

# Chapter 288: My Genes Evolve Infinitely

## MUTATION

The two-headed people I met before? Or the same race as them?

Lu Yuan was a little curious.

Behind Lu Yuan, Li Qinghe's eyes widened slightly, and they were also a little surprised.

Shuangyue squinted her eyes and said:

'These are two-headed demon races. Their racial strength is extremely powerful. Even the Saints have several, and they are usually very domineering. I didn't expect a small team to die here...'

Li Qinghe glanced at the wide-open eyes on the ground, still with a head with an expression of disbelief in his eyes, and asked curiously:

'What alienated fierce beast did they encounter? The whole army was wiped out.'

'Let's look around, maybe there is a clue.'

Si Tingyu held a spear in his hand and looked around with some caution.

The four separated and checked around. Lu Yuan wandered in this messy place and found that there were a lot of dead two-headed demon tribes. Most of the two-headed demon tribes were wearing black armors, and met several people before Lu Yuan. The armor of the two-headed demon clan that arrived is similar.

At this moment, Lu Yuan heard an exclamation:

'You guys come and have a look!'

Hearing this, Lu Yuan turned his head and looked over. Shuangyue in the distance was standing in front of a deep pit, looking at the depth of the pit.

Lu Yuan raised his eyebrows slightly, his body disappeared in place and appeared beside Shuangyue. Li Qinghe and Si Tingyu also flew towards Shuangyue quickly.

Standing on the edge of the pit, Lu Yuan looked at the bottom of the pit, then his eyes widened in surprise.

At the bottom of the pit, there was a corpse that was not a double-headed demon race. It was a tall, skinny, and purple-skinned humanoid race.

This corpse was a bit mutilated, only a part of it was left, and the corpse was covered with tattered green robes. Even if it was only a part of the corpse, it was full of evil spirits.

There were even strands of unextinguished green flames burning slowly on the corpse, and there were some traces of corrosion around it.

‘This is a...genetic warrior from a Bincy?’

Li Qinghe raised his eyebrows and asked with a hint of uncertainty.

‘Gene warriors shouldn’t have such a breath? It’s a bit like an alienated beast?’

Shuangyue couldn’t help speaking, looking at the genetic warrior below, and then said: ‘However, if it is a genetic warrior, after being alienated, it should be forcibly squeezed out by the land of origin.’

Previously, genetic warriors were alienated in the upper strata of Origin, but all genetic warriors who were alienated would lose their genetic war patterns and then be expelled from Origin, which is a bit similar to rejection.

When Lu Yuan heard the conversation between the two, he raised his eyebrows and was about to speak.

At this moment, Lu Yuan’s face suddenly changed slightly, and he looked to the left side. In that direction, a strong breath quickly approached.

I don’t know if it was attracted by the green light before.

After Lu Yuan perceived it from a distance, his face became slightly weird.

The two-headed demon clan who was approaching quickly seemed to be the same group that Lu Yuan had stopped before.

Lu Yuan looked at the two-headed demon clan corpse on the ground, wondering in his heart.

Is this originally intended to gather here?

Only after a short period of time, the breaths have quickly approached, and even the three of Li Qinghe felt the breath.

The trio's expressions also changed slightly, and they looked in the direction where the breath came from.

Soon, tall figures rushed out of the forest and came to this messy land.

After seeing the corpses on the ground, the group of double-headed demon races were stunned. The head of the war emperor swept across the corpses on the ground with one head, and the other head looked at the only four of them, Li Qinghe, who were still standing.

A trace of blood appeared in his eyes, and he roared coldly:

‘You guys are looking for death!’

There was a group of dark golden light flashing all over his body, and his aura skyrocketed. The next moment, his body rushed directly to Lu Yuan's group, a huge battle ax appeared in his hand, and he was about to attack.

Lu Yuan frowned slightly, a cold look appeared on his face.

Before Shuangyue said that the double-headed demon clan acted domineering, Lu Yuan was a bit disapproving, now it seems that it is indeed a bit domineering.

Because they are at the scene, you plan to attack them without asking why?

Do you think they are the murderers?

How can a murderer be so arrogant? Did not leave the scene of the crime after committing the crime?

Lu Yuan couldn't help muttering in his heart, star dust appeared all over his body.

His body instantly disappeared in place.

boom!!

The roar sounded, and the double-headed Demon Race War Emperor who rushed forward flew out at a faster speed than he had come. Both heads were slightly wrinkled from the severe pain, and a puff of blood was coughed out.

The other two-headed Demon Clan who was originally angry and about to attack saw this scene, and they all froze in place, looking at the double-headed Demon Clan war emperor who flew back upside down with a look of astonishment.

And the three of Li Qinghe who were about to fight back because of the sudden attack of the double-headed demon clan war emperor were slightly relieved.

Boom!

The double-headed demon clan war emperor was caught by another war emperor's companion, and the war emperor's face that had caught his companion changed, and he took a few steps back to counteract the momentum.

One of his two heads looked at his companion and said, 'Are you okay?'

The other head was looking at Lu Yuan, with a vigilant and unbelievable look in his eyes, and seemed a little shocked. It was just a war emperor who had such a terrifying combat power.

Isn't this the blood heir of which God of War?

His face was condensed, he took a deep breath, suppressed his angry look, and said, 'This friend, why are you here? How did our comrades die?'

Lu Yuan didn't kill him either. He smiled and said, 'We have just arrived and were attracted by the green light before. Your kin should have been attacked by alienated beasts before?'

He glanced at the corpses on the ground and smiled: 'If we killed these people, would their corpses stay here forever?'

Hearing this, the two-headed Demon Race War Emperor opened his mouth. He wanted to say that you can use the alienated beast to kill, but after thinking about it, he still didn't say this rationally.

What if this strong guy really came up with an alienated beast... Isn't that there is nowhere to cry?

After the atmosphere fell silent, Lu Yuan narrowed his eyes slightly and looked at a group of strong double-headed demon clan. He suddenly thought that when he used the shadow clone to monitor these guys before, he heard that they seemed to be doing something this time?

I wonder if it has anything to do with this?

Lu Yuan was a little curious in his heart. He glanced at the two-headed demon clan powerhouse who looked at him vigilantly and somewhat fearfully, and said with a smile:

‘However, there are some clues here, you can come and have a look.’

With that, he pointed to a deep pit not far away.

Hearing this, the Emperor Zhan who was supporting his companion was taken aback, looked at Lu Yuan with some surprise, and did not leave.

The Emperor Zhan who was beside him recovered a little at this moment, his face was pale, and the eyes of both heads had a trace of horror. He looked at Lu Yuan in the distance, and said:

‘Bates, be careful, this guy is terrible! Maybe he has some purpose.’

And the two-headed demon war emperor behind them all looked at each other with their two heads at this moment, some looked at Lu Yuan at each other, and some didn’t quite understand Lu Yuan’s thoughts.

Bates calmly glanced at Lu Yuan, and then took a deep breath, letting the war emperor behind him hold the injured companion, and while watching Lu Yuan vigilantly, he walked towards the direction of the deep pit.

With a faint smile on Lu Yuan’s face, he didn’t mean to stop it in the slightest.

For him, there is no need to stop, he also wants to know who the purple-skinned guy is.

After all, that breath was alienation, and Lu Yuan was quite familiar with it.

And the three of Li Qinghe left the direction of the deep pit tacitly, and moved closer to Lu Yuan, lest they would be attacked by the two-headed demon who came over.

Bathes soon came to the edge of the pit. One of his heads turned his head to watch the Luyuan four people, while the other head looked in the direction of the pit.

After seeing the mutilated corpse in the deep pit, Lu Yuan clearly saw Bathes stunned, with a dazed expression on his face, he raised his eyebrows.

This guy doesn't know what is going on with this corpse? Or just pretend it?

Lu Yuan smiled and asked, 'How is it? Any clues?'

The other Bates shook his head, and said with some surprise: 'Our family did not say that there will be a Binxi people.'

Lu Yuan raised his eyebrows and asked with a smile, 'Originally you planned to gather here with your fellow clan?'

Bates seemed to have noticed that the situation seemed a little wrong. One of his heads looked around vigilantly, while the other went silent and nodded slightly.

'Yes.'

In another place, the group of double-headed demons saw Bates' reaction. They all looked at each other and were a little surprised. They didn't understand what Bates had discovered and why they had such expressions.

Another war emperor Leiman coughed a bit of blood. With his strong physique, he recovered a lot of injuries. He got rid of the support of the two-headed demon war emperor, and while guarding the four of Lu Yuan, he walked towards Bathes. .

He whispered: 'Bathes, what do you see?'

Lehman quickly came to the pit, and after seeing the corpse below, he was also silent.

Lu Yuan didn't stop Lehman, he smiled and continued to ask:

'What was your original plan to gather here? Why did you meet this Pennxier?'

Bathes and Lehman looked at each other, and after being silent, Bathes spoke:

‘There is nothing to say. Fields informed us that we have encountered several gathering spots of alienated beasts. We originally planned to work together to clear them. But when we rushed over, we saw that evil light appeared before. I found that something was not quite right, so I speeded up and rushed over.’

Speaking of this, Bates is grateful to the Lord Saint who stopped them before, otherwise, they should have assembled, and maybe they will die here.

Lu Yuan raised his eyebrows and cleaned up the gathering spots of alienated beasts. This seemed to be something the powerhouses in the wilderness would do, nothing special.

And these two-headed demon didn’t seem to understand the origin of the dead Pennsi.

Lu Yuan was a little disappointed in his heart, and couldn’t help but frown slightly.

Bates also knew at this moment that the four of Lu Yuan were not fierce beasts. He looked at Lu Yuan and asked:

‘This...friend, did you meet anyone before you came?’

.....I met you before, does it count as locking you up? Lu Yuan complained in his heart, and then shook his head slightly:

‘We just came here. This is the scene. To be honest, we are also very curious about the origins of this Pennsee. You have also seen that this Pennsee seems to be alienated. The genetic warrior can remain in the place of origin after being alienated. It seems that I haven’t encountered it before.’

Bathes fell silent.

After a while, he shook his head: ‘We don’t know the specifics either.’

Lu Yuan smiled: ‘If this is the case, then we won’t bother you to collect the corpses.’

Then he turned his head and looked at the three of Li Qinghe: ‘Let’s go.’

All three of Li Qinghe nodded slightly.

The four heads of Bates and Lehman watched Lu Yuan leave and disappear into the forest.

After the atmosphere fell silent, Lehman coughed and frowned slightly, as if there was still some pain.

His face was extremely ugly: 'That human just now was really a monster... It's just the Emperor of War, and the power of that attack made me a little scared.'

Bathes shook her head: 'That human should be extraordinary...but they should have nothing to do with the death of Fields.'

Lehman also nodded slightly: 'But...what's the matter with this guy?'

One of Lehman's head gestured to the Pennsey in the pit.

'I don't know, maybe this is the source of alienation. After this Pennsey was infected, he stayed in the place of origin for some reason, and was hit by several people in Fields, right?'

After the atmosphere fell silent, Bates began to speak: 'Contain the corpse first...Take the corpse of this Pennxiren with you. After you bring it back, you may hope to find some clues for the elders.'

'Um.'

The two began to order the war emperors ~www.mtlnovel.com~ to start collecting the bodies.

.....

In the Dark Night Forest, the four of Lu Yuan quietly continued to move towards the core area. For them, the matter of the two-headed demon was just a small accident, although the four of them were a little curious about what the situation of the Pennxi was. As long as it doesn't affect them, they just remain a little curious.

For them, the most important thing is naturally to go to the core area to hunt the alienated beasts.

The journey went smoothly. With the strength of Lu Yuan, together with the three of Li Qinghe, they easily killed batch after batch of ordinary beasts and alienated beasts. Lu Yuan's Evolution Cube is also constantly absorbing the unknown aura. , To prepare for the next transformation.

At this moment, a huge roar suddenly sounded in the distance, and a terrifying aura spread from the distance, wave after wave, extremely powerful.

Lu Yuan's four faces changed, and they looked up to the front of the incoming message.

In that direction, a huge spatial fissure appeared in the sky. In the fissure, there was a group of green flames pouring down. The green flame illuminated the darkness above the dark night forest, and stained the surrounding with a eerie green.
