

# Chapter 42: My Genes Evolve Infinitely

## DEATH AROUND

Of course, Lu Yuan would not sell Lingjing.

He still has to use it to charge the Evolution Cube for cultivation.

Evolution Cube just needs thousands or even close to 10,000 spirit crystals to evolve elite genes, and I don't know how many it needs later.

Stay steady.

Putting away the spirit crystal, Lu Yuan once again entered the underground palace.

This time, Lu Yuan hadn't filled the war pattern space with the materials, and the light gate that went out had been completely restored.

'Is the time up?'

Lu Yuan killed a little stone man with a sword and picked up the heart of the little stone man on the ground.

His mind moved, his vision went dark.

When his vision resumed again, he was already in his simple little room.

He instinctively looked out the window.

There was a deep blue sky outside the window, and the neon lights that had been shining all night dimmed.

'It's morning? This time I stayed a little longer than last time.'

Lu Yuan took out his phone and looked at it. It was already seven o'clock in the morning.

This time he entered the Land of Origin at nine o'clock, that is, he stayed in it for ten hours.

Five days?

Lu Yuan showed a smile, and spent two more days in the Land of Origin than yesterday.

The harvest is naturally great.

His gene tempering degree has officially reached 20%!

Compared with yesterday, it has a full 10% more tempering degree.

After consuming nearly five thousand spirit crystals again, his evolution cube charge was finally completed, and he could evolve the body of black iron to the next level.

Of course, he will not evolve now.

He also consumed a lot of spirit crystals in his own cultivation, and now there are only 342 spirit crystals on his body.

In addition to Lingjing, there are other gains.

There are probably more than two hundred materials, besides that, there are four more genetic weapons.

Except for the two sets of leather armors that belonged to the previous three cat hunters, a pair of daggers were dropped by sand ants.

There is also a set of leather armor dropped by the black scorpion.

Not only that, just before he came out, the armor he had on his body was replaced by the little stone man's battle armor dropped by the little stone man.

As for the armor he had obtained from the black-patterned graystone beetle, it was finally shattered under the attack of thousands of beasts.

Even the phantom in the gene chain has completely collapsed, and it can't be repaired.

directly lost a set of armor, almost lost tens of thousands of dollars, his heart ached.

The new Little Rockman battle armor is the same as the previous armor, all of ordinary quality.

But compared to the previous armor, the little stone man's battle armor provided him with a greater increase in defense.

This is probably because the little stone man himself has a higher degree of tempering.

For Lu Yuan, it was the only thing worthy of his happiness.

'It's still early, read the post first, and then go to the crazy wolf material store to sell things. I don't know if the boss accepts genetic weapons. If not, I will put orders on Battle.net and forget it.'

As long as you are a genetic warrior, you can open a shop yourself and sell things.

Luyuan is naturally no exception.

It's just that he finds it a bit troublesome. If it can be sold in a material store, of course it's best.

Lu Yuan was thinking about the problem and just sat down.

He heard a harsh scream from the next room.

'Awei! Awei, wake up! Awei, what's wrong with you?!'

Lu Yuan was taken aback.

'This voice... the young couple next to him?'

He frowned slightly, stood up, and went out.

Lu Yuan came to the door of the couple's room and knocked on the door.

'Are you okay?'

Hearing a knock on the door, there was the sound of panic footsteps.

Soon, the door opened, and a medium-looking black-haired woman in a black hollow pajamas appeared in front of Lu Yuan.

The black-haired woman still has tears on her face, and her face is full of horror.

Lu Yuan frowned slightly: 'Miss Ma, I hear your voice, come and see, are you okay?'

The male's name is Feng Wei and the female is Ma Lingling.

Although he knew the name, Lu Yuan didn't have much intersection with them, so he just nodded and smiled when he saw it.

Ma Lingling was still in shock, when she heard Lu Yuan's words, she screamed:

'Come and help me! Awei! Awei, he has no breath!'

Lu Yuan's eyes flashed, and he quickly walked into the room.

The layout of the couple's room is similar to Lu Yuan's room, but the size is slightly larger.

On the small desk, there is a photo of the young couple. The two laughed happily. On the desk there is a bunch of faded plastic roses in a small bottle.

At this moment, Feng Wei is lying on the bed in the center of the room. He is only wearing underwear and his upper body is naked.

His face was blue and white, his body was stiff, and he looked a little scary.

Lu Yuan frowned when he saw this scene and hurried forward.

Ma Lingling followed, her hand holding Lu Yuan swayed constantly, and she screamed:

‘Little brother Lu Yuan, I know you are a high school student, you must have a way to save Awei, right?! Please help him!’

Lu Yuan checked Feng Wei’s heartbeat and breathing, and found that both had stopped, and even his body was a little cold.

He frowned and looked at Ma Lingling who was holding him, and said solemnly:

‘Miss Ma, calm down, Awei is dead.’

‘What?! I don’t believe it! Ah Wei said he was going to marry me, how could he die! How could he leave me alone?!’

Ma Lingling was pale, screaming and shouting.

Lu Yuan grabbed her shoulder with one hand, shook it, and said:

‘Miss Ma, calm down, have you found any abnormalities before? Does he have a heart disease and other diseases?’

How powerful is Lu Yuan?

was shaken by Lu Yuan, Ma Lingling became a little more sober.

Her pupils gradually converged, looked at Feng Wei on the bed, covered her mouth and squatted beside the bed, crying silently.

Lu Yuan looked at Ma Lingling who was crying silently, and he actually felt a little sympathetic in his heart.

The young couple seemed to be in a good relationship, but they were separated in one night.

I'm afraid no one can accept the change.

After Ma Lingling cried for a while, Lu Yuan said:

'Miss Ma, can you think about what happened before? Did he have some disease before?'

Ma Lingling shook her head, wiped her tears, choked up and said:

'Awei's body has always been very good, he has no disease.'

'Very healthy?'

Lu Yuan frowned, feeling that things seemed uneasy.

'Then do you have any guesses, who would want to harm him?'

Hearing what Lu Yuan said, Ma Lingling thought for a while, then she seemed to think of something, her eyes widened:

'When I slept before, Ah Wei made a bit of an uncomfortable sound. I looked at it in a daze and saw that there seemed to be a dark shadow on Ah Wei's body, but Ah Wei's voice soon stopped. The shadow also disappeared, and I, I thought I was wrong, and fell asleep again.'

After saying this, Ma Lingling's face was pale, and she shrank silently as she looked at Feng Wei on the bed.

Lu Yuan's heart also exploded.

Looking at Feng Wei's green face, I am afraid that he died of suffocation, plus the dark figure Ma Lingling said.

Could it be that ghost? !

Isn't it, here again? !

He looked at Ma Lingling solemnly: 'Are you sure?'

Ma Lingling had a trace of confusion in her eyes. She nodded and shook her head, crying, and whimpered:

‘I, I slept too drowsy, I don’t know if I actually saw it.’

Lu Yuan was silent.

He took a deep breath and slowly said: ‘Miss Ma, you can call the police and let the police handle it.’

Ma Lingling nodded again and again: ‘Hmm!’

She hurriedly called.

Lu Yuan glanced deeply at Feng Wei’s body on the bed.

I am afraid that the dark shadow has appeared again.

It was his room last time, but I didn’t expect it to be directly next door to him this time?

shouldn’t be directed at him, right?

The dark shadow seems to only appear at night. He is in the place of origin at night. The dark shadow will definitely not be able to find him, so he dealt with the people beside him?

Lu Yuan suddenly thought of Li Qinghe.

‘If this is the case, will the black shadow deal with Sister Qinghe?’

After the alienation incident, almost everyone stayed away from Lu Yuan, and the only person who really cared about him was Li Qinghe. UU reading [www.uukanshu.com](http://www.uukanshu.com)

Lu Yuan always regarded Li Qinghe as his sister who cared about him.

Although it was a matter of the predecessor, after accepting the memory, Lu Yuan felt the same way. Naturally, he didn't want Li Qinghe to have an accident.

But when Lu Yuan thought, Li Qinghe was basically outside at night, and the probability of accidents was low.

Just tell her not to come back tonight.

Lu Yuan was thinking so, the door to the outside room opened.

Ma Lingling, who had just reported to the police, shuddered suddenly when she heard the sudden opening of the door, and grabbed Lu Yuan's clothes with one hand.

Lu Yuan glanced at Ma Lingling:

'Miss Ma, you let go, I'll go out and have a look.'

Ma Lingling nodded, and carefully loosened Lu Yuan's clothes.

Lu Yuan walked out of the room and came to the living room. He saw Li Qinghe with a cigarette in his mouth and closed the door with his feet.

She also holds a bag of steamed buns and two bags of soy milk in her hands.

Seeing Lu Yuan, she smiled and said:

'Brother Yuan, I know you must have not gone out yet. Are you busy practicing during this time and not going to class? I bought your favorite meat buns.'

said, she also raised the bun in her hand.

Lu Yuan looked at the bun in Li Qinghe's hand, his heart warmed, he smiled:

'Sister Qinghe, I am also rich now, and I will pay for my meals in the future.'

‘What do you mean, kid? The wings are hard? Sister, I still have the money to buy you a bun.’

Li Qinghe picked up the cigarette in his mouth with his fingers, spit out the smoke ring, and glared at Lu Yuan.

Lu Yuan smiled helplessly, just about to speak, suddenly Li Qinghe raised his eyebrows, a little surprised:

‘That’s not right, brother Yuan, why did you get out of that little couple’s room.’
