

Chapter 278: My Genes Evolve Infinitely

ARRANGE

‘now?’

Lu Yuan was taken aback, and looked at Si Tingyu with some surprise.

‘What’s wrong? Is there a problem?’

Si listened to the rain and looked at Lu Yuan.

Lu Yuan thought for a while, then shook his head: ‘No problem, so let’s do it now.’

Anyway, Lu Yuan has nothing to do now. Since Master Siqi seems to have something to look for him, it is all right now.

Secretary nodded when he heard the rain, and then said softly: ‘The ancestor is in the palace, please take me directly.’

Lu Yuan nodded, and was about to send Si Tingyu with him. At this moment, Si Tingyu said, ‘Wait.’

‘What’s wrong? Mentor.’

Lu Yuan has some doubts.

Si Ting Yu glanced at his martial arts uniform, and said, ‘I’ll change my clothes.’

Lu Yuan suddenly nodded, ‘Well, I’ll be waiting for you.’

Si Tingyu returned to the locker room next to him, and then changed to a combination of white village shirt and blue jeans.

‘Let’s go.’

Lu Yuan pressed Si Tingyu's shoulder, and the two disappeared into the underground training room again.

The next moment, Lu Yuan and Si Tingyu came to the huge palace complex.

This is the imperial palace of the Red Maple Empire. Lu Yuan had been here twice at the banquet on Harvest Day before, and then he came to Si Tingxue once. This was his fourth time.

The spatial fluctuations caused by the appearance of the two soon attracted a warlord-level powerhouse, a middle-aged man with a hard face wearing a battle armor.

After seeing Lu Yuan and Si Tingyu, the middle-aged man breathed a sigh of relief and said:

‘His Royal Highness Princess, Elder Lu Yuan.’

When speaking, the middle-aged man looked at Lu Yuan a few more times, with a look of surprise and inquiry in his eyes.

Lu Yuan didn't care, but he understood something in his heart.

After all, the news of his breakthrough to the Battle Emperor level must have spread throughout Daqi Xing.

Even though Lu Yuan did not appear on Battle.net, he could still guess that this war emperor already knew about it, so he had such a look, right?

Lu Yuan smiled slightly at Zhan Huang, nodded, and said hello.

The middle-aged man nodded quickly in return.

Si listened to Yu's face still serious, and said: ‘I'll come back to find ancestors.’

The Emperor of War heard the words, and hurriedly said: ‘Master Siqi is now in the courtyard of the back mountain.’

At this point, he glanced at Lu Yuan, and then said: ‘My lord has told you that if Lu Yuan is here, you can take Elder Lu Yuan to find him, the princess.’

Si Tingyu was not surprised by this, but just nodded, Lu Yuan was rather flattered.

‘Then we will pass.’

Si Ting Yu and Lu Yuan bid farewell to the Emperor of War, and then the two walked towards the back of the tall villa, which was previously closed to outsiders and could not be entered even during the dinner.

went through a small forest and entered a small mountain. They came to a relatively gentle position on the hillside. Lu Yuan soon saw a small but delicate small courtyard in the gentle place.

Si Ting Yu walked over with Lu Yuan and knocked on the door of the courtyard.

The door opened automatically, and the voice of Siqi sounded:

‘come in.’

Lu Yuan and Si Tingyu entered the small courtyard. The small courtyard is only tens of square meters. There is a rockery on the left, a pool, and a pavilion on the right.

At this moment, there were two people sitting in the pavilion. Lu Yuan took a look and was a little surprised to find that not only Master Si Qi was here, but also Master Li Xinghai.

At this moment, the two of them were looking at Lu Yuan, with a gentle smile on their old faces, and a look of wonder in their eyes.

Siqi has a smile on his somewhat majestic face:

‘A Yuan is here? I heard that you have become the Emperor of War?’

‘Good old men.’

Lu Yuan greeted the two first, then smiled and nodded: ‘Yes, just broke through.’

In fact, Lu Yuan’s current strength should be the top one in Daqixing, but he didn’t show it either.

Li Xinghai exclaimed and smiled:

‘The younger brother that Qinghe that girl recognized before, didn’t expect to be such a talented genius. It’s a coincidence. By the way, I heard that your relationship with Qinghe’s girl is now making progress?’

There was a smirk on Li Xinghai’s old face.

Lu Yuan was a little embarrassed. Doesn’t this old man know that he had kissed Sister Qinghe before?

Hearing what Li Xinghai said, Si Tingyu squinted her eyes slightly and glanced at Lu Yuan, with questions in her eyes. Obviously, she didn’t know about it.

Lu Yuan was even more embarrassed by Si Tingyu’s eyes.

Siqi also hummed softly. He glanced at Si Tingyu on the side, and seemed to be complaining. Then he spoke with a serious face:

‘Old man Li, this is not the time to talk about this, let’s talk about business.’

Li Xinghai also put away his smirk, then nodded solemnly, and said:

‘Let’s talk about it.’

Seeing the two serious expressions, Lu Yuan’s heart was shocked, and he couldn’t help but become curious.

What business is talking about?

Siqi nodded, looked at the landing edge, and said:

‘One month ago, a holy alien beast appeared in Daqixing. You should have heard of it?’

Lu Yuan nodded when he heard the words, ‘Well, I heard Xuexue told me.’

If it weren’t for that holy-level alienated fierce beast, Lu Yuan might still concentrate on making money now, how could he break through to the Emperor of War so quickly?

Lu Yuan felt a little distressed when he thought that he had lost almost several million Tier 7 spirit crystals.

So many seventh-order spirit crystals are a great fortune for the emperor.

Si Qi nodded, and then said: ‘The holy-level alienated beast has not been caught in this period of time. However, by tracking the traces of the alienated beast, it may have recovered its original strength. It’s stronger. And it’s extremely cunning. I’m afraid it won’t give us a chance to surround it anymore. We Daqixing may not be able to threaten it anymore.’

Hearing this, the secretary next to Tingyu frowned slightly, revealing an ugly look.

She hadn’t heard from Siqi before. She didn’t expect that the alienated fierce beast would grow so fast, not only restored its strength, but even went further.

Lu Yuan naturally didn’t expect it, and couldn’t help showing a dignified color.

After was silent, Si Tingyu couldn’t help asking:

‘Ancestor, didn’t you guys go to Patch Sky City to find the Holy One for help?’

Siqi nodded slightly, glanced at Lu Yuan, and then smiled:

‘We contacted the Heavenly Underworld Sage through Ayuan’s relationship, and the Sky Underworld Sage planned to help.’

Lu Yuan was taken aback. Ye Ye didn’t tell him this, nor did the Heavenly Underworld Saint.

‘But... it will take time for the Heavenly Underworld Saints to come over. I am afraid it will take more than half a month. We are a little worried. During this process, the alienated beast may take some advance actions. The most dangerous thing is us. These war emperors, after all, only we can pose a threat to it. If we die, with the ferocity of the alienated beast, I am afraid that it will not take long before the creatures of Daqixing will be completely swallowed.’

Li Xinghai beside also looked ugly:

‘After all, we still somewhat underestimated the recovery speed of the beast. The universe is vast. Even if the saint wants to travel through a certain space, it will take a considerable amount of time, unless it is a saint with extraordinary genes in the space system, but such a saint The dragon has always seen the beginning but not the end.’

Speaking of this, Li Xinghai shook his head slightly, obviously he didn’t encounter it.

Lu Yuan understood this in his heart. The saint who possesses the extraordinary genes of the space system, don’t need to think about it, he must have gone as a restorer. I am usually quite busy, and the possibility of finding it is really not that high.

Lu Yuan was a little grateful, but fortunately, he didn’t put hope on the old elven man before.

He wondered if there was any difference between his current strength and the alienated beast?

Maybe you can try it out in battle.

However, Lu Yuan didn't know where the alienated fierce beast was now, and even so many war emperors only found traces of swallowing...

Lu Yuan suddenly thought of something. He might be able to look at the traces of swallowing. With his current Saint-level space system transcendent gene, if there are traces of spatial movement in that area, as long as it is not too long apart, perhaps he has hope to trace back. To move coordinates.

Hmm... Next time if the two old men find a trace of swallowing, he can follow...

However, he is just a war emperor. Why should he follow him?

Lu Yuan didn't think about it yet, Siqi's voice sounded again:

‘Therefore, the current Daqixing is still in danger. We are looking for you to tell you that you are the most powerful arrogant of our Daqixing. If then, the alienated fierce beast is really in the sky. Do it before you come, and if we war emperors can't hold it back, you will leave Daqixing in a spaceship with Tingyu and others. You people only have hope if you keep it.’

Hearing this, Lu Yuan's thinking was interrupted, and he glanced at the two old men in a daze.

‘What about you guys? Why don't you leave together?’

Li Xinghai shook his head: ‘We don't have many spaceships that can travel through space. We can only hold a part of Daqixing's Tianjiao. You are the kind of fire for our Daqixing human beings. And... even if you own it. A large number of spaceships can allow everyone in Daqixing to leave together. I am afraid that when the time comes, only the alienated beast will be used in advance. We war emperors may have been targeted by it. If we leave, we will be like this. If you leave at that time If we do, we will hold it.’

Upon hearing this, both Lu Yuan and Si Tingyu fell silent.

Si listened to the rain, pursing his lips, and said: 'I want to stay too. My strength is already at the Battle Emperor level, and maybe I can help.'

Siqi shook his head slightly: 'Facing the battle saint, the battle emperor rank is no different from ordinary people, and even the battle emperor is extremely weak.'

Siqi laughed somewhat self-deprecatingly. In fact, if they hadn't had some holy-level hole cards before, let alone severely injured the alienated beast, it would be difficult to even save his life.

Siqi looked at Lu Yuan and said:

'A Yuan, among the geniuses who arranged to leave, you have the strongest strength and the highest talent. Then I will trouble you to take care of you if you listen to the rain and listen to the snow.'

Li Xinghai smiled and said, 'You should take care of Qinghe, too.'

Lu Yuan was silent, then smiled and nodded: 'I understand.'

However, what Lu Yuan was thinking at the moment was that he should directly tell the two elders Li Xinghai and Siqi that his current strength is strong, and probably has the strength of the Saint Grade, maybe it is not the weakest in the Saint Grade. Kind of, should be able to confuse that alienated fierce beast?

Hmm... Li Xinghai and Siqi, two old men, probably think he is crazy, right?

It's hard to say that he has burned seven Saint-level transcendent genes, and has also blessed several Saint-level Tier 6 genetic weapons? This can only show that Lu Yuan has a way to evolve extraordinary genes, and it seems that there is nothing that can make a battle emperor reach the battle strength of the battle saint level? Don't know if the artifact will work? This kind of excuse is no longer used.

In fact, it doesn't have to be that troublesome. Anyway, Lu Yuan's goal is only to find the current location of the alienated beast. He can find it through the shadow clone.

The shadow clone's range of perception is now strong enough, and it also has the ability that Lu Yuan currently has, and the space system is naturally the same. If the alienated fierce beast also uses the space ability, there should be hope to find it.

Even if it really doesn't work, he can hide his two shadow clones in the shadows of Li Xinghai and Siqi respectively.

With his current strength, using the shadow sanctuary's ability to condense and hide, coupled with the superimposed space hiding ability of the power of space, the two elders will definitely not be able to find the shadow clone.

If the two old men receive clues about the alienated beast, I'm afraid they will definitely go over and take a look. He will just follow through through the shadow clone to take a look.

The only trouble is that the shadow clone hiding in the shadow of the two elders is a bit like a peeping, which is a bit wretched.

Especially peeping at two old men~www.mtlnovel.com~Lu Yuan was a little embarrassed.

However, I can set the shadow clone to an automatic response mode. I usually don't sense the perception of these two shadow clones. I only respond when I hear the information of Alienated Beast and Devour... Lu Yuan thought With the solution, it seemed that there was no problem. With his current control of the power of shadow, he could do this, and it was easy.

At that time, if the alienated fierce beast moves before the Heavenly Underworld Saint comes, then he will fight it first, at least so that it has no time to focus on Daqixing's war emperor and ordinary people.

With his current various abilities, coupled with the infinite recovery of the spiritual power of the spirit crystal, even if he is not the opponent of the holy grade alienated fierce beast, if he just drags it, he can drag it for a few years, enough to wait for the heavenly sage to come over.

If the Alienated Fierce Beast didn't move before the Heavenly Underworld Saint came over, it would be better. Lu Yuan didn't need to take action, just practice with peace of mind.

Lu Yuan thought of this, and his heart calmed down a little bit.

promise the two elders first, and let's talk about the following things later.

When Lu Yuan agreed, Li Xinghai and Si Qi suddenly smiled with satisfaction.

‘Ah That's good.’

Li Xinghai smiled and nodded, then he smiled and said: ‘Of course, there may not be anything, as long as the Heavenly Underworld Saint arrives, the problem should be solved.’
