

Chapter 265: My Genes Evolve Infinitely

TIME IS UP

When Li Qinghe was about to explain, the space near them suddenly fluctuated, and Lu Yuan's body emerged.

Seeing Lu Yuan, Li Qinghe's eyes lit up: 'Brother Yuan, are you finished?'

Lu Yuan smiled and nodded: 'Well, I have found the soul-devouring orb holder and killed him.'

Hearing this, Li Qinghe sighed in relief, but the others also reacted, looking at Lu Yuan with strange eyes.

It turns out that the holder Li Qinghe said before was dead, was he killed by Lu Yuan?

headed by the gray and short-haired war emperor saw Lu Yuan, and thought of something, smiled and said:

'Are you Lu Yuan? That Lu Yuan who just made it to the 40th place on the King's List?'

Lu Yuan was taken aback, looked at the old man with gray and short hair, smiled and nodded: 'Yes, senior.'

'What a great young man.'

The old man with gray and short hair sighed: 'We have no clue to the Soul Eater until now. I didn't expect you to deal with him.'

Lu Yuan smiled slightly: 'Senior praised.'

In fact, this is all the credit of the Evolution Cube. Without the shock of the Evolution Cube, he would not have been able to find the supporter of the Soul Eater so quickly.

.....

Emperor Capital, in a small world.

The man in the cloak is the same as before, still standing quietly in front of the gray mist, looking at the black light spots.

However, the black dots are slightly larger than before, and they have also become brighter.

The blood-colored eyes of the man in the cloak are calm, with a hint of smile:

‘It seems to be very smooth, and it won’t take long for the fruit to be picked.’

At this moment, in the gray and white mist, there were only ten black light spots left, and another black light spot gradually became dim and disappeared.

The man in the cloak seemed to have suffered some damage, his body stiffened, and again he let out a slightly painful muffled sound.

There seemed to be blood dripping from his blood-colored eyes, and a thick black mist surged all over his body.

‘What’s going on? Another Soul Eater was discovered... How did it find out?’

His voice was hoarse, with a hint of anger.

He looked at the black light spots in the gray fog, his eyes flashed, and then wisps of black fog merged into the light spots, conveying his will.

‘Leave the original city!’

The black cloak on his body vibrated, and he slowly said, ‘It seems that we need to start right away...’

With a wave of his palm, a wooden door similar to the space door Lu Yuan grabbed from Yali City before appeared.

At the same time as the wooden door appeared, the wooden door in the lower containment chamber of the night watchman's headquarters shook slightly.

.....

After dealing with the holder of the Soul Devour Orb, Lu Yuan and Li Qinghe once again used the space to move away, amid the gratitude of the high-level night watchman and the strong of the Yunzhou City family.

only dealt with two Soul Eater Orbs, and there were nine of them left unhandled.

Although it was a bit troublesome to deal with, it was a very happy thing for Lu Yuan.

After all, every time he obtains the Soul Devour Orb, he can absorb a large amount of unknown aura.

The holders of these two Soul Devouring Orbs had already been promoted to the Battle King level after devouring their souls without taking care of them.

There are quite a few unknown auras contained in the Battle Emperor-class Soul Devourer. If all the remaining nine can be swallowed, then for Lu Yuan, it will undoubtedly be a big gain. I am afraid that it won't be long before the Evolution Cube can transform again. .

This time, the city Lu Yuan and Li Qinghe came to was Haiyang City.

Perhaps because during the day, Haiyang City still looked quite calm, and the Soul Devouring Orb did not seem to have erupted in alienation.

Lu Yuan and Li Qinghe came to the night watchman branch in Haiyang City for the first time.

came to the night watchman branch, Li Qinghe, as before, notified the strong man guarding the branch.

Soon, three people came over. The first of them was an old man with a sturdy figure and dark brown short hair. He was also accompanied by two war kings.

These two Lu Yuan knew each other. They were a middle-aged man who had left the headquarters together before and a handsome, not very big-looking young man.

At this moment, with a smile on his face, the old man said: ‘Elder Lu, Elder Li, you are welcome to come over, this time I will trouble you.’

Lu Yuan was taken aback, and looked at the old man with some doubts: ‘Senior, do you know we are coming over?’

The old man smiled and said: ‘Just before, the sub-director Bai Linglong of Xikou City notified the sub-directors of our cities and said something about you. Just now, the Mikusi sub-director of Yunzhou City also gave confirmation. Whether it is Xikou City or Yunzhou City, the Soul Eater holders were found and dealt with by Elder Lu, and our other cities can only deal with the alienation phenomenon until now, and there is no clue to the holders. . We put all hope on you.’

The middle-aged man and the handsome young man who came with Lu Yuan looked at Lu Yuan’s expression with a hint of curiosity.

They didn’t believe it when they heard about it, but they didn’t expect Lu Yuan to have such a great skill.

Of course, if it can work, it would be a good thing for them.

Lu Yuan heard the words, and there was a stunned look in his eyes, which turned out to be Minister Bai Linglong and the others.

He smiled and said, 'I will try my best.'

'Just do your best, do your best...'

Because of two consecutive days of running around, there was no rest. Lu Yuan felt that he was okay and hoped that Sister Qinghe could rest.

He looked at the old man and smiled and said, 'Senior, we have been running around for two days, and we are a little tired. I hope we can rest.'

'Of course it's okay!' The old man glanced at Lu Yuan and Li Qinghe, and said with a smile: 'I will prepare a lounge for the two of you.'

one?

Lu Yuan was stunned, then looked at Li Qinghe beside him.

Li Qinghe Qiao has a blush on her face, which seems a little shy, but she doesn't refute it.

Lu Yuan smiled in his heart, and naturally he would not refute it.

He opened his mouth and said, 'Can seniors show us the information by the way? This will make it easier for us to find them.'

Actually, Lu Yuan doesn't need any information. As long as the alienation phenomenon occurs, he can clearly find the holder.

But he has to pretend, otherwise he can't explain how he found them.

'Of course there is no problem, it should be.'

The old man agreed.

Then the old man asked Lu Yuan and Li Qinghe to go to the lounge on the tenth floor.

When he was in Yali City before, Lu Yuan had already been to the lounge. The lounge of the Night Watchman branch in Haiyang City was similar to that in Yali City.

Entering the room, Li Qinghe ran directly to the bed and lay down. She sighed slightly: 'I'm exhausted, I can finally rest.'

Then she turned over on the bed and looked at Lu Yuan with a smile on her face: 'Brother Yuan, I don't think it's useless for me to come here. You can obviously find those soul-eaters by yourself. By.'

Lu Yuan looked calm, as if nothing had happened, walked to the bed and lay down beside Li Qinghe. The two were close together, and he could smell the scent of Li Qinghe's body.

Li Qinghe looked at Lu Yuan, a slight redness appeared on Qiao's face, and then disappeared quickly, without any movement.

Lu Yuan then said: 'Who said that? Sister Qinghe, you are here, I am more motivated, otherwise I would be boring here alone.'

boring...Li Qinghe rolled her eyes, her face was speechless, then she thought of something, and said curiously:

'By the way, brother Yuan, how did you find the holder of the Soul Eater? Why do you find it every time, I can't do it at all?'

With that said, a depressed color appeared on her face. It was obvious that she had a higher cultivation base than the fate brother. Maybe she might not be better than the fate brother now. Not only that, she has been doing it for several years. 'S night watchman, and it turns out that he can't even compare with Brother Yuan in searching for alien objects?

Although Li Qinghe was very proud of Lu Yuan's growth rate far surpassing her imagination, she was still a little happy, but she would still be a little depressed.

I thought that when I was in Xili City before, he obviously protected him by himself. How could he be so fast?

Li Qinghe sighed helplessly.

Lu Yuan smiled and said, 'Maybe my perception ability is relatively strong. Every time the alienation phenomenon occurs, the holder of the Soul Devouring Orb will have aura fluctuations, and I can sense it.'

'Really? Why didn't I?'

Li Qinghe is a little confused.

Lu Yuan smiled: 'Maybe I am more special? I have seen mirage dragons before in the misty forest.'

Hearing this, Li Qinghe nodded slightly: 'It may be so.'

As she said, there was a look of expectation on her face: 'Why don't you wait for Sister, I will search with you? If you find the holder of the Soul Devourer, Sister, I can also look at it. , Give you pressure!'

said, she patted her heavy chest, her face full of confidence.

A smile appeared on Lu Yuan's face. His current strength actually surpassed Li Qinghe, but the holder of the Soul Eater is not particularly dangerous. Li Qinghe does not say that he can completely defeat the Soul Eater holder of the Battle Emperor class. But there is definitely no problem with self-protection, and he can also protect her.

'No problem, then wait for Sister Qinghe, you will be with me.'

'Hee hee good, sister, I didn't hurt you in vain.'

Li Qinghe raised the corners of his mouth, with a soft smile on his face, and poked Lu Yuan's cheek with his hand.

Lu Yuan saw Li Qinghe's pretty face close at hand, his eyes gradually became a little strange, he became more possessive, and even slowly approached Li Qinghe.

Li Qinghe noticed Lu Yuan's eyes that seemed to look at the prey, and his heart panicked, and a strange feeling of numbness appeared in his heart.

This made her look forward to and scared.

There was a ruddy face on her face, and a smirk on her face, and said: 'Brother fate, why are you looking at me like this? Wouldn't it be because you want to kiss your sister...Huh?!'

Li Qinghe was blocked by Lu Yuan before he finished speaking.

She opened her eyes wide, looking at Lu Yuan's face close at hand, stiffening for a moment, and then reacted.

She backed away quickly and glared at Lu Yuan: 'Bad brother! You dare to bully my sister! Want to die, right? I'm going to sleep!'

She quickly turned around and turned her back to Lu Yuan.

Lu Yuan looked at Li Qinghe's slightly red ears, licked his lips, raised the corners of his mouth, and showed a slight smile.

And Li Qinghe turned his back to Lu Yuan at the moment, stretched out his hand and gently brushed his red lips, a trace of confusion appeared on his face, and a touch of shyness appeared on his face, and then the corners of his mouth curled up slightly, revealing a smile.

There was silence in the room, and neither of them spoke.

After waiting for a few hours to rest, Li Qinghe sat up, scratched his black hair, and glanced at Lu Yuan on the side. Seeing that Lu Yuan was looking at her with his eyes open, Li Qinghe's pretty face stiffened, and then he smirked. road:

‘Brother fate, looking at your sister like this, do you think your sister is beautiful?’

Lu Yuan nodded solemnly: ‘Of course, Sister Qinghe is the most beautiful.’

‘Really? What about your mentor? I will pass on your evaluation when that happens.’

Li Qinghe smiled and said.

Ah this... Lu Yuan’s face became stiff, and then solemnly said, ‘Of course it is the same beautiful.’

Li Qinghe snorted, glared at Lu Yuan, and said, ‘Get up, then go find the soul-devouring orb holder.’

Lu Yuan said helplessly: ‘I’ve been feeling it, there is no alienation phenomenon yet, and I can’t find it...Want to lie down again?’

Lu Yuan said so, but it is the Evolution Cube that really feels it, which is fully automatic, so he just salted the fish himself.

Li Qinghe raised his eyebrows and smirked: ‘Want to lie down with you, sister? I don’t.’

Lu Yuan sat up, and then said, ‘You can hug it if you don’t lie down?’

‘roll!’

Li Qinghe gave Lu Yuan a punch.

Lu Yuan had to get up: ‘Then let’s go out and have a look.’

Li Qinghe nodded: ‘Yeah.’

The two left the lounge, out of the night watchman branch, and began to search aimlessly.

However, until the next night, Haiyang City was still very calm and no alienation occurred.

Li Qinghe and Lu Yuan bought a bun on the street. Li Qinghe took a bite of the bun and smiled:

‘It reminds me of when we were in Xili City.’

Lu Yuan smiled: ‘When this incident is over, shall we go back and have a look?’

‘Um.’

Li Qinghe nodded.

Then she frowned slightly: ‘Why hasn’t the alienation phenomenon happened yet?’

Lu Yuan shook his head and frowned, ‘Maybe the death of the two Soul Eater holders made them vigilant?’

Lu Yuan’s biggest worry is that they start to stand still, and it will be troublesome.

Just then ~www.mtlnovel.com~ the phones of Lu Yuan and Li Qinghe vibrated at the same time.

The two took out their phones and glanced at the text messages. Then, their pupils shrank and their faces became serious.

is an emergency text message from the headquarters. Haiyang City and the eight other cities where alienation has occurred before have not continued to experience alienation. Instead, alienation has occurred in several other cities where alienation has not occurred before.

Lu Yuan squinted his eyes, this was indeed discovered, and then moved?

‘Brother fate, what should I do?’

Li Qinghe looked at Lu Yuan.

Lu Yuan smiled: 'We can rush over, I have the ability to move.'

Li Qinghe nodded slightly when he heard the words, and hurriedly said: 'Then hurry over.'

Lu Yuan pulled Li Qinghe, and the two disappeared on the street.

The pedestrians around saw the sudden disappearance of Lu Yuan and Li Qinghe. They were all startled. They looked around nervously, then turned and ran.

The alienation phenomenon before turned them into scared birds.

.....

At the same time, in the small world of the imperial capital, the blood-colored eyes of the man in the black cloak flickered, and his voice was hoarse and slowly said:

'Time is up.'

He opened the door that was placed by the side of the gray mist. At the same time, in the underground containment room, the small room where the wooden door of the city of Arli was placed in the containment area of the Class B alien material, the space was twisted, and a door slowly opened.
