

## Chapter 97: My Genes Evolve Infinitely

### FAREWELL, GOOD LUCK

Back home, Lu Yuan went to Battle.net and the mall as before.

Waiting until the next day, I entered the land of origin again.

As soon as he entered the land of origin, Lu Yuan saw the traveler's hut on the side.

Ye Ye is already online.

Seeing that Ye Ye was already waiting for him, Lu Yuan walked over and knocked on the door.

Soon, Ye Ye came out.

'You came?'

'Um.'

'Then go.'

The two continued to set off.

Three months after the origin time.

In the misty forest, Ye Ye and Lu Yuan shuttled between the forests extremely quickly, almost turning into afterimages.

At this moment, Ye Ye stopped suddenly.

Lu Yuan suddenly became vigilant and looked around.

Every time I stopped every night, I basically encountered a powerful beast.

At this moment, every night said:

‘I want to get out of the misty forest from here.’

Lu Yuan was taken aback for a moment, then remembered something, and looked towards Yeye:

‘Nether City in this position?’

‘Um.’

Lu Yuan’s mood is a bit complicated.

In the place of origin, more than three months have passed, and more than a week has passed since the actual time.

They circled the periphery of the foggy forest.

There were too many dangers in it. If it weren’t for every night, Lu Yuan would find it difficult to get here several times.

In his heart, Lu Yuan was very grateful to Ye Ye.

Coupled with the time spent getting along, Lu Yuan also knew that although Ye Ye looked rather cold, in fact, he was a very gentle girl. He still had a good impression of Ye Ye.

I didn’t expect to be separated so soon.

Then he thought of something, a little embarrassed:

‘I will go out with you, Master Ye Ye.’

After all, there are quite a few Tier 2 fierce beasts rampant here in a position that is biased towards the depths of the foggy forest.

Without Yeye, he would not dare to take this road alone.

Can only continue to walk to the outermost periphery of the misty forest, passing from the Tier 1 fierce beast area.

Although the distance will be farther, the victory is safe.

Every night nodded.

The two ran towards the periphery.

After another hundred kilometers, the surrounding fierce beasts were almost all Tier 1, and Lu Yuan stopped.

He looked at Ye Ye and said seriously:

‘Come here, thank you Lord Yeye for taking me here. Since we are all in Baiyunzhou, there should be a chance to meet in the future. If you need help in the future, just tell me.’

Every night, he glanced at Lu Yuan and said seriously: ‘Your barbecue is getting better and better during this time.’

The corner of Lu Yuan’s mouth suddenly twitched: ‘Next time I meet, I will grill Master Ye Ye again.’

Ye Ye nodded with satisfaction: ‘Yeah.’

With that, Ye Ye nodded to Lu Yuan, his body turned into an afterimage and disappeared.

When Ye Ye left, the surrounding environment became quiet, and only the roar of the beast came out in the distance.

Lu Yuan rubbed his forehead. He had always been walking with two people. Although Ye Ye talked very rarely, he is still a bit unaccustomed to becoming one person now.

‘Let’s go, fortunately it’s coming soon.’

The distance between Tianluo City and Nether City is not too far, at the speed of Lu Yuan, at most ten days can be reached.

The land margin continues to move to the northeast.

late at night.

In a slum area of Xili City, in an ordinary room.

Li Qinghe sat on the sofa, and Flaming stood in front of her, reporting respectfully:

‘My lord, after a week of investigation, we have investigated most of the suspects. In the turmoil a week ago, most of them had evidence of their absence. Only six people did not know where they were at the time, but Of these six people, after our investigation, only Xue Ren of the Wild Dog Gang, Ellis the Lone Walker, and Lucius the Wilderness Hunter were not seen in the next few days. The other three had no injuries left by adults. We. It is guessed that the alien object is on one of the three of them.’

Li Qinghe nodded slightly:

‘Judging from the damage I caused to him at the time, he was unable to act in a short time, but it is not ruled out that the alien substance has the ability to heal. So he may also have recovered. The host of the alien substance that is about to be assimilated is no longer normal. People, he certainly can’t resist the desire brought by the alien, and will attack others again.’

Li Qinghe fell silent, took a cigarette, thought for a moment, and continued to speak: ‘The last time I appeared, he should be vigilant. The next time he is attacked, he shouldn’t make such big moves blatantly. He will be more vigilant. With the strength he showed at the time, the souls of ordinary people can no longer meet his needs, and he is likely to attack strong men such as genetic warriors. Send some people to find Xue Ren, Ellis and Lucius. In addition, Keep an eye on the genetic warriors in the ghetto, they may become the target of the host of alienation.’

‘Yes!’

At this moment, Lin Hong rushed in with an ugly expression:

‘My lord! That host has acted again. Just now I received a report from the local night watchman that Carlyle, the deputy leader of the Scorpion Gang, died in his own home.’

Li Qinghe narrowed his eyes: ‘Have you recovered?’

She sneered: ‘At this point, he still couldn’t resist the temptation. It is completely different from the previous cautious and low-key. After all, it is just a host of alien substances driven by greed. Staring at other genetic warriors, once an attack, there will be a first Twice.’

‘Yes!’

In another room in the slum area.

The shadows flowed, and Xue Ren walked out of the shadows.

Compared to before the injury, Xue Ren’s face was even more indifferent, with a trace of evil in his eyes.

He sat cross-legged on the bed, a black bead circulated in front of him, and a strange scream came out.

Strands of black mist spilled from the black beads and merged into his body, his breath continued to grow stronger.

After a while, Xue Ren opened his eyes, and there were wisps of black mist in his eyes.

A hideous color appeared on his face:

‘Damn those lingering night watchmen’s previous actions caused too much influence. If this goes on, it won’t take long before they will be sure that it is mine. My strength is not enough, I need to be stronger!’

‘But now that even killing a genetic warrior will be discovered, what should I do?’

Xue Ren's face became more and more ferocious, and as his breath fluctuated, the black mist around his body gradually became thicker than before.

'Find a way to inform the genetic warriors of other gangs to gather in the name of discussing the development of the gang, and then eat them. No, no, in the current situation, the genetic warriors of other gangs must be monitored. I rashly invited them, but they will be completely locked in. I. I can't do it another way!'

Then a gleam of light flashed in his eyes, he took out the phone, and a look of indifference appeared on his face.

He dialed a number.

beep!

beep!

beep!

The phone was connected, and a cold voice with a hint of mockery came from the other side:

'Oh, it's rare, you would take the initiative to call me.'

Xue Ren's majestic voice sounded:

'You come back, I have something to tell you.'

'Hehe I said, I won't go back! When I go back, that's when I get revenge!'

The black mist on Xue Ren's face fluctuated, and then a struggling color appeared on his face.

He opened his mouth, trying to say something, but the black mist on his face thickened again, and his face returned to indifference again.

He spoke lightly:

‘What I want to say is about your mother.’

The opposite fell silent.

After a while, there was a cold voice on the other side:

‘I will come in three days.’

‘Um.’

Xue Ren hung up the phone silently, with a gloomy light in his eyes, and the corners of his mouth raised, revealing a trace of evil danger.

‘Xue Wang is a Tier 2 fighter. If you eat him, it can be worth a hundred trainee level genetic warriors. At that time, my strength will definitely be greatly improved.’

Crazy Wolf Material Store, in a room behind the store.

The desk lamp flashed dimly, Xue Wang leaned against the bed, and the black sunglasses were now set aside.

His pupils were weird and dark green, as if a cloud of ghost fire was burning in his eye sockets.

He hung up the phone, fell silent, and a photo appeared in his hand.

Only two-thirds of the photo shows a black-haired woman with a gentle smile hugging a thin child.

The child has short black slightly curly hair and a bright smile.

And the photo on the other side of the child has disappeared, looking from the gap, it seems to have been roughly torn off.

Xue Wang looked at the photo, and gently stroked the black-haired woman’s face with his fingers, his eyes were slightly moist, his eyes were far away, as if he was remembering something.

After a while, he recovered, put the photo away, and sighed slightly, a sharp color flashed in his dark green eyes.

the next day.

Crazy Wolf Material Shop.

Lu Yuan entered the door and saw Xue Wang packing up various materials on the counter.

Lu Yuan was stunned, looking at the somewhat empty storefronts around him.

‘Old Xue, what are you doing packing up?’

Xue Wang looked up, saw Lu Yuan, pushed his black sunglasses, smiled and said:

‘Lao Lu, are you here? I plan to go out in the past two days, so I pack my things first.’

‘Go out? Where are you going?’

Xue Wang looked at Lu Yuan and smiled: ‘This is a secret.’

Lu Yuan rolled his eyes.

Xue Wang changed the subject:

‘Are you here to sell materials? By coincidence, maybe I won’t be here tomorrow.’

Lu Yuan smiled: ‘If you are gone, I have to find a new partner.’

‘Don’t! Look, brother, except I wanted to cheat you at first, I didn’t cheat you later, right? We cooperate so happily, do you have the heart to abandon me?’

Xue Wang screamed quickly.

The corner of Lu Yuan’s mouth twitched, ‘Do you also know that you are starting to want to cheat me?’

‘Hurt, isn’t it a mistake? Don’t pay attention to these details.’

Xue Wang grinned: ‘Come on, get the goods out.’

Lu Yuan took out everything, and Xue Wang began to count.

After counting more than half, Xue Wang was a little confused:

‘Lao Lu, it’s not good this time. Why are they all first-level? The elite level materials are also scarce. It was not like this before.’

Lu Yuan rolled his eyes:

‘The thigh has reached the destination, I’m alone, it’s not bad to have these gains.’

Xue Wang looked at Lu Yuan in surprise when he heard the words:

‘Isn’t that big guy going to the same city with you?’

As he said, what he thought of, his face was a little weird:

‘Isn’t it a human being?’

Lu Yuan didn’t hide it either, smiled and said:

‘It’s a cat man.’

Xue Wang’s mouth twitched, and the look in Lu Yuan’s eyes became even stranger:

‘Men’s and women’s?’

Lu Yuan glanced at Xue Wang:

‘Woman, what’s the matter?’

Xue Wang gave a dry cough:

‘Does it look good?’

Lu Yuan thought for a while:

‘Well, it’s pretty.’

Xue Wang twitched the corner of his mouth:

‘Even the rich catwoman on the list?! I am so envious! Can you help me ask if she has any sisters or sisters?’

Lu Yuan is full of black lines:

‘Your imagination is so rich.’

He knows his family affairs, he is just a cook.

That is to say, Ye Ye is a foodie, and he happens to be able to pass the barbecue with one hand, and Ye Ye should not have eaten it.

Otherwise, where can he hold Ye Ye’s thigh?

Lu Yuan was quite self-aware.

‘Don’t! Our relationship is so good, you eat meat and can’t take care of your brother?’

‘roll!’

Xue Wang curled his mouth, muttering in his mouth and didn’t know what to say, and continued to count.

Soon, he counted things up:

‘Okay, 14.18 million in total. I’ll pass it to you.’

Xue Wang operated for a while, and Lu Yuan immediately received a text message reminder of the arrival of the account.

‘received.’

Lu Yuan glanced at the text message, then looked at Xue Wang: 'You are not in trouble, do you? Do you need my help? Although it may not be able to help.'

Xue Wang smiled and waved his hand: 'I have no difficulty. You think too much.'

Lu Yuan nodded, and said no more.

'Then I will go first.'

Lu Yuan left the material store, and Xue Wang continued to pack his things.

In the evening of the next day, Lu Yuan continued to enter the place of origin.

His body appeared in the forest.

Since Ye Ye left, he walked for more than two days.

It's not far from Tianluo City now, this time in the place of origin, it will definitely be there.

A hint of excitement flashed in Lu Yuan's eyes.

It's finally here.

On the way, he spent more than a month, which is too far.

Lu Yuan turned into a streamer, killing the Tier 1 fierce beast while continuing on his way.

A few days later ~[www.mtlnovel.com](http://www.mtlnovel.com)~ Lu Yuan was moving in the forest, and suddenly heard a roar from a distance.

There is a fight?

Lu Yuan was taken aback, and curiously leaned in the direction of the battle.

Soon, Lu Yuan approached the fighting area, and he hid behind a giant tree to observe in secret.

In the dense jungle, three kobolds and three giants more than three meters high with light gray skin like stones besieged the human in the center.

The human in the center is a petite girl with long lavender hair.

The girl looks very beautiful, her pretty face is a little fat baby, her eyes are big, her eyes are light purple, her small mouth is ruddy, and her nose is upright.

At this moment she frowned and looked angry.

But even the angry expression looks harmless, on the contrary it makes people feel cute.

This looks is not inferior to Ye Ye.

Lu Yuan, who was observing in the dark, couldn't help his eyes widening slightly.

He admitted that he was a little surprised.

but

Lu Yuan glanced at the girl's figure, his mouth twitched, revealing a trace of regret.

The girl is not tall, and she has an airpot at a young age, so she is undoubtedly a rich woman.

At this moment, purple vines shot out from the purple-haired girl's hands, and vines shot out from the trees around her body. All the vines guarded her, resisting the attacks of the three kobolds and the light gray giants, and at the same time, they will be bound from time to time. A kobold or light gray little giant throws them away.

From the girl's body, Lu Yuan felt a powerful aura, which was even comparable to him.

He glanced at the purple vine, his face was a little weird.

Wouldn't it be another genius who inherited some extraordinary genes?

My Lu is so lucky?

Can you meet two geniuses of this level casually?
