

Chapter 283: My Genes Evolve Infinitely

PLAN

Many war emperors opened their eyes wide, and after being silent for a while, they all revealed their expressions of incomparable surprise.

Adams smiled slightly, visibly relieved, and said: 'I didn't expect that this alienated beast would die before the Heavenly Underworld Saint came over, so there is no need to worry about it.'

Wells looked around, his expression awed: 'I just don't know which sage master did it? Such a strong strength, also at the level of the sage, he killed this alienated beast so easily.'

Ge Hong slowly said:

'Since that Lord Sage has let Brother Li come out of the Shadow Realm, now that the Shadow Realm disappears, he has not appeared. Obviously, he does not want us to know who he is. It should be for the passing adults? Forget it, we Don't ask too much.'

Hearing this, everyone agreed and nodded.

Looking at the green dog whose bones have also turned into ashes, Li Xinghai said:

'The death of this alienated beast is a great thing for us. At least we don't need to give up Daqixing.'

Everyone nodded, and Siqi slowly opened his mouth and said:

'It's a pity that the body of this alienated fierce beast cannot be used. Since the Lord Saint wants to destroy it, he should have his own ideas.'

'...In that case, let's go back.'

Everyone was silent, and then Adams smiled and said as if he had let go of the boulder in his heart.

The others did the same, nodded one after another, then glanced at the green dog, then turned and flew towards Daqixing.

Lu Yuan was standing next to Li Xinghai and watching them leave, but because of the distortion of space and shadows, no one noticed Lu Yuan.

After everyone left, Lu Yuan waited for a while, until the green dog was completely turned into ashes, Lu Yuan relaxed and used the space to move away.

After Lu Yuan left, the last ray of light dissipated, and the space fell into solitude again.

After a while, suddenly a ray of green light flashed by, and then disappeared in place.

.....

In the dormitory, the space fluctuated and Lu Yuan's body emerged.

He exhaled slightly and glanced at the blood stains on his body. This was the blood stain left by Lu Yuan's previous injury by the green dog.

He first went to the bathroom to take a shower, changed his clothes, and then went back to the room to rest.

The previous battle made Lu Yuan feel a little tired.

After the war emperors separated, Si Tingyu planned to return to the genius camp, Li Qinghe flew over and flew with Si Tingyu.

Li Qinghe looked around, revealing a look of doubt:

'Heavy Rain, where's my brother? Why didn't he come?'

Hearing this, Si Tingyu was taken aback, and then the golden-red eyes widened slightly, and there was also a hint of confusion.

Given Lu Yuan's strength, he certainly wouldn't be unable to perceive the battle fluctuations in space. It stands to reason that Lu Yuan would not show up. How could he not come?

Si Tingyu shook his head slightly: 'I don't know, I haven't met A Yuan.'

Li Qinghe frowned slightly, and glanced at Si Tingyu:

'Go to see Brother Yuan's dormitory?'

Li Qinghe suggested.

Si Tingyu nodded slightly, and the two flew towards the genius camp.

And Li Xinghai and Si Qi, plus Rafael, returned to the Imperial Palace Houshan together. The three of them looked at the room where they had practiced before and found that there was nothing left.

They were sitting cross-legged, Siqi's eyes flashed, and he slowly spoke with some doubts:

'Who is that saint? The attack of the alienated beast is silent, and it can be discovered?'

Li Xinghai also nodded slightly: 'This is also what I am puzzled about. The saint seems to have been staring at the alienated beast's actions before. When it first took action, it directly shot. Resolute. I don't know who it is.'

Rafael smiled: 'Anyway, nothing is the most important thing. Since he is a saint who killed the alienated beast, he won't do anything to us Daqixing. The most is to ask for some reward, since he has nothing. It appears, I am afraid I don't even want a reward, so why bother to think too much?'

'That's true.'

Li Xinghai smiled, then he thought of something and said:

‘By the way, two girls, Qinghe and Tingyu, are here, why didn’t A Yuan just come here?’

Si Qi thought for a while and shook his head: ‘Maybe it’s a critical period of cultivation, right? That kid’s strength has improved very quickly, I don’t know.’

Rafael grinned and said, ‘I hope that kid will break through to the saint soon, so that next time we have a holy-level alienated beast on Daqixing, we won’t be so passive.’

The other two nodded.

Then Li Xinghai thought of something, smiled and said:

‘With that brat’s strength, maybe he doesn’t need to reach the saint, he only needs to reach the battle emperor level, there is hope to withstand the attack of the holy rank alienated fierce beast.’

‘That’s hopeful.’

Siqi and Rafael nodded slightly.

Then Rafael opened the mouth and said:

‘Well, I’m going to guard the border of the restricted area, lest I leave for too long and the guys inside start to move around again.’

Both Li Xinghai and Siqi nodded slightly and watched Rafael leave.

.....

The sky is shining, and Tiancaiying is in front of Lu Yuan’s dormitory.

Li Qinghe and Si Tingyu landed at the door and knocked on the door.

The door of the room opened quickly, and the intelligent robot Bei Base Station was at the door, looking at the two people, there was a glimmer in the mechanical eyes:

‘Hi, teacher Si Tingyu.’

Si Tingyu nodded slightly, his face serious and serious:

‘I’m looking for A Yuan.’

‘Teacher, please come in. I’m going to find classmate Lu Yuan down.’

Becky walked away and let Si Tingyu and Li Qinghe in. They sat on the sofa and watched Becky step upstairs.

Soon, Becky came to the door of Lu Yuan’s room and knocked on the door.

Bang bang!

‘Student Lu Yuan, Teacher Si Tingyu is looking for you.’

In Lu Yuan’s room, not long after Lu Yuan fell asleep, he suddenly heard a knock on the door, frowned and opened his eyes.

He raised his head and glanced at the door of the room, a little confused, why did the instructor suddenly look for him?

Lu Yuan got up, scratched his hair, yawned, and said:

‘I see.’

Then Lu Yuan heard the footsteps of Becky leaving.

Lu Yuan got up and changed his blue pajamas into casual clothes, and then walked out of the room.

As soon as he walked out of the room, Lu Yuan saw that the door to the next room opened, and Yang Ping poked his head out.

There was a hint of doubt in his eyes. After seeing Lu Yuan, he quickly quietly asked:

‘Brother Yuan? Why did Teacher Si Tingyu suddenly find you?’

He obviously heard Becky’s knock on the door before and came out to ask.

Lu Yuan was a little puzzled, and shook his head: ‘I don’t know. You can practice hard.’

Seeing that there was no good show to watch, Yang Ping showed a hint of disappointment, then nodded, oh, and drew back into the room.

As for McGonagall, he didn’t even open the door of the room, and he was probably immersed in his practice.

When Lu Yuan went downstairs, he saw Si Tingyu sitting on the sofa. Not only Si Tingyu, but Lu Yuan was a little surprised to find that Li Qinghe was also there.

Lu Yuan walked over, watching the two sitting together, cheeky squeezed into the middle of the two and sat down.

Li Qinghe glanced at Lu Yuan and smirked, ‘Why, do you want to hug left and right?’

Si Tingyu at the side was originally still serious. Hearing Li Qinghe’s words, the expression on his face became stiff, and then a hint of redness appeared. He glared at Li Qinghe in embarrassment, and then at Lu Yuan.

Lu Yuan was originally cheeky. He couldn’t help but froze when he heard Li Qinghe’s straightforward words. Then he sat down and said with a serious face:

‘Ah... I think that one side is Sister Qinghe, and the other is the instructor. Only by sitting in the middle can we show the importance of the two.’

Li Qinghe: ‘...’

Si Tingyu: ‘...’

The two fell silent, and Lu Yuan was a little embarrassed by their weird look.

He gave a dry cough, changed the subject and said:

‘Sister Qinghe, mentor, why did you suddenly come to me?’

Li Qinghe just remembered something, glanced at Lu Yuan, and said with a smile:

‘Why were you not when the alienated beast appeared before?’

Si Tingyu was also curious about Lu Yuan.

Lu Yuan was taken aback, then a cold sweat appeared behind his back.

It’s a bit of a mistake.

Before, even Sister Qinghe and his instructor could feel the breath of the alienated beast, Lu Yuan himself couldn’t feel it for no reason?

That being the case, even if you practiced again and felt such a powerful evil aura, you would definitely not be able to cultivate, but he wasn’t there just now?

Isn’t that a problem?

Lu Yuan hadn’t noticed this before.

He thought for a while, then coughed dryly, and said:

‘I was cultivating just now, and I had a little problem, so even though I felt the aura of the alienated beast, I had to solve the problem of cultivation first and then pass. After I solved it, I found that the battle over there ended so soon. NS.’

‘Huh? What’s the problem? Tell me and Da Xiuyu, maybe we can help you.’

Li Qinghe looked at Lu Yuan with a smile, his eyes flashing.

The corners of Lu Yuan’s mouth twitched, and he also understood that Sister Qinghe knew what Sister Qinghe knew about him. I’m afraid it would be hard to believe such a reason.

He smiled: ‘It has been processed.’

When Li Qinghe heard the words, she smiled and looked at Lu Yuan. After making Lu Yuan a little embarrassed, she chuckled:

‘It’s fine if there is no problem. Next time you have a problem, you need to talk to us.’

Si Tingyu, who had been silent for a while, also nodded slightly.

Lu Yuan was taken aback, glanced at the two of them, and understood that they did not intend to ask more, so he smiled and nodded:

‘That’s OK, I will pay attention later.’

Li Qinghe and Si Tingyu nodded.

Then Si Tingyu thought of something, looked at Li Qinghe next to him, and asked:

‘By the way, last time I heard Lao Li say that Qinghe, your relationship with A Yuan has gone deeper? How did you do it?’

‘puff!!’

Li Qinghe was drinking the water he had received from Becky, and when he heard this, he spouted.

Lu Yuan on the side was also stunned.

Li Qinghe coughed again and again, then glanced at Lu Yuan faintly and noticed Si Tingyu's gaze. She blushed and said:

‘I remember that I have other things. There have been a lot of alienation incidents recently...’

She said that she turned into a black mist and disappeared in place, leaving Lu Yuan and Si Tingyu behind.

The atmosphere fell silent for a moment, and only Becky was still cleaning the house and making noises.

Lu Yuan looked at Si Tingyu next to him, and Si Tingyu also looked at him. The two looked at each other, and the atmosphere was silent.

Si Tingyu thought for a while, and then said: ‘Qinghe won't tell me, or you?’

Lu Yuan looked at Si Tingyu's somewhat serious and pretty face, the corners of his mouth twitched suddenly, a dry cough, and said solemnly:

‘It's actually a bit difficult to say...Why don't I show it to you?’

Si Tingyu was taken aback, before he could react, his eyes widened and his mouth was gagged.

After she stiffened, she pushed Lu Yuan away abruptly, spending a lot of effort.

Lu Yuan's body flew out directly and hit the wall hard.

The room shook, and cracks appeared directly on the wall behind it.

Lu Yuan didn't feel the pain, but he glanced at the crack in the wall behind him, and the corners of his mouth twitched.

Is this a bit too much for yourself?

Before Lu Yuan spoke, Si Ting Yu Qiao glared at Lu Yuan with a flushed face, and then disappeared in place.

At this moment, footsteps came upstairs, and soon Yang Ping and McGonagall went downstairs at the same time.

They glanced at the cracks on the wall, they were all taken aback, their eyes widened.

After being silent, McGonagall glanced at Lu Yuan a little weirdly:

'...A Yuan, I just heard that teacher Si Tingyu was looking for you? What did you do to make Si Tingyu so angry?'

Yang Ping at the side also twitched the corners of his mouth, feeling a little numb in his scalp.

Lu Yuan gave a dry cough and said, 'Actually, it's not a big deal. It just gave my mentor an answer.'

'Answer?'

The two were stunned and looked at each other with a blank look in their eyes.

.....

Seven days later, Lu Yuan's light gate was restored again, and he once again entered the land of origin.

Because the holy grade alienated fierce beast has been dealt with, Lu Yuan's previous worries no longer exist, and he can slowly cultivate with peace of mind.

The only thing that made Lu Yuan somewhat unsatisfied was the intermediary fee he had previously lost, but it was also necessary.

Lu Yuan sighed and stopped thinking about it.

He glanced at his current resources. There was only the last point left in the Heavenly King Fruit. After they were used up, Lu Yuan would have to look for it elsewhere unless he was on the imperial ranking list to obtain a portion of new spiritual fruit for cultivation.

Lu Yuan thought for a while, planning not to rush to the rankings after the Heavenly King Fruit was used up.

Because of the matter of the holy rank alienated fierce beast, Lu Yuan had a rough assessment of his current strength.

His current strength is not considered weak in the battle saint, there are many things that he planned before can be done.

The first is to go to the upper layers of the land of origin. On the one hand, it is to hunt down alienated beasts and accumulate the unknown aura that will transform the Evolution Cube.

On the other hand, when he was perceiving with the Tianjiao Ranking, the points marked by the Evolution Cube were located in various places in the Origin. Now he almost has some strength to explore.

There may be treasures that allow the Evolution Cube to change quickly, or there may be things about the source of the Evolution Cube~www.mtlnovel.com~Lu Yuan is quite curious about this.

Finally, there is something about the restorer.

Lu Yuan's current combat power is definitely no problem facing the battle emperor-level rift stalker. Even when facing the battle saint-level rift stalker, Lu Yuan doesn't feel that he is definitely not an opponent, but not necessarily. It can be killed.

If he is repairing the space fissure similar to the ice vein star, it should be no problem.

It's just that the restorer will be alarmed at that time, Lu Yuan doesn't know whether to do it now, or wait a bit, wait until his cultivation level is upgraded to the level of the war emperor.

Lu Yuan thought for a while and planned to put this plan at the end.

In addition to these three plans, there is another very important point, which is to earn more spiritual crystals.

If Lu Yuan wants to quickly improve his cultivation base, spirit crystals are definitely indispensable, especially as the cultivation base gets higher, the amount of spirit crystals he needs is more massive, which is also a very important point.

As for now, first use the Heavenly King Fruit.

Lu Yuan went to the martial arts center to continue his practice.
