

Chapter 94: My Genes Evolve Infinitely

THE ANCESTORS OF WAR SAGE, GENETIC INHERITANCE

Lu Yuan glanced at the black long sword parked in front of him, the corners of his mouth twitched suddenly, his scalp numb.

almost died.

A trace of heart palpitations flashed in Lu Yuan's eyes.

When faced Ye Ye, she realized how strong she was.

Standing in front of Lu Yuan every night, looking at Lu Yuan blankly, she tilted her head, as if thinking about something.

Then her eyes lit up and she looked at Lu Yuan: 'You are a grilled fish!'

Lu Yuan: '.....'

The corners of his mouth twitched suddenly.

Good fellow, this catwoman actually remembers that he was grilled fish ? !

He is so handsome!

Lu Yuangan smiled and said:

'Master Ye Ye has a good memory, I didn't expect you to remember me.'

looked at Lu Yuan every night, his dark eyes did not fluctuate, and then he withdrew the long sword:

'Hmm. The fish you grilled is delicious.'

Lu Yuan fell silent and corrected:

‘That’s a crocodile.’

‘A crocodile is also a fish.’

‘A crocodile is not a fish! It is an amphibian!’

Lu Yuan spoke again, this is obviously a matter of common sense.

Lu Yuan felt that he had to correct Comrade Ye Ye.

glared at Lu Yuan every night, and squeezed the long sword in his hand, his voice increased a bit with strength:

‘A crocodile is a fish!’

Lu Yuan: ‘…….’

He glanced at Ye Ye’s hand holding the long sword, and said solemnly: ‘Master Ye Ye is really amazing! You can see that the crocodile is a fish at a glance! I was wrong!’

Ye Ye also nodded in satisfaction, and then his body disappeared and reappeared, already on the back of the misty dragon.

Lu Yuan took a look. A cyan light group and two green light groups appeared on the Misty Earth Dragon, and there were a lot of spirit crystals on the side.

Ye Ye was picking up things, a trace of envy flashed in Lu Yuan’s eyes.

A good thing dropped by the Misty Dragon.

He thought about it, and landed on the branch.

He asked curiously, ‘Where is Lord Ye Ye going?’

Since I came to the misty forest every night, I obviously planned to cross here and go to other cities, but there seemed to be several cat people’s cities, so Lu Yuan asked.

After picking up the things every night, they landed on the ground, the long sword slashed across, and easily cut open the misty dragon's lin armor, and began to collect materials.

'I'm going to Nether City.'

Lu Yuan's eyes lit up and a smile appeared:

'I'm going to Tianluo City, just on the way, should I go together?'

Ye Ye is very strong, and if he follows him, Lu Yuan feels that he can also be safer.

There is a thigh hug, of course you have to hug the thigh.

Lu Yuan's mouth is not very good, and I prefer to eat soft ones.

After a meal every night, he looked at Lu Yuan and hesitated.

Lu Yuan smiled and said, 'I can barbecue Lord Ye Ye.'

Then he saw Ye Ye's eyes light up and nodded: 'Okay.'

Lu Yuan showed a slight smile.

At this time, Ye Ye had already collected the materials. Not only that, she also collected a lot of the flesh and blood of the Mist Dragon, obviously intending to roast it.

'Let's go.'

Ye Ye turned and went deep into the misty forest, and Lu Yuan followed.

Not long after, an elite-level misty poisonous python rushed down from a tree in the forest and rushed towards Lu Yuan.

The strength of this elite misty poisonous python is not too weak, but it is not too threatening to Lu Yuan.

He squinted his eyes and was about to make a move. A sword light ran across the body of the misty poisonous python.

Suddenly, the misty poisonous python broke in two and fell to the ground, losing its vitality.

Lu Yuan's pupils shrank, and he looked at Ye Ye.

The long sword in Ye Ye's hand seems to have not moved.

Lu Yuan smiled and said, 'Master Ye Ye is really strong.'

Did not notice Lu Yuan's words every night, she looked at the body of the poisonous python and muttered softly:

'Snake meat seems to be delicious, collect more...'

Lu Yuan: '.....'

You are happy.

Then Lu Yuan saw that Ye Ye took out a large piece of white snake meat and collected it into the space. On the contrary, she did not want the most precious snake skin and fangs, and she did not want the internal organs such as poison sacs.

Just snake meat.

Lu Yuanren is a little confused:

'Master Ye Ye, don't you want leather armor, fangs and poison sacs?'

Ye Ye Ye shook his head: 'These are not tasty.'

'???' Lu Yuan was a little dumbfounded, 'but these can sell spirit crystals.'

Ye Ye's face is still flat: 'My space is used to put delicious food, I can't put it down.'

Lu Yuan: '.....'

sorry.

is my size is smaller.

Can I say a rich woman asks for support?

Look at Lu Yuan every night: 'If you want, give these to you.'

Lu Yuan's face suddenly showed a smile: 'Okay, thank you Lord Ye Ye.'

Then the two continued to deepen into the misty forest. Lu Yuan basically had no chance to attack. All the beasts that wanted to sneak attack on them were all killed by Ye Ye Yijian.

Then it's time to collect ingredients every night.

The meat of ordinary fierce beasts is not needed every night, as long as the meat of elite fierce beasts is above.

As for materials and the like, as long as they are not edible, she doesn't want them.

Until now, the only material Ye Ye collected was the Mist Dragon.

All these are naturally cheaper by Lu Yuan.

Lu Yuan was surprised to find that the speed of collecting this material was much faster than when he was hunting fierce beasts alone.

It is safe and rewarding along the way.

Niu wow, Comrade Ye Ye!

When the time came to night, the sun went down, and the originally dim forest gradually fell into darkness.

Seeing this every night, he said: 'I won't go today, I want to eat.'

She looked at Lu Yuan.

Lu Yuan consciously patted his chest: ‘Don’t worry, Lord Yeye, I’ll bake it for you!’

nodded in satisfaction every night.

The two of them found an open space with a radius of more than 20 meters.

After , a gray-white prismatic stone pillar was taken out every night.

She placed the stone pillar in the center, and then put another spiritual crystal into the notch above the stone pillar.

hum!

A strange sound sounded, and the gray-white light spread out from the stone pillar, forming a gray-white light mask, covering the entire open space.

After , the mask fluctuated and disappeared.

Lu Yuan glanced at the disappearing mask, and asked curiously:

‘Master Ye Ye, what is this?’

‘Hiding the stone, you can simply hide the breath.’

Ye Yeren looked expressionless and a little cold, but actually had a good temper. She basically answered the questions Lu Yuan asked along the way.

Lu Yuan glanced at the hidden stone, a little envious.

He has never seen anything like this in Shayan City. Maybe he brought it out from home every night, right?

After , Lu Yuan saw that Ye Ye took out a small model of the room.

She put the model of the room on the ground, and in Lu Yuan’s bewildered eyes, the model kept getting bigger, and finally turned into a two-story building with a radius of about ten meters.

Lu Yuan: ‘???’

can still change out of the room?

You are a dream of every night, right?!

The dark metal building looks like a small fortress.

Lu Yuan looked at Xiaolou and asked curiously:

‘Master Ye Ye, what is this again?’

‘The Traveler’s Cabin.’

While talking every night, she opened the door of the hut.

Before entering the door, she thought for a while, took out a piece of flesh and blood exuding a strange fragrance, and handed it to Lu Yuan.

‘Eat this meat at night.’

Lu Yuan took the flesh and blood.

This is the meat of that misty dragon.

He had seen it before.

‘Okay, Lord Ye Ye.’

‘Um.’

nodded every night, entered the traveler’s cabin, and closed the door.

Lu Yuan: ‘.....’

Watching Ye Ye close the door, Lu Yuan admitted that he was sore~www.mtlnovel.com~ He was hunting in the wild, really just to survive.

But Ye Ye feels like camping.

How can the gap between people be so big?

Lu Yuan couldn't figure out where the problem was.

However, he came to barbecue after all, and Lu Yuan still did not forget his job.

Take out the tools, seasoning, light a fire, and start roasting.

When the barbecue turned golden and the smell became stronger, I walked out every night.

Lu Yuan took a look, and found that Ye Ye's hair was a little wet, her skin was originally white with a hint of rosy, and there was a little water vapor around her.

Lu Yuan's mouth twitched.

turned out to be taking a bath.

You can take a hot bath in the wild...

What can he say?

After , squatted down on the edge of Luyuan every night, staring at the barbecue.

Lu Yuan gave a dry cough:

'Master Ye Ye, it's alright.'

Lu Yuan took out the plate, cut the barbecue, and handed it to Ye Ye.

I tasted every night, my eyes lit up, and I continued to eat.

Lu Yuan was very satisfied with Yeye, and seemed to be in a good mood. He pondered and planned to chat with her:

‘Master Ye Ye is really strong, the genes you burned should be boss level or higher, right?’

nodded every night: ‘Yeah.’

Lu Yuan’s pupils shrank.

is really an extraordinary gene above the boss level ? !

‘Can the first gene be boss-level or higher?! Will it not explode and die after burning?’

Looking at Lu Yuan every night, there was a hint of pride on her expressionless little face. Although her voice was still cold, she raised the volume:

‘My ancestor was a war saint, and I inherited his extraordinary genes.’
