

Chapter 82: My Genes Evolve Infinitely

SIMULATION ROOM

Inside is a small room about ten square meters with silver-white walls, empty and empty.

Lu Yuan was stunned after opening the door.

This is the first time he has come to the simulation room, and he didn't expect it to be like this.

How to simulate this?

Lu Yuan looked around, and there was really nothing except the door.

At this moment, a light curtain appeared in front of Lu Yuan.

There are various simulated data indicators on the light curtain.

is roughly divided into two aspects: environment and opponents.

Environment includes terrain, weather, gravity and many other aspects.

and opponents include cultivation level, rank, type, and even specialties can be chosen by themselves.

can be said to be quite humane.

Lu Yuan looked at the light curtain with surprise on his face: '500 Lingjing is worth an hour.'

This kind of thing can simulate for you, whether it is the environment or the opponent, and let you practice, 500 Lingjing in an hour is really not a loss.

Lu Yuan licked the corner of his mouth, and started to choose with some expectation.

Lu Yuan thought for a while, and directly chose a flat land. The opponent was the leader of the ancient sea giant crocodile that Lu Yuan had encountered before, and his tempering degree was 90%.

‘Let’s do it, let’s try to see how the improved strength is now.’

After Lu Yuan confirmed, the whole room suddenly lit up with a dazzling white light.

The original silver-white walls spread in all directions, and then disappeared. Lu Yuan appeared on a flat ground covered with sand and rocks.

In front of him, a huge ancient sea giant crocodile appeared.

The ferocious unicorn and the pitch-black leather armor were exactly the same as the one Lu Yuan had encountered before.

Even in terms of aura, it was much stronger than the one Lu Yuan had encountered before.

After seeing Lu Yuan, the leader of the ancient sea giant crocodile suddenly let out an angry roar.

Lu Yuan pursed his lips, showing a slight smile:

‘bring it on.’

A faint crimson light emerged from his body, and the powerful aura of Lu Yuan rose again at this moment.

As if feeling the power of Lu Yuan, the ancient sea giant crocodile roared and took a step back.

Seeing this scene, Lu Yuan was a little surprised.

Didn’t expect this simulated ancient sea giant crocodile to be so wise?

can feel his power?

Lu Yuan didn't want this ancient sea giant crocodile leader to be afraid to run away. He didn't even take the heavy sword and walked towards the ancient sea giant crocodile leader step by step.

'Roar!'

As the land edge got closer, the leader of the ancient sea giant crocodile roared like a demonstration.

Lu Yuan didn't stop. When he was about ten meters away from the ancient sea giant crocodile leader ~www.mtlnovel.com~ the ancient sea giant crocodile leader finally couldn't help it.

It roared, a blue light flashed on its horn, and three water arrows quickly condensed in the air.

嗤嗤嗤!

The water arrow dashed through the air and shot towards the landing edge at an incredible speed.

Lu Yuan raised a smile, opened his hands, showing no defense at all.

Three water arrows fell on Lu Yuan's body at a very fast speed.

Boom boom boom! !

A violent roar sounded, and water vapor splashed everywhere.

Lu Yuan stood there quietly, motionless, he didn't even feel any pain.

Lu Yuan touched his forehead, and there was a trace of water.

A water arrow hit his forehead directly before, but he felt as if he was being massaged. Not only did it hurt, but it was a bit refreshing.

The ancient sea giant crocodile leader saw that Lu Yuan was unscathed and let out a weird roar, then his huge body turned abruptly and ran away.

Lu Yuan was taken aback: ‘ ???’

..... The simulated fierce beast will escape ?

He tugged at the corner of his mouth, his legs bend slightly, and he slammed ** the ground.

Boom!

There were a series of tiny cobweb-like cracks on the location of Lu Yuan, and his body disappeared in place.

In the next instant, Lu Yuan appeared on the head of the ancient sea giant crocodile more than ten meters away.

He raised his right foot and slashed like a battle axe.

Boom!!!

The deafening roar sounded, and the head of the ancient sea giant crocodile fell heavily to the ground, cracking the ground, and the crack stretched for several meters, and the original running body of the ancient sea giant crocodile stopped abruptly.

Accompanied by a burst of intensive bone cracking, the leader of the ancient sea giant crocodile with a tempering degree of 90% died on the spot.
