

Chapter 57: My Genes Evolve Infinitely

WANG XIANGXIANG

Leaving the place of origin, it was already bright outside the window. Lu Yuan checked the time, and it was already 10 o'clock in the morning.

Luyuan entered the Land of Origin at 10 o'clock last night.

In other words, with Lu Yuan's current strength, he could stay in the Land of Origin for six days.

Compared to before, there is more time.

He leaned on the bed, picked up the phone and looked at it. There were a lot of news in the phone.

Most of them are news from the group, the class group, the future God of War group.

Among them, there is a message from @他 in the future War Gods group.

He clicked to see that it was Wang Xiangxiang's.

Wang Xiangxiang: '@陆缘 We are all empty today. Let's have a meal together tonight? You were kind of a treat!'

The time is just after nine o'clock.

Lu Yuan smiled and returned a message:

'No problem, you choose where to eat.'

As soon as the news of Lu Yuan was sent out, Wang Xiangxiang responded.

Wang Xiangxiang: 'Oh~ the busy people came out? How did you get today? Did you die out?'

Lu Yuan: 'The harvest is not bad, I didn't die.'

Wang Xiangxiang: 'Hey, disappointed, you haven't died even once.'

Lu Yuan: 'Don't be envious, after all I am strong.'

Wang Xiangxiang: 'A ghost envy you! I am stronger than you!'

Cao said: 'Lu Yuan, what is the tempering degree now?'

Lu Yuan thought for a while, and replied: '50%.'

Before he came out, he absorbed some moonstone essence, and the tempering degree had reached 80%.

But saying 80% is a bit too exaggerated, Lu Yuan still said a little bit less.

Wang Xiangxiang: '???'

Cao Yan: '???'

Gu Yu: '???'

Winnie: '???'

Molly: '???'

A series of question marks emerged.

Even a few people who didn't speak were blown out.

Apparently they are all peeping at the screen.

Peeping at the screen is the same thing as repeating, it can be said to be human nature.

Gu Yu: 'Fuck! Brother Yuan, are you serious?! How on earth did you achieve 50% so quickly?!'

Lu Yuan: 'Good luck this time, I came across a ruin. It's a bit of a gain.'

Lu Yuan thought for a while, and he only added more than two hundred moonstone essences with a little moonstone spirit dew, which was about six to seven hundred thousand spirit crystals.

is really not a big gain.

Cao said: ‘Relics?! There are relics in your Sandstone City? Are you so lucky?! Why don’t we in Stormwind City?’

Molly: ‘We don’t have any bone city either, I am very dissatisfied!’

Wang Xiangxiang: ‘@卓鸣小鸣子, get out and get beaten! There are ruins on your side?’

Zhuo Ming didn’t reply.

Winnie: ‘I’m afraid Xiao Naruko hasn’t come out yet, right?’

Gu Yu: ‘Wow, Zhuo Ming won’t take off too? Then I am a weak chicken?’

Winnie: ‘? Thank you for being offended.’

Molly: ‘Gu Yu, are you floating?’

Wang Xiangxiang: ‘I don’t care! Lu Yuan, I want to go to the Jiuhu Restaurant!’

Lu Yuan: ‘Then you continue to think about it.’

Wang Xiangxiang: ‘???’

Cao said: ‘Nine Lakes Restaurant is fine, but at least you can’t invite us to a roadside stall? Why don’t you celebrate such a big harvest?’

Lu Yuan thought about it, and thought it made sense: ‘That’s okay. Where do you want to eat?’

Wang Xiangxiang: ‘Nine Lakes Restaurant!’

Lu Yuan ignored her directly.

Winnie: ‘I know a very delicious restaurant called Nine Walnuts. There are a lot of creative dishes in it, which are very delicious. And it’s not far from our side, just beside the Jiuhu Commercial District.’

Molly: ‘Of us, Winnie knows how to eat, I’ll stand Winnie.’

Gu Yu: ‘Then go there?’

Lu Yuan saw that it was not far from the edge of the Jiuhu business district. It happened that he was going to the Jiuhu business district later, so he could drop by.

Lu Yuan: 'Then that one.'

After , several people set a meeting time at five o'clock in the evening.

After all, everyone is a genetic warrior. Except for the dead who need to regain their spirits and cannot enter the land of origin, everyone else has to enter the land of origin at night, so they will not eat too late.

After made an appointment, Lu Yuan withdrew from the group news.

In addition to various group messages, Zhuo Ming and Wang Xiangxiang also sent him private chats, which were all emojis and sand sculpture chats.

In addition to a few of them, Li Qinghe also sent a message.

was sent at seven o'clock in the morning.

'Brother Yuan, put breakfast on the table in the living room, remember to eat~'

Lu Yuan couldn't help but smile when he saw the news.

During this period, Lu Yuan came out from the place of origin more and more late, and in the next few days he did not meet Li Qinghe in the morning.

However, Li Qinghe would still put breakfast on the table in the living room to remind Lu Yuan to eat.

Lu Yuan got up, stretched out, and walked out of the room.

On the table in the living room, he found a few buns and a cup of soy milk.

Lu Yuan took a bite of the bun and walked out the door.

After arriving at the Jiuhu business district, Lu Yuan first went to the crazy wolf material store to sell all the materials.

During this period of time, Lu Yuan also saved more than 4 million through selling materials.

This is what he left after buying various potions and supplies.

It is conceivable that Lu Yuan has made a lot of money during this period.

After selling the materials, Lu Yuan came to the Jiuhu business district and strolled around.

After filling up the necessities for entering the place of origin, Lu Yuan found that there was nothing to buy.

A few days ago, Lu Yuan would come to buy necessities basically every day, and when he had money, he would also come to buy something.

Such as clothes or something.

After all, he used to be very poor, and the clothes he wore were all whitewashed clothes that had been worn for several years.

Although it looks clean and can be worn, Lu Yuan got a new one.

After all, the hierarchical system of Xili City is stricter than that of the previous life, and the stratification of status and strength is obvious.

is worn, these superficial things best reflect a person's strength and status.

Lu Yuan didn't want to be provoked by anyone because of his shabby clothes.

He is not the kind of person who has the evil taste of pretending to be a pig and eating a tiger.

That is a waste of time.

Not only that, Lu Yuan also bought Li Qinghe some clothes and cosmetics as gifts.

Although Li Qinghe was very happy after harvesting, it was still useless.

'Brother destiny, you can give this to my sister, my sister is very happy, but this is a slum area, you wear this clothes for me, are you afraid of me being robbed? Sister, I am not a genetic warrior.'

At that time, Li Qinghe smirked at Lu Yuan, but what he said made Lu Yuan sober.

It is true. Outside the slums, the legal and moral constraints are very low, and there is not much danger.

In a dark area like a slum, even the law is dispensable, and only power can be relied on.

Li Qinghe A weak woman walking outside wearing expensive clothes is too dangerous.

Lu Yuan didn't say much.

can only wait for Li Qinghe to leave the slum afterwards.

Lu Yuan walked around at random and sat down in a coffee shop.

The waitress in black uniform came over. After seeing the genetic war pattern on Lu Yuan's wrist, her pupils shrank and bowed respectfully:

'Dear Sir, what do you want?'

'A cup of latte.'

'Okay, wait a minute, we'll get ready right away.'

The waitress was very efficient, and it didn't take long for the coffee to be served.

'Sir, your latte is here.'

Lu Yuan nodded and smiled: 'Thank you.'

'You're welcome, is there anything else you need?'

'temporarily unavailable.'

'Okay, if you have any needs, please feel free to call me.'

The waitress bowed and retreated.

Lu Yuan was drinking coffee while thinking about Hei Gangjin's way of exerting his strength.

Summarize the effect of yesterday's training.

The human core power group is somewhat different from the Shiman tribe, but the principle of force generation is similar.

As long as the principles are connected, it is not difficult to learn.

Lu Yuan has military physical fist and military physical killing sword as the basis, and it is not bad to control his own power.

Just yesterday's practice, Lu Yuan has found the way.

As long as you work harder in the next period of time, you will be able to master the first level very quickly.

At that time, he can directly increase his strength by 50%, and his combat power will increase by a large margin.

I don't know how long it took, Lu Yuan heard a crisp voice behind him.

'Lu Yuan!'

Lu Yuan turned around to look.

A girl with long straight black hair, wearing a white T-shirt and blue denim hot pants walked over.

The girl has a bright smile on her face, her eyes are delicate and beautiful, and her figure is even hotter and tall.

Especially those long white and straight legs, very dazzling.

Most of the eyes of the customers in the coffee shop looked over.

Especially men, their eyes gleaming.

Sitting in the corner, a bald man and a handsome blond young man saw the girl, their eyes lit up.

'This girl is pretty good.'

The bald man raised his black alloy prosthesis and touched his face, grinning.

The blond young man smiled and said, 'If you like it, go and strike up a conversation? Anyway, you are also a hunter in the wilderness. You have millions of income when you go out this time? Isn't it possible for a little girl to get it done?'

But soon, the blond youth froze after seeing the golden genetic war pattern on the girl's wrist.

'It turned out to be a genetic warrior?'

The bald man who was a little moved was taken aback and looked at the girl's wrist.

After seeing the faint genetic war pattern, his face changed slightly and his gaze was retracted.

‘Hey, I didn’t expect to be a genetic warrior, so don’t provoke me.’

‘Um.’

The two lowered their heads and continued to drink coffee.

Not only the two of them, every customer in the coffee shop saw the genetic war pattern on the girl’s wrist, and their expressions changed. They all looked back and did not dare to look more.

The girl came to Lu Yuan’s side, pulled the chair carelessly and sat down, looked at Lu Yuan, and said with a smile:

‘Lu Yuan, are you totally different now from before? You are much gloomier in my impression than now.’

Lu Yuan smiled: ‘I have become a genetic warrior. Isn’t it normal to change a little bit? It’s you, Wang Xiangxiang, that hasn’t changed at all.’

Wang Xiangxiang straightened his chest and squinted at Lu Yuan: ‘You can donate your eyes to those in need. Who said I haven’t changed? My lady, my figure is not better than before?’

The coffee in Lu Yuan’s mouth almost came out.

He was full of black lines: ‘I’m talking about character.’

‘Oh. Waiter, let’s have a cappuccino.’
