

Chapter 41

Huang Yongfeng almost pissed himself in fear.

He ran over, cracked and slapped Mrs. Huang twice, roaring, "Shrew, shut up!"

Mrs. Huang was blinded by the blow and covered her face, "You why are you hitting me"

Huang Yongfeng roared, "Why did I hit you? I hate to kill you. If it wasn't for you, would my son have become like this?"

Mrs. Huang said sharply, "What did I I do? He was the one who delayed my son's illness, what does it have to do with me"

"If you hadn't been disrespectful to Mr. Lin, your son would have been cured long ago, how could he have become like this?" Huang Yongfeng said angrily, "Was it you who drove Mr. Lin away yesterday?"

"This" Mrs Huang stammered, "He's just a cleaner"

Huang Yongfeng: "What's wrong with a cleaner? He stabilized his son's condition, that's a miracle doctor."

"You instead hired a miracle doctor from the capital, how come you didn't cure your son?"

Mrs Huang bowed her head and said reluctantly, "It was an honour for him to cure my son. If he cures my son, I will just give him ten million dollars!"

Huang Yongfeng was almost spitting blood, Lin Mo was Nanba Tian's brother, would he be short of money?

Lin Mo sneered, "Madam Huang, since you're so rich, then hire someone else!"

Madam Huang was anxious, where would she go to hire someone else now?

"Then how much money do you want then?"

"No matter how much it is, goodbye!"

Lin Mo turned around and left, Huang Yongfeng was close to tears, he hurriedly stopped Lin Mo: "Mr. Lin, I'm sorry, don't be normal with her. I beg you, save my son"

"It's not good, Young Huang has started vomiting blood again" A cry of alarm came from the ward.

Mrs. Huang's face was pale and she said urgently, "Save the people, quickly save the people"

No one paid any attention to her, even, those doctors didn't dare to approach the ward.

Huang Yongfeng's face swelled red, suddenly turned around and threw a slap at Mrs. Huang's face, "Kneel down for me!"

Mrs. Huang was sobered by the blow and knelt on the ground, begging, "Mr. Lin, please save my son. It's my fault, you forgive me, I I won't dare to do it again"

Lin Mo coldly glanced at her: "Forget it, let's give Mr. Huang face today!"

Walking into the ward, Lin Mo picked up a few silver needles next to him and stabbed them into Huang Shao's body respectively.

Huang Shao's condition quickly stabilised, his breathing was steady and his vital signs returned to normal.

Elder Yue watched from the side, shocked to the extreme.

He had just heard Huang Yongfeng talk about what had happened before and knew that Lin Mo had been driven away by these people's insults, and all the resentment he had towards Lin Mo was gone.

"Mr. Lin is indeed a divine doctor, this hand of acupuncture has opened the eyes of the old man, I admire and admire him!"

Elder Yue said from the bottom of his heart.

Lin Mo: "Elder Yue is very kind!"

Next, Elder Yue personally operated on Young Huang, and soon had everything settled.

Huang Yongfeng thanked Lin Mo profusely and took out a card and handed it to him.

"Mr. Lin, this is the supreme card for all of Huang's companies."

"With this card, all purchases at all companies under Huang's name are completely free of charge, please make sure Mr. Lin accepts it!"

Lin Mo pushed back again and again, but Huang Yongfeng still stiffly shoved the Supreme Card into Lin Mo's hand.

Zhao Yuan and Zhao Jia Fan looked envious, they had also heard of this Supreme Card.

In the whole of Guangyang City, Huang Yongfeng had only issued two of them.

One went to Nanba Tian, and one went to a big shot in the provincial capital.

Now, this third one, surprisingly, had been given to Lin Mo.

Zhao Jiafan said unconvincingly, "Mr. Huang, Lin Mo only did what he should have done, why do you have to be so polite to him?"

Chapter 42

Huang Yongfeng's face changed and he kicked Zhao Jiafan over, "If you didn't say anything, I forgot to settle the score with you."

"Zhao Jiafan, how dare you do such a thing to stir up trouble!"

Zhao Jiafan's face changed greatly and he said in a trembling voice: "Mr. Huang, what are you saying, I I don't know ah"

Huang Yongfeng was furious: "Still fucking pretending, Mr. Lin told me everything. You son of a bitch, you almost killed my son, how can I spare you!"

"Men, drag this son of a bitch out and feed him to the dogs!"

A group of men rushed in and dragged Zhao Jiafan out without a word.

Zhao Yuan panicked and hurriedly ran, "Mr. Huang, don't be angry, he didn't mean it. You look at it for my sake"

"What kind of dog are you, you dare to mention face to me!" Huang Yongfeng waved his hand angrily, "Drag this dog out too and feed him to the dogs together!"

Zhao Yuan Zhao Jia Fan, the father and son, wailed and cried, but no one paid any attention.

Yue had originally planned to invite Lin Mo to the city hospital, but Lin Mo did not intend to be too high-profile and stayed here in the emergency department.

Huang Yongfeng donated \$50 million to the hospital on the spot to show his gratitude.

Not only that, but every year in the future, another 30 million would be donated to the hospital.

The dean, who was still away on business, was overjoyed to learn this news and called Lin Mo to thank him at the first opportunity.

Of course, these things were not made public by Lin Mo, who had to hide his secret.

The people in the hospital only knew that it was Elder Yue who saved Young Huang in the end, everything else was kept under wraps.

However, without Zhao Yuan, Zhao Jia Fan and his father, Lin Mo was much more comfortable in the hospital.

After work at noon, Lin Mo got on his electric bike and went to Xu's Pharmaceutical again.

Just as he reached the gate, Lin Mo heard a yelling sound coming from inside.

"Why are we not allowed in? We are the employees here, why aren't we allowed to work?"

"That's right, we just went home for a rest yesterday. Why didn't we get a bonus yesterday?"

"We've worked so hard for the company to develop new drugs, and when the company makes money, they want to kick us out? There is no such reason!"

"Xu Hanxia, come out. If we don't make this clear today, we won't be done with you!"

Lin Mo took a glance at these people, the ones who had chosen to resign yesterday.

It looked like they knew about the company signing a three billion dollar order and wanted to come back to work again.

"You've all resigned and still come here to make a scene, do you still want to have shame or not!"

Lin Mo said loudly.

The group of people immediately turned their heads, and the man at the head spat, "I thought it was someone, but it's this door-to-door son-in-law. Don't think that because that bitch Xu Hanxia pampers you, you can dictate what to do here!"

"If you want to come here and talk, change your surname to Xu too!"

"In ancient times, when a woman married into a man's family, didn't she have to change her surname. Now that you've married into the Xu family, it's only right that you change your surname too!"

The crowd laughed and mocked Lin Mo with abandon.

Lin Mo didn't say anything, he walked up step by step, suddenly grabbed the man at the head and kicked him down the steps.

"How dare you hit someone!"

The crowd was furious.

Lin Mo was majestic and shouted angrily, "If you dare to swear at Han Xia one more time, I will have your dog's life!"

The group of people were instantly stunned, they had never seen such a Lin Mo before.

"You have three minutes to get lost immediately. Otherwise, I'll call the police!"

"Remember, you are no longer employees of the company, and your resignation reports have all been signed. If you make trouble here again, humph, I'll let you all go to jail!"

With those words, Lin Mo didn't even look at them and entered the company with his head held high.

The group of people looked at each other, but eventually left in disbelief.

Chapter 43

Just after returning to Xu Hanxia's office, Lin Mo met Xu Jiangong and Fang Hui.

Xu Jiankong was wearing a brand new suit and a Rolex.

Fang Hui also wore a dress that she would only wear to a high-class banquet, and wore a large necklace around her neck, dressed in a glamorous way.

"Aiya, this little matter, do we still need to bother Hanxia? You can just ask him to come to me!"

Xu Jiangong threw a file bag out and waved his hand, "Next!"

That employee silently picked up the file bag from the ground and left with his head bowed.

Another employee walked over, "Mr. Xu, this is a new order form, it needs to be signed by Mr. Xu!"

Xu Jiangong didn't even look at it: "Put it here, I'll just sign it."

Employee: "Mr. Xu, this really needs to be signed by Mr. Xu."

Xu Jiangong was annoyed: "No, what do you mean?"

"Hanjia is my daughter, she is the chairman of the company, the company is hers and mine."

"What's the difference between my signature and her signature?"

"That's not what I meant" the employee said awkwardly, "The main thing is that it has to go through the company's accounts, and it needs to require the company's official seal"

Xu Jiangong froze for a moment, his face unhappy: "I know, put it here, I'll go back to her for the official seal!"

The employee hesitated slightly, Xu Jiangong said angrily: "I'm talking to you did not hear?"

The employee hastily put the document down, and Xu Jiangong continued to wave his hand: "Next. I said, "Can you guys hurry up, with this kind of efficiency, do you deserve the bonus you got yesterday?"

The group of employees dared not speak out in anger and hastily handed over their respective documents.

Lin Mo was speechless, Xu Hanxia had only just become the chairman of the board, and Xu Jiangong and Fang Hui had come to make a fool of themselves.

The company's main business is to provide a wide range of products and services to the public.

When Fang Hui saw Lin Mo, her face was full of displeasure: "Lin Mo, what are you doing here?"

Lin Mo: "It's noon, I'm here to find Hanxia for dinner."

Fang Hui was annoyed: "Why are you running around if you're not sweeping the floors at the hospital?"

"What, you don't like the hospital food and want to come here to eat and drink with Hanxia?"

"Lin Mo, Lin Mo, normally at home, it's fine if you're greedy for a small bargain."

"But, this is in Hanxia's company, can you save face for Hanxia?"

The people around all looked over, mockingly.

"This son-in-law is so thick-skinned, he even wants to rub it in for a lunchtime meal?"

"He's not capable of anything, he only eats soft rice, he's a vampire!"

"Hey, Mr Xu is such a good person. How come she found such a loser husband when she's so capable and pretty?"

"Pooh, what the hell, he still comes to our company for dinner? Has he ever made any contribution to our company? Shame on you!"

Lin Mo was upset, if it wasn't for me, where would you have signed that 3 billion order?

Who hasn't made any contribution to the company?

I'm the one who has contributed the most!

However, he couldn't say these words out loud after all.

"Mom, I'm going to look for Hanxia."

"Stand still!" Fang Hui stood directly in front of him, "Didn't you hear what I said?"

"Don't ever set foot in Hanxia's company again!"

"Security guards, keep an eye on him, he's not allowed to enter the company again!"

"Yes!" Several security guards shouted in response.

Chapter 44

At this moment, a person suddenly ran over to the door, it was Huang Liang, the brother-in-law.

"Dad, Mom, it's getting late, let's go eat."

Huang Liang said with great enthusiasm.

Seeing Huang Liang, Fang Hui's expression soothed: "Have you made the arrangements?"

"It's arranged, it's your favourite Su dish." Huang Liang said fawningly.

"Ah Xiao Huang, it's still you who know how to do things."

"I'll feel much more at ease with you in the company from now on!" Fang Hui nodded in satisfaction, "Honey, let's go, let's go eat!"

Xu Jiangong put those files down, didn't even look at Lin Mo, put his hands behind his back and followed Huang Liang Fang Hui in a high-minded manner.

Lin Mo was annoyed in his heart, he was also a son-in-law.

I came here to make a fool of myself.

But Huang Liang is here because he knows how to do things?

This was too much of a distinction!

However, he had long since gotten used to this.

This Huang Liang was very good at offering small favours and was liked by Xu Jiangong and Fang Hui.

To Lin Mo, none of this mattered, the most important thing was Xu Hanxia's attitude towards him.

Suddenly, Huang Liang came over with a smug smile on his face, "Brother-in-law, don't toss and turn, Hanxia is out."

Lin Mo frowned, "Where did she go?"

"To the bank to talk about some business." Huang Liang laughed, "Brother-in-law, you're looking for something from Hanxia?"

"If you need anything, call me, I'm now Hanxia's personal secretary and driver!"

"What?" Lin Mo's face suddenly changed.

"Hania believes in my abilities and specifically hired me to be her personal secretary and chauffeur!" Huang Liang laughed, "So, in the future, if there's anything, you can just tell me."

Lin Mo was annoyed, how could Xu Hanxia do such a thing? This Huang Liang obviously had bad intentions!

"Brother-in-law, we're going to eat. If there's nothing to do, you shouldn't come to the office."

"Look at you in that outfit, it affects the company's image!"

Huang Liang walked away smugly, leaving Lin Mo with an annoyed face.

Taking out his mobile phone, he called Xu Hanxia to ask about it.

As a result, after calling several times, there was no answer, presumably he was talking about business.

Helpless, Lin Mo could only walk out of Xu's Pharmaceuticals alone.

Suddenly, a BMW roared past him, ready to find a random place to eat.

Luckily, Lin Mo reacted quickly enough and dodged a step in time, otherwise he would have been hit.

The BMW stopped right in front of Lin Mo and two people, a man and a woman, got out of the car.

"Honey, you're so kind, you know that I like to eat Su Cuisine, you specially brought me here. Thank you hubby, mua-da!"

The girl was pampered, dressed in a cool dress, revealing her white and slender thighs. With heavy make-up, she looked a little bit pretty.

When Lin Mo took a look at her, his face turned cold. This was because this girl was no other than his former classmate, Zhao Yi Yi, whom he had a crush on.

When he was in high school, Lin Mo belonged to the type of girl who had low self-esteem. When he was at the beginning of his love life, he had a crush on the class flower Zhao Yi Yi.

Originally, this was not a big deal, but Zhao Yi Yi's best friend found out about it.

That loudspeaker, which was widely publicized in the school, made it known to the whole school.

Zhao Yi Yi splashed a cup of water on Lin Mo in public and threw down the words, "Lin Mo, just by you, a toad still wants to eat swan meat?"

From then on, Lin Mo was nicknamed Toad in school.

This Zhao Yi Yi had also become a disgrace in Lin Mo's heart!

I really didn't expect that I would meet her here.

At this moment, Zhao Yi Yi also noticed Lin Mo.

She froze for a moment and then sneered, "Yo, isn't this Lin Mo."

"What are you doing standing here? Valet parking, huh?"

Chapter 45

Next to Zhao Yi Yi was a man with flowery arms, probably in his forties, with a shaved inch head.

With a big gold chain, a big gold watch and black sunglasses, he was the type that could not be messed with at first glance.

The man's name was Wang Long, nicknamed Brother Long.

In the past, when Lin Mo was at school, this Wang Long had been hanging around in that area of their school, extorting students.

At that time, Wang Long called himself the boss in that area and had screwed many young girls.

Zhao Yi Yi had an affair with him when she was at school, and at that time, Zhao Yi Yi even threatened Lin Mo that if he dared to peek at her again, he would let Wang Long gouge out Lin Mo's eyes.

I didn't expect that after a few years of not seeing him, this Wang Long had become a rich man and was now driving a BMW.

"Who's this?" Wang Long glanced obliquely at Lin Mo, with an arrogant face.

"Just that toad I told you about, the one who had a crush on me when I was in school." Zhao Yi Yi said smugly, "There was a homework book with my name written all over it!"

Lin Mo frowned, he had only written Zhao Yi Yi's name in one book.

This Zhao Yiyi, she had even added fuel to the fire!

"So it was him!"

Wang Long instantly laughed as he wrapped one hand around Zhao Yi Yi's slender waist and looked at Lin Mo provocatively, "Kid, you're really a toad who wants to eat swan meat. You dare to wish for a goddess like Yi Yi?"

"Do you know how much money Yi Yi spends on clothes a month? Do you know how much Yi Yi's cosmetics cost a month?"

"Let me tell you this, if we go to a bar, one night's expenses will cost you a year's salary."

"How dare you hit on Yi Yi like that? Don't take a piss and look at yourself, are you worthy of it?"

Wang Long scolded, took Zhao Yi Yi's slender waist and laughed, "Forget it, Yi Yi, don't bother with such lowly people. Let's go, don't let this kind of trash affect your mood!"

Zhao Yi Yi had a smug look on her face, "Lin Mo, don't follow me anymore. Do you know that you make people feel sick when you do that!"

Zhao Yi Yi Wang Long went into the restaurant next to him with his toes high.

Lin Mo was inexplicably scolded and was irritated to the core.

When he looked up, it turned out to be Yipin Xuan.

This restaurant, which Lin Mo had also heard of, was a very high-end place in Guangyang City.

If you went in for a meal, it would cost two to three thousand per person.

Lin Mo had never been in such a place before, but this time, he was annoyed.

The card that He Lao had given him had tens of millions of dollars stored in it.

Wasn't it just a comparison of money? Did he lack it?

Walking over with his head held high, who knew that just as he reached the door, he was stopped by the security guard.

"Sir, do you want something?" The security guard's attitude was quite polite.

Lin Mo: "I'm going in to eat!"

"Sorry, we have rules in the shop. Those who are not properly dressed are not allowed to enter or leave at will."

"Why am I not dressed properly?" Lin Mo was annoyed, he didn't come here butt naked.

Security guard: "I'm really sorry, your outfit is too casual, please forgive us for not being able to receive you!"

"Then he's not dressed casually?" Lin Mo pointed at Wang Long.

The security guard immediately said, "Brother Long is different, he's a gold card member here!"

Lin Mo was annoyed, there were so many rules for a meal?

"Isn't it just a member? How much is it, you name it, I'll get one now!"

Lin Mo pulled out his pocketbook and yelled as he flipped through it.

The security guard smiled, "Sir, our membership here, it's not something you can just do."

"In order to become a member of our place, you first have to have two members"

Speaking of this, the security guard's eyes suddenly straightened as he saw a black card in Lin Mo's wallet.

It was the supreme card given by Huang Yongfeng!

Chapter 46

"What about the two members?" Lin Mo asked.

The guard gulped and looked shocked, "Sir, I can I see this card of yours?"

"Card?" Lin Mo was puzzled and pulled out the black card.

This card, was given to him by Huang Yongfeng. Lin Mo didn't take it seriously, so he kept it in his wallet.

The security guard took the card and took a look at it, and was even more shocked.

"Sir, excuse me, can I trouble you to sit in the shop for a while first."

"Sit?" Lin Mo was surprised, just now he had said that he was not dressed properly and was not allowed to enter. What is this now?

Lin Mo followed the security guard into the shop, and the security guard didn't dare to be slack and took Lin Mo to a place by the window to sit down, where the environment was a bit better.

"Mister, you have to excuse yourself for a while. If there is anything you need, you can order our waiters!"

The security guard gave a respectful explanation and hurriedly left with his card.

Lin Mo was full of confusion and didn't know what was happening. But since he had come in, he didn't have to be polite and picked up the menu and ordered in a flurry.

Wang Long and Zhao Yi Yi were sitting not far away and when they caught a glimpse of Lin Mo entering, both of them were stunned.

"Why did this kid come in?"

"Of course, he must have seen us coming in and was not convinced, so he followed us in and pretended to be rich!"

"He can't afford to eat at a restaurant that costs at least 2,000 per person?"

"Oh, what the hell. Let's just watch, he won't be able to pay the bill later, that'll be fun!"

The two of them were laughing and joking, and Wang Long even took Zhao Yi in his arms and looked at Lin Mo provocatively.

At this moment, the office upstairs.

The security guard ran over in a panic and said in a trembling voice, "Is Manager Xie here?"

"What's the panic?" The man at the door glared at him discontentedly, "The manager has gone out for something, what do you want?"

"Hurry up and get him back!" The guard said urgently.

The man glared, "Are you fucking crazy? Who the hell are you to tell the manager to come back!"

The guard gritted his teeth and snapped his card out, "Hurry up and get the manager back!"

The man took a look and his face changed: "Isn't this our General Manager Huang's Supreme Card? Who's here? Nanba Tian, or the one from the provincial city?"

The guard said sharply, "Neither!"

"Neither? Someone stole their Supreme Card?" The man drew a breath of cold air, "Oh my God, this is not something we can fix. Just wait, I'll have the manager come back!"

Lin Mo didn't know that this card of his had brought such a shock to these people.

He had ordered his food and was about to eat when Xu Hanxia suddenly called.

"You called me?" Xu Hanxia's voice was clear and cold, "What's the matter?"

Thinking about Huang Liang, Lin Mo was also a little upset in his heart and casually said, "Nothing much, wrong number!"

"You" Xu Hanxia was annoyed and said through clenched teeth, "Where are you now?"

"Eating."

"Where are you eating?"

"Yi Pin Xuan!"

"Wait!"

Putting down her phone, in less than ten minutes, Xu Hanxia, dressed in a professional outfit, walked into the hall.

As soon as Xu Hanxia entered, she immediately attracted everyone's attention.

After all, she was the number one beauty in Guangyang City, Xu Hanxia belonged to the absolutely impeccable ones, no matter her looks or temperament.

Wang Long's eyes were almost glazed over. Compared to Xu Hanxia, what was Zhao Yi Yi beside her?

Everyone was looking at Xu Hanxia, especially the men, who were all thinking of how to talk to Xu Hanxia.

In full view of everyone, Xu Hanxia came directly to Lin Mo's table and sat down in front of him.

Chapter 47

Those men at the scene instantly looked at Lin Mo with envious faces.

"What's going on here?" Wang Long blurted out, "This beauty, what's her relationship with that Lin Mo?"

Zhao Yi Yi was also bewildered, although she was pretty, she was also clear about the difference between herself and Xu Hanxia.

Such a heavenly fairy-like beauty was sitting with that toad that she despised, making her wonder ah.

What was so good about Lin Mo that he could attract such a beautiful woman?

Could it be that she had misread her own eyes? This Lin Mo, was not simple?

No, definitely not.

He was just a poor man, this beauty must have mistaken him for someone else!

That must be the case!

"It should be that she's mistaken for someone else!" Zhao Yi Yi's face was mocking, "That Lin, surnamed Lin, is just a poor man without a father, how could he possibly know such a superb beauty!"

"That's also true!" Wang Long instantly looked eager, if he could hook up with such a beauty, he would be willing to die a few years earlier!

"I'll go remind her of that!" Wang Long laughed heatedly, actually mainly because he wanted to go and hook up with Xu Hanxia.

Zhao Yi Yi knew what Wang Long had in mind, and she was sour in her heart, but she didn't dare to say anything. After all, what she ate, wore and used was all given by Wang Long.

Wang Long picked up his glass of wine and walked over with a smile on his face.

Xu Hanxia looked at Lin Mo, who had a pile of food in front of her, and her eyes were slightly red, as if she was very aggrieved.

Lin Mo couldn't help but ask, "You What's wrong with you?"

"Nothing!" Xu Hanxia gritted her teeth.

Lin Mo: "You don't look like you're fine with this look!"

"Does it have anything to do with you?" Xu Hanxia said angrily.

"I" Lin Mo was annoyed: "What do you mean?"

"I was going to ask you what you meant?" Xu Hanxia was furious: "Lin Mo, what exactly do you take me for?"

"And what exactly do you take me for?" Lin Mo asked rhetorically.

"You" Xu Hanxia was furious and tears were welling up in her eyes.

Lin Mo looked pained and whispered, "I'm sorry, I was a bit heavy in my tone."

me?" Xu Hanxia's tone was full of aggravation, "Lin Mo, do you really care about

"You're eating yourself, but you don't ask me if I've eaten?"

"Do you know that I haven't had a sip of water since this morning until now!"

"Do you treat me as your wife or not?"

With that, Xu Hanxia's tears couldn't help but gush out.

Wang Long had just walked here when he heard Xu Hanxia's last words and was directly confused.

It wasn't a case of mistaken identity, these two were a couple?

The hell?

Such a beautiful woman, married to this toad?

Why on earth?

He backed away bewildered, and Zhao Yi Yi wondered, "What's going on? Didn't you warn her?"

Wang Long was furious: "What the hell! These two are a couple, they're married!"

Zhao Yi Yi was pleased, "So this woman is really blind, she married such a penniless poor man."

"Look at her weepy look, she's had a fight!"

When Wang Long saw Xu Hanxia's expression, hope rose again in his heart.

Yeah, so what if you're married?

You're a poor man, who are you to sit with such a beautiful woman?

I'm just going to hook up with your woman right in front of you, don't you want to be convinced?

"Waiter!" Wang Long slapped the table violently, attracting the gazes of countless people around.

"Hello sir, what can I do for you?" A waiter hurriedly ran over.

"This seat is not good, I want to change it!" Wang Long said, pointing straight at Lin Mo's table, "That window seat is good, I want to change to there!"

Chapter 48

"Huh?" The waiter couldn't help but stare, this was the first time he had seen such a thing.

The waiter whispered, "Sir, someone is already sitting over there"

Wang Long said arrogantly, "Then let them move away!"

Waiter: "That's not appropriate, is it?"

"What's not suitable?"

"I'm a gold card member here, don't I even have that permission?"

Wang Long glanced at Lin Mo: "Besides, I don't think that he's qualified to eat here at all. Go ask him, does he have a membership card for Yipin Xuan?"

The waiter glanced at Lin Mo suspiciously, this was all in ground floor clothes, he didn't look like a rich man, did he sneak in?

Zhao Yi Yi said loudly, "I know him, his name is Lin Mo, he's a waste of money and poor."

"Not to mention the membership card, I guess he can't even afford to pay for his meal here!"

"You guys still let him order food here? Oh, I'll see what you guys do when you have a bully meal later!"

The waiter's face changed as he looked at Zhao Yi Yi, "This lady, do you really know him?"

Zhao Yi Yi arrogantly said, "Of course, he is my former classmate, he had a crush on me when he was in school, his nickname is Toad!"

The crowd around them burst into laughter and looked at Lin Mo with more teasing eyes.

Xu Hanxia frowned and looked at Lin Mo with stern eyes.

Lin Mo's face was full of embarrassment: "I was small at that time, I didn't know any better."

"Humph!" Xu Hanxia snorted coldly, not knowing exactly what she was thinking.

The waiter walked over.

"This gentleman, I'm really sorry, can I trouble you to show your membership card?"

"What do you mean?" Xu Hanxia asked in a cold voice.

"Sorry, we have a membership system here. To eat here, a membership card is required."

The waiter looked respectful, but in reality, he was smiling.

Xu Hanxia frowned, "Are you suspecting that we don't have a membership card?"

Zhao Yi Yi laughed, "If you have one, just let the waiter look at it, what's the big deal?"

The crowd around us followed suit, "They are also paid, why do you have to make things difficult for a waiter?"

"Yes, if you have a membership card, just show it, what are you afraid of?"

"In the past, there were people who sneaked in and ate without a membership card and couldn't afford to pay the bill, so the waiters were punished. What's the difference between such people and thieves?"

"How did you two get in here if you couldn't get your membership cards?"

It was a complete spectacle.

Xu Hanxia's face swelled red as she glared discontentedly at Lin Mo, opened her wallet and took out a card and handed it over.

"Look carefully, a membership card!"

The waiter glanced at it and smiled, "Many thanks, I'll trouble you two!"

"Wait a minute!" Wang Long suddenly bellowed, "I want to sit in their seats!"

"Sir, they have a membership card!" The waiter reminded.

"I know!" Wang Long nodded, "However, the one they have, seems to be the most ordinary membership card here."

"I'm a gold card member of your place, I should have the right to choose my seat, right?"

"This" The waiter's face was embarrassed, he hadn't encountered such a situation before.

"What? Can't even solve this little problem?" Wang Long said angrily, "Do you want me to call your General Manager Huang Yongfeng Huang and talk to him personally about this matter?"

Lin Mo's heart twitched, this shop, was owned by Huang Yongfeng?

The waiter's face changed, this man actually knew the boss? That couldn't be offended!

"Sir, Miss, could you please move your seats for a moment?"

Chapter 49

Xu Hanxia was furious: "On what grounds?"

"Miss, this, your card, is the most common membership card we have here. According to the rules, you are allowed to eat here."

"However, ordinary members, are required to provide convenience to senior members."

"So, I still need to trouble the two of you to move your seats!"

The waiter had an arrogant face, coming here, the ordinary membership card was the lowest level.

Those sitting in the lobby were at least silver cards to start with.

Even these waiters didn't really put ordinary members in their sights.

"You have such rules here?" Xu Hanxia frowned, "How come I didn't know?"

"It's an unspoken rule!" The waiter laughed, "After all, there are levels of membership, and naturally, there are rights that each level should enjoy!"

Xu Hanxia said in a deep voice, "According to you, a senior member can expel a junior member at will?"

The attendant said, "Generally, this will not happen."

"However, if there is a conflict between a senior member and a low-level member, then we do have the right to help the senior member!"

The crowd around them roared.

"That's right!"

"A senior member, should have the rights and benefits of a senior member. Otherwise, why would we upgrade our senior members?"

"Oh, ordinary membership cards, how dare they come here to eat?"

"They should just be allowed to sit outside and eat!"

Wang Long smiled and walked over, "Beauty, actually you don't need to move your seat."

"I'm a gold card member, let me treat you!"

Xu Hanxia's face turned blue, this was too much of a bully.

Of course, she was most angry at Lin Mo, why did he choose such a place to eat?

Was this the kind of place they could come to?

However, Lin Mo was unhurried, as if everything had nothing to do with him.

He glanced at the waiter and said softly, "Are you sure that a senior member can expel a junior member at will? "

The waiter had an arrogant look on his face, "It's not like I can expel them at will, but at least I can enjoy the treatment I deserve!"

"Very well!" Lin Mo nodded in satisfaction as he swept his gaze over the crowd at the scene and suddenly bellowed, "Then I'll tell them all to get out!"

"What?"

The crowd exclaimed in shock and cursed angrily, "Who are you to do that?"

"Damn, a low ranking member, how dare you say such arrogant words?"

"Throw them out, throw them out!"

The waiter also looked annoyed and said in a deep voice, "Sir, please watch your wording. Insulting our premium members, we can revoke your membership card at any time!"

Zhao Yi Yi laughed out loud, "He has to have a membership card too before you can revoke it!"

"Haven't you noticed? Only that woman has a membership card, he's just a softie, not a member!"

The crowd burst into laughter.

Xu Hanxia's face swelled red and she whispered, "Lin Mo, go!"

"We don't need to go!" Lin Mo pulled Xu Hanxia back and laughed lightly, "It's them who should leave!"

Xu Hanxia was annoyed, "Lin Mo, you can't you stop embarrassing yourself!"

Lin Mo calmly said, "Trust me, it's not us who are disgraced!"

Xu Hanxia looked at Lin Mo in confusion, wondering where he got the confidence.

Wang Long's eyes were fierce: "Why don't you get lost? I'll break your legs and throw you out!"

The crowd followed suit, "Yes, throw them out!"

"How dare you insult the senior members, do you know the difference between respect and inferiority?"

"Today, Yixinxuan must give us a statement on this matter."

"How can such a high-class place just let a dog come in and bark!"

Chapter 50

Xu Hanxia's face was blue, she felt so humiliated.

"Please leave this place!" The waiter carried himself with arrogance: "Yipin Xuan, you are not welcome! Get out!"

"Who dares to let them go!"

A roaring voice suddenly came out, shaking the eardrums of the crowd.

The crowd turned their heads to look, only to see a group of people hurriedly running over.

At the head of the group was a man in a suit, who was none other than the manager of Yixin Xuan.

When the crowd saw him, they greeted him with fawning smiles, "Hello, Manager Xie!"

Wang Long's face was also immediately filled with smiles as he extended his hand to greet him, "Manager Xie, how are you?"

As if he didn't see him, the manager Xie went straight to Lin Mo's table.

The security guard ran at the front, he gasped and said excitedly, "Manager Xie, it's this gentleman's!"

In full view of everyone, Manager Xie bent straight down and said respectfully, "Hello Mr. Lin, it's an honour to meet you!"

The crowd froze at once.

This Manager Xie was Huang Yongfeng's right hand man and a big shot.

Normally, Manager Xie was mainly responsible for the affairs of Diamond Card members, and even Gold Card members were not qualified to meet him.

Even those who dined in the lobby had to be polite and courteous when they saw Manager Xie.

Now, Manager Xie was actually bending down and bowing in front of Lin Mo, what was the situation?

Wang Long froze: "Manager Xie, have you made a mistake?"

"This Lin Mo, is just a poor man, what do you you honor with him?"

"How dare you!" Manager Xie's face was cold and he said angrily, "Wang Long, watch your mouth!"

"Mr. Lin is the holder of our Supreme Card here, if you treat him disrespectfully, we can revoke your membership card at any time!"

"What?" Wang Long was confused.

Wang Long's gold card was actually something he had gotten through a lot of connections, he didn't have the strength to do it himself.

Just because he had the gold card here, Wang Long had not flaunted it outside a lot and had used it to pick up a lot of women.

Once it was revoked, wouldn't that kill him?

"There's a Supreme Card here?" Wang Long asked reluctantly, "How come I've never heard of it?"

Manager Xie despised, "What kind of status do you have to be qualified to hear about these things!"

"This Supreme Card, it was issued by our boss Huang Yongfeng himself."

"It has the highest authority in any of the properties under my boss's name."

The crowd exclaimed, none of them had ever heard of such a Supreme Card either.

However, if Manager Xie personally said it, then it must be no lie!

"This this Supreme Card can't be a fake, right?" Zhao Yi Yi was unwilling: "He's just a poor man, what qualifications does he have to get the Supreme Card? He must have stolen it!"

Manager Xie frowned and glanced at Zhao Yi Yi, "So far, my boss has only issued three Supreme Cards."

"For each Supreme Card, there is identity verification. I've verified this card, and it is indeed Mr. Lin Mo Lin's!"

"Huh?" Zhao Yi Yi stumbled and almost didn't sit down on the ground.

How could she not understand what Lin Mo was capable of that he had obtained such a supreme card?

Xu Hanxia was also at a loss, that membership card of hers was also something she had managed to get in the first place.

When she used to receive important clients, she was able to use that membership card to come here to eat and have face.

However, she was very clear about how difficult it really was to qualify for membership at Yi Pin Xuan.

The old man of the Xu family, only managed to get a gold card by asking for connections.

Lin Mo, on the other hand, actually had a Supreme Card in his hand?

How had he managed to get it?
