

# Chapter 47: My Genes Evolve Infinitely

## REACTION FROM ALL PARTIES, 500 MILLION ANNUAL SALARY

The arrival of Lu Yuan made hundreds of genetic warriors in the square look over.

Everyone's eyes swept across Zhuo Ming and Green, and after seeing the dark iron body on Lu Yuan, many people showed a hint of vigilance in their eyes.

In the human area, a thin man with purple-black hair and a slightly skinny figure looked at Landing Yuan and said:

'This person is the 'Black Knight' Lu Yuan who has killed a large number of beasts every day?'

Beside him, a black-haired young man nodded:

'Well, it's him, we have established his profile.'

'Have you investigated?'

'It has been investigated. Lu Yuan's time to come to the Sandstone Underground Palace is still very short, and the actual time is less than two weeks. But in less than two weeks, the strength of the beasts he hunted is constantly improving, indicating that he himself The speed of promotion is extremely fast. From this, it can be judged that the speed of his absorption of spirit crystals is probably not low. And there are witnesses who have seen Lu Yuan and fierce beasts battle, his genetic warfare may be an elite level guardian warfare. The defense is very strong. Overall, he is a rare genius.'

The purple-haired man narrowed his eyes and nodded slightly:

'Looking at his young age, he should only wake up soon?'

The youth looked at Lu Yuan and nodded: 'I'm afraid it is. I guess before he came to the sandstone underground palace, he should be adventuring in the gray stone forest, Baihua Oasis and other areas. With his defensive ability, it may be difficult for the beasts in these areas. It poses a threat to him. If his cultivation speed has been so fast, then he should be a newcomer who has only awakened this year.'

‘Awakened only this year...‘

The purple-haired man groaned for a moment, and then spoke:

‘He is indeed a good genius. Have you ever been in contact with him? Which country is it from?’

The young man shook his head:

‘The subordinates just got his general information and don’t know much about other aspects of him. Although I haven’t seen him get close to other genetic warriors, it cannot be ruled out that he is a child of a large family, but he is now experiencing alone. So there is no rash contact at the moment.’

‘Well, you did the right thing. First observe, if he can maintain such a speed of improvement, he will definitely be no problem in the future. There may be a glimmer of hope to reach a higher level and it is worth contacting.’

‘Subordinates think so too.’

‘Let’s make arrangements as soon as possible. I am afraid there are people from other forces also staring at him.’

The purple-haired man said, his eyes swept across several positions.

Those locations are gathering places of powers, and the leader is looking at Lu Yuan at the moment, whispering to the people around him.

‘Yes! The subordinates will do it as soon as possible.’

.....

Not only people in the human area are talking about landing fate, but in other areas, there are also people talking about landing fate.

Kobold area, a stout kobold with a tall stature, wearing a pitch-black battle armor, and carrying a huge axe that is tall enough to see Lu Yuan, slowly speaks:

‘Is this a human genius who has a reputation in the bazaar during this time?’

Beside him, a slender kobold in leather armor nodded:

‘Yes, my lord. His cultivation speed is very fast. It shouldn’t be long before he woke up.’

The stout kobold stared at Lu Yuan. After a while, he grinned and showed a sneer:

‘Find a chance and kill him once. The conflict between humans and us is getting more and more intense now. It won’t be long before there will be another war. Their human genius can be suppressed as much as possible. Don’t let him grow too comfortable. .’

The slender kobold nodded and smiled:

‘I see.’

.....

Wizard area.

Two handsome elves looked at Lu Yuan:

‘That human, have you investigated him?’

‘Not yet, I heard that the strength is good, but there are many geniuses of this level every year. I am afraid that there are a lot of geniuses of the Elf race this year that are stronger than him.’

‘Oh, then it’s not worth paying attention to.’

.....

cat people area.

A beautiful cat woman with a fiery figure, wearing leather armor and long white hair, looked at Lu Yuan and withdrew her gaze.

She frowned slightly and asked:

‘Is the news about the ruins spread?’

Beside her, a young cat man nodded: ‘Team leader, it has been passed out.’

‘Can Your Highness Ye Ye arrive?’

The cat young man showed a look of embarrassment:

‘this...’

‘Huh? What’s the matter? Although His Royal Highness has just awakened, but with His Highness’s strength, if she can come over, this time the remains must be occupied by our cat people.’

The white-haired cat woman frowned slightly.

‘His Royal Highness said that she had encountered a boss-level Gale Eagle, and it looked like it was delicious...she went after it.’

‘...’

The white-haired cat woman was silent.

Then she showed a look of worship: ‘As expected of her highness! You can hunt down the boss-level beasts as soon as you wake up. Under the leadership of your highness, our empire will definitely go further!’

The cat young man also nodded with admiration.

‘His Royal Highness Ye Ye’s talents are well known to everyone.’

‘In this case, let’s not disturb His Royal Highness Yaxing. A small ruin is really nothing to His Royal Highness.’

.....

In the mixed race area, a cat man in a blue robe and a kobold in a battle armor are also looking at Landing Yuan at the moment.

The cat man raised his eyebrows:

‘This skin turned black combat skills...Is it the ‘Black Knight’ Lu Yuan who killed a large number of beasts every day?’

The kobold grinned: ‘It should be him, but I didn’t expect him to come too. This time there are a lot of famous genetic warriors.’

The cat man shook his head, a little disdainful:

‘Huh, this ‘black knight’ was only in the outer circle before. Although the defensive ability is commendable, the real strength is actually not strong, and it is not worth paying more attention to.’

Kobold also nodded, expressing agreement:

‘Yes, the ones that really deserve attention are Kaman the Iron Axe, Kong Qian the Venomous Scorpion, and Ping Xing the White Cat. They are all more than 80% temperamental, and they have recorded the true essence of the elite genes. Strong. Compared with them, Lu Yuan is still a little bit tender.’

‘It is true, this kind of strength dares to come to the ruins, I am really not afraid of death. A genius like him still has not suffered. It is good to die this time so that he can understand the cruelty of reality. Hahaha.’

The kobold said, ‘Don’t worry about him, wait for the ruins door to open.’

The cat man nodded, and both of them looked in the direction of the ruins.

.....

Lu Yuan and his party came to the square and saw many people in the square looking over. Zhuo Ming lowered his head slightly and couldn’t help but whispered:

‘It seems that there are so many strong people! And it seems that many people are watching you, Brother Yuan.’

Green looked around and smiled:

‘Lu Yuan’s strength is strong, and it is normal for these people to pay attention to Lu Yuan. After all, Lu Yuan has earned the title at such a young age.’

Lu Yuan also noticed that many people were watching him.

He smiled: ‘Just look at it, and there will be no less meat.’

Green said: ‘Lu Yuan, let’s go to the human side? After the ruins are opened, it may become chaotic. It is safer to follow the same clan.’

Lu Yuan nodded: ‘I think so too, let’s go over.’

A group of people walked towards the human camp area.

A slender young man in leather armor smiled when he saw Lu Yuan and others approaching:

‘Black Knight’ Lu Yuan? I didn’t expect to meet you here.’

Lu Yuan glanced at the young man, was taken aback, smiled and nodded:

‘Hello.’

‘My name is Liu Xia, this is my team, and we are the explorers of the Tianfu Consortium.’

Liu Xia introduced herself with a smile.

‘Tianfu Consortium? The Tianfu Consortium, one of the ten largest consortia in the world?’

Zhuo Ming said in surprise.

‘This little brother also knows our consortium? Yes, our Tianfu consortium is indeed one of the top ten consortiums in the world.’

Liu Xi raised his head slightly, and his smile became brighter.

He looked at Lu Yuan and continued:

‘By the way, Brother Lu Yuan, I heard that you haven’t joined the organization yet? Do you want to join our Tianfu Consortium? I will give you a recommendation. With your talent and strength, I guarantee that the salary will not be low! Just join, 500 million yuan per year The annual salary is the bottom line! If your strength improves, you will be at the fighter level, the combat division level, it will definitely be higher!’

Liu Xi’s words caused Zhuo Ming, Green and others to stare with shock.

‘500 million a year! Or the bottom?! Isn’t Yuan brother only at the trainee level?’

Zhuo Ming couldn’t help but exclaimed in a low voice.

Not only Zhuo Ming, even Green and the others can’t believe it.

If they hadn’t heard it with their own ears, they would definitely not believe it.

Isn’t money treated as money?!

Liu Xi saw the shocked look of several people, and smiled:

‘Other trainee fighters certainly don’t have such a high price. UU Reading [www.uukanshu.com](http://www.uukanshu.com), but the Lu Yuan brothers are geniuses, they must be different.’

Several people in Green felt sour after hearing the words.

People don't need to do anything, they earn 500 million a year. They desperately venture to hunt down the beasts, but they earn millions a year, and they can only reach tens of millions if they are better.

The difference between people and people is sometimes greater than that between people and dogs.

Lu Yuan was also a little unexpected.

The price is indeed a bit high.

When he first awakened, none of those consortia gave the highest amount of 1 million.

Unexpectedly, there are now 500 million.

However, he thought for a while, with his current strength, as long as he works hard, it is not difficult to make millions every day.

There is no need to join the consortium.

Although the Tianfu consortium gave a lot of money, it would definitely lose freedom accordingly.

Lu Yuan has made up his mind not to be a hitman.

It's impossible to work part-time, even if you give him more.

He smiled and shook his head:

'I have no plans to join the consortium for the time being, sorry.'

A trace of disappointment flashed in Liu Xi's eyes, and then smiled: 'It's okay. If you change your mind, you can contact me at any time. Our Tianfu Consortium has a base in Shayan City.'

'no problem.'

Just as the two were communicating, Bertha Vimy brought a group of kobolds to the small square.

Seeing the ruins, Bertha Vimy's eyes lit up and a smile appeared.

However, she soon saw Lu Yuan talking and laughing with Liu Xi.

Her pupils shrank, and a hideous look appeared on her face.

'Is that human?! I didn't expect him to be here!'
