

Chapter 99: My Genes Evolve Infinitely

TIANLUO WISTERIA, AFTER THE WAR EMPEROR

One of the Kaman's staff pointed at Landing Edge, and the water mist condensed, forming a water arrow that shot towards Landing Edge.

The water arrows tore through the air, making a sharp squeal.

This power was even stronger than the ancient sea giant crocodile leader Lu Yuan had encountered before. However, Lu Yuan's expression remained unchanged, and the long sword in his hand was cut out, slashing towards the water arrow.

boom!!

The arrow was directly smashed, and Lu Yuan kept walking, continuing to rush towards the three Kamans.

Seeing that Lu Yuan could easily smash the water arrows, the three Kaman panicked.

The sword-wielding Kaman grumbled and cut open the vine, trying to escape alone.

But Amy pursed her red lips, constantly squeezing her own strength, endless vines, rushing towards the three Kamans, making it impossible for the sword-wielding Kamans to make a way for a while.

In just two breathing times, Lu Yuan had already rushed in front of the three Kamans.

During this period, the Water Arrow Kaman once again fired two water arrows, all of which were easily crushed by Lu Yuan.

After approaching the three Kamans, Lu Yuan's eyes were cold, and he immediately slashed towards the Water Arrow Kamans.

This kind of guy with long-range combat skills is the most annoying.

'Don't think about it!'

A Kaman holding a shield on the side roared and stopped in front of the Water Arrow Kaman. All his light gray skin had some stone lines, and even the shield had more stone lines.

Petrified skin combat skills.

Lu Yuan's first combat technique was petrified skin, and he naturally understood this combat technique.

Defensive ability is not bad.

but

It also depends on who you are facing.

A look of sorrow flashed in Lu Yuan's eyes, red light flashed all over his body, and Hei Gangjin burst out with all his strength.

The epee slashed on the shield.

Cang!

The powerful force caused the Shifu Kaman to fly upside down, spouting a large mouthful of blood.

Rout with one blow!

The water arrow of the water arrow Kaman hadn't condensed yet, Lu Yuan was another sword, and the red sword light flashed over and killed him.

When the remaining Kaman with swords saw this scene, their pupils contracted slightly, gritted their teeth, turned and cut towards Lu Yuan.

There was a sharp aura on the epee flashing with gray light, even if Lu Yuan turned on the red copper light, he felt a little dangerous.

This power is almost the same as that of Flame Slash.

He directly greeted him.

Cang!

The long sword collided, and the sword-holding Kaman turned white, backed back again and again, and his hands trembled.

Lu Yuan's power was too strong. With a single blow, the sword-wielding Kaman felt as if his hand was broken.

He was shocked, what kind of monster is this human ? !

It doesn't matter if the defense is strong, how can the strength be so exaggerated ? !

However, just as his thoughts flowed, the heavy sword struck again.

The powerful momentum forced the sword-wielding Kaman to roll and dodge in embarrassment.

Lu Yuan raised his eyebrows and slashed at the sword-wielding Kaman again.

The Kaman with the sword was still rolling, and a wisteria entangled him. When his pupils shrank, he saw a sword light flashing by, and his sight plunged into darkness.

After killing the sword-wielding Kaman, Lu Yuan looked at the Shifu Kaman who had fallen to the ground and struggled to get up, and he went up with a sword.

All three Kamans died.

Amy on the side saw that Lu Yuan killed the three Kamans so neatly, a look of surprise flashed in the purple Kazilan's eyes.

She knew how powerful these Kamans were, and she didn't expect to be so vulnerable in front of Lu Yuan.

Looking at the fluctuations in spiritual power, this guy should have just reached the first order, right ?

It's just that the previous strength and defensive capabilities are completely different from the soldiers who have just reached the first order.

His extraordinary genes should be very advanced.

I don't know where it is from ?

Why haven't you seen it before ?

I haven't even heard of it.

Amy didn't think about it for long. She felt her body emptied for a while. She used to urge wisteria with all her strength, which made her feel weak at the moment.

She scattered the wisteria and leaned against the tree, panting slightly.

After Lu Yuan killed the three Kamans, seeing the wisteria dissipating, he turned his head and looked in the direction of the purple-haired girl.

Seeing the purple-haired girl's face pale, Lu Yuan asked, 'Are you okay?'

The purple-haired girl smiled at Lu Yuan, and she looked cute with the delicate face of the baby fat.

She braced and waved her hand, pretending to be indifferent:

'It's just a little thing! How could this little thing be so rare that I am Amy Algaby! Don't underestimate me!'

It would be more convincing if she could not shake her body when she said this.

A black line appeared on Lu Yuan's forehead, looking at the strong purple-haired girl with a speechless expression.

He took out a bottle of spiritual potion and a bottle of healing potion, and passed them over:

'Drink it?'

Amy's pretty white face turned red.

A little embarrassed, she took the two bottles of potion, and gulped her head up and drank it.

After drinking the potion, her face quickly recovered, and her body didn't shake anymore.

An expression of anger appeared on her little face, and she waved her fist a little uncomfortably:

'If it weren't for those guys' despicable sneak attack and there are so many people, and I haven't burned the extraordinary genes with offensive capabilities that suit me, they would not be my opponents!'

When Lu Yuan heard it, the corners of his mouth twitched.

Good guys.

Listening to the little guy, she hasn't burned the first-order gene yet?

Just relying on the first gene to be so strong, is it really the same kind of person as Ye Ye?

Lu Yuan looked at this girl named Amy Algaby with some curiosity.

If this is the case, then there should be strong men above the war emperor among the elders of this little guy?

You know, it seems that there are only four war emperors in the Red Maple Empire, and there should not be many Da Qixing as a whole.

I don't know which war emperor's heir is this little guy?

Lu Yuan couldn't help being a little envious.

Others worked hard and trembling in order to burn an elite gene. As a result, these people casually inherited extraordinary genes above the boss level.

Had it not been for Lu Yuan's evolutionary cube, his mentality would have collapsed.

But in fact, think about it carefully, these people's ancestors of the war emperor did not inherit extraordinary genes before, and with their own efforts, step by step to the height of the war emperor.

It can only be said that this is a return to those war emperors.

Envy is useless, it's better to try hard to break through to the emperor, in the future, your own heirs can become the envy of others.

Of course, Lu Yuan's goal was not to the extent of Emperor Zhan.

His goal is naturally God of War, even stronger than God of War!

Amy didn't know what Lu Yuan was thinking. After she was angry for a while, she looked at Lu Yuan with a hint of curiosity in her big purple eyes:

'Huh? What's your name?'

Lu Yuan glanced at her and smiled:

‘My name is.’

‘? The last name is Lei?’

Amy tilted her head to think about it, and then looked at Lu Yuan with some doubts: ‘It seems that there is no great emperor family surnamed Lei? You are not a member of the emperor family?’

Lu Yuan smiled and nodded: ‘Yeah.’

Amy’s eyes widened, she was a little shocked:

‘Then you can be so strong? Are you the kind of super genius with no one in a million?’

When Lu Yuan saw Amy’s surprise, he suddenly thought she was quite interesting.

He nodded solemnly, looking up at the sky forty-five degrees, with a trace of loneliness like snow on his face:

‘Is it finally exposed? Actually, I want to keep a low profile. It’s just that I can’t help the anger in my heart when I see people of the same race being besieged by a foreign race, and I shot it.’

Amy pursed her red lips when she heard Lu Yuan’s words, feeling a little moved.

After all, this low-key super genius, but only to save her.

Because you saw the same race being attacked by foreign races?

What a wonderful person!

Amy defined Lu Yuan in her heart.

She took a deep breath, with a serious look on Xiaoyuan’s face, raised her hand and patted Lu Yuan’s shoulder, then banged her chest on her chest, and said solemnly:

‘Since you have saved this lady, you will follow this lady in the future! With this lady there, no one dares to bully you!’

Lu Yuan twitched the corners of his mouth as he looked at Amy’s little hand that was slapped ** his chest.

‘I have seen from the animation book that people who like it should hold hands, and then there will be babies!’

Lu Yuan: ‘?’

‘Not holding hands? Then there is a baby?’

Subway, elderly, mobile phone p

This is probably Lu Yuan’s face now.

Amy roared red: ‘Why do you repeat it again?! Don’t you know you are shy??’

Lu Yuan: ‘‘

He looked at Amy, who was about to smoke on his head, and fell silent.

After being silent, Lu Yuan asked:

‘Amy, how old are you?’

Amy smiled triumphantly:

‘Me? I’m sixteen! I’m already an adult!’

Lu Yuan was taken aback. In other words, Amy only awakened this year?

Think about it, too, with such extraordinary genes, coupled with the emperor-level family conditions, it is not simple to break through to the first level.

For them, one month is enough.

Which is like Lu Yuan, who needs his own hard work to hunt down beasts and obtain spirit crystals?

It is so difficult to break through in a month.

but

Lu Yuan looked at Amy who was smug, feeling a little numb.

Is this guy sure that his physical knowledge is sixteen years old?!

The degree of openness in this world is not much different from the previous life.

Generally speaking, let alone junior high school, even elementary school already has people who have had a relationship.

At the age of sixteen, I still think that holding hands will give birth to a baby

Lu Yuan was full of question marks.

‘Isn’t your home connected to the Internet?’

Amy squinted at Lu Yuan and said with contempt:

‘Your home is not connected to the Internet! I often watch cartoons online!’

Lu Yuan is full of black lines:

‘Except for cartoons, haven’t you checked other information?’

‘Other information? What information?’

Amy opened her big purple eyes and looked curiously at Lu Yuan.

Lu Yuan looked at Amy’s pure eyes, twitched the corners of his mouth, and laughed dryly:

‘Nothing, you are right!’

Amy is so pure, although Lu Yuan didn’t know how their family did it, but he felt that he should take good care of it.

After all, he was only sixteen years old.

Um

Although sixteen years old is no longer young.

Amy looked at Lu Yuan and raised her head slightly proudly:

‘Sure, I can’t be wrong in what I said, Amy Algaby!’

Lu Yuan nodded, then smiled and said:

‘Master Amy, I will confuse you in the future.’

‘I don’t want you to mix with me!’

Amy looked disgusted: 'Your thoughts are too clueless!'

Lu Yuan: '???'

He didn't know how to refute it for a while.

Compared with Amy, he seems really dirty!

Powerless to refute.

Sorry, as a dirty adult, I'm so sorry!

Amy glanced at Lu Yuan with a bewildered expression, paused, and said:

'Although you are not allowed to mix with me. But after all, you are my Amy's savior. Grandpa taught me that you must be aware of the gratitude of life! If you have any difficulties in the future, just tell me, I will help you solve it when the time comes. !'

Lu Yuan also smiled when he heard Amy's words.

Although his original intention to save Amy was not so, but Amy's remarks can be regarded as extra gains.

After all, this is the promise of a genius from a great family.

Lu Yuan is quite self-aware, and for him now, Amy's promise is very precious.

He asked curiously: 'Amy, which great family are you from?'

Amy glanced at Lu Yuan contemptuously:

'Have you never heard of the Algabe family? Tianluo Zhandi, then you should have heard it?'

Lu Yuan's pupils shrank slightly.

Isn't it the Tianluo City where the Emperor Tianluo is where he is going?

'Are you a descendant of Tianluo Zhandi?'

Amy stretched out her little hand proudly, her spiritual power surged, and a small piece of purple vine swayed in her hand, looking very cute.

‘That’s my grandfather! Tianluo Wisteria, you didn’t even recognize it. Hehehe is really stupid!’

Amy squinted at Lu Yuan again, then smiled while covering her mouth.

Lu Yuan has a serious way:

‘That’s naturally not as smart as Mr. Amy Bingxue~www.mtlnovel.com~ Amy is even more proud: ‘Huh! You still have a bit of foresight! If you are not so ignorant, I will let you follow me!’

Lu Yuan: “

Can we not talk about unchecked things?

I was wrong, I was really wrong.

I shouldn’t have said to Amy like promises of body.

At this moment Amy has almost recovered.

She stood up straight, carefully patted the dust on her purple robe, and said:

‘Let’s go! I’m recovering. You also go to Tianluo City? Let’s go together, my Tianluo Wisteria controls the enemy Wushuang, you just go up and chop!’

Amy stretched out her small hand and made a gesture of slashing people.

Lu Yuan smiled and nodded: ‘Okay.’

Lu Yuan thought of something. He looked at the place where the genetic warriors had died before. Some spirit crystals, materials, and even a tomahawk with a light green ray fell on the ground. It was armed by that elite kobold.

‘Almost forgot.’

Lu Yuan smiled and picked it up.

Amy looked at Lu Yuan picking up things with a hint of curiosity in her eyes:

‘Aren’t these things very cheap? Still picking them up, how troublesome.’

Lu Yuan glanced at Amy speechlessly.

Sure enough, these big guys are all the same, every night they would rather eat than ordinary materials that take up space, and Amy finds it too troublesome.

When can he dislike these ordinary materials and pick them up trouble?

hateful!

After picking up the things, Lu Yuan said:

‘Let’s go.’

The two walked towards Tianluo City.

At this moment, a thick fog suddenly floated from a distance.

The dense fog was extremely fast, covering the location of Lu Yuan and Amy almost instantly.
