstanding. In addition, I hope you can tell us the information. Next, we plan to search for clues to the alienation phenomenon.'

'Of course it's okay.'

The sub-director hurriedly gave the previous information to Lu Yuan and Li Qinghe.

Lu Yuan took a look and found that there was actually no difference from Xikou City. They were all alienation phenomena that occurred yesterday, and then it was like the headquarters asking for help, and then the strong came to deal with it.

Looking through the information, Li Qinghe and Lu Yuan bid farewell to the deputy minister and Chapman, and then turned and left.

Seeing the two disappear into the sky, Chapman couldn't help sighing: 'I've heard before that Elder Lu Yuan is so amazing, how many records we have created for Da Qi Xing, even Da Qi Xing has never He

broke the record of being No. 1 on the Tianjiao list. Only now I discovered that these rumors are traceable.'

The deputy minister beside nodded deeply: 'I hope they can find the source of the alienation as soon as possible.'

.....

After Lu Yuan and Li Qinghe left the Night's Watch branch, they separated as before in Xikou City.

Lu Yuan was not as rushed as last time, but seemed a little leisurely. After all, the holder of the Soul Eater hasn't started using the Soul Eater, and has not caused alienation, and Lu Yuan's Evolution Cube can't sense it.

He can completely wait until the alienation phenomenon occurs, and then go to the holder, now he only needs to behave.

but.....

Lu Yuan glanced at the chaotic area below, narrowed his eyes slightly, and still scattered a large number of shadow clones.

is to relieve the pressure of the local sheriff.

.....

Until the sky gradually brightened the next day, the alienation phenomenon still did not occur.

This made Lu Yuan a little puzzled. Could it be that the Soul Eater holder this time really ran away?

Since they are all Soul Eater Orbs, I don't know if there is any connection between their Soul Eater Orbs?

If there is a connection, then Lu Yuan killed the Soul Eater holder in Xikou City last night, I am afraid it has been discovered.

The other Soul Eater holders should be more vigilant than before, and they may even run away secretly, and then go to another city that has not yet been alienated.

When the night watchman hurried over, he continued to close his hand, and then continued to move, firing one shot for another.

This is obviously possible.

If this is the case, although it is a bit troublesome for Lu Yuan, it is not impossible.

After all, he has the space to move, he can easily rush to the scene, and then start looking for the location of the holder.

The most fearful thing is that the holder of the Soul Devourer suddenly hibernates, and it will be difficult for him to find it.

Lu Yuan rubbed his forehead, feeling a little headache.

The sun rises and the sky is bright. I searched for the source of the alienation all night, and coupled with the previous battle to resist the alienation phenomenon, those genetic warriors with strong cultivation may be fine, but only trainee warriors and warrior-level genetic warriors feel a little tired. NS.

Many people have to go to rest, and the remaining people are less than one-fifth of the original. After all, high-level genetic warriors are few.

At the same time, in the east district of Yunzhou City, there is a commercial district with a large number of high-rise buildings.

In a high-rise building several hundred meters high, in the bathroom on the first floor, two white-collar men came to the bathroom talking and laughing.

Suddenly, wisps of black mist spilled out. In the black mist, a black shadow quickly merged into one of the white-collar workers.

The white-collar worker's body froze in place suddenly, his face gradually turned white and blue, and his body twitched and fell to the ground.

The companion on the side of saw this scene, the whole person froze, his face was pale, his eyes were full of horror, and he screamed, as if he was about to be bullied.

The next moment, he dared not take another look at his colleague who had fallen on the ground, and ran out of the bathroom rolling and crawling.

.....

Lu Yuan, who was in the air, suddenly frowned slightly and stopped in place.

He turned his head to look to the west, his body turned into a streamer, and flew in that direction.

Inside Lu Yuan's body, the Evolution Cube began to vibrate slightly.

Appeared.

A icy color flashed in Lu Yuan's eyes.

In a stone basement in the West District that is somewhat similar to the location of the Soul Eater holder in Xikou City, an ordinary-looking young man pursed his mouth, with wisps of black mist swirling in his eyes.

He sighed slightly, a look of worry appeared on his face:

‘The master said that Signa was discovered by the night watchman. Maybe someone has a special way to find us... This time, we can't take too long, ten minutes... No, it will be over in five minutes. Hurry up to finish! lest the night watchman comes to the door. Anyway, the command from the master is to create chaos...’

Just when the young man was talking to himself, he didn't notice that a shadow behind him wriggled and turned into Lu Yuan's appearance.

Lu Yuan flashed golden light around his body, and his body instantly appeared behind the young man.

The young man realized something was wrong at this time, but it was too late.

A golden sword light flashed, taking away the young man's consciousness and plunged him into darkness.

Lu Yuan put away the epee in his hand and glanced at the corpse of the young man on the ground, the day's spiritual power surged, and his corpse was burned to ashes.

Then, the black mist escaped with painful roars and turned into phantoms.

That was the soul that had been swallowed by the Soul Devourer Orb before. Losing the control of the holder, they gained freedom and then dissipated.

In the black fog, the Soul Devouring Orb slowly floated in the air, Lu Yuan walked over as usual~www.mtlnovel.com~ put it away in another black box, contained the space of the war pattern, and then disappeared into the original space. land.

.....

East District Commercial Street.

When the black mist first appeared, the night watchman received the message, notified the strong, and rushed over.

Among them are the minister of the Night Watch Division, the deputy minister, and several warlord-level powerhouses, as well as the warlord-level patriarch of the big family of Yunzhou City, and there is even a warlord-level powerhouse. A war emperor class powerhouse other than Li Qinghe.

After all the strong men arrived, they all saw the black fog above the tall buildings and the raging dark shadows, and the faces of the strong men suddenly became gloomy.

‘Damn! Disperse the black mist first!’

The old man with short gray hair and the battle royal class opened his mouth.

At this moment, the black mist suddenly surged violently, and then collapsed on its own. The black shadows walking among the tall buildings also screamed and dissipated.

For a while, the sun shone through the black fog again in the tall buildings, and the face of the ordinary person who had fled for his life before was shocked, and even some did not understand what was going on.

It’s not just them, even the few war kings and war kings who have just come here, at this moment, they are also bewildered.

At this moment, Li Qinghe, who had also come over before, remembered the scene almost yesterday, and a smile appeared on his face:

‘It seems that the holder of the Soul Devourer is dead.’

‘Dead, dead?’

Everyone looked at Li Qinghe in a daze.
