

Chapter 45: My Genes Evolve Infinitely

COMPARED

‘Inner circle north area?’

Lu Yuan confirmed.

‘Yes, I heard that it is near an ant nest. I am not particularly clear about where it is. I heard someone say when I was setting up a stall.’

Li Luo said.

Lu Yuan nodded.

‘I see, thank you for telling me the news.’

‘Hahaha, Mr. Lu is polite, you are now my big customer... If you get any treasure from the ruins, it would be best to sell it to me.’

Lu Yuan smiled: ‘If there is any gain, I will consider it. Then I will go over and take a look.’

Lu Yuan bid farewell to Li Luo, and was about to leave when he heard someone calling him behind him.

‘Lord Lu Yuan! Brother Yuan!’

Lu Yuan turned his head in doubt, and saw Zhuo Ming running towards him.

Behind Zhuo Ming are the Guardian warrior and several teammates Lu Yuan met last time.

But compared to last time, there are two more people in their team this time.

‘Brother Yuan, are you here too? What a coincidence!’

Zhuo Ming said with a smile.

‘It’s a coincidence, did you just come in?’

‘It’s been two days since we came in, we just came out to supply supplies, and we will go in again soon.’

‘Black Knight Lu Yuan, we meet again.’

The guardian soldier also brought his teammates over at this moment, and stretched out his hand to Lu Yuan.

‘I didn’t have time to introduce it last time. My name is Green. As you can see, I am a guardian warrior.’

Lu Yuan stretched out his hand and shook Green with Green: ‘My name is Lu Yuan.’

‘Hahaha, you don’t need to introduce your name, but I often hear your rumors in the market these days.’

Green laughed, seeing Lu Yuan’s eyes with a look of wonder.

‘The last time I met, I felt that your strength was extraordinary. I didn’t expect you to break out your name so soon. I have been in the sandstone underground palace for several years, and I haven’t made my own name yet.’

Several teammates around Green are also curious to see Lu Yuan at the moment.

During this period of time in the market, one of the topics is the black knight.

After all, genetic warriors who can kill hundreds of beasts every day are rare.

I didn’t expect to see me here.

Zhuo Ming also remembered something when he heard Green’s words, and looked at Lu Yuan and said:

‘Brother Yuan! Are you too strong? I heard from the people in the market that you can bring hundreds of materials back every day? Then you can’t kill hundreds of fierce beasts every day? Are you too exaggerated? Sister Xiangxiang said that you are a genius before. She must have never expected you to become stronger so quickly.’

Lu Yuan smiled: ‘This is just taking the advantage of the Guardian system. After all, I have a strong defense and it is not easy to encounter danger.’

Green smiled wryly: ‘I am also a Guardian, how do I feel that we don’t seem to be fighters of the same family?’

Several teammates beside laughed loudly.

‘Captain, if you can be like the Black Knight, then you also have your own name.’

‘Captain, you have to work hard, try to get a title of white knight or gray knight.’

The relationship between the members of this genetic warrior is obviously good. Several teammates laughed and teased Green.

‘By the way, Lu Yuan, I have a news here, do you want to listen to it?’

Green looked at Lu Yuan with a serious look.

Lu Yuan raised his eyebrows when he saw this, ‘What’s the news?’

‘A small ruin has been found in our area. Now there are many people who are planning to go and see, and we are planning to go, are you going?’

‘You said the ruins? I just received the news, and I am planning to go see it.’

Green smiled: ‘That’s just right, why don’t we go together?’

Zhuo Ming looked at Lu Yuan and also said:

‘Yes, Brother Yuan, do you want to go together? There are so many people and there is a caregiver.’

Lu Yuan thought about it, then nodded: ‘It’s okay.’

There are more fierce beasts in the inner circle of the underground palace than in the outer circle, and their strength is stronger.

Even Lu Yuan needs to deal with it carefully.

If someone is together, I can relieve some of the stress.

Compared with people they don’t know, Zhuo Ming and Green have had a cooperation after all.

Green’s strength is still good.

Green smiled: ‘With the black knight, the road will go smoothly.’

‘Then let’s go.’

The group entered the underground palace again and moved towards the inner circle.

.....

Not long after a group of people entered the underground palace in Luyuan, a group of people approached outside the market.

Headed by is a female kobold with soft white hair and black leather armor.

is Bertha Vimy who ran away last time.

followed more than a dozen kobold genetic warriors behind her.

Bertha Vimy's face is not good at this moment, and she coldly said:

'A bunch of trash! I asked you to find that human being. After searching for so long, there is no news at all!'

Beside Bertha Vimy is a black-haired kobold.

With a wry smile on his face, he said, 'Miss San, the range of the gray stone forest is too large, and the terrain is complicated. It is too difficult to find a human being, and we have tried our best to find it.'

'Don't find a reason for your incompetence!'

Bertha Vermo yelled.

The black-haired kobold's face became stiff, showing a helpless look:

'Yes, Miss San, the subordinates are not doing things well.'

'Huh, but the ruins were discovered this time. If you can gain something, human affairs can be revealed.'

The black-haired kobold smiled:

'Miss San, don't worry. Not only are the masters of our consortium dispatched this time, I also invited the 'Blood Knife' Sarri and the 'Funny' Li Xiao. Even if other forces can rush over after receiving the news, I am afraid we are not prepared. Fully, this time we will definitely be able to gain a lot.'

Bertha Vimy showed a slight smile: 'I hope you don't let me down this time.'

snort! If there is a good harvest in the ruins this time, then on the father's side, I can also get more right to speak, and I will not be jokes by my eldest brother and second sister.

‘Please don't worry, Miss San! This time I will definitely not let you down.’

The group said, they entered the underground palace.

.....

The depths of the underground palace.

Lu Yuan and his party moved forward in the passage. Green held a huge shield and walked at the forefront. Behind him were Zhuo Ming and several others. Lu Yuan walked at the end.

At this moment, Green, who was walking in the front, suddenly stopped and his face changed.

‘Um?’

He looked down at his feet and found that his feet were entangled in white spider silk.

‘There is a situation!’

As soon as he made a sound, two giant spiders about 1.8 meters tall, all in black, rushed down from the top of the tunnel in front of Green.

The sharp claws pierced Green's head.

Green quickly raised his shield to block.

咚!!

The spider's sharp claws landed on the shield, and the tremendous power made Green two steps back.

Other people also reacted.

‘team leader!’

Zhuo Ming held the epee or the long knife and looked at the huge underground spider.

‘Pay attention to the ground, burn the spider silk first!’

Green spoke.

Everyone returned to their senses and looked at the ground not far away.

found a lot of white spider silk entwined on the ground and on both sides of the passage.

A fireball appeared in the hands of a handsome blond youth whom Lu Yuan hadn't seen last time.

His fireball shot at the spider silk.

The spider silk burned suddenly.

Seeing the spider silk burning, the two huge underground spiders screamed and rushed towards the blond youth angrily.

'Don't think about going over!'

Green moved his body horizontally and raised the huge shield, trying to block the two underground spiders.

But one underground spider was blocked, and the other underground spider rushed through Green's defense line and rushed towards the blond youth.

Seeing the huge spider pouring over, the faces of the others changed drastically.

Especially the blonde youth.

The speed of the underground spider is too fast. What he burned is the elemental transcendent gene~www.mtlnovel.com~ There is no special increase in speed at all, and there is no way to avoid it.

The strength of other people is not too strong, facing the violent underground palace spider, they can only open their eyes and watch the underground palace spider rush towards the blond youth.

At this moment, Lu Yuan appeared in front of the blonde youth.

He was running a black iron body, holding a huge epee in his hand, and slashing towards the huge spider with a strong wind.

锵!!

The claws of the underground spider collided with the heavy sword, making a sound of gold and iron.

Then, the underground spider screamed, and the huge body retreated a few steps.

A slight crack appeared on the claw that collided with the beetle claw epee.

Lu Yuan was expressionless, stepping forward, clenching the heavy sword in both hands, and the offensive was continuous, surging, and cut out one after another.

The underground spider screamed again and again, and kept backing away.

The others stared at Lu Yuan who suppressed the spider in the underground palace.

‘Good, so strong!’

‘Is this the strength of the black knight?’

‘This underground palace spider is so big, I am afraid that the tempering degree has reached more than 70%, and I did not expect that it was suppressed by the black knight in the frontal collision?!’

When everyone was surprised, Green, who was resisting another underground spider, cried.

‘What are you doing?! Why don’t you come and help?’

The others regained their senses and looked in Green’s direction.

is also a Guardian warrior. At this moment, Green can only hold a huge shield to block the attack of the underground spider.

This comparison makes them feel a little embarrassed.

My captain looks so weak.

‘The captain is here!’

‘Go help the captain!’
