

# Chapter 289: My Genes Evolve Infinitely

## SOURCE OF ALIENATION

‘That’s... the source of alienation ?!’

Li Qinghe exclaimed.

Lu Yuan raised his eyebrows, looked at the raging green flames in the distance, and said:

‘Is that the source of alienation ? It looks very dangerous.’

Even Lu Yuan felt a great threat from the rift in the space and the green flames.

This made Lu Yuan a little frightened, shouldn’t this be something as simple as just a holy grade alienated fierce beast, right ?

At this time, Shuangyue shook her head slightly, her face solemnly: ‘That’s not right...We have been from the upper layers of Origin Land for a while, and we have never seen such a huge range of alienation sources. This alienation source looks a bit exaggerated.’

Hearing this, Lu Yuan was stunned: ‘Is there a problem with the scope of the source of this alienation ?’

Even Si Tingyu nodded slightly: ‘Well, we have participated in the two operations to quell the sources of alienation. Those two sources of alienation did not even reach this third.’

Lu Yuan: ‘...’

His face is a little weird, and the gap is so big.

Just when Lu Yuan was about to speak, there was a roar and roar in the distance, and then the four of Lu Yuan felt a breath quickly flying out of the core area of the dark night forest.

When Lu Yuan looked up, he saw a few afterimages quickly passing through the air, very fast.

It was a genetic warrior with a very powerful aura.

The four of Lu Yuan glanced at each other, and Si Tingyu said solemnly:

‘Because of the sudden outbreak of the source of alienation, the number of alienated beasts in that area will definitely increase significantly, and the original alienated beasts’ strength will also be greatly improved. There may be several holy-level alienated beasts. The genetic warriors in the core area probably want to escape.’

Li Qinghe’s face was a little ugly and said, ‘Brother Yuan, let’s go first, otherwise, I’m afraid the alienated beasts in there will impact the entire Dark Night Forest, and even leave the Dark Night Forest.’

Shuangyue thought for a while, and said, ‘There is a city nearby, a city of night charm. If this continues, that city will probably be impacted by the alienation beast tide.’

Listening to the words of the three, Lu Yuan glanced at the green fires in the distance that were more turbulent than before. After thinking about it, he said:

‘Let’s go to that station to see? If there is an alienated animal tide, there should be hope for a lot of merits, right?’

Hearing this, the three of them were taken aback, and Si Tingyu said with a serious face:

‘Although it is indeed possible to obtain a lot of feats... But the alienated beast tide is very dangerous, and it may be killed if you are not careful. Are we really going to?’

A look of eagerness appeared on Li Qinghe’s pretty face: ‘Brother Yuan thinks the same as me, and I also think of taking advantage of the beast tide to make a fortune.’

Shuangyue glanced at Li Qinghe, then smiled: 'Anyway, there is A Yuan, the danger should not be very high, it is acceptable.'

Lu Yuan smiled and said, 'Go.'

Hearing this, the secretary nodded as well; 'Okay, then.'

'Which direction is that resident, we will pass now.'

Lu Yuan opened his mouth with a smile, planning to use his spatial mobility to take Li Qinghe and the three directly to the station.

'In this direction. Approximately 400,000 kilometers.'

Li Qinghe pointed to one of them.

Lu Yuan nodded, leading the three of them to use the space to move, and disappeared in place.

Then, in the distant sky, the bodies of the four of Lu Yuan appeared.

Not far from them, there is a city with a very exquisite and gorgeous architectural style.

The city is about thirty kilometers long, which is not too big, but the city is extremely high, nearly one thousand meters long, and it is very thick.

At this moment, there was a silver mask condensed around the city, and powerful silver lightning flashed on the mask, which looked extraordinary.

Lu Yuan glanced at the silver mask and felt that even for him, it would be quite difficult to break the mask.

I don't know if it's because the source of the alienation has already been reported that the defensive mask was opened, or the defensive mask has always been on before?

‘You need to line up to enter this charming city of night, and you need to pay the city fee to enter. Let’s go to the direction of the city gate, right?’

Li Qinghe smiled and said, for this station, they have been here more than once.

Lu Yuan took a look, and soon saw a huge gate not far away, one after another, he asked the genetic warriors to land quickly, and then entered the city through the gate.

The four of Lu Yuan also descended and came to the gate of the city.

There are two teams of night charms on duty at the city gate. These night charms are all powerful at the King of War level. For the underground level of Origin, the strong at King of Battle can be regarded as a mid-to-high-level combat power, but for the origin of On the upper ground, the King of War is the lowest level of the bottom of the pyramid.

After all, if you want to enter the upper strata of Origin, you must have the strength of the King of War, not that the King of War cannot even enter.

Only some extremely powerful races will have cities in the upper strata of Origin. After all, peace and order have to be maintained by the warlord. The warlords of some races cannot even protect an entire city.

Of course, it’s not impossible to hire warlords of other races to work, but you have to have top combat power to suppress it, otherwise you can’t suppress other races’ powers, and those with top combat power, unless they are a small group of people who work alone. Xia, most people’s races are very powerful.

The gene warrior is very fast, even entering the city is very fast. There is a black instrument at the gate of the city. After that, you only need to pay the entrance fee. The entrance fee can be directly deducted

with the bank card of the originating bank. Need to trouble Ye Mei's garrison.

Of course, there is also a special Ye Meizu powerhouse staring at the people who enter the city, so that no one wants to get through without paying.

Perhaps because of the appearance of the source of alienation, there are so many genetic warriors here. Even if there is no need for excessive inspections, it takes a little time just to pay the entrance fee.

Lu Yuan used the Origin Bank card to pay the fee, and after a glance, he needed a total of 100 Tier 6 Spirit Crystals to enter the city.

Lu Yuan thought for a while, just one person has 100 sixth-order spiritual crystals, if there are tens of thousands of people a day, then there are millions of sixth-order spiritual crystals.

There are millions of Tier 6 spirit crystals a day just to enter the city. This does not count the accommodation costs inside, the cost of various rents, etc., those are the big heads.

Lu Yuan made a slight estimate in his heart, and couldn't help but sigh slightly. As expected, he should build a city like this to make money.

Lu Yuan and his party quickly entered the city. The streets in the city were clean and tidy. From time to time, there was a team of genetic warriors patrolling the road. The team members were the king of war and the captain was the king of war.

These people are all night charms, all of them beautiful-looking beauties. They patrolling the streets form a beautiful landscape, and people look in that direction from time to time.

Lu Yuan couldn't help but take another look. He had to say that Ye Mei's racial talent was indeed strong.

He sighed slightly, and then he felt a cold gaze from Bian.

Lu Yuan turned his head and saw Li Qinghe and Si Tingyu looking at him, with a hint of coldness in their eyes.

Seeing Lu Yuan look over, a smirk appeared on Li Qinghe's charming face:

‘How? Isn't it pretty?’

Lu Yuan coughed dryly, and said solemnly: ‘Ah... it's really pretty, but it's still a bit worse than Sister Qinghe.’

‘Pouch~’ Shuangyue on the side couldn't help but smile, glanced at Lu Yuan, and then smiled:

‘Why is A Yuan afraid of this woman? Even the sisters of Ye Mei think they are beautiful when I look at them. What's so embarrassing?’

‘Smelly Yueyue, if you don't speak, no one will treat you as dumb!’

Li Qinghe glared at Shuangyue.

The secretary listened to Yu did not speak, but silently nodded.

Lu Yuan coughed dryly and was about to speak when he suddenly heard someone calling him.

‘Lu Yuan?’

Lu Yuan was taken aback and looked up to the front.

Not far away, several Ye Meizheng looked at him in surprise.

Lu Yuan took a look and found that he knew two of them.

One of them is the Xia Zhi who was challenged by him on the list of Tianjiao before, and the other is Anastasia who had a fate in Baiyun City before.

These Yemeis are more beautiful than the patrolling Yemeis before, and they are all peerless beauties with attractive looks.

The genetic warriors on the surrounding streets look at them from time to time and are attracted by them.

Especially Anastasia, her dark red eyes were proud and confident, making people feel like she saw the queen.

It was Anastasia who called him before.

Lu Yuan didn't expect Anastasia to know him, but he thought about it afterwards. After all, he was also the former number one on the Tianjiao List and the Kings List, and his fame was still there.

He is also a super genius from Baiyun City, and it is normal for Anastasia to know him.

Seeing Anastasia and several Ye Mei, Li Qinghe raised her eyebrows slightly, the smile on her pretty face became more obvious, and looked at Lu Yuan on the side, seeming to ask about these Ye Mei again. What's going on?

The Si Tingyu nearby also frowned slightly, glanced at Anastasia, and then at Lu Yuan.

A hint of surprise flashed in Shuangyue's eyes, she looked at Lu Yuan with a grin, and seemed to find it interesting, watching a play.

Lu Yuan noticed the gazes of the three, and the corners of his mouth twitched slightly. Who knows why Anastasia would suddenly greet him?

He didn't know Anastasia before, okay, he just had a relationship.

Moreover, he did not expect that the original genius of the Tianjiao list, the genius Yemei, who was also ranked at the top of the king list, would be here.

But when he thought that this was Yemei's city, Lu Yuan suddenly realized that it was not incomprehensible.

Anastasia has not yet arrived at the Warlord. As a warlord-level genius, it is normal for Anastasia to come to the upper strata of Origin to experience.

Lu Yuan thought in his heart, Anastasia looked at Lu Yuan, still with strong confidence, and said:

'I'm Anastasia, I think you should know me, but I didn't expect you to be in Dark Night City.'

Lu Yuan smiled:

'Miss Anastasia, I know naturally. My sister Qinghe, my mentor, and the watcher came to the Dark Night Forest to hunt the beasts together.'

Sister Qinghe showed a soft smile on her pretty face, and she reached out and hugged Lu Yuan's arm. Si Tingyu couldn't make Li Qinghe's intimate actions, but she got closer to Lu Yuan either intentionally or unintentionally.

Shuangyue on the side was stunned, and the corners of her mouth twitched.

...The theater?

Uh, well, she seems to be in the theater.

Anastasia then looked at Li Qinghe, Si Tingyu and some Shuangyue watching a play.

Her dark red eyes flashed slightly and smiled at the three of them:

'Welcome to the Dark Night City.'

Then she turned her head to look at Lu Yuan: 'I heard that you have already broken through to the Emperor of War. I don't know how your

strength is now? Alienated beast tide is coming soon. I hope to see your strength.'

Lu Yuan raised his eyebrows and said with a smile: 'There will be a chance then.'

Anastasia nodded, did not say much, and then took a few Ye Mei to the other direction.

Watching Anastasia leave, Li Qinghe looked at Lu Yuan with a smile:

'Not bad, there is another Ye Mei that is fascinated by you? The charm of my destined brother is really great.'

If Lu Yuan hadn't felt the power of Li Qinghe's hands, he would have thought this guy was complimenting him.

The corner of Lu Yuan's mouth twitched: 'Sister Qinghe, I didn't know her before. Who knew she would greet me suddenly?'

Lu Yuan thought for a while, and said in deep thought, 'Maybe I am really better? Are you fascinated by me?'

The corner of Li Qinghe's mouth twitched, and the Secretary Tingyu on the side was full of black lines, and Shuangyue laughed haha:

'A Yuan, you are really narcissistic.'

Seeing the three of them had strange expressions, Lu Yuan twitched the corners of his mouth: 'Otherwise why?'

The three of them froze, and then glanced at each other, not knowing what to say.

After being silent for a while, Li Qinghe spoke: 'Let's go, find a place to stay first.'

When the four of Lu Yuan left, the surrounding people were paying attention to Anastasia and by the way, everyone who followed Lu Yuan was whispering.

.....

In the other direction, Anastasia was also chatting.

There was a hint of excitement on Ye Mei's face with dark curly hair:

‘Unexpectedly, Lu Yuan was also outside the Dark Night City. It's a good fate. When the alienated beasts invade, we will fight together, do you think sparks will come out of friction?’

Xia Zhi rolled her eyes and looked speechless: ‘Nina, don't think too much~www.mtlnovel.com~ Ren Jia Lu Yuan is the first in the king's list, and it is still the undisputed number one. , Who doesn't know that Lu Yuan is very talented and powerful, do you think others will follow you?’

Nina looked down at her hot figure, straightened her chest, and said with dissatisfaction: ‘My talent is not bad, the future war emperor is still very promising, and the appearance is good, why do you look down on me?’

The other Ye Mei suddenly laughed, looking at Nina's expression with a teasing look.

A Ye Mei smiled and said, ‘Nina, you like Young Master Lu Yuan so much. Why didn't you say hello before and ask for contact information?’

When Nina heard the words, her pretty face blushed slightly, and a touch of embarrassment emerged:

‘If you were rejected just now, how sorry?’

‘Cut~ I am so unconfident, I must have been thinking of being rejected in my heart.’

Xia Zhi curled her lips and struck.

Then she glanced at Anastasia with a pretty face, and said:

‘If you are interested, Lu Yuan must be interested in our Highness.’
