

Su Meng and Little Kai Kai's unwelcome expressions were too obvious. Shen Yu'an's fatherly love brewing within his heart had all of a sudden froze over.

He knew that suddenly appearing in front of him as his father and wanting to win Yankai's trust and like was a difficult task. Not to mention, no matter how he looked at the child, he was intelligent for someone of his age. In fact, he was just like a mini adult.

As a CEO and someone with thin skin, he had not been treated like this in many years. After sitting for not too long, he got up and left.

After Shen Yu'an had left, Su Meng hugged Little Kai Kai and forcefully kissed him a few times. She continuously praised him, "Oh my, darling! A big, big thumbs up! Remember to always display this attitude before the Shens! That way, we will never have to part!"

As for Shen Yu'an's bullshit contractual marriage proposal, he can screw off!

If she wanted to marry, whether authentic or not, it'll have to wait until her next life!

Shen Yu'an was in a foul mood when he left her apartment. He wasn't interested in going to the company to work overtime. As a result, he despondently returned to the Shen's house.

When Mother Shen saw him, she couldn't help but ask, "Did you find a good lawyer?"

Shen Yu'an plopped himself down on the sofa and ate the meal that his housemaid had delivered to him. He quizzically asked, "What lawyer?"

Mother Shen widened her eyes at him and punched him. "You little jerk! Do you not want your son anymore?! Didn't I tell you to find a lawyer for the legal battle?!"

Shen Yu'an recalled his son's cold attitude towards him. Frustrated, he complained, "He doesn't even want to recognize me as his father! What's the point of the legal battle anyway?!"

"But he's your son! You can't let your son

live in that dilapidated, tiny house forever and live in suffering under the care of that divorcee!" Mother Shen shouted in anger.

Shen Yu'an knitted his brows and retorted, "Her house is a normal two bedroom and one living room. It's small, but not dilapidated. Don't make something out of nothing! Little Kai has been brought up well under Su Meng."

Mother Shen couldn't believe her ears when she had heard hers on defend that woman. She screamed, "That's our child! No matter what, we must get him back! If you don't want to seek a lawyer, I will!"

After she had finished, she angrily dialed the phone and stormed upstairs.

Shen Yu'an helplessly sighed and spoke the truth about what had happened today when he had visited Little Kai Kai to Father Shen. "I went to her house tonight to see Yankai. He knows that I'm his father."

Father Shen anxiously asked, "The darling knows about it already? Then did he address you as Father?"

Shen Yu'an laughed bitterly. "Forget about Father. The first thing that he asked me was how much child care expenses was I going to give. I asked him where he learned such a phrase and he said Google and Baidu. He's only five, but he's already so clever! Imagine his potential in the future!" As he spoke, he couldn't help but continuously praise his son.

Perhaps this was what it was like for a man to become a father for the first time. Regardless of how his mouth ran, he would always be a softie towards his son.

Father Shen on the other hand laughed out loud. "Oh jeez, I cannot believe that Yankai is so good at talking. He's even wittier than you! He'll definitely accomplish something great when he grows up! Definitely worthy of being Shen Changping's grandson!"

"He inherited my early intelligence development, alright?" Shen Yu'an chirped.

Father Shen glared at him. "And you didn't inherit my genes?"

Shen Yu'an could only admit defeat. "Fine,

all inherited from you.”

After that, he conveyed his worries to Father Shen. “Father, Yankai is still apprehensive about me. It’s obvious that he doesn’t want me and his mother to marry. Mom’s too anxious to get Little Kai Kai back. It might backfire. I don’t want my son to distance himself from me when he comes home.”

Little Kai was not too fond of him. If they really had to take the custody battle up to court, their fight would be revealed in public eye. If the child did end up coming home with him, he would undoubtedly lose emotional connection with the family.

Father Shen had kept silent for a moment before he finally nodded in agreement. “Don’t worry about your mom. I will watch her. Just spend more time with Yankai. I, on the contrary, hope that you and Yankai’s mother can marry.”

Shen Yu’an smugly smiled. “Hah! Don’t worry about me and Yankai’s mother either.

When Father Shen had first heard Shen Yu'an had previously dated and that his partner was none other than Yankai's mother, he was quite taken aback. "Why did you not tell this to me or your mother?"

Shen Yu'an then mustered all the energy in his brain cells to create the story of a divorcee travelling to mend her broken heart. During her travels, she met the cool and suave Shen Yu'an and fell in love with him at first sight. However, due to an unfortunate loss of contact, their love story had been thought to have ended there.

In his story, Su Meng was madly in love with him. Because of something that he had done five years ago, he had hurt Su Meng which had led her to avoid him.

He guiltily scratched his nose. "I know that what I had done was wrong. I hurt her. The reason why I didn't tell you guys was because I was afraid that you would blame me for pushing away your daughter-in-law and grandson. I didn't have time to tell it yesterday either. I also did not look for new love during the past few years because I

have never been able to let her go.”

Father Shen believed his words to be true and genuinely patted him on the shoulder. With a heavy heart, he said, “Yu’an, a man must be responsible for his actions. You must be able to live up to it. If you did something wrong, don’t be afraid to admit it. Just learn from it and never do it again. Got it?”

It had been more than twenty years since the thirty-year-old Shen Yu’an had heard his father lectured him. In order to hide the truth from his parents who rushed to get them married and their grandson in their arms, this was the only strategy that he could come up with.

He sincerely nodded. “I understand.”

Father Shen remarked again, “Whatever goes on between you and Su Meng is you two’s business. Your mother and I don’t want to intervene. But you should really resolve it as soon as possible and let Yankai officially be admitted to the Shen family. I will convince your mom not to meddle.

Shen Yu'an discreetly breathed a sigh of relief. "Got it, Father."

After Father Shen had gone upstairs as well, Shen Yu'an rested on the sofa and realized that what he had just done for his precious son was a genuine grievance.

He couldn't believe that he could come up with such a sappy, sad romantic story. It was thanks to his father refusing to watch T.V. dramas and watching the news all the time. Otherwise, his father would've seen through his lies which he had ripped from the plot of a drama.

This story would give him enough time to convince Su Meng about the contractual marriage and would allow both of them to gain both ends of the better deal.

Only problem was that he had felt incredibly stupid for saying that nonsense.

Ay, it was all for his darling son.

At six o'clock on the second day, Shen Yu'an appeared downstairs, frightening the housemaid who had just gotten out of bed

not long ago and was preparing breakfast. "Master? Why are you so early?! I haven't even prepared breakfast yet!"

As if he was in a rush, he glimpsed at his watch and replied, "I'm not eating. I don't have time. I'm leaving first. Notify my parents later."

With that said, he drove away.

When he had pulled up to Su Meng's building, it was precisely seven o'clock.

Shen Yu'an had breakfast in the car, then looked through several documents. The time was now half past seven, and there were now several children with schoolbags as well as office workers carrying document bags leaving the estate, but he still didn't spot Su Meng and Su Yankai.

He continued to stare at the lobby without moving, afraid that he would miss the two of them.

But even after ten minutes had passed, they hadn't appeared.

He began to worry that he had missed them when he took a moment to look at his documents earlier.

Shen Yu'an's fingers couldn't help but start drumming on the steering wheel, but he never looked away from the lobby.

Finally at 7:50, he saw Su Meng and Su Yankai emerge from the lobby in a hurry...

Su Meng had worked overtime at home again the night before and forgot to set the alarm clock before going to bed, so it was

half past seven by the time she woke up.

Normally she would have left the house with Kaikai by now.

She shouted in shock and got ready in a hurry, with no time to even apply any makeup. She grabbed a few slices of bread and carried Kaikai downstairs immediately.

Kaikai could hear Su Meng's harried breathing, so he suggested, "Mummy, you could always take sick leave for me, then I'll go to office with you again."

Su Meng was walking at great speed and frowned as she pinched Kaikai's nose. "You naughty little boy, don't think I don't know what you're up to. You want to skip kindergarten again, don't you? I tell you, the last time was an exception, and I won't allow it to happen again!"

Kaikai's face fell and he rested his head on Su Meng's shoulder. "Fine."

He thought he could skip kindergarten again today.

A few days ago he thought that he could earn more little red flowers to make his mother happy, and was excited to go to kindergarten.

But since Mama said he didn't have to take anymore little red flowers, he lost the motivation to go to kindergarten.

Kindergarten was too boring, and he could only play with his phone in secret.

Those nasty children in the same class weren't cute at all either. The moment he took out his phone, everyone would crowd around him.

It didn't take someone to report what he was doing for the teacher to know instantly that he was playing with his phone, and so he could only use it for a while when he went to the toilet.

But it was different if he went with Mama to the office. In Mama's office, Mama had to work and so he could freely play with the phone or the computer.

Oh, how hard it was to be a child!

Su Meng knew exactly what was going on inside Kaikai's mind, so she just kept telling herself over and over that she couldn't be late. She must not be late.

So she bundled Kaikai out of the house and started making a run for the main gate of the estate when she suddenly heard someone call her name. She thought she had heard wrongly.

"Su Meng!"

Shen Yu'an walked with large strides over to her and blocked her way.

Su Meng looked in confusion at Shen Yu'an who had suddenly appeared at this hour. "Why are you here?"

Shen Yu'an didn't answer this question. Instead he glanced at his watch and said, "It's already 7:52, I'll send you to the kindergarten."

Su Meng immediately rejected his offer and turned to walk away from him. "No need, I'll get a cab with Kaikai."

Shen Yu'an reached out to stop her. "The morning rush hour is here, and you won't get a cab easily now. I don't have any other intentions, I just want to send Yankai to kindergarten. It's not good for him to be late for school, so don't be so stubborn."

Su Meng glanced at her own watch and clenched her teeth. "I'll have to trouble you today then."

Shen Yu'an turned and smiled, but kept his voice calm. "Let's go."

Wait! I Have Something to Say!

Send a Gift to the Writer!

The car was silent with the exception of the sound of the air conditioning.

Shen Yu'an pretended to be driving the car very seriously, but his eyes would steal a glance at the very grumpy Kaikai through the rear mirror every now and then.

Kaikai pulled a long face from the moment he got into the car. Whenever he caught Shen Yu'an stealing glances at him in the mirror, he would glare back at Shen Yu'an.

But he was still young and his face was still round and chubby, so he didn't look threatening at all. Instead, Shen Yu'an felt that his son was actually pretty adorable.

As he drove he thought to himself that if he was going to pick up the little boy often, then he should buy a child seat, otherwise it would be too dangerous for the little boy.

Su Meng had no idea what Shen Yu'an was thinking. She pursed her lips as she sat at the back, her heart in a panic.

She didn't want to have anything to do with the Shens, particularly Shen Yu'an.

Today was an exception case – otherwise she would never have gotten into this car.

She was so affected by this, she thought of going to buy a car that very day.

But her driver's license was issued by a different country, and it wasn't recognized locally. So she would have to take the driving exam again.

She heard that it was hard to pass the exam, so even if she wanted to retake the exam, it might take her one or two months.

It hurt her head just thinking about it.

Once she reached the kindergarten, Su Meng carried Kaikai and ran in, managing to pass Kaikai to Miss Wang just before the bell rang.

Shen Yu'an looked at the small double story kindergarten and frowned.

This wasn't really a good place for his son!

Su Meng watched Kaikai go into the school with Miss Wang and breathed a

sigh of relief. She walked back to Shen Yu'an's car and said to him, "CEO Shen, thanks for sending me to the kindergarten. I'm not in a hurry to get to the office, so I can hail a cab from here. I won't waste anymore of your precious time."

She was about to say goodbye to Shen Yu'an.

But Shen Yu'an glanced down at her empty hands and randomly asked, "You haven't eaten breakfast, right? Get in, I'll bring you somewhere to eat breakfast."

Su Meng waved her hands frantically. "No need, I'll just buy some bread near the office."

Shen Yu'an didn't react the way she hoped. He got out of the car and opened the door for her. "Get in, please!"

Su Meng saw how obstinate he was and didn't want to quarrel with him like this along the road, so she pursed her lips together and got into the car.

Before Su Meng could say anything, Shen

Yu'an got back into the driver's seat and spoke up first, "I noticed you passing all the bread in your hands to Yankai, and I'm just afraid that if you go hungry and fall sick, you won't be able to take care of Yankai. You're taking care of him all by yourself after all."

Su Meng felt relieved when she heard this.

So he was concerned about her because of Yankai.

But when she heard him say that she was taking care of Yankai all by herself, she felt a little uncomfortable. She felt that what he really meant to say was that if she allowed the Shens to take Yankai back, there would be more people to take care of Yankai, and they would do a better job than her.

"Don't worry, even if I'm the only one taking care of Yankai, I'll take good care of him and there won't be any problems."

Shen Yu'an was a bit puzzled by her reply. He had only tried to show concern for her, but she had snapped back at him.

He wasn't too happy about that.

The car fell silent.

Shen Yu'an lost any mood to take Su Meng out to breakfast, and just stopped when he spotted a confectionery along the way so that Su Meng could buy some bread for herself.

Su Meng, on the other hand, was happier this way. She felt that this way, they could draw a clear line between each other.

But the news that she had alighted from a car that looked like Shen Yu'an's still spread through the entire company, a slap in the face for all who were previously confident that the two of them had already broken up.

But all these ugly rumors all happened in a place that Su Meng couldn't see.

Chapter 104 Quarrel

When she got off work, Su Meng saw Shen Yu'an's car waiting downstairs again, and she didn't know whether to laugh or cry.

He pulled a long face when he sent her to work in the morning, but still came in the evening anyway.

She pretended not to see him and refused to walk over no matter how many times Shen Yu'an honked.

In the end, he drove all the way up to her. Shen Yu'an was still wearing his usual sunglasses as he said to Su Meng, "Get in, Yankai is waiting for you."

Su Meng pretended not to have heard him, and Shen Yu'an unexpectedly honked at her again.

This honk shocked everyone waiting for a cab along the road.

A lot of people were already looking at this luxury car in front of them, and that honk also gave Su Meng a shock. She was afraid that Shen Yu'an might make a scene, so she rolled her eyes and got into

the backseat of the car.

After getting in, she immediately asked, "Why are you here again?"

Shen Yu'an replied in a serious voice, "If I don't come, I don't know when would be the next time I'll be able to pick Yankai up. Unless you want him to go home all by himself again? He's only 5!"

Su Meng was stunned by what he said, then she looked suspiciously at Shen Yu'an, "How do you know Yankai went home by himself before? You've been checking on me!"

Shen Yu'an's voice remained calm, "You think I need to specially check on you? I just need to do a quick search on the internet."

He had spent the whole day checking online for information on Su Meng and Su Yankai, and had really hauled quite a bit of information about them.

For example, this case where the two of them had a cold war and Yankai went

home by himself, making Su Meng so scared she called the police.

The kindergarten had released an article on what happened, and even though it only mentioned her surname and the area they lived in, he immediately realized the article was talking about Su Meng and Su Yankai.

That area was where Su Meng lived.

He wasn't really sure what he was thinking when he decided to come out and pick Su Meng again.

Su Meng felt a bit guilty when she heard this, so she quietly tried to defend herself, "It was just once."

Shen Yu'an laughed coldly. "And once is not enough? Or you mean you will only understand how serious this matter is after something really happens to Yankai? I think this kindergarten doesn't handle the children well enough, I'll find another one for Yankai."

Su Meng didn't say anything, so he took it that she agreed with him.

When it happened, the first thing she thought of was to switch kindergartens.

But it was nearby and it was the only one that accepted Yankai. The other kindergartens didn't want to accept Yankai even if she was able to afford their exorbitant school fees.

Since Shen Yu'an was Kaikai's father and was doing this for Kaikai's good, she didn't need to argue with him for the sake of her pride.

"I'll have to trouble you then."

Shen Yu'an looked at Su Meng seated behind, smiling at this rare moment that Su Meng had admitted defeat in front of him. The bad mood he was in the entire day suddenly disappeared.

He felt that he had found a way to get along with this prickly woman.

But the moment Kaikai came out with Su Meng from the kindergarten and saw this familiar car and driver, Kaikai's face immediately fell.

He stopped in his tracks and refused to walk any further. "I don't want to take his car! Mummy, let's take a cab home."

There was no way he was going to be taken in by this man's pretenses! HUMPH!

Su Meng didn't want to get into his car either, but she was afraid that if she rejected him, he would tell her coldly that she merely benefit from his son.

She didn't know how to reject a father trying to show care for his own son.

But if Kaikai didn't want to, then it was too bad.

She patted Kaikai's head to calm him down, and told Shen Yu'an apologetically, "CEO Shen, Kaikai doesn't really want to take your car, so we'll take a cab home ourselves. Thanks for sending me here."

Shen Yu'an looked at Su Yankai, standing by the road with a dark expression on his face and sighed resignedly. He didn't try to persuade her any further, but waved at Su Meng and watched them get into a cab

Chapter 104 Quarrel

before driving back to the office.

His mother would nag him if he went home, so it was better that he just did overtime in the office.

He had no idea when he would be able to touch Su Meng's heart enough to make her agree to a contractual marriage.

Send a Gift to the Writer!

After reaching home, Kaikai sat down on the sofa with a grim face and used the most serious voice he could muster to tell his mother, "Mummy, I want to say this very seriously. You are not to take that man's car anymore, because he has ill intentions towards you!"

Su Meng nodded, "I didn't want to take his car either, but we woke up late today. Let's wake up earlier tomorrow, ok?"

Kaikai was still unhappy. "Why do I have to avoid him and not the other way round?"

Su Meng looked at how Kaikai was behaving like a little adult, his index finger drumming constantly on his knee, and knew he was up to no good again.

"Su Yankai, what nonsense are you planning again? I'm warning you, you'd better not forget how I punished you the last time. If you do something bad again, I'll be really angry this time."

Kaikai looked back begrudgingly, "I'm not going to do anything bad, just going to find something small to disrupt his operations."

Once he's busy at work, then he won't come looking for us anymore. I'm doing this for your sake."

It was obvious that this man was purposely coming to pick them up and fetch them everywhere so as to get close to them and become friendly with them. Then after some time, once Kaikai became more attached to this man, he could take Kaikai away officially.

He could see all this very clearly, so Kaikai was determined to make sure this man never came close to them again.

Su Meng knew Kaikai was very uneasy and constantly worried that Shen Yu'an would take him away. She hugged him and said, "Darling, don't worry, nobody can take you away from me. If you don't want to see that man, then we'll just avoid him."

The next morning, she purposely woke up half an hour earlier. Both of them finished their breakfast at home and left the house before 7am.

Who would have known that they would

still see Shen Yu'an standing beside his car.

Shen Yu'an still looked calm, and even smiled as he greeted them and opened the car door. "Morning! Get into the car."

Perhaps it was because he had just woken up. His voice was a little hoarse and it made her feel a little numb.

Su Meng didn't move and merely smiled as she refused him, "We don't need to trouble CEO Shen today. It's still early, so I can take a cab with Kaikai."

Shen Yu'an didn't want to give up and took a step forward. He yawned and said tiredly, "Something happened in the office yesterday, and I just finished work. Get in, I'll go home and rest after sending you guys."

Upon closer look, Su Meng realized that Shen Yu'an was still wearing the same clothes from the day before. He looked tired, his eyes bloodshot with frighteningly dark rings round his eyes, and did look like he had worked through the night.

She thought about what Kaikai said the night before and couldn't help but look down at her son next to her. She wanted to ask him something, but it didn't seem appropriate to ask him in front of Shen Yu'an.

Once she thought that it was this little imp who made this poor man work through the night, and yet he still remembered to come and pick them up, she started to feel bad for him.

She squatted down and looked at Kaikai. "Darling, we'll take his car to school, alright?"

Kaikai still seemed to reject Shen Yu'an as his father, so Su Meng never referred to him as his father.

Kaikai looked at the tired but still gentle looking Shen Yu'an, then back at his pleading mother and reluctantly nodded. "Fine."

Shen Yu'an excitedly took the little schoolbag from Kaikai upon hearing this. "Let's go then."

After the car reached the kindergarten, Su Meng walked Kaikai into the school compound.

When they reached the gate, Su Meng squatted down and asked, "Babe, is it your fault that he had to work through the night?"

Kaikai didn't expect that his mother would suspect him, and he was so angry his face turned all red. "I promised you I wouldn't do anything like that, and you still suspect me!"

He was so upset his eyes started tearing up.

Su Meng immediately regretted asking, her heart breaking when she saw how upset her son was. "Darling, Mama has wrongly accused you, Mama is sorry, so don't cry ok? Mama will cook your favorite chicken cutlet rice tonight, ok?"

Little Kaikai had quite a bit of pride, so he sniffed and held his tears back. "Humph! It had better be two portions!"

“Sure, as many portions as you want.”

Normally she would kiss Kaikai on the cheek before he went into the school. But today she hadn't even leaned over yet when Kaikai turned and ran into the kindergarten, not giving Su Meng any chance to kiss him at all.

Su Meng was fairly amused by this. “Bye bye darling! Mama will come pick you up tonight!”

When she got back to the car, Su Meng felt bad getting Shen Yu'an to send her to the office since he was so tired. “CEO Shen, you'd better head home and get a good rest. It's not the morning rush hour yet, so I can take a cab and I'll reach the office in no time, no need to trouble you like this.”

Shen Yu'an shook his head. Even though he had worked through the night, his face was still cold and alert. “Get in. I still have other matters to settle in the office, and I'll take a rest in the office too. Your office is on the way, so I'll drop you off.”

Su Meng felt obliged to get into the car

after hearing this, and so she did.

Along the way she saw Shen Yu'an yawn several times, and she was really afraid that he might get into an accident from being too tired.

No matter what, he was still Yankai's father after all, and behaved more normally these couple of days too. When she alighted, she couldn't help saying to him, "Money can be made anytime, health is the most important."

The moment she finished saying that, she felt that she had crossed the line.

Their relationship status was still not very clear, but she had said something to show him concern.

She wished she could bite her tongue off.

Why couldn't she get rid of this habit of being concerned about everybody?

Su Meng was vexed over this, but Shen Yu'an was feeling pretty happy and his lips curled upwards. "Thanks for the concern.

Yesterday was an exception case, normally I won't have to do this."

He had forgotten that before this he would work overtime just because he was bored, and had a habit of just staying back in office most of the time.

Su Meng bit her lips, lowered her head and got out of the car.

If anyone in VG thought that it was purely a coincidence that Su Meng got out of Shen Yu'an's car the day before, today they were sure that it wasn't a coincidence anymore.

Su Meng was still together with Shen Yu'an!

Lin watched as Su Meng shyly alighted from Shen Yu'an's car, and her teeth started chattering from hate.

Lin Xiyu looked at how she was concerned with stupid things again and snorted. "If you have so much energy to steal glances at that Miss Su, then you might as well draw a few more patterns."

After getting off work, Su Meng saw that familiar car that belonged to Shen Yu'an and walked over.

But suddenly someone stood in her way.

The person who was blocking her was the man who had disappeared for the last few days – Zhao Zhijun.

She thought that Zhao Zhijun would get the idea after being thrown out by the Shen family bodyguards and never appear in front of her and Kaikai again, but he had come again.

This time he had brought something else. He had brought a divorce certificate along.

Zhao Zhijun looked intensely at Su Meng and tried to grab her hand, but Su Meng saw his hand coming and dodged it.

But he didn't get angry. Instead he held up the divorce certificate and continued what he wanted to say, "Meng Meng, look, I've divorced Liu Liyun for real now. Now will you marry me again?"

Su Meng took a step back to widen the distance between them. She replied coldly, "Whether you two get divorced or not is none of my business. You can dream on about marrying me again."

She turned aside to try walking around Zhao Zhijun.

But Zhao Zhijun refused to let her go and continued blocking her way, rambling on about how a complete family was important to the development of her child.

Su Meng's head was about to burst. "Do you really not get it? Or are you pretending not to get it? My son, Su Yankai, is NOT your son."

Shen Yu'an had walked over, so Su Meng grabbed him and told Zhao Zhijun clearly, "This man here is Su Yankai's father. Su Yankai is not related to you at all, so stop harassing me."

Zhao Zhijun's insistence had forced Su Meng into a corner. She didn't want to tell anybody Shen Yu'an was Yankai's father at all.

Thankfully it wasn't the evening rush hour yet, so there weren't a lot of people walking by. Shen Yu'an was wearing his sunglasses, so nobody recognized him.

If not, the next day's headlines would surely be something like Solare Technologies CEO has secretly married and has a son.

Zhao Zhijun had seen what Shen Yu'an looked like with sunglasses a few times already, so he immediately recognized this man next to Su Meng as Shen Yu'an.

He refused to believe Yankai wasn't his son, so he looked back at Su Meng and said in a heartbroken voice, "Meng Meng, when did you become such a materialistic woman? I'm not as rich as CEO Shen, but if you give me a chance, someday I will definitely match up to him. You can't simply grab any man and make him the father of your son for the sake of money."

Su Meng and Shen Yu'an were both terribly amused when they heard this.

Shen Yu'an kept his shades on, but stared

coldly at Zhao Zhijun. “And when is this someday? Ten lifetimes later? Or maybe a hundred?”

Su Meng realized that Zhao Zhijun wanted a son so badly he had gone completely crazy and couldn't be bothered to even look at him. “I don't know where you got that DNA report from, but Yankai is really not your son. If you continue harassing me like this, don't blame me for turning nasty.”

Zhao Zhijun's face reddened from anger. “I used the hair you gave me that day for the DNA test, and that's a report from the top hospital in this city, so how could it be fake?! Yankai is my son!”

The more he said, the more agitated he became and tried to make a grab for Su Meng.

Shen Yu'an realized Zhao Zhijun was becoming dangerous and quickly pulled Su Meng behind him. He held onto Zhao Zhijun's shoulders firmly as he said very seriously, “You want me to call the police on you right now?”

Zhao Zhijun cursed under his breath, “You adulterous pair!”

Shen Yu’an’s veins were about to pop when he heard these words and was ready to punch him in the face.

Zhao Zhijun suddenly relaxed and pulled the sunglasses off Shen Yu’an’s face as he started shouting loudly, “AH! He’s beating me up! Solare Technologies CEO Shen Yu’an is beating me up!”

There wasn’t a single person in the country who didn’t know the name Shen Yu’an. Zhao Zhijun was yelling so loudly, everyone on the street started looking in their direction.

The moment the sunglasses were off his face, the famous face that appeared all over TV was exposed to the public.

Su Meng reacted faster. She grabbed Shen Yu’an and ran for the car. “RUN!”

Chapter 107 Treat You to Dinner

Both of them got into the car and drove away from Hai Xing Building at top speed.

There were still some crazy people following them, either driving or even running after the car.

Shen Yu'an made several turns and finally managed to shake everyone off after more than ten minutes.

Su Meng kept her eyes on the back of the car nervously, and finally breathed a big sigh of relief when she saw that all the cars behind were gone.

"I'm glad we ran really quickly, otherwise I think we'll be stuck there forever. I don't get it though. You're not some celebrity, so why on earth do you have so many fans?"

Shen Yu'an sighed and shook his head.
"No idea."

He thought about how they had run in such a panic and couldn't help but laugh.
"I'm amazed that you run pretty fast even in high heels."

Chapter 107 Treat You to Dinner

Perhaps it was because they had just narrowly escaped from danger earlier, Su Meng actually didn't mind talking to Shen Yu'an. She smiled gleefully, "I love running long distances, and did a half marathon last year. I finished within the top 100 too."

A half marathon was around 13 miles of running, so since she could finish within the top 100 runners, it meant that Su Meng's body was stronger than most people.

Shen Yu'an looked at Su Meng's petite frame and was surprised. "I didn't expect you to be so good."

After returning to China, Su Meng was busy all day either at work or handling household matters, so she had stopped her nightly jogs without realizing it. She couldn't help but sigh. "A pity I've been too busy after coming back and I haven't run in ages. Looks like I can't join the half marathon this year."

"Are you very busy at work?"

"Actually it's not that bad, but there are a

lot of things to worry about at home.”

Su Meng didn't elaborate, but both of them knew that she was worried over this whole matter of Shen Yu'an being Yankai's father and who would have custody of the child.

Shen Yu'an pursed his lips and decided to bring up the idea of a contractual marriage again. “So, you're really not going to consider getting into a contractual marriage with me? I'll become your lawfully wedded husband in name, and with me around, your ex-husband probably wouldn't dare to harass you again.”

Su Meng's head was aching from Zhao Zhijun's continued harassment, but then when she thought about how she and Shen Yu'an would be husband and wife if they did this, her head hurt even more.

“Forget it, I think Zhao Zhijun would probably just harass me for a while, but not for long. Otherwise I can always just call the cops.”

Shen Yu'an didn't say anymore.

They reached the kindergarten in silence.

Shen Yu'an sent both mother and son home as usual.

Su Meng carried Kaikai out of the car and saw Hu Yang standing at the lift lobby, her face filled with annoyance.

"Mum, why are you here?"

Hu Yang only remembered which block Su Meng stayed at, but couldn't remember which floor and which unit. She had waited half a day already and was very annoyed by now.

She had planned to give Su Meng a good dressing down the moment she saw her, but then she noticed that Land Rover and the man who got out of the car, and immediately she burst into a big smile.

"Oh dear, CEO Shen, so sorry we had to trouble you to bring Meng Meng and Kaikai home."

Shen Yu'an had no idea who this auntie trying to butter him up was, and looked

quizzically at Su Meng.

Su Meng introduced her, "This is my mum."

Shen Yu'an put two and two together. So this was his son's maternal grandmother.

"Hello Auntie, it's no trouble at all, it's along the way anyway."

Hu Yang smiled radiantly at Shen Yu'an, but she was feeling a little jittery since this was the first time seeing the richest man of the country, a face that she only saw on TV. She rambled on, "When I saw you on TV, I thought you were pretty handsome. Can't believe you're even more handsome in person."

Shen Yu'an smiled humbly, "Thank you Auntie for the compliment."

Hu Yang's behavior wasn't a good sign and Su Meng was afraid she would make Shen Yu'an stay for dinner, so she quickly cut in, "CEO Shen, you still have a lot of work to handle back in the office right? You'd better get going, we won't take up your time!"

Chapter 107 Treat You to Dinner

Hu Yang immediately glared at her. “Meng Meng, don’t you know how to behave at all? CEO Shen sent both of you home and you’re not even going to offer dinner? CEO Shen, don’t worry about it, since you’re here, have dinner with us. Meng Meng, I’ll look after Yankai, you go buy some groceries.”

Hu Yang thought that since Shen Yu’an was willing to send Su Meng home, then he was probably interested in acknowledging his son. Better still, if she could get Su Meng and Shen Yu’an together, then she would become the mother-in-law of the richest man in the country.

Su Meng wasn’t willing to, but she didn’t dare to go against her mother, so she threw a glance at Shen Yu’an to hint at him.

Shen Yu’an didn’t take the hint and pretended he didn’t see anything, laughing as he said, “Sure thing.”

Hu Yang laughed even more happily. “Let’s go up then. Su Meng, give me the keys and

Chapter 107 Treat You to Dinner

tell me which unit it is, then go buy groceries.”

Su Meng had no choice but to pull out the house keys from her pocket and reluctantly head for the supermarket.

Chapter 108 Bastard Child

The moment Su Meng left, Kaikai's face fell. He refused to look at Hu Yang who was still trying to bootlick Shen Yu'an, nor look at Shen Yu'an, who was still smiling politely, and went ahead of them.

Shen Yu'an had met countless people like Hu Yang, and if not for the fact that she was Su Meng's mother and Kaikai's grandmother, he would have lost his patience by now.

When he saw that Yankai had angrily walked off by himself, he quickly said, "Kaikai has gone in already, let's quickly go in too."

Hu Yang nodded vigorously. "Yes yes let's go!"

On the way in, she continued to walk right next to Shen Yu'an, and put on a wonderful show of looking like the doting mother who loved her daughter very much.

"CEO Shen, all these years, Meng Meng has suffered a lot because of Yankai. She gave birth to him overseas, without anybody to rely on, I really don't know how

Chapter 108 Bastard Child

she managed at all. Every time I think about how Meng Meng suffered just to bring up Yankai, my heart really aches,” Hu Yang said as she wiped her tears away.

Shen Yu’an knew that Su Meng must have suffered a lot bringing up Yankai all by herself, but it was hard to hear it from someone else’s mouth.

Yankai was an unplanned result of what happened five years ago, and if Su Meng hadn’t kept the child, she wouldn’t have had to suffer so much.

It didn’t matter whether Su Meng agreed to a contractual marriage or not. He was going to make it up to Su Meng.

“It has been hard on Su Meng these few years, but with me around, she won’t suffer so much anymore.”

Hu Yang saw Shen Yu’an’s face change and became gleeful. She couldn’t help but ask the question that she was most concerned about, “So when are you and Su Meng getting married? When are you going to announce Yankai’s identity? You

Chapter 108 Bastard Child

can't possibly let Yankai continue to have no father, right?"

Before Shen Yu'an could replay, Kaikai yelled at Hu Yang while standing in front of the elevator, "My Mama is not going to marry him! NEVER!"

He never liked this grandmother who always called him a bastard child. After hearing how she wanted to make his mother marry that man, he disliked her even more.

Hu Yang was immediately angered by Yankai's shouting and instinctively yelled back at him, "You little bastard child! How dare you interrupt adults talking, and even yelling at me now! What does your mother even teach you!"

'Bastard child' was how she used to refer to Su Yankai, and it came out naturally once she got angry.

After saying that, she realized the bastard child's father was right next to her.

Shen Yu'an's face darkened immediately

Chapter 108 Bastard Child

when he heard the words 'bastard child'.

So that was how Su Meng's mother treated his son? If she called him a bastard child so easily, then was it really good to keep Yankai with Su Meng?

Hu Yang saw that Shen Yu'an's face had darkened and she was afraid that she might scare off this super wealthy man that she had just befriended. She started explaining in a panic, "CEO Shen, I said the wrong thing in a fit of anger! Normally I dote on Yankai a lot, and buy him a lot of things. It was just a slip of the tongue earlier!"

But Su Yankai wasn't going to let her off with this lie. He stuck his head out and looked very steadily at Shen Yu'an. "Don't listen to her nonsense. She had always referred to me as a bastard child, and I've never seen her all these years overseas."

Hu Yang didn't think this little bastard would be so heartless and tell on her to Shen Yu'an. Large drops of sweat appeared on her face and she stammered as she tried to explain, "CEO Shen, hear me

Chapter 108 Bastard Child

out. Su Meng has been overseas all this time, it's so far away, so it's hard for me to visit them. But as Su Meng's mother, why wouldn't I be concerned about them?"

Shen Yu'an no longer had the politeness he had earlier, He looked down coldly at Hu Yang, who was two heads shorter than him. "Then what is this about calling him a bastard child?"

Hu Yang's face was all red from this question and she didn't dare to explain further.

But even after Su Yankai had exposed her hypocrisy, she continued to be thick skinned and brought Shen Yu'an into Su Meng's house.

The moment they entered the house, Su Yankai ran into his room and slammed the door behind him.

Hu Yang hurriedly tried to explain to Shen Yu'an, "CEO Shen, what Yankai said earlier is just a misunderstanding. There was once Yankai was being naughty and I scolded him like this that once because I

Chapter 108 Bastard Child

was angry, but I've never said it again. I admit that back when Su Meng refused to tell me who Yankai's father was, I also lost my temper at Yankai, but I..."

Shen Yu'an had no intention of talking to a person who called his son a bastard child so easily. "I want to spend some time alone with Yankai, is that alright with you?"

It was a question, but the tone of voice used and that cold expression on his face wasn't taking no for an answer, so Hu Yang didn't dare to say no either.

She had no choice but to disappear into the kitchen.

Chapter 109 Drunk Scumbag

Shen Yu'an knocked on Yankai's door.
"Yankai, can I come in?"

He really wanted to say, "Yankai, it's Daddy." But he could tell from the last two days that Su Yankai didn't really fancy him, and even rejected his presence.

There was silence on the other side for a while, then Yankai opened the door.

Shen Yu'an walked into the room and found the room to be a bit small, but it was more than enough space for a five year old.

There was a carpet on the floor, some stuffed toys on the bed and the whole room was decorated with great care, so Su Meng must have spent a lot of time and effort on this.

Su Yankai climbed onto the office chair in the room that was way too large for his small body. He folded his arms, his legs dangling in the air as he asked in a very adult voice, "What do you want to talk to me about?"

Chapter 109 Drunk Scumbag

He was only five, but he carried himself like an adult.

Shen Yu'an had heard from Su Meng that Yankai was a very clever boy, but he didn't expect him to be this intelligent. He figured that Yankai would not lose to his younger self.

He shut the door behind him and squatted in front of the office chair, becoming half a head shorter than Su Yankai. He then asked in a gentle and more sincere voice, "Are you happy living with your mother?"

Su Yankai couldn't figure out why Shen Yu'an was asking him such a question, but he nodded confidently anyway and added on his own thoughts, "Yes I'm very happy, so I won't leave with you. Don't even think about marrying my mother, Mama doesn't like you."

Shen Yu'an was amused by this reply and purposely teased him, "How do you know your Mama doesn't like me? I'm so good looking, and I even own a listed company."

Su Yankai refused to admit defeat. "I'll

grow up to be even more handsome than you, and own more companies than you.”

This overly confident expression on Su Yankai’s face made Shen Yu’an burst into laughter.

He laughed as he said, “Sure, I’ll be waiting. I’ll wait for you to become more handsome than me, to become richer than me.”

Su Yankai thought Shen Yu’an was laughing at him and angrily pursed his lips, just like how Shen Yu’an did when he was angry. “I mean it! If you don’t believe me, just you wait! HUMPH! I have things to do now, don’t disrupt my work!”

Shen Yu’an was still laughing as he got up to leave. “Ok ok, I won’t bother you anymore.”

The moment he opened the door, he bumped into Hu Yang, who was trying to eavesdrop on them.

Hu Yang put on a smile and said, “I’m going to cut some fruits, and I was about

Chapter 109 Drunk Scumbag

to ask if you have any fruits that you don't eat."

Shen Yu'an disliked Su Meng's mother more and more. He coldly replied, "Thanks, but I'm fine."

Su Meng carried a bunch of bags into the house, and was chased into the kitchen by Hu Yang before she could even catch her breath.

"Su Meng, what took you so long! Look at what time it is, hurry up and cook dinner! Don't let CEO Shen and Yankai go hungry!"

Shen Yu'an saw how Su Meng was perspiring profusely and helped to carry all the bags into the kitchen. "Anything I can help with? I can wash the vegetables."

Su Meng looked at Shen Yu'an dressed nicely in a suit and figured this man probably couldn't cook, so she chased him out of the kitchen. "No need, you can go out, I'll manage."

Since Hu Yang was also around, Su Meng cooked up a whole table of dishes.

Chapter 109 Drunk Scumbag

Shen Yu'an couldn't help but add more points to Su Meng as he looked at the delicious array of food on the table.

He didn't expect her to really be able to cook. The food tasted pretty good too.

Throughout dinner, Hu Yang kept telling Su Meng to put food into Shen Yu'an's bowl. "Su Meng, CEO Shen has barely touched the dishes, get some for him."

She was annoyed that this daughter of hers didn't know how to seize the opportunity. CEO Shen was in her own house and she didn't know how to take care of him properly.

Su Meng refused to bother about her and didn't even lift her head. She continued to put food into Kaikai's bowl as she politely said, "CEO Shen, pick whatever you want to eat yourself, don't stand on ceremony. Darling, don't be choosy now, you have to finish the green vegetables too."

Kaikai looked unhappily at the greens in his bowl and frowned, but finished eating them anyway.

Chapter 109 Drunk Scumbag

This was the first time Shen Yu'an was eating with Su Meng and Su Yankai. He realized that Su Yankai's preferences were very similar to his. They both loved eating meat, hated green vegetables, and loved fatty meat and chicken skin in particular.

Genetics was a really wondrous thing – it could practically make a clone of himself.

After dinner, Hu Yang wanted Su Meng to spend more time talking to CEO Shen, so she actually took the initiative to help wash the dishes.

Once Hu Yang had gone into the kitchen, Su Meng said, "CEO Shen, I'll send you downstairs, you'd better go. If you continue to stay here, I don't know what my mother will come up with next."

Shen Yu'an could tell that Hu Yang was trying very hard to match make them, but when Su Meng put it this way, it was as if she couldn't wait to get rid of him. So he continued to sit on the sofa. "You're really not going to consider my earlier suggestion?"

Chapter 109 Drunk Scumbag

Su Meng sighed and decided to just tell the truth. "My last marriage ended very badly, and I really don't intend to go into another one, regardless of whether it's real or fake. You can visit Yankai, but I won't let you have custody of him."

She looked Shen Yu'an in the eye when she said this. Her voice was calm and natural, and she wasn't saying it out of spite.

Shen Yu'an knew about Su Meng's previous marriage, but this was the first time he realized how much that failed marriage had hurt her.

He didn't say anything and got up to head for the door.

Both of them headed downstairs without a word. Su Meng watched as he drove his car out of the estate, then turned to head back upstairs.

But before she could do that, a very drunk Zhao Zhijun blocked her way.

She had no idea how much Zhao Zhijun had drunk. His face was all red, he reeked

Chapter 109 Drunk Scumbag

of alcohol and he couldn't even stand straight.

He burped loudly and tried to reach for Su Meng, but she managed to dodge him.

Su Meng was a little annoyed as she said, "Zhao Zhijun, don't try anything crazy just because you're drunk!"

Zhao Zhijun laughed drunkenly, his body swaying unsteadily as he pointed a finger at Su Meng and shouted, "Su Meng you little whore! Taking my son to marry a rich man! You little whore!"

He was so drunk and walking so unsteadily, his finger nearly poked Su Meng's eye.

There were many people taking a walk at this hour, and they all looked over when they heard the commotion.

Su Meng couldn't be bothered with this drunkard, and tried to go back to her block.

But Zhao Zhijun refused to let her off. He reached out and grabbed Su Meng's

Chapter 109 Drunk Scumbag

shoulder, then pulled her back.

A drunk person had more strength than most, and as an adult man, Zhao Zhijun was stronger than Su Meng. No matter how hard Su Meng tried to struggle, she couldn't break free from Zhao Zhijun's iron grip on her shoulder.

Su Meng started to panic and shouted loudly, "Zhao Zhijun, what do you want?! There are so many people here, don't you dare try anything funny."

Zhao Zhijun burped loudly in Su Meng's face, sending his smelly breath towards her as he slurred his words, "Oho, what do I want?!"

Then suddenly his tone of voice changed, his face filled with viciousness as he tried to tear Su Meng's clothes. "I want you! I want to see if that fellow still wants you after you've become a used rag!"

Chapter 110 He Got Away

Su Meng's mind went blank when Zhao Zhijun suddenly attacked her.

Then she used her fingers to jab Zhao Zhijun's eyes and kneed him in the nuts.

Zhao Zhijun put a hand up to his eyes as he held his legs together tightly, the pain making him howl loudly.

Su Meng had broken free of his grip, but she stood there and couldn't stop trembling.

All the people strolling in the estate were attracted to the sound of Zhao Zhijun's howling, so once they saw how Su Meng's clothing had been pulled open and Zhao Zhijun was clutching his groin, everyone knew immediately what just happened.

"How dare this man do something like this out here in front of everybody! What an animal!"

"Call the police, quick! Call the police! Don't let him get away!"

There were others who ran over to Su

Chapter 110 He Got Away

Meng and showed concern for her. "Are you hurt anywhere? Need us to send you to the hospital?"

As more and more people crowded around, Su Meng's trembling heart started to calm down slowly.

She shook her head and straightened her clothes. "I'm ok."

After the terrible pain had passed, Zhao Zhijun had sobered up.

He saw all the strangers surrounding him as well as Su Meng who was still clutching her clothes with a fearful face, his mind went blank and his first instinct was to run.

He was the boss of a company after all, so if he was really sent to the police station and accused of rape, he was doomed for sure.

But there were too many people surrounding him. The moment he tried to run, someone immediately shouted, "This asshole is trying to make a run for it! Stop him! Stop him!"

Chapter 110 He Got Away

Seven or eight hands started trying to make a grab for Zhao Zhijun.

Zhao Zhijun quickly took out his wallet from his pocket and flung it into the air, sending cash flying everywhere.

The notes started floating down like falling leaves.

Zhao Zhijun shouted, "Money falling from the sky! Pick up the money falling from the sky!"

The people were distracted and started picking up the money.

Zhao Zhijun couldn't think too much about the money anymore and took this chance to run.

The only one who wasn't distracted by this tactic was Su Meng, but her reaction was too slow. By the time she realized what was happening and wanted to catch him, Zhao Zhijun had run too far off already.

Zhao Zhijun glared hatefully at Su Meng as he ran, his gaze filled with poison, giving

Chapter 110 He Got Away

Su Meng the chills.

He wasn't going to give up so easily, and he was definitely coming back!

Su Meng bit her lips. She was not going to let this scoundrel off.

When the police finally arrived on the scene, Zhao Zhijun had long gone, but Su Meng still told the police, "Someone tried to rape me but they couldn't catch him and he's managed to escape. But I know that man, his name is Zhao Zhijun."

All the other pedestrians came over to bear witness for Su Meng, hoping it would help lessen their guilt. If they hadn't been greedy earlier and got distracted by the money, that scoundrel wouldn't have gotten away.

The police took Su Meng and some of the witnesses back to the police station to take their statements.

After Su Meng was done giving her statement, she pulled her phone out and realized that there were more than ten

Chapter 110 He Got Away

missed calls from Kaikai that she hadn't noticed at all.

She panicked and quickly called back. "Darling, what's wrong? Mama had to settle some matters and couldn't pick up your call."

Kaikai's sniffing voice came through the phone, "Mama, when are you coming back? I'm scared!"

Su Meng frantically asked, "Darling, what's happened? Mama is coming back now. Grandma will take care of you for the time being, ok?"

The moment she mentioned Grandma, Kaikai became even more agitated, his tears falling uncontrollably. "Grandma left long ago! I'm all alone at home!"
