

## Chapter 267: My Genes Evolve Infinitely

### STEAL

At the same time, there were riots in other areas of the imperial capital, and a powerful aura was spilled out.

For a time, the entire imperial capital shook.

In the Red Maple Guard Camp, Si Chengxin kept receiving news from his subordinates in the office, his face was extremely ugly.

‘Is this the thing about Tong Menghan before? How dare to be presumptuous in the imperial capital! Damn it!’

He thought for a while, and said: ‘After the notification, all the Red Maple guards will take action to suppress the chaos.’

A warlord who was on the side nodded slightly: ‘Yes!’

Subsequently, Si Chengxin and the others also left.

In the barracks guarded by Red Maple, Si Tingfeng heard the report, his eyes flickering, and his face was cold.

‘Tong Menghan... let’s go, to suppress the chaos.’

As a captain of the Red Maple Guard, he naturally has his own subordinates. With his subordinates, Si Tingfeng also left the barracks.

.....

A hidden basement in Daqu City.

Li Qinghe looked at the body of the Soul Devouring Orb holder that was slowly burning in front, with a shocked expression on Qiao’s face.

Lu Yuan previously killed the Soul Eater holder at the Battle Emperor level with just a single sword, which frightened her a bit.

Looking at the Soul Devouring Orb floating in the air, Li Qinghe returned to his senses and looked at Lu Yuan with a look of surprise on his face:

‘Brother Yuan, your strength is already so strong.’

Lu Yuan smiled: ‘That is already close to full strength, otherwise, if this guy is allowed to react and really fight, the ordinary people outside will suffer heavy casualties.’

Li Qinghe nodded slightly: ‘I can understand.’

After watching Lu Yuan put away the Soul Devouring Orb, she smiled and said:

‘This is the third one, and there are eight more. As long as the Soul Eater Orbs are recovered, there should be no danger.’

Lu Yuan nodded: ‘Next, let’s go to another city with alienation phenomenon. Where is the next one?’

Li Qinghe thought for a while and said, ‘The next one is in Taichuan City, where the alienation phenomenon just appeared. Can you sense the source?’

Lu Yuan thought for a while: ‘Let’s go and take a look.’

He didn’t say everything enough. If the Soul Eater holder behind him had fully activated the alienation phenomenon, then his spiritual power fluctuations would not be so severe, even Lu Yuan would not be able to sense it, maybe a smaller range would be fine. But if the range is too large, it won’t work.

This was the case when Lu Yuan and Li Qinghe first appeared in Xikou City.

However, always have to go over and take a look.

Lu Yuan encircled Li Qinghe’s slender waist, the space fluctuated, and the two disappeared in place.

In the next moment, the place where the two appeared was already in the air of Taichuan City.

As soon as Lu Yuan and Li Qinghe were in the air, they saw the dark clouds covering the sky and the surging evil aura not far away.

Li Qinghe looked at Lu Yuan expectantly.

At this moment, Lu Yuan was also looking forward to the Evolution Cube in his body.

Then Lu Yuan frowned slightly, the Evolution Cube did not shake.

‘What’s wrong? Can’t it?’

Seeing Lu Yuan’s expression, Li Qinghe asked.

Lu Yuan thought for a while: ‘Go and look around, maybe you will find something.’

Li Qinghe nodded.

Then the two moved around the city of Taichuan.

Not long after moving, Lu Yuan’s body suddenly stopped, and then a touch of joy appeared on his face.

The Evolution Cube in his body finally shook slightly.

‘Yes!’

He took Li Qinghe to change the direction, and moved towards the direction where the Evolution Cube was shaking more and more severely.

Before long, they stopped in a residential building.

Li Qinghe looked at the residential building that was more than ten meters high, and there was a hint of surprise in his eyes:

‘Brother Yuan, is the holder of the Soul Devouring Orb here?’

Lu Yuan didn’t expect that he would be in such a crowded place.

The holders of the previous three Soul Devouring Orbs were in the basement anyway, and this guy was hiding in the crowd.

He frowned slightly and said, ‘It should be, go up and take a look.’

There are lights flashing in every house in the residential building, and many people are still awake.

After all, the phenomenon of alienation is serious, and there are indeed not many people who can fall asleep peacefully.

Lu Yuan quickly locked a room on the eighth floor according to Evolution Cube's vibration prompt.

Lu Yuan and Li Qinghe looked at each other. Li Qinghe smiled slightly, and reached out and grabbed Lu Yuan's arm. A ray of darkness surged around his body, covering the two of them.

Then they melted into the shadows, went through the door, and walked in.

Li Qinghe, who possesses the power of darkness, can naturally do what Lu Yuan did before.

However, Li Qinghe's dark power is not as powerful as Lu Yuan, and the concealment effect is not so good.

But for Lu Yuan, there is no problem.

He can conceally bless the power of darkness around Li Qinghe, and he can hide the effect of the Soul Devouring Orb holder.

The previous Soul Devouring Orb holder was approached by Lu Yuan and Li Qinghe, and then easily killed by Lu Yuan.

Soon, the two of them found in a room the Soul Eater holder who was controlling the Soul Eater and controlling the dark shadow to devour the soul from a distance.

It was a handsome young man with black curly hair.

Li Qinghe automatically released Lu Yuan's hand, and Lu Yuan directly disappeared in place, appearing behind the young man in the next moment.

The young man reacted for the first time, but before he had time to do anything, he was swept across his body by the golden sword light, and his vitality dissipated directly.

.....

Imperial capital, night watchman headquarters, underground storage room.

Elder Zhang and the two warlords are dealing with other alien objects, while Elder Perkin and the other three warlords have recovered a bit and joined in.

In the area not far away, a group of deep darkness quietly covered that area, and there was roaring noise from time to time, and a horrible aura spilled out at any time.

From time to time, Elder Zhang and a few people would look at the dark realm, and were a little worried about Li Xinghai.

If it were not for Li Xinghai's use of the dark realm to place the combat area in the realm, the entire underground containment room must have been destroyed now, and even the headquarters of the night watchman would no longer exist.

This is a terrifying battle at the war emperor level!

'I don't know what's going on inside now.'

A look of worry appeared on Elder Zhang's face.

The same is true for others.

And in the dark realm, Li Xinghai is now suppressing the black cloaked man. In his realm, he is the master of the realm and has a combat power bonus in it.

The black cloak man is equivalent to an away game, and he has certain disadvantages. What's more, Li Xinghai can feel it. Although the strength of the black cloak man has reached the war emperor level, it is not as long as Li Xinghai's precipitation.

The man in the black cloak collided with Li Xinghai, and the symphony of gold and iron sounded.

At this moment, the man in the black cloak shook suddenly, and the black mist unnaturally surged, and his breath became weaker.

Even if the man in the black cloak was not as good as Li Xinghai in the collision, he could barely block it.

But the sudden situation made the black cloak a little unexpected.

Li Xinghai naturally seized this short opportunity.

His eyes became completely black, and the horrible aura surged, and even the dark realm seemed to come to life. A powerful and incomparable aura overflowed, and the black sickle appeared next to the black cloaked man and severely chopped it down at him.

Chi Chi Chi Chi! !

The cloak of the black cloak man was cut, and the wound appeared on his body.

Pale black blood gushed out from the wound.

The man in the black cloak let out a scream, his breath weaker than before.

A frosty color appeared on Li Xinghai's face, and his breath surged again.

The blood-colored eyes of the man in the black cloak kept flashing. He knew that if he was dragged now, a new war emperor would appear in a short time. He thought, a crazy light appeared in his eyes, and he let out a low growl: 'Damn it. Bastard! Let me pick the fruits ahead of time!! You are all going to die!'

After all, the black mist around him surged crazily. Around the black mist, a gray-white mist spilled out, and there were black spots in the mist.

At the beginning there was a full eleven o'clock, now it has become eight o'clock.

The man in the black cloak took a deep breath, and wisps of gray mist and black light spots entered under the black cloak, as if swallowed by the man in the black cloak.

After that, the black mist around the man in the black cloak surged, and his breath continued to soar.

Seeing this scene, Li Xinghai's pupils shrank suddenly, looking at the man in the black cloak with a little astonishment, a look of vigilance appeared in his eyes.

In just an instant, the aura of the black cloak man surpassed him, reaching the strength of the Emperor's Consummation.

Li Xinghai's heart suddenly became serious. What did this guy do? !

Just when Li Xinghai's expression was solemn, a touch of anger appeared in the **\* eyes of the black cloak man, and he roared: 'Damn! Who stole my power?! Who the \* is it??'**

Hearing this, Li Xinghai's eyes showed a hint of confusion.

He didn't think much, the violent power surged, and he attacked the black cloaked man again.

The man in the black cloak originally thought that he had absorbed the scattered soul eater, even if the soul eater did not grow to the limit, it would be enough for him to break through to the battle saint level.

However, I never expected that the power in the Soul Devourer would be robbed! He entered only to reach the level of Zhandi Consummation.

This is much weaker than he thought.

The man in the black cloak was extremely angry, but he couldn't even get angry because the \*\* war emperor had already attacked again.

The man in the black cloak roared, swiping the long knife in his hand, smashing the scythes around him, and then rushed towards Li Xinghai.

As his strength soared, even in Li Xinghai's dark realm, he still began to take advantage.

Li Xinghai's face was solemn, and he could barely resist the attack of the man in the black cloak. The strange scream under the long knife made Li Xinghai's brain sting, and it was completely two levels from the previous scream.

However, Li Xinghai still did not retreat. If he retreats, then the dark realm will fail. Without the suppression of the dark realm, the black cloak man is enough to destroy all the lives and buildings nearby in a short time.

Cang!

There was a symphony of gold and iron, and Li Xinghai flew out, his face pale, and his sword-holding hand shook.

At this moment, Siqi entered the dark realm, and the ice-blue Lin Armor appeared on his body, with golden-red dragon eyes in his eyes.

After seeing Siqi, Li Xinghai sighed slightly and relaxed a little.

A faint smile appeared on his wrinkled face:

‘Old man, if you don’t come, I can’t stop it.’

Si Qi looked at the man in the black cloak in the distance, his face serious: ‘Who is he?’

‘do not know.’

‘Just catch him.’

Si Qi sneered coldly, and rushed towards the man in the black cloak first.

Li Xinghai followed closely behind.

Faced with two extremely powerful war emperors, the black cloaked man was still unwilling to show weakness, and greeted them.

More fierce fighting broke out than before.

.....

a few minutes ago.

In a corner of the imperial capital, Tong Shu moved with Tong Menghan.

Taking a look at the Red Maple guard behind him, a hideous color appeared on his face covered with black lines.

And Tong Menghan still controls the Soul Devouring Orb, devouring the soul.

At this moment, Tong Menghan’s face suddenly turned white, and he coughed out a mouthful of black blood.

Tong Shu was taken aback and looked at Tong Menghan with an ugly expression: ‘Menghan? What’s the matter?’

Tong Menghan shook his head, a look of uncertainty appeared on his face: ‘I don’t know... Soul Devourer... Cough cough...’

Before she said anything, she coughed violently again, and she coughed up a stream of blood.

Then her vitality seemed to dissipate with the cough, the black mist in her body gradually rioted, and a black bead floated out.

Seeing this scene, Tong Shu's face changed drastically: 'Soul Devourer?! What's the matter?'

'Do not.....'

Tong Menghan seemed to understand something, her vitality was quickly disappearing, her originally beautiful face became old, and a look of despair appeared in her eyes.

Before she had time to say anything, all the vitality was swallowed up, and even the soul ran out of her body, screaming to be swallowed by the Soul Devourer.

Then the Soul Devouring Orb suddenly disappeared.

Tong Shu, who stayed in place, pulled Tong Menghan's dry bones, and watched the Soul Devouring Orb disappear, and he was stunned.

'what happened?!'

There was a look of disbelief on his face.

At this moment, the black lines on his face suddenly burst out with strange black light, and suddenly a \* light appeared in his eyes.

In the next moment, his breath soared, but his eyes lost his reason and completely turned into blood.

Afterwards, he gave a low growl and rushed towards Si Chengxin who was chasing him.

Si Chengxin's faces were dumbfounded~[www.mtlnovel.com](http://www.mtlnovel.com)~ but a smile soon appeared.

'Catch him! Catch him alive! Otherwise, kill him!'

.....

Taichuan City.

The corpse of the handsome young man on the ground slowly turned into ashes under the great sun's spiritual fire, and on the surface of the corpse, a black mist surged, forming a soul eater.

A strong breath of unknown blended into Lu Yuan's body and entered the Evolution Cube. The corners of Lu Yuan's mouth raised, revealing a smile.

This is the fourth Soul Devouring Orb, and the unknown aura makes Evolution Cube very happy to eat.

Lu Yuan stepped forward, planning to install the Soul Devouring Orb.

At this moment, the Soul Devouring Orb suddenly disappeared without a trace.

Lu Yuan and Li Qinghe were both stunned, then Lu Yuan couldn't help but frown, his expressions condensed.
