

Chapter 43: My Genes Evolve Infinitely

A PERSON OF IDENTITY

Lu Yuan glanced at the opened door and said:

‘Mr. Feng is dead. I heard Miss Ma’s movement just now. Go and take a look.’

Li Qinghe’s eyes flashed, showing a frightened expression:

‘Mr. Feng is dead?! What’s the matter?’

Lu Yuan said, ‘Remember the dark figure I told you last time? Miss Ma said that she saw that dark figure killed Mr. Feng.’

Li Qinghe’s pupils shrank slightly and his expression became more tense:

‘You mean that dark shadow?! That turned out to be real? Is there really a ghost?’

Lu Yuan: ‘.....’

He twitched the corner of his mouth: ‘Sister Qinghe, did you think I was lying to you before? Now it seems that it is likely to be a special and abnormal alienation situation. This time is very dangerous here, you should pay attention to it at night. Safe, that thing seems to only show up at night.’

Li Qinghe nodded repeatedly when he heard Lu Yuan’s words.

She glanced at the door: ‘Sister Ma is inside? I’ll go in and comfort her.’

Lu Yuan nodded.

He and Li Qinghe returned to the young couple’s room, accompanied Ma Lingling, while waiting for the police to arrive.

The police work in the slum area is very inefficient.

Even if the murder happened, it took more than two hours to get here.

Two imperial police officers wearing red background and white border maple leaf uniforms inspected Feng Wei's body, routinely inquired about the situation, and left after a short while.

As for the cause of the case, they said that further investigation is needed.

Lu Yuan was not surprised by this situation.

Gangs are rampant in this area, and they may even have contacts with the ruling seniors.

The police have all adopted an attitude of turning one eye and closing one eye toward the gang, and they dare not take care of them.

No matter what type of murder case, it may be involved in a gang. Two little police officers can do just a record and a registration.

Ma Lingling is still sad.

Li Qinghe accompanied her, while Lu Yuan left the room.

He returned to his room, took out his cell phone, and wanted to ask Pat if there was any new news about the dark shadow.

There are a lot of chat records on mobile phones, mostly in class groups, as well as the future God of War group.

There are still people in the future War Gods group @他.

He opened it and took a look, asking him how is his cultivation situation now, and if he was alive from the place of origin yesterday.

Lu Yuan was a little afraid to scare Zhuo Ming and others, so he didn't say that his tempering degree had reached 20%.

In addition to this, there is something they have obtained in the place of origin, some exchanges in physical training and so on.

Lu Yuan has no intention to reply to them now.

In addition to chatting, there are many friends applying.

In fact, since Lu Yuan's awakening, the friend application has never been interrupted.

Lu Yuan was originally handsome and handsome, but because of his poor family background, he had encountered alienation incidents before, and people did not dare to approach him.

But now that Lu Yuan has awakened as a genetic warrior, there are many people who want to get to know Lu Yuan.

Of course, they are mostly girls.

Lu Yuan didn't even read the application, and deleted all of them.

He clicked on Pat's chat box and sent a message.

'Any new news about Sombra?'

A few minutes later, news from Pater came:

'Mr. Lu? I'm sorry that there is no new news. I'm afraid it will be difficult to get new news in the next few days.'

Lu Yuan frowned: 'What's the matter?'

'That's it. The Wild Dog Gang is not moral. It killed our gang yesterday and robbed us of our territory. Our boss decided to have a good fight with the ** of the Wild Dog Gang. So this paragraph I don't have time and energy to investigate the news of that dark shadow.'

'Wild Dog Gang?'

Lu Yuan raised his eyebrows slightly.

Even if he doesn't know much about the gangs in the slum, he occasionally hears the name of the wild dog gang.

After all, the wild dog gang is the most arrogant gang in the entire slum, and they will do almost all the bad things that can be thought of.

As long as it can make money.

Their acting style is like wild dogs grabbing food at all costs in a slum area.

Not only that, but the wild dog gang is also the largest gang in the slum, with a huge influence.

Pate's message is sent again:

'Now the wild dog gang is becoming more and more rampant! They have developed rapidly in the past few years and have no longer put our other gangs in their eyes. Some time ago, they invaded the territory of the viper gang, and in the end the viper gang hindered their strength. , I can only swallow our anger. But our black rat gang is not the eggless sissy of the viper gang!'

Lu Yuan lacks interest in gang matters.

He was just a little helpless, he didn't expect such a thing to happen at this point in time.

'Then about the shadows, please check them as soon as possible.'

'Mr. Lu, don't worry, as long as we teach the wild dogs a lesson this time, we will continue to explore.'

Lu Yuan took a deep breath, and could only accept this.

The gang wanted to fight, and he couldn't make people stop fighting, so he continued to investigate.

Exited the chat box, Lu Yuan thought for a while, he couldn't do much now.

can only practice hard and keep getting stronger, so that the dark shadow can't do him.

'Go and sell the materials first, get some money, and then buy some potions.'

Lu Yuan went out and came to the Jiuhu business district.

Not far from the Crazy Wolf Material Store, Lu Yuan saw a pitch-black suspension car parked quietly. There was a hideous dog's head pattern on the door of the suspension car.

Lu Yuan took a look and came to the door of the crazy wolf material store.

He was about to push the door to enter when he heard the sound of conversation coming from inside.

'Master, the boss wants you to go back.'

'Go away! I won't go back! I will never go back to that cold-blooded person!'

'But Master... If you don't go back, we will be punished.'

‘That’s your business, what does it matter to me?! Is there less blood on your hands? Get out! Get out of me! Don’t force me to do it! Barking!!!’

Then Lu Yuan saw the store door opened, and two men in black suits and black sunglasses walked out a little embarrassed.

Their faces were a little pale, they glanced at Lu Yuan, then bowed their heads and left in a hurry.

Lu Yuan turned his head and saw that they got into the levitation vehicle, the levitation vehicle lifted into the air, and then left.

Lu Yuan opened the door and walked into the store.

The boss who was playing with his mobile phone with his head down yelled coldly:

‘Didn’t I let you go away?! Dare to come back?’

Lu Yuan raised his eyebrows: ‘The boss told me to get out?’

The boss stiffened, looked up at Lu Yuan, and then suddenly smiled brightly:

‘Oh! So it’s you? I’m talking about the dogs, they should have gone.’

The boss glanced outside the door.

Lu Yuan smiled and said, ‘I’m leaving, I watched them get in the car.’

The boss looked at Lu Yuan and said with a smile, ‘Did you see it just now?’

Lu Yuan looked at the boss, with brown curly hair, and he looked very thin.

he smiled and said:

‘Unexpectedly, the boss is also a person of identity? Those two men in black seem to be unusual, and they call you Master.’

‘Huh... Identity?’

The boss shook his head and didn’t talk much about it.

He opened his mouth and said, ‘By the way, buddy, do you want to sell materials again?’

Lu Yuan nodded and threw out a bunch of materials.

Seeing this, the boss blew a whistle: 'Wow! So many again? Brother, you are too strong! The place of origin is your ATM, right?'

Lu Yuan smiled without answering.

It is reasonable, now the place of origin really means the ATM to him.

Of course, this also requires strength.

'Give me a price.'

'Okay, I'll check it out first. The unit price of the little stone man's heart is 300, the unit price of the poisonous scorpion tail needle is 400, the giant clamp 250, the unit price of the underground spider silk is 600... a total of 213,000, what do you think?'

Lu Yuan nodded: 'Yes.'

The owner of the crazy wolf is a bit cheating. Before Lu Yuan came back, he calculated the price, which was almost the same.

The boss looked at Lu Yuan, full of surprise:

'Brother, you are too strong. You can even kill the spiders in the underground palace so quickly. Your speed is too fast? Isn't it a genius of which family are you?'

Lu Yuan smiled: 'I'm just an ordinary person~www.mtlnovel.com~ By the way, do you accept genetic weapons?'

'Genetic weapons? Take it, of course. Do you still have genetic weapons to shoot?'

The boss' eyes lit up.

'Well, look at the price.'

Lu Yuan took out the three sets of leather armor and the light ball of a pair of daggers.

The boss looked at it: 'This leather armor was dropped by the dagger rat, one set is 45,000, two sets of 90,000, and this leather armor is dropped by the black scorpion, the price is higher, a set of 60,000, as for the dagger, The price is a little higher than that of the battle armor. A pair will give you 80,000, for a total of 230,000. What do you think?'

Lu Yuan nodded: 'Okay, it's the price.'

'Yes, it adds up to 443,000, which has been transferred to you.'

The boss was operating the phone, and quickly grinned at Lu Yuan.

Lu Yuan was secretly happy.

only made 130,000 last time, this time it made three times more than three times.

And this is after he sold a lot of materials in the land of origin.

It's too easy to make money.

With this money, he can buy some more potions, and there should be surplus.

'Then I will go first.'

'Hey, wait, brother, do you think you have come to me several times, I don't know your name yet, why don't you add a friend?'

The boss smiled and said.

Lu Yuan heard this and thought for a while: 'Yes. My name is Lu Yuan.'

'My name is Xue Wang... barking!!!'

'..... Xue Wang Wang Wang Wang Wang?'

Lu Yuan's face is a bit dark.

Xue Wang's mouth twitched: 'Just Xue Wang, haha, I'm old and sick, you know.'

'.....understand.'

Lu Yuan nodded.
