

Chapter 51

Manager Xie said respectfully, "Mr. Lin, I didn't know you were here. Please forgive me if I have offended you in any way just now!"

"There's nothing to offend, it's just that the place is too noisy and affects one's mood!"

At this moment, someone also came over and told Manager Xie what had just happened.

Manager Xie's face was cold as he swept his gaze across the crowd and finally landed on the waiter.

The waiter was already scared to death and said in a trembling voice, "Manager, I don't know"

"If you don't know, you can just talk?" Manager Xie was annoyed, "From now on, you are no longer an employee of this company, take your things and get out!"

"Manager, just give me another chance" the waiter begged.

Working at Yi Pin Xuan, the treatment was good and the benefits were high.

The key thing is to be able to meet many high class people, and many people grab their heads for jobs here.

It was so hard for him to get in, and then he was kicked out all of a sudden, how could he be willing to do that?

Manager Xie shouted angrily, "Throw him out!"

A few security guards came up and dragged the waiter straight out.

"Mr. Lin, you have a Supreme Card, you can go to the top floor to dine." Manager Xie looked at Lin Mo respectfully, "Of course, if you want to dine here, I can also clear the place for you!"

The crowd around them were all shocked, clearing the room, wasn't that going to drive them all away?

"Then let's clear the room!" Lin Mo casually waved his hand.

"Okay, you wait a moment!" Manager Xie turned his head, "Ask the others to leave the restaurant."

The waiters immediately moved to get the others to leave.

A man said indignantly, "Manager Xie, what do you mean by that? We're all members here, why should he have to make us leave just because he's eating?"

"Yes, he is alone and he has to drive so many of us away? Manager Xie, you are too domineering in your work at Yixinxuan!"

"It's just a Supreme Card, huh? We have so many Gold and Silver members, but we can't compete with him alone? With so many of us spending, we definitely surpass him!"

"That's right, today Yixinxuan must give us a statement!"

The crowd yelled.

Xu Hanxia looked worried and said in a low voice, "Lin Mo, forget it, don't make a big deal out of it. It's not going to end well with so many people!"

Lin Mo didn't say anything, he wanted to see how much authority this Supreme Card really had!

Manager Xie's expression was indifferent as he glanced at the crowd and said aloud, "The Supreme Card, has the same power as General Manager Huang."

"If you guys are not convinced, you can revoke your membership cards at any time, I can do it for you right now!"

The crowd was instantly silent, they had originally wanted to exert pressure by virtue of the large number of people.

Now it seemed that it wasn't a matter of how many people there were, people didn't take them seriously at all!

They didn't dare to make any more noise, the membership cards they had in their hands were hard to come by and were their capital to show off.

Who could bear it if their membership cards were revoked?

In the end, these people all left in disgrace.

Xu Hanxia watched all this with dumbfounded eyes, the power of the Supreme Card had shocked her to the core.

Manager Xie personally came and poured another glass of wine for Lin Mo to make amends, before leading the crowd to disperse.

Xu Hanxia finally came back to her senses: "Lin Mo, what the hell is going on here?"

Lin Mo had long thought of a wording in his mind and said softly, "This card, in fact, belongs to Nanba Tian!"

"What?" Xu Hanxia was shocked: "You took Nanba Tian's card?"

Lin Mo: "He gave it to me."

Xu Hanxia was dumbfounded, the value of this card was no longer something that could be measured in money.

What a generous offer from Nanba Tian!

Chapter 52

"Lin Mo, didn't you say that you were clear with Nanba Tian?" Xu Hanxia frowned, "Just how many other things are you hiding from me?"

"I didn't know that this card, too, would have such great power. I thought it was just an ordinary membership card!"

Lin Mo said, handing the card to Xu Hanxia, "It's for you."

Xu Hanxia held the Supreme Card in her hand and played with it for a while, before finally handing it to Lin Mo: "Keep it safe, don't let my parents see it. Otherwise, you'll lose this card for sure!"

Lin Mo's heart suddenly warmed up, Xu Hanxia was still thinking of him.

Only, what about Huang Liang?

After a moment of silence, Lin Mo couldn't help but say, "Hanxia, do you like me?"

Xu Hanxia stopped the knife and fork in her hand, a trace of scarlet flashed across her face and spat, "Who likes you!"

Lin Mo saw Xu Hanxia's shyness and knew that she was speaking out of turn, and his heart was even warmer.

"Hanxia, if you really like me, can you care about my feelings?"

Xu Hanxia lifted her head and frowned, "Lin Mo, what do you mean? How come I don't pay attention to your feelings anymore? Do you think my parents and them look down on you, so you're uncomfortable in your heart?"

"I'm not talking about them, " Lin Mo whispered, "I'm talking about Huang Liang."

"Huang Liang?" Xu Hanxia was stunned, "What's wrong with Huang Liang?"

"You" Lin Mo hesitated for a long time and said through clenched teeth, "Why did you hire him as your personal secretary and driver?"

"What!?" Xu Hanxia bellowed, "Who hired him to be my personal secretary and driver?"

"Huh?" Lin Mo was stunned, "Didn't you hire him? He even works in your company and can come and go from your office as he pleases!"

"How is that possible?" Xu Hanxia said sharply, "I never hired him, I don't need a secretary or a driver either!"

Lin Mo frowned, he finally understood what was going on.

Xu Hanxia hadn't done this, so it was Huang Liang who had lied.

I had to say, this person was really despicable.

Saying such things behind Xu Hanxia's back and sowing discord in front of Lin Mo, what a villain!

"What's going on?" Xu Hanxia asked.

Lin Mo told him about his entry into the company, and Xu Hanxia couldn't help but frown.

"This Huang Liang, it's really detestable, I'll go back and kick him out of the company!"

Lin Mo was instantly comfortable in his heart.

Xu Hanxia glanced at Lin Mo and suddenly smiled, "Lin Mo, is that why you were angry just now?"

Lin Mo blushed slightly: "Who said I was angry!"

"You still don't admit it!" Xu Hanxia moved closer to Lin Mo and said in a low voice, "Tell the truth, are you jealous?"

"No!"

"Really?"

"No!"

Xu Hanxia sat back down and sighed, "Hey, I was thinking of giving you a kiss as a compensation for your jealousy. Since you're not jealous, then forget it!"

Lin Mo's eyes immediately widened, "Wait, I made a mistake, I was jealous!"

"Too late!" Xu Hanxia returned arrogantly.

Lin Mo: "....."

After laughing playfully for a while, Lin Mo asked, "By the way, Hanxia, why haven't you eaten today? Did you encounter something troublesome?"

Xu Hanxia's expression sank as she said in a low voice, "Nothing, you don't have to worry about it!"

Looking at Xu Hanxia's expression, Lin Mo obviously felt that there must be something in her heart.

However, Xu Hanxia was this kind of character.

If there was something, she would rather carry it on her own than tell others.

Lin Mo didn't pursue the matter and said in his heart, "Hania, no matter what is going on, I will help you solve it! I will never let you be aggrieved!"

Chapter 53

After eating, Xu Hanxia took a taxi and left on her own, she had to go to the bank in the afternoon to take care of some business.

When she was leaving, Xu Hanxia once again urged, "Lin Mo, in the future you should not bother Mr. Nan anymore."

"He has done enough for us, the more you use favours, the thinner they become, understand?"

Lin Mo nodded in agreement.

Xu Hanxia did not know that it was not Lin Mo who was troubling Nan Batian, but rather Nan Batian who was troubling Lin Mo.

Nanba Tian was still begging Lin Mo to treat his daughter's hidden illness.

As for the matter of Yiping Xuan, that was something Huang Yongfeng owed Lin Mo, and had absolutely nothing to do with Nan Baitian.

With Lin Mo's current strength, it would still be an honour for this person to have someone else work for him!

After sending Xu Hanxia away, Lin Mo called Chen Shengyuan and asked him to investigate what had happened.

Just after hanging up the phone, He Lao called again.

"Mr. Lin, taking the liberty to interrupt. I have something that I would like to ask you for a favour, I wonder if it's convenient for you?"

"No problem!"

Lin Mo hung up the phone, and not long after, He Lao's car came over and picked Lin Mo up.

In the car, He Lao Zhi told Lin Mo about the situation.

It turned out that it was the son of an old friend of his, who had been married for several years and still had no children.

He had searched all over for famous doctors and had not found out the reason, so he wanted Lin Mo to help him look at the situation.

"Mr. Lin, I am really sorry to disturb you."

"This friend, has been a great benefactor to me."

"Although he is no longer alive, I really can't bear to see him succeeded by no one."

"So, just take the liberty to ask Mr. Lin to help take a look."

Elder He said.

"No harm!"

Lin Mo waved his hand, He Lao had been good to him and had helped him a lot before.

Lin Mo wouldn't care if he did him a small favour.

The two of them arrived at a luxurious villa area in the city.

This villa area was called Di Jing Tian Yuan and ranked in the top five in Guangyang City.

The people who lived here were rich.

Of course, compared to Wangjiang Garden, there was still a big difference.

The vehicle finally stopped outside a luxury villa.

Lin Mo had just gotten out of the car when a car suddenly rushed over from behind, almost hitting Lin Mo.

"No eyes, standing in the road looking for death? I've never heard of a good dog not getting in the way!"

The driver cursed angrily towards Lin Mo.

Lin Mo frowned and was about to speak when a woman rushed out of the house, "Oh, divine Doctor Xue, you're finally here, please, please come inside!"

An old man with white beard and white hair, wearing a Tang suit, came down from the car.

The old man glanced arrogantly at He Lao, "Yo, Xiao He is here too!"

"Divine Doctor Xue!"

He Lao hurriedly arched his hand.

"Who's this?" Lin Mo inquired in a low voice.

Elder He introduced, "Provincial City Divine Doctor Xue, the number one divine doctor in Guang Province."

"Madam Zhao, this is the assistant you hired to help me?" The divine Doctor Xue smiled, "Not bad, Little He is a little accomplished in the medical dao, so it's no problem to give me a hand!"

Lin Mo couldn't help but be annoyed, He Lao was also considered a divine doctor in Guangyang City.

This divine doctor Xue had even asked He Lao to give him a hand job, this was too much of a look down on people!

The woman glanced at He Lao and was slightly embarrassed, "Divine Doctor Xue, your assistant is inside"

"What?" Divine Doctor Xue frowned, "You didn't ask him to be my assistant? Then what do you mean?"

"Asking him to come and see your son? Do you think I don't have the ability to cure your son?"

The woman's face panicked as Divine Doctor Xue pressed aggressively, "Divine Doctor Xue, that's not what I meant. I don't know how he got here"

The woman looked at He Lao and said in a deep voice, "Xiao He, what are you doing here?"

He Lao hurriedly said, "I have brought a divine doctor specifically to treat Duke Zhao!"

"A divine doctor?" Divine Doctor Xue's driver was immediately annoyed, "How dare you call yourself a divine doctor in front of my master?"

"Who is so bold, stand out and let me see!"

Chapter 54

Elder He was instantly embarrassed.

At that moment, Lin Mo walked over and stood beside Elder He, smiling lightly, "What Elder He said is exactly what I am!"

"You?" The driver looked Lin Mo up and down and laughed coldly, "Old He, you've brought such a milquetoast brat to treat Sir Zhao?"

The divine Doctor Xue looked contemptuous, "Xiao He, I used to think that you had some real talent."

"I didn't expect that you have now fallen to this level."

"Finding such a brat to act as a divine doctor, you're an insult to our medical profession!"

"You really let me down!"

Madam Zhao also looked at Elder He with an angry face, Elder He was insulting them by bringing such a young lad over.

"Mr. Lin is very skilled in medicine, I'm willing to be impressed!" He Lao hurriedly said, "I'm sure he can cure Duke Zhao's hidden illness!"

"Oh, the way of medicine has to be based on real skills, not just bragging with your mouth!" Divine Doctor Xue laughed coldly, "Xiao He, you're willing to bow down to him, that's because you're not strong enough, it doesn't mean he's as skilled as he is in medicine!"

He Lao was just about to speak when Lin Mo took a step forward, "Divine Doctor Xue is right, in the way of medicine, one must indeed rely on true skill."

"The divine Doctor Xue is blowing off such fabulous skills, I wonder how much real skill he actually has?"

Divine Doctor Xue was furious, "Kid, how dare you talk to me like that! Do you know who I am?"

"I don't care who you are!" Lin Mo laughed coldly, "Let me put it to you this way, surnamed Xue. Even if I hadn't entered this door, I would have been able to conclude that you couldn't cure Duke Zhao's illness!"

"Joke!" The divine Doctor Xue laughed: "You dare to make such a presumptuous statement without even seeing the patient. Xiao He, where did you get this charlatan from!"

Lin Mo laughed coldly, "Don't say such nonsense, Divine Doctor Xue, do you dare to make this bet with me?"

"How dare you!" The woman scolded angrily, "Little He, control the people you brought, how can you be so disrespectful to Divine Doctor Xue?"

He Lao looked embarrassed, if it was any other time, he would have treated Divine Doctor Xue with respect.

However, he now had more faith in Lin Mo's medical skills.

Seeing He Lao's indifference, the woman was furious: "Xiao He, take him away immediately. Otherwise, don't blame me for not thinking of old times!"

He Lao's face was ugly as he whispered, "Madam Zhao, Mr. Lin has real skills!"

The woman scolded angrily, "I don't want to listen to your nonsense, take him away immediately. Otherwise, I'll have security ask you to leave!"

Lin Mo suddenly sneered, "Old woman, there's no need to be so troublesome!"

"You what did you say" The woman was furious: "You dare to talk to me like that?"

"Why wouldn't I dare?" Lin Mo sneered, "Elder He, since they don't welcome us, let's go."

"But, old woman, let me remind you of one thing. This Xue surnamed will go in and should treat your son with acupuncture."

"Three needles down, your son will vomit blood. If you don't want him to die, remember, come and beg me personally!"

With those words, Lin Mo pulled He Lao away.

"What a joke!" Divine Doctor Xue snorted, "How dare you presume to say what method of treatment I use when you haven't even seen the patient? Hmph, today I will not use acupuncture, what can you do to me!"

The woman also looked contemptuous, "I don't know where Xiao He found such a madman. Divine Doctor Xue, you have a lot of grace, don't treat him like this!"

Chapter 55

At the entrance of the villa, He Lao looked puzzled, "Mr. Lin, you shouldn't have spoken to Mrs. Zhao like that just now."

"What's wrong?" Lin Mo asked rhetorically.

He Lao said softly, "Mrs. Zhao also spoke harshly because of her son's condition and her anxiety in her heart, she is actually quite kind in person."

"Moreover, Madam Zhao is extremely well-connected in Guangyang City. Even Mr. Nan has to give her a few favours."

"Mr. Zhao is in charge of several major banks in Guangyang, and most of the companies in Guangyang have to look up to Mr. Zhao."

"Your wife owns a pharmaceutical company and does a lot of business with banks. If we make a good relationship with the Zhao family this time, a lot of things, it will be easy!"

Lin Mo smiled, "So what? The moment she comes to beg me, she won't care about what I said before!"

He Lao was bewildered, "Mr. Lin, are you sure, she will come and beg you?"

Lin Mo: "If it was another doctor, she might not come. But now that it's that divine Doctor Xue who's gone in, she'll definitely come and beg me!"

"Why?" He Lao was surprised.

Lin Mo smiled lightly, "Have you ever paid attention to Doctor Xue's hands?"

He Lao shook his head.

Lin Mo said with a straight face, "Divine Doctor Xue carries an acupuncture bag with him, which means that he is an acupuncture expert himself."

"His left middle finger and ring finger, have some calluses. It means that on a regular basis, he mainly uses these two fingers to place needles."

"Normally, one would not use these two fingers to place needles. There is only one flicking needle method that involves using these two fingers to place needles."

He Lao's face changed as he recalled that someone had said before that the method of acupuncture used by Divine Doctor Xue was indeed called the flicking needle method.

He Lao himself did not even understand it, but he did not expect that Lin Mo would be able to tell from his fingers alone.

Lin Mo continued, "Although I didn't enter the door, I also basically know about Duke Zhao's condition."

"He doesn't really have many abnormalities on a regular basis, apart from being unable to have children, except that on the first fifteen days of every month, his nose bleeds."

He Lao exclaimed, "You how do you know that?"

He was the one who knew the most about Duke Zhao's condition and knew that what Lin Mo said wasn't bad at all.

Lin Mo smiled faintly, "With Divine Doctor Xue's flick of the needle, and his impetuous style of acting. He would definitely misjudge Duke Zhao's condition and would use the flicking needle method to place needles on Duke Zhao."

"And this is precisely the biggest mistake."

"Not only did I know that he would use the flicking needle method, I also knew that the first three needles he would give would definitely be at Quchi, Guan Yuan and Kidney Yu."

"As soon as these three needles go down, the suppressed Qi and blood in Duke Zhao's body will be shaken and it will be impossible not to vomit blood!"

He Lao was shocked, this analysis by Lin Mo was too amazing, right?

Only, was this analysis, really correct?

Lin Mo hadn't even met Duke Zhao in person, and yet he dared to make such a bold guess, even Elder He was hardly convinced!

However, the two of them hadn't been standing here for long before they saw Madam Zhao running out in a hurry.

"Madam Zhao!?"

He Lao was shocked.

Madam Zhao ran directly in front of Lin Mo, her face was pale and she fell to the ground with a poof: "Gods, Gods, save my son, I beg you, save my son"

He Lao was dumbfounded, Madam Zhao had actually run out and kneeled down to beg Lin Mo?

Chapter 56

"Madam Zhao, what is going on?" He Lao said urgently.

Mrs. Zhao said in a trembling voice, "Divine Doctor Xue gave my son three stitches, and I my son is now vomiting blood"

"What?" He Lao exclaimed, he remembered that just now Divine Doctor Xue had said that he didn't need acupuncture, but how come he had still placed needles?

Moreover, what Lin Mo said was not bad at all, Divine Doctor Xue had placed three needles and Duke Zhao had vomited blood?

This was too divine!

Lin Mo said in a cold voice: "Originally, with your attitude, I wouldn't bother with this kind of thing. However, for the sake of Elder He, I'll give you a hand!"

"Many thanks, many thanks!" Madam Zhao thanked her repeatedly.

Lin Mo got up and led the crowd into the villa.

At this moment, Divine Doctor Xue and his driver were standing by the side with a flustered look on their faces.

It didn't matter if he couldn't cure the person, but if a good person was dying, this was a big deal.

Mr. Zhao had only been unable to have children, but after these three stitches, Dr. Xue was about to vomit blood and die.

When he saw Lin Mo, Divine Doctor Xue was shocked: "You how did you know I was going to give the needles? How did you know he would vomit blood? What is going on?"

Lin Mo skimmed his lips, "What's so hard about that, from what you carry with you, I can calculate what kind of medical skills you have learned, how you will treat people in response to different conditions."

"How is this possible?" Divine Doctor Xue was shocked.

The divine Doctor Xue did not know that Lin Mo had received the inheritance from his ancestors and knew all the medical arts in the world.

That little skill of Divine Doctor Xue was just a small trick in Lin Mo's eyes, how could it escape Lin Mo's eyes!

By now, Lin Mo had already walked up to Duke Zhao's side and casually stabbed a silver needle into Duke Zhao's body, and the spitting of blood immediately stopped.

Lady Zhao, Divine Doctor Xue's face changed greatly, just now, Divine Doctor Xue had used all his methods but could not stop Duke Zhao from vomiting blood.

With just one needle, Lin Mo easily stopped him from vomiting blood?

This was truly unbelievable!

Lin Mo said slowly, "Not to mention you, even if it was Elder He, I could clearly tell what medicine was given to him for the first time!"

"Huh?" He Lao couldn't help but be stunned.

It had been seven or eight years since he had first treated Duke Zhao himself, and Lin Mo could still tell now?

Lin Mo directly reported out a string of medicine names, and Elder He's expression gradually froze. What Lin Mo said was exactly right, the first time he had used these medicines on Duke Zhao, it was these medicines!

"Mr. Lin, you are really a godly man!" Madam Zhao exclaimed, she also remembered what medicine He Lao had first used.

Divine Doctor Xue was dumbfounded, this was too godly, right?

"Mr. Lin, then then this illness of Mr. Zhao, is it curable?" He Lao asked excitedly.

Mrs. Zhao had a nervous face, this was the last sole sapling of the Zhao family.

Lin Mo: "It's not a disease for him."

"Huh?" The crowd was stunned as Mrs Zhao whispered, "Mr Lin, I can't even get into the same room with my wife until now, my son."

"Both wives have run away because of this. We have visited all the famous doctors and done all the tests, all to no avail, how is it that he is not sick?"

Lin Mo smiled, picked up a fruit knife and gestured at the small of Zhao Gongzi's abdomen a few times.

"What are you doing, " Mrs. Zhao's face was pale.

Lin Mo also did not say anything, picked up a few silver needles and quickly stabbed them into the vicinity of Duke Zhao's small abdomen.

Just then, the crowd noticed that a few bumps had appeared at the small of Duke Zhao's abdomen. It was as if there was some kind of living thing that was moving around inside Duke Zhao's body.

Lin Mo saw the opportunity and fiercely stabbed the fruit knife in.

With a gentle prick, a piece of bloody flesh was picked up, and at the same time, a flesh worm was also picked out!

Lin Mo threw away the fruit knife: "There, Duke Zhao is fine!"

Chapter 57

The crowd was dumbfounded by the fleshy worm.

"It's well?" Lady Zhao was stunned, "What's better?"

"Your Zhao family has a successor." Lin Mo said, "As long as his wife has no problems, within this year, she will be able to have a child!"

"Really?" Mrs. Zhao was overjoyed, but still had some difficulty believing it.

"Mr. Lin, what is this thing?" He Lao looked at the flesh worm on the ground in amazement.

After this flesh worm landed on the ground, it didn't take long to gradually stiffen and die.

Lin Mo: "This is a kind of compulsion, it's very rare."

"This kind of compulsion is hidden in the flesh and blood, and can fuse with it. No matter whether it is examined in modern times or by open incision, its presence cannot be detected."

"It feeds on human essence and will only attach itself to men, eventually causing them to be unable to have children."

The crowd was shocked, there was still such a magical compulsion?

Divine Doctor Xue couldn't help but say, "Since we can't discover its existence, what's going on now?"

Lin Mo: "This compulsion has a lifeline, and after it is pricked, it cannot fuse with blood and flesh. To remove this compulsion, we can only use this method."

Only then did the crowd notice that on top of the parasite, there was indeed a silver needle pricked.

"My son, how could he be infected with this kind of compulsion?" Mrs. Zhao said curiously.

"It is normally impossible to get infected, this kind of compulsion, only appears in Miaojiang." Lin Mo said, "Mr. Zhao, has he been to the Miao Frontier?"

Madam Zhao's face changed: "When he was nineteen, he traveled with his classmates and took a trip to Miaojiang"

"I say so, the girlfriend he talked to when he was in school, the relationship is still very good."

"Since he came back from that trip and his girlfriend broke up, he's been like this ever since"

The crowd was shocked, it was really like that ah.

Divine Doctor Xue was still not willing: "Then then how do you know that I will give him three stitches? Moreover, he will vomit blood?"

Lin Mo said, "This kind of compulsion is usually hidden near the blood vessels, which will create the illusion of blocked qi and blood."

"With the flick-needle technique you have learned, you would definitely judge that he has stagnant Qi and blood. The best way to treat stagnant Qi and blood is acupuncture. You yourself are an expert in the Flicking Needle Technique, so if you don't use acupuncture, what will you use?"

"The area where the parasite is located is where the stagnation of qi and blood is most severe, so your first three needles must fall on the three areas of Quchi Guan Yuan and Kidney Yu."

"However, if you go down with three stitches like this, it will stimulate the compulsion, thus causing the Qi and blood in his body to rush, causing him to vomit blood."

Divine Doctor Xue was dumbfounded, Lin Mo's analysis was exactly right.

After a long time, Divine Doctor Xue suddenly fell to his knees, "Sir, you are truly a godly man! I've offended you so much before, please punish you!"

"Don't be so polite!" Lin Mo waved his hand, "Your medical skills aren't bad, it's just that you've never encountered a situation like this before, so it's normal to get it wrong."

Divine Doctor Xue had a look of emotion on his face, "Today, I've really met a high level person!"

Mrs Zhao was smiling from ear to ear, there was no doubt that her son's illness was definitely fine.

"Divine Doctor Lin, thank you very much indeed!" Mrs. Zhao took out a card and handed it to Lin Mo: "This is a small token of my appreciation, please accept it!"

"When my son wakes up, I will personally take him to my door and kneel down to thank him!"

Lin Mo pushed back a few times, but in the end, Mrs Zhao forced the card into his pocket.

Chapter 58

Walking out of the Zhao family, He Lao also breathed a long sigh of relief.

"Mr. Lin, thank you so much this time!" He Lao said sincerely.

Lin Mo's expression, however, gloomed as he glanced at He Lao and said in a deep voice, "This matter, it's not over yet!"

"Hm?" He Lao was surprised, "Hasn't Duke Zhao been cured?"

Lin Mo said in a deep voice, "Of course he was cured, but this matter is far from being as simple as a cure!"

"Why?" He Lao said curiously.

Lin Mo's face was grave: "The art of placing a compulsion is not simple."

"Generally speaking, a compulsion master would not casually put a compulsion on a person, let alone this kind of compulsion that can cut off a person's offspring."

"Unless there was some deep hatred, they would not have cast a compulsion on him!"

He Lao was stunned, "Could it be that he has offended a compulsion master?"

"That should be the case!" Lin Mo nodded, "Once the parasite was taken out, the compulsion master would immediately know about it. If it's really a deep hatred, I reckon that compulsion master will still come looking for him!"

He Lao had a shocked look on his face, "Then is there any way to save him then?"

Lin Mo: "Let's take a step and see."

Back at the hospital, Lin Mo hadn't sat down for long when he received a call from Chen Shengyuan.

It turned out that Xu's Pharmaceutical's account, was frozen by the bank.

The deposits that those people had transferred yesterday had all been frozen and could not be used.

The company now had no liquidity at all and could not do anything.

Xu Hanxia went to the bank early in the morning, just to work on this matter.

Lin Mo frowned: "How did the account get frozen?"

Chen Shengyuan: "Originally, Xu Pharmaceutical owed the bank a lot of loans, and moreover, Xu Pharmaceutical made joint guarantees with many other companies."

"Originally, this was a normal thing, but, yesterday, the bank side suddenly received some account statements from Xu Pharmaceutical, which showed that there was a big problem with Xu's group's accounts."

"At the same time, several other companies that are jointly guaranteed with Xu Pharmaceutical have also suddenly been exposed to problems."

"So, the bank, on its side, took emergency measures and froze Xu Pharmaceutical's accounts!"

Lin Mo frowned, these things happened together, someone behind the scenes must have made a move.

"On Xu Pharmaceutical's account, there are now over a billion dollars. Even if something does go wrong, the money is still enough to pay out, so why freeze the account?"

Lin Mo asked.

Chen Shengyuan said, "This matter, in fact, can be big or small."

"Under normal circumstances, the bank would not freeze the account, it only needs to ensure that there is enough money in the account to repay the loan."

"However, the bank side insists on freezing the account, which is obviously targeting Xu's Pharmaceutical."

"If the account is frozen, Xu Pharmaceuticals will have no liquidity available."

"Given the size of Xu Pharmaceutical, if the accounts are frozen for more than two weeks, Xu Pharmaceutical is afraid that it will collapse."

"The bank is just going through a procedure, but it's enough to bring down a business."

Lin Mo clenched his fist, no wonder Xu Hanxia's eyes were red today, it looked like he had suffered a lot of grievances during this trip to the bank.

Chen Shengyuan said in a low voice: "Mr. Lin, I've also checked it out. The person in charge of this matter is a senior manager of the bank, named Yao Dong, who has a lot of power in the bank."

"I don't have much friendship with him, but if Mr. Nan is willing to ask, the bank will definitely not dare to make things difficult for Xu's Pharmaceutical!"

Lin Mo shook his head, "No need to look for Mr. Nan, I'll handle it myself!"

Chapter 59

The bank.

Xu Hanxia sat alone at the entrance, waiting anxiously.

Finally, a balding man walked out, none other than Yao Dong.

"Manager Yao, you're here!" Xu Hanxia hurriedly greeted him, "I've prepared all the materials you want, take a look, our company's account, can it be unblocked?"

"Oh, I see the materials." Yao Dong played an official voice: "However, these things, are not up to me alone, there are still procedures to go through."

"How about this, Miss Xu, you go back first and wait. Within ten working days, we will give you an answer!"

Xu Hanxia was anxious: "Ten working days, that's two weeks, this will cause a lot of damage to our company!"

Yao Dong: "Miss Xu, I understand your difficulties. But rules are rules and no one can break them. You can go back and wait, I will inform you when there is news!"

After saying that, Yao Dong went straight to the upper floor.

In the office on the first floor, there was a man full of name tags sitting at the moment, and it was Cui Yifan.

"Yifan, the matter you explained, it's almost done!" Yao Dong said with a smile, "Xu Hanxia is going crazy now!"

"Uncle, thank you so much!" Cui Yifan laughed, "Next, Xu Hanxia only has two ways to go. Either she can go borrow from loan sharks, or, she can find a way to find someone to settle this matter."

"Hmph, this bitch, she will have to lower her noble head after all."

"When she comes to me, I will not only take her down, but also swallow her Xu Pharmaceutical!"

"This time, Xu Pharmaceutical has signed so many orders, it's going to be rich. Uncle, when I take her down, then I'll really be able to get both money and people, and our family's assets will be doubled!"

Yao Dong was also happy and patted Cui Yifan's shoulder, "Kid, you're still smart. Don't worry, I'm sure the bank will kill her!"

Cui Yifan's eyes shone with a brilliant light.

The last time he saw Lin Mo's access card for Wangjiang Park at the airport, he was so shocked that he didn't dare to look for Xu Hanxia.

Only later did he learn that Lin Mo was the result of saving Nanba Tian's daughter. He was also relieved to learn that Lin Mo and Nanba Tian had been cleared.

Since Nanba Tian was no longer helping Lin Mo, he had nothing to worry about.

Lin Mo had just arrived home from work when he heard a lot of noise inside the house.

"Those people at the bank, they've got a lot of nerve. They dare to casually offend a company as big as our Xu Pharmaceutical?" Xu Jiangong shouted angrily.

Fang Hui nodded, "That's right, we have so many deposits a year, are they crazy to go against us?"

Xu Dongxue: "Sister, why don't we go and sue them?"

"All right, stop yelling!" Xu Hanxia waved her hand impatiently, "They're going through the formal procedures, it's useless to sue."

"Besides, if we go through the legal process, we won't be able to get involved for months. We don't have any liquidity now, how long can the company last?"

The three people in the room fell silent.

Lin Mo pushed the door in and said softly, "Han Xia, the bank matter"

"You shut up!" Fang Hui was outright annoyed, "Why did you only come back? You don't even look at the time, what time is it. You didn't come back to cook, do you want to starve us to death?"

"No, Ma"

"I don't want to hear your explanation!" Fang Hui said angrily, "All day long, you eat and sleep and eat, what else can you do?"

"Let you handle some housework, you can't even handle it well, are you still a man!"

Chapter 60

"Oh, this is no longer a question of whether a man is a man or not, this isn't even considered a man!" Xu Dongxue sneered, "Raising a dog, he can also look after the house, what can he do? He eats more than a dog and does less than a dog!"

Lin Mo was annoyed and was just about to speak when Xu Hanxia already said indignantly, "Xue'er, shut up. How can you speak to your brother-in-law like that!"

Xu Dongxue: "Oh, brother-in-law? Sister, what the hell is he, to be my brother-in-law? I pooh!"

"You"

"That's enough!" Xu Jiangong slapped the table, "Lin Mo, can you make the family stop? Ever since you came into this family, the whole family has been arguing over you all day long. Can you stop upsetting us?"

Xu Hanxia was reluctant: "Dad, Lin Mo came back and didn't do anything, so how come he's upset you guys!"

"Hanxia, can you stop arguing with your father over an outsider, are you trying to piss us both off before you do!"

Fang Hui said angrily.

Xu Hanxia was so angry that her eyes turned red, and she didn't dare to argue anymore.

"And you!" Fang Hui looked at Lin Mo angrily, "What are you doing standing here? Go to the kitchen and make dinner!"

Lin Mo sighed and went into the kitchen alone.

A few people outside were still arguing, and not long after, a guest arrived at the house, surprisingly it was Cui Yifan.

"Aiya, young Cui, which fragrant wind has blown you here. Your coming to my house really makes my house shine!" Fang Hui was smiling so much that she couldn't even close her mouth.

Cui Yifan was smiling, carrying a few gift boxes and a handful of roses in his hand.

"Uncle father, auntie mother, I didn't know what you like, so I bought some random gifts. Please forgive me for any inconsiderateness!"

"Aiya, just come, what else do you need to take!" Fang Hui was even more delighted.

"Mom, I'll get it for you!" Xu Dongxue took the gift box and looked at it, exclaiming, "Maotai ah, Dad, you like to drink, this is for you!"

Xu Jiangong smilingly took the gift box, glanced at it, and immediately exclaimed, "Thirty years in the cellar, this these bottles of wine are not cheap!"

Cui Yifan smiled lightly, "It's not much, less than 100,000 yuan, the most important thing is that you like it, uncle!"

"Aiya, you kid, broke the bank, broke the bank!" Xu Jian Gong loved it.

Xu Dongxue looked at another gift box and exclaimed again, "Cartier?"

Cui Yifan smiled, "Cartier has a new necklace out this year, it matches auntie's temperament particularly well."

Fang Hui's eyes lit up and she immediately took out the necklace. It was a ruby necklace, and one look at it told her that it was worth a lot of money.

"You kid, you really have a heart!"

Fang Hui nodded her head repeatedly, "Xue'er, why don't you quickly pour tea for young Cui."

"Hanxia, you go over and sit with young Cui, why are you standing still!"

Xu Dongxue ran forward and backward to pour the tea, but Xu Hanxia said urgently, "Mom and Dad, how can you just accept such a valuable thing? Return it quickly!"

"Hanxia, we're all family. My aunts and uncles have always treated me well, so it's only right that I send some gifts to my first visit!"

Cui Yifan smiled and handed the flowers to Xu Hanxia with affection, "Hanxia, you are so beautiful today. This bouquet of flowers is for you!"

Xu Hanxia frowned, what was in Cui Yifan's mind, could she not be clear? She couldn't accept these flowers!

Fang Hui hurriedly said, "Hanxia, why don't you quickly take it, it's Cui's heart!"

Cui Yifan also had a faint smile on his face, "Hanxia, are you really going to let me keep this pose forever?"

This move was called moral kidnapping. If Xu Hanxia didn't take the flowers, then she was making Cui Yifan lose face!

Chapter 61

Xu Dongxue: "Sister, take the flowers over, Cui Shao has a lot of heart, how can you let Cui Shao suffer?"

Xu Jiankong: "Yes, Cui and you are childhood friends, it's only right to send a bouquet of flowers."

Fang Hui: "Hanxia, don't be rude, why don't you quickly accept the flowers!"

Xu Hanxia's face was red, how could she accept this flower?

At that moment, a hand reached over and took the flower from Cui Yifan's hand.

The person who came over was none other than Lin Mo.

"Young Cui, you come from a wealthy family, you should know what it means to be polite, what it means to behave."

"Giving flowers to a married woman, huh, are all Cui's family so shameless?"

Lin Mo said laughingly.

The faces of everyone in the room changed, and Xu Jiangong angrily slapped the table, "Lin Mo, what are you talking about? How can you insult young Cui like that!"

Fang Hui: "Why don't you quickly apologise to young Cui!"

Xu Dongxue: "Lin Mo, what are you, how can you compare to Cui Shao? Even a single foot hair of Cui Shao is more valuable than you, do you understand!"

Cui Yifan was originally a little angry, but now when he heard the words of the crowd, he instantly laughed. He glanced obliquely at Lin Mo, not saying anything at all, just waiting for Lin Mo to apologize.

At this moment, Xu Hanxia directly took Lin Mo's arm and said softly, "Young Cui, you've come to my home, what's the matter?"

"First, let Lin Mo apologize!" Xu Dongxue exclaimed.

Xu Hanxia: "If it's nothing, I still have some business at my company. Lin Mo, send me back to the company!"

Cui Yifan's face was chilled, this was an expulsion order.

He gave Lin Mo an indignant look and squeezed out a smile on his face, "Hanxia, I heard from a friend that you went to borrow money from loan sharks today?"

Xu Hanxia looked ugly and said in a deep voice, "How did you know that?"

Cui Yifan: "Wu Laosan, the man you're looking for, is a big mouth and notorious."

"He's been spreading the word everywhere outside that the number one beauty in Guangyang City asked him to borrow money, and if he couldn't pay back within a month, he was going to get you into bed, and now everyone outside knows about it!"

Xu Hanxia's face was blue, this was simply an insult.

Cui Yifan sighed with regret: "Hanxia, if you have any difficulties, just look for me, why do you want to provoke such people?"

"It's just a little money, how much do you need, I'll transfer it to you, you can use it for working capital first."

"Loan sharks, you can't touch things like that!"

Fang Hui's eyes lit up: "Cui Shao, this is this suitable?"

Cui Yifan: "Aiya, auntie, I've told you, never treat me as an outsider. What's inappropriate about this?"

"Hanxia, I'll transfer 50 million to you first, how about that, is it enough?"

"If it's not enough, within three days, I'll transfer you another fifty million!"

Xu Jiangong Fang Hui was overjoyed and nodded his head repeatedly, "Enough, enough. Young Cui, you are too righteous, it's really lucky for Hanxia to have a friend like you!"

Saying that, the two even gave Lin Mo a disgusted look.

Two people of the same age, how could they be so different?

Xu Jiangong: "Young Cui, how about this interest, we give you the highest interest rate according to the bank?"

"Uncle, are you hitting me in the face?" Cui Yifan glared: "I lent money to Hanxia and I want interest? Do you want me to be ashamed to come to your house again?"

"This" Xu Jiangong was at a loss for words.

Fang Hui was excited: "Aiya, Cui Shao ah, you kid, I've seen it since I was a kid, is a warm-hearted person ah."

Xu Dongxue: "Sister, look how good Cui Shao is to you. Forget it, don't be busy, later on you go out and treat Cui Shao to a meal to show your appreciation!"

Xu Jiangong Fang Hui: "Yes, yes, you two go out and eat, we'll be fine at home, Lin Mo will make it for us!"

Chapter 62

Xu Hanxia's face was ugly, of course she knew what Cui Yifan meant by lending her the money. This money, moreover, she could not ask for it.

"Young Cui, thank you. But, I'm not short of money right now!"

Lin Mo's heart was warm, with this word from Xu Hanxia, he was satisfied.

"Halfsia!" Xu Jiangong was annoyed: "What is your own situation now, don't you know it in your own heart? You're not short of money? The company's accounts have been frozen, and you say you're not short of money?"

"Dad"

"You shut up. Are you trying to go to loan sharks, are you trying to make us all hold our heads up as a family?"

"That's not what I meant"

"If you don't mean that, just do what young Cui says. You go out right now and invite Cui Shao to dinner to say thank you!"

Xu Hanxia's eyes were filled with tears, her parents had always been so strong, she was suffocating.

At that moment, Lin Mo spoke up, "Halfsia is right, this money, we don't need it!"

"What do you mean you don't need it?" Fang Hui was furious, "Lin Mo, what do you know? Do you know what situation the company is in? Are you trying to get Hanxia killed?"

Xu Jiangong: "Lin Mo, Lin Mo, not only are you a loser, you're also so selfish. Do you know that Hanxia has gone to borrow from loan sharks? Do you know what will happen to you if you use loan sharks?"

Xu Dongxue: "You're not capable yourself, but you're still jealous of others, I've really never seen a man like you!"

Lin Mo ignored them and calmly looked at Xu Hanxia: "Hansia, trust me. Tomorrow, the company's account will definitely be unfrozen!"

Looking into Lin Mo's sincere eyes, Xu Hanxia felt an inexplicable sense of security in her heart.

Xu Jiangong: "Trust you? Tomorrow, the company's account will be unfrozen?"

"Lin Mo, you can really blow it. Are you still daydreaming?"

Fang Hui: "Lin Mo, you still want to find Nanba Tian?"

"Oh, do you know that Nan Batian and you are already two clear."

"We went to see Mr. Nan yesterday and he made it very clear, we are clear, understand?"

Xu Hanxia spoke up, "Mom and Dad, I believe Lin Mo!"

"You"

"Stop saying that!" Xu Hanxia waved her hand, "Young Cui, thank you for your kindness. However, we really don't need this money!"

"Xue'er, return the gift to Young Cui. Sorry, Young Cui, my family doesn't cook much tonight, so I'm afraid I can't keep you here for dinner!"

Cui Yifan's face was ugly, Xu Hanxia was giving an eviction order.

Fang Hui: "Hanxia, don't be rash!"

Xu Hanxia didn't even say anything and went straight back to her room, slamming the door heavily behind her, making her attitude clear.

Xu Jianguo and Fang Hui looked at each other, once Xu Hanxia had decided on something, they could not change it.

Cui Yifan's face was gloomy, and it took him a long time to return to normal: "It's okay, uncle and aunt. I'll leave you with the gift, and if Hanxia can't resolve this matter tomorrow, you can contact me again!"

Walking out of Xu's house, Cui Yifan's face suddenly turned grim and he gritted his teeth.

"Xu Hanxia, you bitch, how dare you do this to Laozi."

"Hmph, I'd like to see how you'll unfreeze the account tomorrow."

"If you can't solve this matter, you will have to lie under my crotch. When the time comes, let's see how I'll deal with you!"

Chapter 63

"Lin Mo!" Fang Hui thundered, "You said the company's account can be unfrozen, tell me, how can it be unfrozen?"

Lin Mo: "The person in charge of this is a manager called Yao Dong. Tomorrow at noon, let's invite Yao Dong out for a meal, and that's it."

Xu Jiangong Fang Hui was instantly disappointed: "Nonsense, if it could be that simple, we would have solved it long ago! This Yao, who is clearly targeting us on purpose, is it something that can be solved with a meal?"

Xu Dongxue looked at Lin Mo with resentment, "Lin Mo, let me put it to you this way. This Yao Dong is simply trying to hit on my sister's idea. You even asked my sister to invite him to dinner? Are you trying to get my sister to sleep with him?"

Xu Jiangong was furious: "Lin Mo, you're such a wimp, you're trying to push Hanxia into the fire!"

Fang Hui: "Cui Shao is such a nice guy, lending money to Hanxia unconditionally, and you just want to refuse."

"Instead, you're asking Hanxia to hire an old man with bad intentions, Lin Mo, your wimpiness is really unprecedented!"

Xu Dongxue: "He just can't see the good in our family!"

Inside the house Xu Hanxia was also full of disappointment, she thought Lin Mo had some method.

Unexpectedly, it was this kind of method.

That Yao Dong was not a good person in the first place.

Inviting him to dinner, wasn't that meekly giving yourself to him to insult him?

Lin Mo, you've let me down too much!

"Forget it, Lin Mo, you'd better prepare for the divorce with Hanxia." Xu Jiangong waved his hand, "Don't worry, when we divorce, we will give you half a million as compensation, enough for you to spend for a long time!"

Lin Mo sighed, "Mom and Dad, you trust me. Invite him for a meal tomorrow and we can definitely settle this matter!"

Fang Hui said angrily, "Why should we trust you?"

Lin Mo: "I guarantee it with my life!"

"You" Fang Hui was at a loss for words.

After a while, Fang Hui muttered in a low voice, "How much is this dog's life worth to you, what a guarantee!"

After eating, Xu Jiangong Fang Hui went downstairs for a walk.

He hadn't gone far when he saw Huang Liang running over.

"Mom and Dad!" Huang Liang said hurriedly, "I have something important to discuss with you."

"What is it?" The two men wondered.

Huang Liang had a mysterious look on his face, "When I was working on the project, I met a big shot who has a lot of hands and eyes. I mentioned the matter of the company's account to him today, and he said that it was very easy to solve, a matter of words."

"What?" Xu Jiangong Fang Hui said urgently, "Then can you ask him to help?"

"Of course, otherwise why would I have come to you two!" Huang Liang smiled, "Mom and Dad, it just so happens that this big shot is free for the evening, so I invited him over. Will you two come with me to meet him and talk about this matter?"

Xu Jiangong whispered, "Now? We both haven't prepared anything yet, why don't I go and buy some gifts first?"

"Aiya, Mom and Dad, who do you take this big shot for?" Huang Liang bristled, "This kind of big shot, it's hundreds of thousands of dollars a minute, care about this little gift of yours?"

"That's right!" Xu Jiangong was delighted, "Oh, Xiao Huang, you still know how to worry about your family. Let's go, let's go and meet this big shot!"

When they returned home in the evening, Xu Jiangong Fang Hui was all smug.

"Hanxia, you don't have to worry about the company's accounts!" Xu Jiangong waved his arms, "Don't worry, it won't take long to unfreeze it!"

Chapter 64

"Huh?" Xu Hanxia was stunned, wondering why her parents were suddenly so confident after a trip out.

Xu Jian Gong said again, "Also, from tomorrow onwards, Xiao Huang will be your personal secretary plus driver!"

"No way!" Xu Hanxia flatly refused.

"You have to do it even if you can't!" Fang Hui said angrily, "Hanxia, Xiao Huang is thoughtful and detailed, and he is one of our own, so we can rest assured that he is helping you. How can you take such a big company lightly?"

Xu Hanxia was furious: "I said no, that means no. If he must come to the company, fine, then I'll sell it tomorrow!"

"You" Fang Hui's jaw dropped, not expecting Xu Hanxia's defiant mood to be so strong.

"Forget it, it's all just a little thing." Xu Jiangong waved his hand, "Then the company's projects, share some to Xiao Huang, this is no problem, right?"

Xu Hanxia looked at Lin Mo and saw that Lin Mo did not object, so she breathed a light sigh of relief: "Small projects are fine."

Xu Jiangong Fang Hui muttered and went into the room.

Lin Mo walked over and hugged Xu Hanxia from behind, whispering, "Hanxia, thank you!"

Feeling the warmth of Lin Mo's body, Xu Hanxia only felt her body go soft for a moment.

"You didn't have the guts afterwards! Who let you hug me!"

Xu Hanxia glared at Lin Mo, but laughed first herself.

This night, Lin Mo still slept in his own cot.

However, he was not far from that big bed.

Early the next morning, He Lao called and told him that Duke Zhao's health had improved.

The concrete manifestation of this was that Duke Zhao was able to have intercourse with his wife last night.

You know, after coming back from Miaojiang for such a long time, Duke Zhao had never had anything to do with this.

Yesterday, although his injuries had not healed, his body had a rare reaction in this regard, and Duke Zhao was so happy that he almost went crazy.

Lin Mo had long guessed about this situation.

He had asked Elder He to come to his place to take a Small Returning Element Pill and go to give it to Duke Zhao.

At the same time, he also asked He Lao to explain to Duke Zhao that there was a banquet at noon that he needed to attend.

Lin Mo remembered that He Lao had said that the Zhao family had great power in Guangyang City, and even in the banking industry of the whole Guangyang Province.

That Yao Dong, how was he compared to Duke Zhao?

The bank.

Cui Yifan sat in Yao Dong's office.

"It seems that this bitch's wimp of a husband is planning to start with you."

Yao Dong sneered, "Invite me to dinner? Hmph, am I someone who can be invited by anyone?"

"A wimp has invited me out, so what face do I have left for Yao Dong!"

Cui Yifan smiled and waved his hand, "Uncle, you always have to give people a chance."

"Since people are inviting you to dinner, then you should just go."

"By then, it will also make them die completely, don't you think so?"

Yao Dong's eyes lit up, "You mean, let me hit him in the face in public during the dinner, so that they can't get down!"

"That's right!" Cui Yifan nodded, "This bitch, Xu Hanxia, still has illusions."

"This time, we have to completely make her despair."

"I want her to know that in this world, apart from me, no one can help her!"

"That way, she will be obedient and kneel at my feet!"

Yao Dong laughed out loud, "Yifan, you still have more devious ideas."

"Good, let's do that."

"At noon today, I will make that Lin, completely disgraceful!"

Chapter 65

Noon, Yue Lai Hotel.

Mr. and Mrs. Xu Jiangong Fang Hui walked to the door.

"You say, that boss Zhou, is he reliable or not?" Fang Hui whispered, "He said he would help us with this matter, can he do it?"

Boss Zhou, was the same big shot that Huang Liang had introduced them to last night.

Last night Xu Jiankong had talked about this matter and Boss Zhou had promised to help him deal with it.

Xu Jiankong was worried: "Let's take one step and see what happens, we have nothing to lose anyway."

"If we can do it, then of course it's best. If we can't do it, we can still break Halfsia's mind and ask for Cui's help."

Fang Hui nodded: "That's right. It's not about today, it's about getting Hanxia off her mind!"

"If you ask me, it would be best for Hanxia to marry Cui."

"Cui is worth several hundred million dollars and his family is powerful. If he marries Hanxia, Hanxia's business will be even smoother."

"By that time, even we will be able to enter the category of the big families in Guangyang. Xu Yongqing and the others, what are they now?"

Xu Jiangong's eyes shone brightly, being stepped on by Xu Yongqing and his family had made him feel humiliated. Now that he had the opportunity to take revenge, he certainly did not want to miss it.

"The most crucial thing is still to get Lin Mo to divorce Hanxia!" Xu Jiangong gritted his teeth, "If he hadn't dragged him down, Hanxia would have married into a rich family long ago!"

"Right!" Fang Hui was indignant: "Just take advantage of this matter today, this meal at noon, if things are not handled properly, let them both divorce!"

The two of them arrived at the private room Lin Mo said.

When they pushed the door in, there were already five people sitting in the room.

Lin Mo and Xu Hanxia had arrived a long time ago, while the other three people were Mrs. Zhao, Mr. Zhao and Mr. Zhao's wife.

Duke Zhao's wife, named Xu Jing, now had a sweet face and was nestled beside Duke Zhao as if they were newlyweds.

The Duke of Zhao is in high spirits and full of spring, sweeping away his past discomfiture.

Last night's revitalisation gave Duke Zhao a feeling of being reborn as a man.

In the morning, Elder He sent another small rejuvenating pill to Duke Zhao.

After taking it, not only was Duke Zhao's injuries healed, but he was even, a hundred times more energetic.

Duke Zhao was almost forty years old this year, but now, he was so vibrant that he felt as if he was still under thirty.

All these things were thanks to Lin Mo, and Duke Zhao was simply grateful to Lin Mo to the utmost.

Of course, even Xu Hanxia did not know the identity of Duke Zhao's family.

When Xu Jianguo Fang Hui saw these three people, she was also puzzled.

Lin Mo hurriedly introduced himself, and Duke Zhao even directly extended his hand and said, "Uncle and aunt, hello, I'm a brother to Lin Mo!"

Xu Jianguo Fang Hui looked at each other, Lin Mo's brother? What kind of person could that be?

Without shaking hands with Mr. Zhao, Xu Jian Gong Fang Hui sat down with a big grin: "Lin Mo, today is noon, you want to entertain your friends, choose this time, is it suitable?"

Mr. Zhao was slightly embarrassed and Xu Hanxia hurriedly said, "Mom and Dad, Brother Zhao is here to be a chaperone at noon."

"As company?" Fang Hui sneered, "Do you know who was invited at noon?"

"Manager Yao, who is in charge of most of the bank's business, is that someone who can just come to be an escort?"

Xu Hanxia also looked embarrassed, "Mom, you don't talk nonsense!"

"Brother Zhao, I'm sorry, my mother was joking!"

Zhao Gongzi could see that Lin Mo was in this family and had doubts in his mind, but he didn't care much.

Xu Jiangong Fang Hui, to the Zhao Gongzi family, always with contempt.

When they spoke, they spoke in a sardonic manner, obviously with mockery.

Fortunately, the family was in a good mood today, and for the sake of Lin Mo, they didn't take it personally.

Chapter 66

Seeing that the time had reached twelve o'clock, Yao Dong still hadn't arrived.

"Lin Mo, have you gotten an appointment with Manager Yao after all?" Fang Hui couldn't help but say angrily.

Lin Mo: "I made an appointment, he said to come over."

Fang Hui glared: "Don't mess things up! If things go wrong, I won't spare you."

It was not until half past twelve that the door to the room was suddenly kicked open.

Immediately afterwards, Yao Dong, dressed in a suit, swaggered in.

"Damn it, you invited me to dinner and didn't know to greet me at the door. So insincere, what the fuck are you inviting me for!"

Yao Dong cursed as soon as he entered.

Xu Jiangong hurriedly got up, "Manager Yao, I'm really sorry, it's our negligence, you're too kind. Come, take your seat, take your seat!"

Fang Hui also had a flattering smile on her face, "Yes, Manager Yao, I'm sorry for the offense, you should take the responsibility. It's all because of this kid Lin Mo, we'll scold him later!"

"If you're not doing a good job, then don't fucking do a good job!" Yao Dong cursed, "How dare you scold him later? I'm already here, turn around and go back to your fucking head!"

Fang Hui looked embarrassed and gave Lin Mo an indignant look, "Lin Mo, why don't you get your ass over here and apologize to Manager Yao!"

Yao Dong laughed loudly, "There's no need to roll, just kneel there and crawl over!"

Xu Hanxia looked annoyed and was about to speak.

At this moment, Mr. Zhao, who was sitting at the innermost part of the room, suddenly spoke up, "Manager Yao, we are all on the same side. Why don't you give me face and eat first?"

Yao Dong looked up and cursed, "I'm giving you fucking face, you fucking"

The voice stopped abruptly, and Yao Dong looked at the Zhao Gongzi inside with dumbfounded eyes, as if his whole body had suddenly been taken away from his soul, and was completely still.

Fang Hui was surprised: "You you know Manager Yao?"

"Had a few encounters." Zhao Gongzi smiled lightly: "Manager Yao, isn't it?"

In this instant, Yao Dong's face was red and his whole body was dripping with sweat.

"Zhao Zhao Zhao" Yao Dong was shivering so much that he couldn't even speak.

"Well, there are no more unnecessary words. Sit down!" Zhao Gongzi calmly said, "It's late, let's eat first?"

Yao Dong was shivering, not daring to speak, and sat down hastily on his chair.

However, now he was only half his buttocks dipped in the chair, ready to stand up at any moment.

Xu Jiangong Fang Hui did not see Yao Dong's panic, and Fang Hui hastily picked up the menu, "Manager Yao, please take a look at the menu."

Yao Dong trembled and said, "I I don't look, give to Zhao"

Zhao Gongzi said directly, "Manager Yao, look at it."

Yao Dong then shivered and picked up the menu, his finger tapped on it a few times: "This these"

Fang Hui was bewildered and reminded in a low voice: "Manager Yao, this is the ordering number, not the dishes"

"It's is it?" Yao Dong trembled and ordered a few haphazardly.

Fang Hui did not know what was wrong with Yao Dong, picked up the menu and ordered a few more.

When the food came up, Yao Dong's trembling only stopped a little.

However, he was even more frightened in his heart.

Because, Duke Zhao had always addressed Lin Mo as his brother and Xu Hanxia as his younger sister.

Even Madam Zhao, Duke Zhao's mother, looked at Lin Mo as if she was looking at her own child.

How could this Duke Zhao, who was in charge of the lifeline of all the banks in Guangyang City and could decide the life and death of their bank president with a single word, call Lin Mo, a wimp, a brother?

Chapter 67

After a meal, not much was talked about in terms of concrete matters.

Or rather, Yao Dong was shivering the whole time and didn't even say a few words.

Xu Jiangong and Fang Hui kept trying to talk to Yao Dong about unfreezing the account, but Yao Dong basically didn't speak, and they were both helpless.

As for Zhao Gongzi, he only talked to Lin Mo from the beginning to the end and did not pay much attention to Yao Dong.

Xu Jiangong and Fang Hui were both a bit angry, originally thinking that Zhao Gongzi and Yao Dong were old friends and could help with this matter.

What was the point of the meal when he didn't say a word?

At the end of the meal, Madam Zhao took Xu Hanxia's hand and laughed, "This girl is so handsome, Lin Mo, you've found a good daughter-in-law!"

Lin Mo hemmed and hawed as Xu Hanxia blushed: "Auntie, you're too kind!"

"In my life, my biggest regret is that I don't have a daughter." Mrs. Zhao smiled, "That, old brother Xu, sister Fang, can I have this daughter of yours as my goddaughter?"

Xu Jiangong frowned, Fang Hui skinny smile, said: "Big sister, my family Hanxia, is the chairman of Xu's Pharmaceutical"

Xu Hanxia hurriedly grabbed the first, "Auntie, it's an honor for me if you can recognize me as your goddaughter. Then I'll call you God-mother from now on!"

"Hahahaha" Mrs. Zhao was full of joy as she took off a jade bracelet from her wrist, "Great, I have a daughter too."

"This jade bracelet, my mother gave it to me some years ago, saying that it would be passed on to my daughter."

"It's a pity, I never had a daughter, I thought I was going to wear it into the ground."

"Now it's good that Lin Lao has a daughter, so this jade bracelet will finally have a successor!"

As she said that, Mrs. Zhao shoved the jade bracelet into Xu Hanxia's hand, "My good daughter, from now on, this bracelet will belong to you. When you and Lin Mo's daughter get married, you can pass the bracelet on!"

Xu Hanxia blushed and whispered, "Godmother, this" is not suitable" this is too expensive"

"What's unsuitable, you call me this mother, it's more valuable than anything!"

Mrs. Zhao stiffly shoved the jade bracelet into Xu Hanxia's hand and laughed, "Alright, we'll go back first. Lin Mo, be good to my daughter, don't bully her!"

Lin Mo laughed, "Don't worry, in this life, it will only be her who bullies me, I definitely won't bully her!"

"That's what a man should say!" Mrs. Zhao nodded in satisfaction, said goodbye to the crowd and left.

As she watched Madam Zhao walk away, Fang Hui's face turned blue: "Hanxia, have you gone mad? This old woman, she came out of nowhere, and you're going to make her your godmother?"

"Mum, what's wrong with me adopting a godmother?" Xu Hanxia said, "Godmother is very good to me!"

Fang Hui cursed, "Good, my ass! You're the chairman of Xu Pharmaceuticals and worth hundreds of millions of dollars, so you want to take advantage of our family!"

Xu Jiangong also hated his iron, "Hanxia, you are at least a chairman now, so you have to be clear about what this person is trying to get close to you for."

"Just this family, coming here for food and drinks, not doing anything, just playing lip service, can this person be a deep friend?"

Xu Hanxia was embarrassed: "Dad, Godmother's family is very nice!"

"Come on, stop talking!" Fang Hui was furious: "Lin Mo, is this your invitation to dinner today? Did you get the job done? Has the account been unfrozen?"

Chapter 68

Lin Mo was just about to speak when Fang Hui waved her hand directly, "Alright, don't explain, I'm already tired of hearing all kinds of excuses from you. Let's leave it at that, you are ready to divorce Hanxia!"

"Mom!" Xu Hanxia was anxious: "What are you talking about? I won't divorce Lin Mo!"

"Not even if you don't!" Fang Hui glared, "With things like this, and the company about to collapse, do you want me and your father to die?"

Xu Jiangong and Fang Hui left in a huff.

As a result, the two of them had just walked to the entrance of the company when they saw Yao Dong hovering there from afar.

"Manager Yao, what brings you here?" Fang Hui hurriedly greeted him, "Aiya, tell us you're here, I'll have someone receive you ah."

"Go, go, go, go upstairs, go upstairs!"

Yao Dong followed the two upstairs with his head bowed.

When they entered the office, Fang Hui was just about to make tea when Yao Dong suddenly fell to his knees with a poof.

"Brother Xu, sister-in-law, I know I'm wrong. I have unfrozen Xu Pharmaceutical's account, and I promise that nothing like this will ever happen again. "

"Moreover, in the future, whenever Xu Pharmaceutical needs funds, I I will definitely supply them immediately without any hesitation"

"You guys you guys don't care about the little guy, just give me a break"

Xu Jiangong Fang Hui was confused, what is this situation ah?

The previously unbeatable Yao Dong, how come he was suddenly kneeling here?

What in the end has happened?

"Manager Yao, what is this going on?" Xu Jiangong whispered.

Yao Dong bowed his head: "Nothing is fine. Brother Xu, can you you forgive me?"

"I" Xu Jiangong was bewildered.

At this moment, Fang Hui came to Xu Jiangong's ear, "Honey, could it be that Boss Zhou helped?"

Xu Jiangong's eyes lit up, yes, last night did not also let Boss Zhou appear.

It seems that Boss Zhou has a lot of power, this Yao Dong even came to kneel down for them?

When Xu Hanxia returned to the company, she saw Xu Jiangong and Fang Hui sitting proudly in the office.

Fang Hui: "Hanxia, the company's account has been unfrozen!"

"Huh?" Xu Hanxia was surprised: "It's really unfrozen? Great, this lunch today, it's a perfect arrangement!"

"What the hell!" Fang Hui spat, "You think it was Lin Mo who arranged this meal? I'm telling you, if it wasn't for your father and I, running around worrying about this from start to finish, would it have gone so smoothly?"

Xu Hanxia was surprised, so Xu Jianguo went over the matter of Boss Zhou.

"Hanxia, for this time, Huang Liang was also very worried." Fang Hui said, "Now, you know, who is really thinking about this family, right?"

"That Lin Mo, doggone capable of nothing. He arranged this meal at noon and even got his own friends to come and dawdle over the food and drinks. As a result, things didn't work out either."

"Your brother-in-law, Huang Liang, although you don't like him, how much he has worked for the company and for our family."

"If Huang Liang hadn't asked this boss Zhou for help, the company would have been finished, you know?"

"All day long, you know how to be capricious, and you look down on your brother-in-law all day long."

"I'm telling you, from now on, be polite to your brother-in-law."

"Also, I don't care what you think, from now on, I'm going to hand over some of the company's projects to Xiao Huang to take charge of!"

Chapter 69

Bank.

Yao Dong had just returned to his office when Cui Yifan arrived.

"Uncle, how did things go?" Cui Yifan was full of anticipation, "Did Lin Mo kneel down, or did he kowtow?"

Upon hearing this, Yao Dong directly grabbed the folder on his desk and smashed Cui Yifan all over his face.

"Kneel your ancestors, kowtow your grandfather!" Yao Dong broke into curses, "Cui Yifan, are you fucking trying to get me killed!"

"What's wrong?" Cui Yifan was bewildered.

Yao Dong was annoyed, "What's wrong? Do you know who Lin Mo invited to be his chaperone at noon today?"

Cui Yifan: "Who?"

Yao Dong took a deep breath and said through clenched teeth, "Zhao Qianyuan!"

"Zhao Zhao Qianyuan!?" Cui Yifan exclaimed, "Which Zhao Qianyuan?"

Yao Dong was annoyed, "Which other Zhao Qianyuan could it be?"

"It's that one, the son of the Zhao family who is in charge of the lifeline of all the banks in Guangyang City!"

"Even the governors of the major banks in Guangyang Province, which one of them would not be respectful in front of him?"

Cui Yifan drew in a breath of cold air, "No way? Uncle, did you make a mistake? Lin Mo, how could you hire Zhao Qianyuan?"

"I'm fucking mistaken about someone else, I can be wrong about Prince Zhao?"

Yao Dong shouted angrily, "What's more, Madam Zhao, and Duke Zhao's wife Xu Jing are all here. If I'm wrong about one, could I be wrong about a family?"

Cui Yifan was dumbfounded, "They What's their relationship?"

"How should I know what the relationship is, calling them brother and sister anyway!" Yao Dong paused for a moment and said through clenched teeth, "Madam Zhao also took Xu Hanxia as her goddaughter, and not only that, she also gave Xu Hanxia that jade bracelet she was holding!"

"What?" Cui Yifan exclaimed, "Madam Zhao's jade bracelet? Is it really true?"

"I saw it with my own eyes, can it be fake! Yao Dong stared, "It's that jade bracelet that someone once offered three hundred million dollars, but couldn't buy, the one of the Empress of the Ming Dynasty!"

"Oh my God, " Cui Yifan sat down paralyzed.

Yao Dong roared low: "I'm warning you, don't mess with Xu Hanxia anymore!"

"The Cui family is considered to have some heritage in Guangyang City, but that also depends on who it is compared to."

"Madam Zhao, one word and the Cui family can be removed!"

At the end of the evening, Lin Mo had just stepped out of the hospital when he saw Xu Hanxia standing smilingly at the door.

Many people nearby were looking at Xu Hanxia with astonished faces, after all, this was the number one beauty in Guangyang City.

Lin Mo walked over: "Why did you come here?"

"The company is fine, so I came." Xu Hanxia took Lin Mo's arm: "You pick me up every time, today it's my turn to pick you up!"

Lin Mo's heart warmed and he smiled lightly, "Thank you, dear wife!"

Xu Hanxia spat lightly, but her face was already scarlet.

"I'm not going home tonight, Mom and Dad are inviting someone to dinner tonight, let's go there together."

"Who's invited?" Lin Mo said curiously.

"A certain Boss Zhou." Xu Hanxia whispered, "Mom and Dad said that this Boss Zhou helped us solve the problem with the company's account, so they want to thank him."

"However, I don't believe it."

"Lin Mo, Brother Zhao's family doesn't look simple, this time, they must have helped, right?"

Lin Mo smiled and didn't say anything.

He couldn't reveal the matter of his medical skills, so he let the family of Duke Zhao help hide it.

As for what Xu Jiangong Fang Hui thought, he didn't care.

As long as he could help Xu Hanxia solve things and not make things difficult for Xu Hanxia, that would be fine.

Chapter 70

Seeing that Lin Mo did not speak, Xu Hanxia said softly, "Lin Mo, I don't know exactly what method you used to get to know Brother Zhao and the others. However, I still hope that you won't trouble Mr. Nan again in the future!"

"Hanxia, I'm not bothering Mr. Nan!" Lin Mo said softly, "I also met Brother Zhao and the others because of an accident, I did Brother Zhao and the others a favour and they thanked me for it."

Xu Hanxia asked, "What kind of favour?"

"Uh" Lin Mo whispered, "Mrs. Zhao was almost hit by a car once and I pulled her out of the way just in time"

"So that's it!" Xu Hanxia suddenly realized and smiled again, "Lin Mo, I really didn't expect that you were quite helpful!"

Lin Mo smiled: "That's not true, your husband has a lot of good points about me!"

"Pooh, you're so naive!"

The two of them walked away laughing and joking, leaving only a group of people around them with resentful faces.

"A nice flower, stuck in cow dung!"

"Hey, this is the number one beauty in Guangyang City, how come she's with such a loser!"

"Which part of me isn't better than Lin Mo?"

The crowd muttered in low voices, all of them were envious and jealous.

The evening treat was still arranged at the Yuelai Hotel.

When they entered the private room, Xu Jiangong Fang Hui Huang Liang Xu Dongxue was all there.

On the main seat sat a man in his forties or fifties, fat and white, wearing a glasses, a designer suit and a bright gold watch.

Xu Jiangong and a few others were surrounding this man and patting him on the back. The man had an arrogant look on his face and only said a few words every now and then.

Huang Liang, on the other hand, was looking like he had taken credit for his work and was sitting beside the man, smugly.

When he saw Lin Mo Xu Hanxia enter, Huang Liang did not get up: "Sister Hanxia, you're here."

"Quick, come and sit over here, sit next to Boss Zhou!"

The man looked at Xu Hanxia with astonishment and eagerness, and even moved to the side, in that manner, to let Xu Hanxia sit beside him.

Xu Hanxia did not go over, but sat with Lin Mo on the other side.

"Hanxia!" Xu Jiangong angrily scolded, "Why are you so rude? Don't you know how to greet guests?"

"Hello, Boss Zhou!" Xu Hanxia casually exchanged pleasantries.

Boss Zhou looked slightly annoyed and smiled coldly, "Mr. Xu is really a big shot, how can we, the little people, be in Mr. Xu's good books?"

"Since Mr. Xu has no intention of making friends, then forget it, let's not eat this meal!"

"Aiya, Boss Zhou, don't be angry!" Xu Jiangong hurriedly smiled, "It's just a child, he doesn't know any better, I'll scold him!"

Fang Hui glared, "Hanxia, how do you do things?"

"Boss Zhou has helped us so much, why don't you quickly thank Boss Zhou?"

Xu Hanxia's face was annoyed, she felt that what happened before must have been done by Mr. Zhao's family and had nothing to do with this Boss Zhou.

However, for the sake of her parents, she still stood up, "Thank you, Boss Zhou!"

Boss Zhou smiled, "It's not easy to get a word of thanks from General Xu."

"I've done such a big job, and this attitude of Mr Xu, tsk, really gives face!"

Xu Hanxia's brow furrowed and she was about to speak.

Lin Mo preempted him by saying, "Boss Zhou, when I came in just now, I happened to see Manager Yao eating nearby."

"Why don't we go and say hello to Manager Yao first?"

A trace of trepidation flashed in Boss Zhou's eyes and he smiled, "Really? He's nearby too? Quite a coincidence."

"But, say hello and forget it."

"I'm going to go and worry that they're stressed about eating, so let's not affect people."

"After we finish eating later, just ask him to come over and make a toast."

Xu Jiangong Fang Hui looked at each other, full of admiration.

This was indeed a big shot, casually asking Yao Dong to come over for a toast?

Chapter 71

Lin Mo secretly sneered, in one sentence, he had tested the depths of this boss Zhou.

Next, Boss Zhou did not ask Xu Hanxia to sit beside him again, probably because Yao Dong's affair made him a bit flustered.

However, Xu Jiangong Fang Hui did not notice, and was still patting one ass after another.

After three rounds of wine, Boss Zhou was emboldened again and started bragging about it.

He said that he could make hundreds of millions of dollars from a random investment, and that the volume of Xu's Pharmaceuticals was as nothing in his eyes.

The company's business is a very important part of its business.

In short, he blows it out of the water, but Xu Jiangong Fang Hui is convinced.

The main reason is that Xu Jiangong Fang Hui has decided that this time Yao Dong's matter was solved by Boss Zhou.

Therefore, in their view, Boss Zhou was a big shot and it was not unusual for him to be able to do such a thing.

Lin Mo did not expose him either, mainly because Lin Mo could not talk about the matter of Mr. Zhao.

Moreover, Xu Jiangong and Fang Hui obviously believed Boss Zhou.

If Lin Mo went to expose Boss Zhou at this time, Xu Jiangong and Fang Hui would definitely not believe him.

On the contrary, they would definitely scold Lin Mo angrily, which would not be worth the loss.

After eating for a while, Boss Zhou took his glass of wine and simply came to Xu Hanxia's side.

"Mr Xu, this is the first time we have met. However, I admire you very much. A strong woman and such an achievement at such a young age, it's really not easy!"

Boss Zhou puffed out his wine breath and reached out to pat Xu Hanxia's shoulder, but was blocked away by Lin Mo without moving.

Boss Zhou was a little annoyed and glared at Lin Mo: "What are you doing? I'm talking to General Manager Xu, what business is it of yours?"

Fang Hui shouted angrily, "Lin Mo, if you can eat, eat, if you can't eat, get lost."

"It's an honour in your life to meet a big shot like Boss Zhou, what are you doing now?"

Xu Hanxia was slightly annoyed, "Mom, Lin Mo didn't do anything either!"

"You shut up!" Fang Hui scolded angrily, and then smiled sarcastically, "Boss Zhou, you are too kind, don't be too insensitive to this kind of goods!"

Boss Zhou glanced at Lin Mo with a sneer and put the wine glass in his hand down on the table, "Since Sister Fang said so, then of course I will give Sister Fang face."

"However, Mr. Xu, you have to drink this glass of wine!"

Xu Hanxia frowned, this was Boss Zhou's own cup.

Letting her go and drink from Boss Zhou's cup, how could there be such a thing?

However, in order not to let her parents continue to pester her, Xu Hanxia compromised.

She picked up her own glass, "Boss Zhou, I'll drink a toast and make amends to you for him!"

Boss Zhou's face changed and he said in a cold voice, "I asked you to drink that one glass, what do you mean by that? Looking down on me?"

"Hanxia, how can you treat Boss Zhou like this?" Fang Hui said anxiously, "How much of a favour Boss Zhou has done for us!"

"What does that have to do with him?" Xu Hanxia was annoyed, "It was my godmother and the others who helped!"

Everyone in the room was stunned, and Xu Jiangong said urgently, "Hanxia, how can you talk like that? Why don't you quickly apologize to Boss Zhou!"

Fang Hui: "Yes, Boss Zhou has done us such a great favour."

"Even if you're not grateful, you're still putting the credit on someone else, you you're going too far!"

"Yo, according to sister Hanxia, it was my brother-in-law who found someone to help solve this matter?" Huang Liang smiled, "Brother-in-law, you're really capable, more capable than even Boss Zhou!"

Chapter 72

"Hmph, bragging he's the most capable!" Xu Dongxue bristled.

Boss Zhou didn't say anything either, so he looked at Xu Hanxia with a cold smile.

"What I said is true!" Xu Hanxia was anxious: "It's my godmother"

"Unbridled!" Xu Jiangong slammed the table and angrily rebuked, "Hanxia, you've gone too far. Do you have any gratitude at all!"

Fang Hui roared even more angrily, "Lin Mo, how dare you lie to my daughter like this, you you shall not be allowed to die!"

"Boss Zhou, don't be angry. My sister was just cheated by that wimp!" Xu Dongxue apologized repeatedly.

Xu Hanxia was annoyed and wanted to explain, but she was gently tugged by Lin Mo's clothes.

These four people in the room had been completely deceived by Boss Zhou. There was little point in explaining further.

Moreover, Lin Mo didn't care who was actually taking credit for this matter.

He didn't care at all about Xu Jiangong Fang Hui's attitude towards him. As long as Xu Hanxia was good to him, it was enough.

Xu Hanxia had a resigned face, but also knew that there was no point in continuing to argue.

Xu Jiangong smiled, "Boss Zhou, don't be angry. This child is just too truthful and easily deceived, I'll let her apologise to you!"

Boss Zhou said slowly, "Since Brother Xu and Sister Fang have said so, then I will give you guys face."

"Aiya, Boss Zhou is really magnanimous!" Fang Hui was overjoyed, "Halfsia, why don't you quickly apologise to Boss Zhou!"

Xu Hanxia gritted her teeth and didn't say anything, Boss Zhou smiled, "Just forget about the apology, Mr Xu is a young man after all, why make it too difficult for her."

"Why don't you and I have a drink, Mr. Xu, and let's just forget about it?"

Xu Hanxia exhaled, this was still acceptable.

She picked up her glass and was just about to drink it when Boss Zhou laughed: "Mr Xu, how can you be sincere if you drink like this?"

Xu Hanxia was surprised: "Then how can we drink it?"

Boss Zhou laughed, "This is the first time we've met, but I just feel that Mr. Xu and I get along very well."

"In order to get closer, why don't we have a cross-cup drink!"

At these words, the crowd was stunned, this request, it was excessive.

Lin Mo was annoyed, just now, it was fine for you to lie to people. Now you're asking my wife to drink a toast with you, are you looking for death?

"Drink your ass!" Lin Mo shot up, grabbed Boss Zhou's collar and lifted him up, roaring, "Do you want to die!"

Boss Zhou was confused, he had just seen Xu Jiangong Fang Hui angrily scolding Lin Mo, who didn't dare to say a word, and he thought that Lin Mo was a soft egg.

That was why he dared to be so aggressive and wanted to insult Xu Hanxia.

Unexpectedly, Lin Mo had such a strong temper that he simply exploded.

He did not know that a dragon has a rebellious scale and will become angry if it is touched.

Xu Hanxia was Lin Mo's scales of rebellion!

"Lin Mo, what are you doing!" Huang Liang said angrily, "You quickly let go of Boss Zhou!"

"Lin Mo, let go!" Xu Jiangong was also roaring in anger.

Boss Zhou sneered, "No matter how grumpy you are, but the few people in the room are, after all, on my side, so you still have to behave?"

However, this time, Lin Mo did not compromise anymore.

He directly grabbed the edge of the table and lifted the entire table, roaring, "Shut the fuck up!"

A table of dishes showered all over Huang Liang's head.

Lin Mo flung his hand and slapped Boss Zhou across the face, who was sent flying straight out.

"If you dare to disrespect my wife again, I'll get you killed!"

Lin Mo coldly dropped a sentence, turned around and pulled Xu Hanxia's hand, and left without looking back.

Chapter 73

Xu Hanxia was grabbed by Lin Mo's hand, and her heart was puffing wildly.

In the past, Lin Mo had always been obsequious in front of them, and she had always felt that Lin Mo was too weak.

Today, it had completely refreshed her understanding of Lin Mo.

Lin Mo was not weak, he was just too tolerant of some people!

Xu Hanxia's heart was warm, this was Lin Mo's pampering of her, a unique pampering!

Standing at the entrance of the hotel, Lin Mo asked, "Where are we going now?"

"You say, I'll do whatever you say." Xu Hanxia whispered back, just like a well-behaved wife.

Lin Mo was a little surprised, was this still the same strong businesswoman who had always been strong?

"You didn't eat enough just now, go home, I'll cook for you."

Lin Mo smiled.

"Can you not go home." Xu Hanxia took Lin Mo's arm, "Such a nice night scene, accompany me for a stroll."

"Where to go shopping?"

Xu Hanxia: "You say, I'll listen to you."

Feeling Xu Hanxia's soft and boneless body, Lin Mo's heart also trembled.

He grabbed Xu Hanxia's hand and thought carefully before suddenly smiling, "Let me take you to a place that you have never been to before."

Xu Hanxia: "What kind of place?"

"The place where I grew up."

Xu Hanxia became interested: "Really? Take me to see it!"

Riding his electric bike, Lin Mo took Xu Hanxia around the streets and finally arrived at a shabby street near the outskirts of the city.

It was nowhere near as glorious as downtown Guangyang, but it was also bustling with people.

The market was full of people setting up stalls. Those selling all sorts of supplies, and some big stalls and such, gathered a lot of people.

"Is this where you grew up?" Xu Hanxia said curiously.

"Yes!" Lin Mo nodded, "When my mother was still around, she used to set up stalls here, and Xi'er and I, we usually played here."

Looking at the dilapidated street, Xu Hanxia felt a pang of sadness in her heart.

Growing up here, just how much suffering did Lin Mo suffer as a child!

Lin Mo led Xu Hanxia to walk for a while and came to an old Chen stall in front of him.

"Uncle Chen, it's busy!" Lin Mo greeted the stir-fry chef.

"Huh, Lin Mo, what brings you here, kid!" Old Chen, the stir-fry master, had a surprised look on his face, "You brat, you don't come to eat at Uncle Chen's place either, do you think Uncle Chen's cooking isn't good enough anymore!"

"Uncle Chen, you're just joking!" Lin Mo laughed, "I've brought my daughter-in-law here to eat your stir-fried dishes!"

Only then did Uncle Chen notice Xu Hanxia beside Lin Mo and was even more surprised: "Aiya, you kid, you're already married."

"This girl is so handsome, you're so lucky."

"You have a heart, come, come, go sit over there first, Uncle Chen will fry you some special dishes."

Xu Hanxia smiled lightly, "Thank you, Uncle Chen."

"Oh, don't be polite, have a seat."

Uncle Chen greeted the two of them as they sat down and stir-fried some more dishes to bring over.

Xu Hanxia looked around curiously, she had never been to a place like this before, let alone eat in such a place.

However, after taking a bite of the dishes, Xu Hanxia's eyes lit up.

Uncle Chen's level of stir-frying was very good.

"Lin Mo, with such a nice place, why didn't you bring me here before?" Xu Hanxia muttered.

Lin Mo smiled gently, his heart a little bitter.

In the previous years, he had been very inferior in the Xu family, and no one looked up to him.

Even Xu Hanxia was not warm to him, so how could he bring Xu Hanxia here?

The two of them were eating when suddenly, a roar of a locomotive came from the street.

Chapter 74

Six or seven modified street-bombing motorbikes roared by, with about ten young men in strange costumes on them.

Wherever they passed, the stall-holders avoided them as if they had seen the god of plague.

Soon, these street-fried motorbikes arrived in front of the big stalls.

"Hey, old thing, it's time to pay this month's hygiene fee!" A young blond yelled smugly.

Old Chen looked ugly and whispered, "Master Jin, I my old companion is in hospital and it's costing me too much money."

"Look, can you be a little more forgiving"

Golden Hair shouted angrily, "Fuck, your old companion is in hospital, it's none of my business."

"One word, health fee or get out!"

"This" Old Chen looked embarrassed: "Master Jin, then then you can give me two days' grace, I I'll chip in"

Golden Hair kicked over the table in front of him and cursed, "Damn it, I've given you a few days' grace, and you're still fucking graceful. Do you think old me is easy to bully?"

Old Chen was trembling in fear: "Master Jin, I really don't have any right now. Or else, tomorrow, tomorrow I will definitely give it to you!"

"Good, I'll give you one more chance. If you don't see me tomorrow night, you can go and be hospitalized with your old partner!"

Golden Hair scolded and turned to leave, but suddenly glanced at Xu Hanxia who was sitting not far away.

He instantly looked astonished and winked at a few people around him, "Look, a beautiful woman!"

Those people looked over and were all full of amazement as well.

star!" "Oh my god, where did this beautiful woman come from? She's prettier than a

"I've never seen such a beauty in all my life!"

"We're in for a treat tonight, let's go!"

A dozen youths sharpened their fists, but Golden Hair waved his hand: "Don't be impulsive, I'll do it!"

"Yo, Master Jin himself, this is fun!"

"Master Jin is going to take him down for sure!"

"Hey, when Master Jin comes out, which woman won't just lie down!"

Golden Hair straightened his hair, put on a smile he thought was charming, and walked over to Lin Mo's table.

He rested his elbows against the table and propped his palms on his chin as he looked at Xu Hanxia with affection.

"Beauty, my friends bet me that you definitely wouldn't dare to give me your WeChat."

"But, I don't believe their words, what do you think?"

Lin Mo's brows furrowed, he was even a little upset when these people from Golden Hair bullied Uncle Chen just now.

Now, to come and hook up with his wife in such a blatant manner, they didn't take him seriously at all anymore, huh?

Xu Hanxia said in a cold voice: "Sorry, I don't use WeChat."

Jin Mao's face changed slightly, and then he smiled, "It's okay, if you don't have a WeChat signal, you can add a Q number or leave a mobile phone number."

Xu Hanxia: "Sorry, it's not very convenient."

Golden Hair said in a deep voice: "Beauty, you're being too disrespectful!"

Lin Mo said, "People don't want to give it to you, that's people's freedom."

"Aren't you afraid of affecting others when you do that?"

Golden Hair's face was cold as he angrily said, "What does it have to do with you if I care about her request for contact information?"

"Do you have the right to speak here?"

"Get out of my way or I'll kill you!"

A group of people behind him also got up in arms, yelling at Lin Mo to get lost.

Chapter 75

Xu Hanxia said in a deep voice, "He's my husband!"

Golden Hair froze for a moment and then bristled, "What's wrong with a husband? Can a husband interfere with your normal friendships?"

"I just asked for your contact information, I didn't do anything else, so what can your husband do?"

"Hey, this husband, don't rush, we haven't even started to develop yet. It's not too late for you to ask when we've developed!"

The boys at the back immediately laughed, "Yes, we haven't even started playing yet, what's your hurry as a husband?"

Lin Mo's face was cold as he said in a deep voice, "Watch your mouth!"

"I'm clean, my ass!" Golden Hair said aggressively, "Hey, pretty girl, one word, do you give face or not!"

Xu Hanxia's face was swollen red, this was the first time she had ever met such a person.

"I don't know you, please leave!"

"Once you get acquainted, add WeChat, play around and get acquainted!" Golden hair smilingly said.

"Yes, we'll get acquainted after playing, and we'll even get acquainted after playing more!" A few other lads also heckled and teased.

"You" Xu Hanxia was annoyed to the extreme, these people were talking too frivolously.

Lin Mo stood up: "You want to play, don't you? I'll accompany you!"

"You want to play with me? How the hell are you qualified to play with me!" Golden Hair said, and lifted the table.

"Ah!" Xu Hanxia shrieked and took a few steps back, "You guys are so unqualified!"

"Who the hell are you calling unqualified!" The boys behind them also ran over, aggressively surrounding them in the middle.

Lin Mo Xu Hanxia shielded behind him and said in a cold voice: "Hanxia, you go inside first."

Xu Hanxia was anxious: "Let's go together!"

"Can we go?" Golden Hair copied a wine bottle and said smugly, "Hey, this husband, you can leave, but this girl, she has to stay and play with us!"

A trace of murderous aura flashed in Lin Mo's eyes as he said in a cold voice, "Don't bully people too much!"

Golden Hair bristled, "What's wrong with bullying people too much?"

"Do you know what this place is? Do you know who I am?"

"Damn it, I asked for her weibo because I think she's a good person."

"I'm telling you, either she stays and plays with us today."

"Or we'll cut a hole in your head and let you see how she plays with us!"

Those lads at the back burst into laughter, their faces full of smugness, as if Xu Hanxia was already fish on the chopping block.

Lin Mo said in a cold voice: "Young man, no matter what you do, you have to leave something behind for yourself, so that you won't regret it later!"

"I'll still regret it? Are you fucking dreaming?" Golden Hair cursed, "I think you're not going to leave? Fine, then I'll cut a hole in your head, you fucking"

Before Golden Hair could say anything, Lin Mo had already made his move, copying the bottle next to him and smashing it on Golden Hair's head in one go.

The whole room was silent, no one expected that it was Lin Mo who made the first move.

Even Xu Hanxia was stunned, she looked at Lin Mo blankly, was this still the same obsequious man from before?

"Uncle Chen, take Hanxia into the house!" Lin Mo bellowed coldly.

"Honey, don't get into trouble," Xu Hanxia said urgently.

"I'll be fine." Lin Mo smiled, "Don't worry."

Uncle Chen hurriedly took Xu Hanxia into the house.

"Bastard, how dare you hit me?" Golden Hair's face was fierce, "If I don't leave a few cuts on you today, I'll fucking take your name!"

"Brothers, go!"

Chapter 76

Lin Mo's expression was indifferent: "If you want to fight, go to the back alley."

"How dare you fucking go to the back alley? I think you really want to die!" Golden Hair laughed, "Let's go to the back alley, I'll kill you!"

When they reached the back alley, the men simply blocked the entrance to the alley, making it clear that Lin Mo would not be allowed to run away.

Golden Hair covered his head with one hand and pointed at Lin Mo with the other, "Chop him to death!"

The two men next to him had already taken out their machetes and rushed towards Lin Mo with a roar, slashing his head and face.

Lin Mo did not dodge, but took a step forward and threw both fists, hitting the two men squarely in the face.

Both men fell to the ground at the same time, their noses broken and their mouths bleeding.

Those people behind them were shocked, no one had expected that Lin Mo was so capable of fighting.

"Beat him to death!" Golden Hair roared.

However, Lin Mo was one step faster, he grabbed Golden Hair, snapped his neck and slammed his head against the wall next to him.

In one fell swoop, Golden Hair was knocked to the ground, but Lin Mo didn't stop, he slammed his head into the wall again.

Those behind him had planned to rush over, but when they saw this scene, they were all stunned.

All they could see was that Golden Hair's face was covered in blood, his nose was flattened, and his mouth was full of teeth that had almost all fallen out.

These people usually looked arrogant, but in fact, they were just a bunch of soft-headed people who were afraid of being soft.

They had never been in such a situation before!

As they watched Golden Hair fall to the ground dying, they were all shivering with fear, looking at Lin Mo as if he was a god of plague.

Seeing Lin Mo walking towards them, one of them suddenly shouted, "Let's all go together, there are so many of us, we don't need to be afraid of him!"

Only then did the crowd come back to their senses and roared in anger as they prepared to rush forward.

At that moment, a loud shout suddenly came from the entrance of the alleyway, "Stop!"

The crowd turned their heads and saw that a group of people had arrived at the entrance of the alleyway at some point.

The leader was none other than Chen Shengyuan, who ran over with a respectful face, "Mr. Lin, are you alright?"

Lin Mo waved his hand calmly, "Yes!"

Chen Shengyuan breathed a sigh of relief, he looked at the group angrily and cursed, "Damn, I'm most annoyed with your kind of goods."

"Cut them up, cut them all up, cut off their hands and feet, cut their tendons."

"If you ever ride a motorbike again in this life, I'll take your name!"

The group outside rushed in, and without hesitation, they raised their knives and hacked.

The young men were dumbfounded, they had never seen a real villain before because they were so arrogant and domineering.

They had never seen a real villain before. Chen Shengyuan had buried a lot of bones behind him to get to where he was today.

Even if they were to be sunk into the Guangyang River, it would be a simple matter of chopping off their arms and legs.

The group of youths originally wanted to resist, but later they only begged for mercy.

A few of them reluctantly knelt on the ground and begged, "Big brother, big brother, we know we're wrong, spare us, we won't dare to do it again"

"Big brother, you spare us, we will be cattle and horses to repay you in the future"

"We have no eyes to see, we have eyes to see, please, treat us like a fart, let us go"

No one paid any attention to them, and in the end, all these youths were cut down to the ground.

As Chen Shengyuan said, these people, in this life, would never want to ride a motorbike again.

Whether they would be able to stand up again in the future was unknown, and it was estimated that for the rest of their lives, they would have to beg for a living.

Chapter 77

Chen Shengyuan and the others left quietly, and Lin Mo picked up Xu Hanxia and took her away as well.

Of course, before he left, Lin Mo asked Chen Shengyuan to help Uncle Zhang pay for his wife's medical bills.

When Lin Mo was here in the past, Uncle Zhang had treated him well, and since his wife was in hospital, Lin Mo of course had to help out a little.

On the way, Xu Hanxia asked Lin Mo how he had settled the matter.

Lin Mo did not say anything about Chen Shengyuan, but said that he had called the police in advance and those people had been scared away by the police.

Only then did Xu Hanxia breathe a sigh of relief and snapped, "Lin Mo, in future, when you encounter something like this, don't fight people hard, just call the police!"

When they returned home, Xu Jiangong Fang Hui was sitting in the living room with a stern look on her face.

"Mom and Dad"

Xu Hanxia was just about to speak when Xu Jiangong slammed the table directly and roared, "You, go inside!"

"Dad"

"Didn't you hear me?" Xu Jiangong hissed, "I told you to go inside!"

"Hanxia, you hurry up and go inside, are you trying to piss off your father!" Fang Hui said urgently, "Your father he has heart disease and high blood pressure!"

Looking at Xu Jiangong's shortness of breath, Xu Hanxia dared not argue and could only enter the room.

Fang Hui stared at Lin Mo: "Lin Mo, let me ask you, our Xu family, what exactly is wrong with you? You want to harm us like this?"

Lin Mo: "Mom, when did I harm you guys?"

"You're still pretending to be stupid!" Fang Hui roared, "What did you mean just now at the hotel?"

"Boss Zhou has done us such a great favour, so even if you don't thank him, you still beat him up?"

"Lin Mo, do you just don't want to let us Xu family members be good, and when you see a good opportunity for our Xu family, you're not happy about it and just want to ruin it?"

"A big shot like Boss Zhou is about to rise to power for our Xu family if he is willing to help us."

"You deliberately want to make trouble, just to keep our Xu family from standing up for the rest of your life, don't you?"

Lin Mo frowned, "Mom, you misunderstood, that Boss Zhou, is a liar!"

"You're the one who's a liar! Your whole family are all liars!" Fang Hui screamed, "Lin Mo, I've never seen such a despicable person like you in my life."

"Even if you can't see the good in people, you still insist on falsely accusing others and framing them, how can you be so shameless?"

"Are you still a human being? You can do anything!"

"Mom" Xu Hanxia opened the door, "That time, it was Mr. Zhao"

"Get in!" Xu Jiangong grabbed the tea cup on the table and threw it over.

Xu Hanxia was startled and could only close the door.

Xu Jiangong: "Lin Mo, no more nonsense. Tell me, when are you going to divorce Hanxia!"

Lin Mo: "I won't divorce Hanxia!"

Xu Jiangong shouted angrily, "No divorce is out of the question!"

"Lin Mo, you don't want to get stuck with our Xu family!"

"You can either sign this divorce agreement directly, or, I'll find someone to sue for divorce."

"No matter what, you'll have to get out of my Xu family!"

Xu Hanxia's voice came out from inside the house, "No matter what, I won't divorce Lin Mo!"

"This matter, it's not up to you!" Xu Jiangong roared.

"Lin Mo, if you don't sign, then we'll sue for divorce!" Fang Hui slapped the table, "From now on, you get out of the Xu family, I don't want to see you anymore!"

Xu Hanxia said urgently, "Mom, he's my husband, why can't he stay in the Xu family!"

"Your husband?" Fang Hui snorted, "Fine, if you're capable, let him buy a house and you two can live together."

"If he's your husband, why should he live in my house?"

Chapter 78

"I" Xu Hanxia was furious: "I'll go buy a house tomorrow and we'll both go out and live there!"

"You don't think so!" Xu Jiangong roared, "The company's money, all of it belongs to the Xu family, you won't be able to use a single cent!"

"Right, go and get the company's official seal. From now on, I will personally review every penny the company spends!"

When Fang Hui entered the room, Xu Hanxia said urgently, "I am the chairman of the board, how can I give you the official seal?"

Fang Hui said angrily, "Hanxia, are you trying to piss off your father to death? Do you have to let me and your father die in front of you?"

Xu Jiangong ran to the kitchen and brought out a kitchen knife and pointed it at his wrist, "Are you going to hand it over? If you don't hand over the official seal, I'll slit my wrists for you right now!"

Xu Hanxia almost went crazy and could only hand over the official seal with tears streaming down her face.

Lin Mo only felt helpless, he could be as ruthless as an outsider.

But these were Xu Hanxia's parents, so what could he do to them?

Xu Jiangong put the official seal away like a treasure and pointed a kitchen knife at Lin Mo: "Hurry up and get out of here, or I'll cut you to death!"

Xu Hanxia said angrily, "If you want him to go, I'll go with him!"

Xu Jiangong pointed the knife at his neck, "You walk! Try walking!"

"If you dare to take even half a step outside this house, I will die for you!"

Xu Hanxia was furious: "You are unreasonable!"

Xu Jiangong simply ignored her and pointed at Lin Mo: "Get out! Get out of here!"

Lin Mo sighed: "Hanxia, don't worry, I'm going back to the hospital to sleep. You rest well, I'll be fine!"

As Lin Mo left, Xu Hanxia's eyes burst into tears and she said angrily, "I hate you all!"

Xu Jiangong Fang Hui did not think so, and Fang Hui said smugly, "Hanxia, later on you will understand who is really doing it for you."

"Later, when you understand our good intentions, you'll only thank Mom and Dad for what they're doing for you now!"

Xu Jiangong waved his hand, "Forget it, she doesn't understand our good intentions now. Anyway, we have a clear conscience and that's all that matters!"

Fang Hui said shamelessly, "Yes, the key to being human is to have a clear conscience!"

The next day at noon, Xu Jiangong and Fang Hui found Boss Zhou again.

Xu Jiangong smiled, "Boss Zhou, I'm really sorry for what happened yesterday. I've already kicked Lin Mo out of the house, he has nothing to do with my Xu family!"

Fang Hui also followed, "Yes, Boss Zhou, don't be so normal with such a small person. When he divorces Hanxia later, we'll take care of him again!"

Boss Zhou's eyes were gloomy and he waved his hand, "All right, you two go out."

"Don't." Xu Jiangong hurriedly said, "We really came here to apologise in good faith, please give us a chance!"

"Give you a chance?" Boss Zhou glared, "I helped you guys before because I thought I could have a chance to work with Xu Pharmaceutical."

"But how did that daughter of yours treat me? Does she have any intention of cooperating?"

Xu Jiangong smiled along, "Boss Zhou, don't worry. It's the same to talk to me about cooperation!"

"Can that be the same?" Boss Zhou said angrily, "Are you the chairman of the company?"

Xu Jiangong hurriedly said, "Although I'm not the chairman, I handle all the company's matters."

"Even the company's official seal is in my hands, and I make the decisions on all the company's big and small matters!"

A sharp aura flashed violently in Boss Zhou's eyes, and an imperceptible cold smile wiped across the corner of his mouth.

"In that case, that's something to talk about."

Chapter 79

In the early morning, Lin Mo walked out of Wangjiang Garden and rode an electric bicycle to the hospital in a wobbly manner.

Just as he arrived at the entrance of the hospital, Lin Mo saw an anxious looking Yao Dong from afar.

"Mr. Lin, you're finally here!" Yao Dong hurriedly ran over and said in a trembling voice, "I've been waiting for you for half a day!"

Lin Mo's expression was cold, this Yao Dong had caused Xu Hanxia a lot of trouble before, Lin Mo could not possibly give him a good look.

Yao Dong's face was flushed: "Mr. Lin, what happened last time, I really know I was wrong, please help me"

"Mr. Zhang fired me, and not only that, he also sent out an announcement that no other bank is allowed to hire me"

"Mr. Lin, I've worked in banks all my life. At this age, it's impossible to change to another industry. If this goes without a job, I I'll be dead."

Only then did Lin Mo know what had happened, and he could not help but smile secretly, Zhao Qianyuan was quite crisp in his actions, ah.

"If I knew this, why did I have to do it in the first place!"

Lin Mo threw down a few words and walked straight into the hospital.

"Mr. Lin!" Yao Dong hurriedly caught up with him and handed over a card, "In this card, there is one million, you can put in a good word for me with Mr. Zhao"

Lin Mo glanced at him, smirking, "You think I'm short of money?"

Yao Dong looked embarrassed, "Mr. Lin, you help me"

"I'll help you, then who will help my wife?" Lin Mo said in a cold voice, "If I didn't know Mr. Zhao, what would happen to my wife this time?"

"When you were making things difficult for my wife, did you ever think about how helpless she really was?"

Yao Dong's face turned blue and he gritted his teeth, "Lin Mo, I came to beg you because I don't want to tear my face off, so don't bully people too much!"

"Let me put it to you this way, I work in the bank and I still have to look at Zhao Qianyuan's face."

"But if I don't work at the bank, then I don't have to give Zhao Qianyuan face."

"Hmph, I may not be able to fight Zhao Qianyuan. But it's still as easy as getting you killed!"

"Do you have to make a fish out of water?"

Lin Mo laughed: "Yao Dong, are you threatening me?"

Yao Dong: "That's right, I am threatening you!"

Lin Mo smiled coldly: "I advise you, if you lose your job, at least you still have your life. But, if you make any more trouble, you'll easily lose your life!"

"Who the hell are you threatening!" Yao Dong was completely furious: "Lin, let me put it to you this way. If I don't get back to the bank today, I won't let you see the sun tomorrow!"

"I'll wait for you!"

Lin Mo threw down three words and swaggered into the hospital.

Yao Dong's eyes were resentful as he fiercely pulled out his mobile phone, "Lao Wu, what I told you yesterday, do it for me today!"

Lin Mo returned to his office and directly sent a message to Chen Sheng Yuan, asking him to arrange some people to protect Xu Hanxia.

This threat from Yao Dong, Lin Mo himself wasn't afraid at all.

He was worried that Yao Dong would make a move against Xu Hanxia, and Chen Shengyuan's people would be fine if he protected them secretly.

At noon, Lin Mo arrived at the downstairs of Xu's Pharmaceuticals and received Xu Hanxia.

Xu Hanxia's eyes were slightly swollen, and it looked like she hadn't slept well last night.

Lin Mo smiled and said: "What's wrong? Did you miss me so much that you couldn't sleep last night?"

Xu Hanxia's cheeks flushed and she gave Lin Mo a pink fist: "Who missed you! I slept late watching TV!"

"Hahahaha"

After a while, Xu Hanxia still approached Lin Mo: "Lin Mo, why don't I I buy a house, and we'll both move out!"

"No need!" Lin Mo said softly, "House, I'm already ready."

Chapter 80

"You're ready?" Xu Hanxia froze for a moment, and then laughed: "Lin Mo, don't joke with me, I'm talking to you about business!"

Lin Mo: "I'm talking about business, I'm really ready, where's the villa!"

Xu Hanxia laughed: "A villa, why don't you say it's the Wangjiang Villa in Wangjiang Garden!"

"It's really the Wangjiang Villa!"

"Okay, okay, whatever you say, I believe you!" Xu Hanxia smiled back, but in her heart she was not impressed.

The villa in Wangjiang Garden, that was a place that even Xu Yongqing didn't dare to imagine, would Lin Mo have it?

The two of them came to Yipin Xuan for a meal at noon, and Manager Xie personally came down to receive them and found the best private room upstairs.

At the same time, Manager Xie upgraded Xu Hanxia's ordinary membership card to a diamond card.

The Diamond Card is the top membership after the Supreme Card.

Xu Hanxia was of course very happy, she still liked Yipin Xuan quite a lot.

"Lin Mo, it seems that Mom and Dad are still in contact with that Boss Zhou."

Xu Hanxia said worriedly.

Lin Mo frowned slightly, "What are they doing?"

Xu Hanxia shook her head, "I don't know, it's quite mysterious."

"In the morning, Huang Liang ran to the company several times and bragged in front of me."

"He said something about having made a big achievement for the Xu family and that soon Xu Pharmaceutical would become a real estate tycoon."

Lin Mo's heart twitched, "A real estate tycoon? They're going into real estate?"

Xu Hanxia: "I don't know, I asked my parents, but they wouldn't tell me anything!"

Lin Mo: "You have to be careful with this, that boss Zhou is a liar, don't be fooled."

"Tell you what, I'll go check it out later."

After eating, Xu Hanxia went back to the office.

In the office, Xu Jiangong, Fang Hui and Huang Liang were discussing something, their expressions excited.

Seeing Xu Hanxia enter, the three immediately stopped.

"Mom and Dad, what are you doing?" Xu Hanxia was suspicious.

"Nothing, just drinking tea!" Xu Jiangong said slowly.

Xu Hanxia: "Are you still in touch with that boss Zhou?"

"Mom and Dad, don't blame me for not warning you, that boss Zhou is a fraud!"

"Hanxia, watch what you say!" Xu Jiangong angrily scolded, "Boss Zhou has helped our family so much, how can you talk like that!"

Xu Hanxia: "What did he do for us? It was my godmother's family who helped with the last incident!"

Huang Liang snickered, "You can forget it!"

"Sister Halfsia, do you really think that Lin Mo can solve such an important matter by finding a few random people?"

"Do you know who Yao Dong is? That's a person with a lot of hands and eyes, apart from a big shot like Boss Zhou, who can solve this matter?"

Fang Hui nodded her head, "That's right, what the hell is Lin Mo, three years on and you still can't see it?"

"What kind of big shot could he know?"

"This man, he used to be just a wimp, but now he's getting more and more over the top."

"Bragging, falsely accusing others, being jealous, bad-mouthing others behind their backs, I've really never seen such a villain!"

Xu Hanxia said urgently, "Mom, what Lin Mo said is all true! Don't be fooled by anyone!"

"Shut up!" Xu Jianguo slapped the table, "Did Lin Mo tell you that?"

"You go back and tell Lin Mo that he no longer has anything to do with the Xu family, tell him not to worry about the Xu family's affairs!"

"Even if we were duped, it has nothing to do with him at all!"

Chapter 81

Xu Jiankong and Fang Hui walked out of the office in anger.

Huang Liang walked at the end, and he suddenly came up to Xu Hanxia's side.

"Hanxia, when this time it comes to fruition, you'll know who's the best person for you."

"When the time comes, you'll be very grateful to me!"

Walking out of the room and following Xu Jiangong and Fang Hui, Huang Liang laughed, "Mom and Dad, don't be angry with sister Hanxia. This time, it's 80% that Lin Mo is still behind this!"

"This Lin Mo, it's just too hateful. He's incapable himself, but he doesn't want others to get rich!" Fang Hui gritted her teeth, "No, he must divorce Hanxia!"

"Forget it, let's get this project done first." Xu Jiangong waved his hand, "I've seen this piece of land, the location is really good. If we take it down and make it into real estate, the profit will definitely be more than ten times, what do you think?"

Fang Hui said worriedly, "But, we have to pay 300 million, isn't that a bit much"

Xu Jiangong: "What's wrong with three hundred million? Boss Zhou has offered 1.5 billion!"

"Three hundred million, the profit is more than three hundred million."

"With so much money, we will also be a big family in Guangyang City in the future."

"By that time, even the old man will have to come over and beg us!"

Fang Hui's expression was excited, they had suffered a lot of humiliation at Xu Yongqing's place before. They had always thought that one day they would be able to take revenge and avenge, and now the opportunity had finally come!

"Did Boss Zhou really offer fifteen billion?" Fang Hui asked.

"I saw it with my own eyes, can that be a lie?" Huang Liang immediately said, "Boss Zhou even put the money into the account, Dad, you saw it then too!"

Xu Jiangong nodded repeatedly, "I saw it with my own eyes, Boss Zhou even offered 1.5 billion, we only offered 300 million."

"If you don't even have that kind of sincerity, why should they take us to make money?"

Fang Hui gritted her teeth, "If that's the case, then let's do it! We have the official seal here anyway, we can transfer the money over!"

Huang Liang smiled, "That's right!"

"Mom and Dad, how many chances can you get in life?"

"Seizing this opportunity will not only make the old man come running to beg us. Moreover, it will also show Sister Hanxia what kind of person Lin Mo really is!"

"That's right!" Fang Hui gritted her teeth, "If we succeed this time, Hanxia will be able to recognize Lin Mo's face. By then, the two of them will definitely get divorced!"

Huang Liang's eyes were shining, and he was still calculating in his heart, once Xu Hanxia and Lin Mo divorced, would he be able to kiss her?

Now that he had gotten such an opportunity for the family, he would be a credit to the family and might be able to get Xu Hanxia's favor.

The next day, Lin Mo received a letter from Xu Hanxia saying that he would be able to get his hands on the company.

The next morning, Lin Mo received a call from Xu Hanxia and learned that Xu Jiangong Fang Hui and Huang Liang had sneaked out.

Lin Mo immediately went out and prepared to follow them to see what they had gone to do.

Who knew that just as he reached an isolated road, a van came speeding up in front and behind him, rushing to a stop beside him.

Yao Dong stepped out of the car and looked at Lin Mo with a grim expression, "Lin, we meet again."

"Thanks to you, I'm out of work now."

"Do you remember what I said? If I lose my job, you won't have an easy time either!"

Chapter 82

A dozen people came down from the car and aggressively surrounded Lin Mo in the middle.

Lin Mo's brow furrowed: "Yao Dong, I don't have time to talk nonsense with you now. Get out of the way and I'll spare your life!"

Yao Dong was furious: "Are you fucking crazy?"

"Look at the situation now, you'll spare my life?"

"Why don't you ask me if I'll spare you?"

"Damn it, chop me up! Chop off both legs of this bastard first!"

A dozen people roared and rushed forward.

Lin Mo's face was cold as he took a fierce step forward and charged straight at his right elbow, his whole body looked like a Mercedes car and crashed right into Yao Dong.

Yao Dong was directly knocked out of the way, smashing the van behind him to the point where all the glass shattered and he slowly collapsed to the ground, breaking at least a dozen bones.

The crowd was all stunned, was a bump that powerful?

"Get him!" The man in the lead shouted, "There are so many of us, we're not afraid of him!"

The men came back to their senses and once again rushed up to surround Lin Mo.

Lin Mo was not polite, and struck out forcefully, quickly knocking all these dozen men to the ground.

When these dozen of people fell to the ground, they all had to have at least one bone broken.

Anyway, none of them could stand up.

After finishing these people, Lin Mo walked away without looking back.

But, after all, there was a delay of that amount of time.

By the time Lin Mo arrived at the downstairs of the district, Xu Jiangong Fang Hui had already disappeared.

Lin Mo hurriedly took out his mobile phone and dialed Xu Jiangong's number.

After two rings, the other side answered and Xu Jiangong's cold voice came out, "What, have you figured it out? Are you ready to divorce Hanxia?"

"Humph, divorce now, you can get half a million, attracted by half a million?"

"Dad, did you guys go to find that boss Zhou?" Lin Mo said sharply, "That boss Zhou is a liar"

"Shut up!" Xu Jiangong was furious: "Lin Mo, you are really despicable and shameless. What kind of person talks badly about others behind their backs all day long!"

"Boss Zhou is a liar, so what are you? You're even worse than a liar!"

"Don't you ever call me again, I'm sick of hearing your voice!"

Xu Jiangong hung up the phone straight away, and when Lin Mo called again, there was no one to answer.

Calling Fang Hui, Huang Liang and Xu Dongxue, it was the same, no one picked up.

Lin Mo was helpless, these people could not possibly listen to him.

Finally, Lin Mo had no choice but to call Chen Shengyuan and ask him to investigate the situation of Boss Zhou.

At this moment, in a luxury villa area in Guangyang City.

Xu Jiangong's family entered the villa area and Fang Hui marvelled, "This is where Boss Zhou lives? My goodness, a house, it's estimated to be tens of millions of dollars!"

Huang Liang laughed, "Tens of millions? That's just the price of the house, the decoration is priceless!"

"Boss Zhou's house, with all the renovations, is at least thirty million!"

Fang Hui was shocked, "It's really a big boss, one house, it's more than what others have earned in several lifetimes!"

Huang Liang laughed: "Mom and Dad, don't be envious. When we make money from this investment, let's go directly to Wangjiang Park and buy a house!"

Fang Hui said excitedly, "Yes, Wangjiang Park!"

"That's the best house in Guangyang, the old man has been in there once before and has chanted about it countless times."

"When we live inside, huh, guess what expression the old man will have?"

Xu Jiangong's eyes were shining, all his life, he had wanted to prove himself.

This time, he was finally able to do it, and he was in a thrilled mood!

Chapter 83

When they entered Boss Zhou's house, Xu Jiangong Fang Hui was once again shocked.

The decoration inside this house, which could only be described as luxurious, took their breath away.

Xu Jiangong exclaimed, "Boss Zhou, you are really a big businessman. This house is decorated in a style that is extraordinary at first glance!"

Boss Zhou smiled lightly, "Oh, it's just a place to live, just decorate it."

Huang Liang immediately said, "Boss Zhou has more than ten sets of houses like this in Guangyang City. The renovation is something that Boss Zhou himself doesn't even worry much about!"

Xu Jiangong Fang Hui was once again shocked, a dozen sets of houses, that's several hundred million ah, really big people ah!

"Well, let's get back to the point!" Boss Zhou laughed, "Mr Xu, Sister Fang, do you really plan to invest in my real estate project?"

"Of course!" Xu Jiangong hurriedly said, "I think Boss Zhou has a good vision, it's an honor to follow you in business!"

"Hahaha, since you have all decided, let's do it." Boss Zhou smiled, "Come, I have the contract ready. Once you sign the contract and make the payment, our project can start!"

Xu Jiangong hurriedly took the contract and read it over carefully.

The contract was fine, and after they confirmed it, they signed Xu Hanxia's name directly on it. By the way, it was also stamped with Xu's Pharmaceutical's official seal.

"Very good!" Boss Zhou smiled broadly, "Mr. Xu, the contract is signed, your money, when will it arrive?"

"I've already made the arrangements!" Xu Jiangong immediately said, "The company's finances are all being prepared, it will arrive in a moment!"

Xu Jiangong went out and made the call, and not long afterwards, Boss Zhou's side received the transfer, three hundred million!

For this project, Xu Jiangong had also been making preparations for a long time.

The company's finances had now been replaced by Xu Dongxue.

This way, the transfer of money and other things would be smoother, and there was no need to notify Xu Hanxia.

Where Xu Hanxia's signature was needed, Xu Jiankong signed it himself, as long as Xu Dongxue acknowledged it.

Boss Zhou looked at the money on the account and nodded in satisfaction: "Very good, Mr Xu, happy cooperation!"

Xu Jiangong Fang Hui was full of excitement, a return rate of more than ten times.

If this deal is made, they will also become business wonders!

After exchanging pleasantries, Xu Jiangong and Fang Hui went back.

They had just returned to the entrance of the company when they saw Lin Mo standing here.

Xu Jiangong cursed angrily, "It's this bastard again, his ghost won't let go!"

Fang Hui: "Don't pay any attention to him. When our project is completed, he will have nothing to do with us from now on!"

Huang Liang sneered and drove his car around Lin Mo, directly into the underground car park.

Lin Mo wanted to follow him, but he was stopped by the security guards.

Xu Jiangong had explained long ago that Lin Mo was not allowed to enter Xu's Pharmaceutical half a step.

The three of them joyfully went upstairs and arrived at the office, where Xu Hanxia was sitting.

"You guys are finally back!" Xu Hanxia hurriedly greeted them, "Where have you guys been? Why didn't you answer the phone?"

Fang Hui scolded angrily, "Hanxia, how can you talk to your father!"

"Where did we go? Where could we have gone?"

"You were just worrying about the company and running around for the family?"

"What kind of attitude is that? Questioning us?"

Xu Hanxia was helpless: "I'm not questioning you, I just want to tell you that that boss, Zhou, is a liar!"

"That's enough!" Xu Jiangong slammed the table, "If you say one more bad word about Boss Zhou, I'll break off the father-daughter relationship with you!"

Chapter 84

Xu Hanxia: "Dad, you you"

Fang Hui: "It was Lin Mo who said that again, wasn't it?"

"This son of a bitch, he can't see anything good in us!"

"Talking badly about others behind their backs all day long, what kind of goods is he himself?"

"Hanxia, you must divorce him. If you don't divorce him, I'll die for you to see!"

Xu Hanxia was sweating profusely and threw a file bag on the table, "I won't talk to you anymore, you can read it yourselves!"

"What are you looking at?" Fang Hui angrily scolded.

Xu Hanxia said angrily, "These are all the files of that boss Zhou, the police station has registered them all. The evidence is overwhelming, and he's already wanted!"

"What?" Xu Jiangong Fang Hui's face changed rapidly.

"Impossible!" Huang Liang immediately said, "Sister Hanxia, have you been tricked by Lin Mo? This file, did Lin Mo give it to you?"

"Humph, that son of a bitch Lin Mo, he's not at all well-intentioned. This file, he must have made it up himself!"

"Boss Zhou, how can you be a liar!"

"Mom and Dad, you've seen it too, the money in Boss Zhou's account, and Boss Zhou's house."

"Liar, can you have these things?"

Xu Jiangong Fang Hui nodded repeatedly, "Xiao Huang is right, Boss Zhou's funds and properties would not be faked!"

Xu Hanxia said anxiously, "This file, taken from within the police station, this is what really can't be faked ah!"

"Hmph, just because Lin Mo said it was taken from the police station, did he really take it out from the police station?" Xu Jiangong glared, "Hanxia, I'm your father, do you trust me or that Lin Mo?"

Xu Hanxia was furious: "I believe in the facts!"

Xu Jiangong: "The truth is that Boss Zhou is a big shot, he helped us solve the problem with the company's account, and is going to take us into the real estate industry and make us rich!"

"That Lin Mo, he's just jealous that our family is going to rise to the top and is worried that you'll kick him out, so he's trying everything he can to thwart us."

"He deliberately made up bad words about Boss Zhou and even insulted and beat him in public, trying to cut off our fortune."

"This man, despicable and shameless, down to the extreme!"

Xu Hanxia was anxious: "Dad, you have to believe me, Lin Mo is not that kind of person, he really wants what's best for the family!"

"Shut up!" Xu Jiangong angrily scolded, "If you mention Lin Mo in front of me again, don't blame me for breaking off the father-daughter relationship with you!"

Xu Jiangong left in anger, and Fang Hui was filled with hatred, "Hanxia, you're usually a smart person, how could you be fooled by that loser Lin Mo? Hey, I should have let you two divorce earlier!"

Huang Liang said with a low laugh, "It's okay, it's the same if we let them divorce now!"

"Right!" Fang Hui immediately nodded, "Xiao Huang, find that lawyer friend of yours and ask him to arrange it."

"If Lin Mo doesn't want to divorce, then sue for divorce."

"Our family has money now, if he doesn't get a divorce, we'll get him to go to jail!"

Xu Hanxia said urgently, "Mom, how can you talk like that? Lin Mo is also doing this for the good of the family!"

Fang Hui scorned, "I pooh, he's doing it for the good of the family? If he really wants what's best for the family, then he should hurry up and get a divorce."

"If it weren't for him, would our family be in this state?"

"Our family would be better off without him!"

Chapter 85

Xu Hanxia went downstairs in annoyance and found Lin Mo, who was still downstairs, and told him what had happened at home.

Lin Mo was also helpless, Xu Jiangong Fang Hui was too prejudiced against him, and it was not easy to persuade these two people.

Xu Hanxia sighed and said, "This boss Zhou is obviously a liar, but it's just that Mom and Dad won't listen to me. Hey, what can we do?"

Lin Mo thought for a moment, "The most crucial thing now is not to let Mom and Dad move the company's funds around. This way, even if mum and dad fall for it, they won't lose much!"

"Okay, I'll keep an eye on the company's accounts when I get back later."

Not long after Xu Hanxia went upstairs, she called again, with a sobbing voice: "Lin Mo, something has happened, the company company account is missing three hundred million!"

Lin Mo was planning to leave, when he heard this, his whole body was a jolt.

Three hundred million, not a small amount!

"Where did the money go?" Lin Mo said urgently.

Xu Hanxia: "I don't know either!"

"Xue'er is in charge of the finances now, she said she received my order to transfer the money to an account"

"But, I never transferred money, the official seal is not even here with me!"

Dad!" Lin Mo's face suddenly changed: "It must have been moved out by Mom and

Xu Hanxia: "They both they transferred so much money for what?"

Lin Mo said urgently, "Must have been cheated by Boss Zhou!"

"You quickly go find them both and ask what's going on."

"I'm going to find Boss Zhou now and control him first!"

The two split up, and Xu Hanxia hurried upstairs and rushed into Xu Jiankong's office.

"Dad, there's 300 million missing from the company's accounts, where did the money go?"

Xu Jiankong's face changed as he smiled.

Looking at each other and Fang Hui, Xu Jiangong said in a serious tone, "Hanxia, you know all about it, ah."

"Well then, I won't hide it from you either."

"This money, I transferred it out to work with Boss Zhou and bought a piece of land to develop real estate"

"What!?" Xu Hanxia exclaimed, "You you transferred the money to that boss Zhou? Dad, that's a liar!"

"Shut up!" Xu Jiangong angrily slapped the table, "I repeat, Boss Zhou is not a liar, he is our family's benefactor."

"He's a liar!" Xu Hanxia roared.

"How long have you only known him, how much do you know about him, and you're transferring 300 million to him?"

"Dad, are you out of your mind?"

Fang Hui was instantly enraged, "How can you talk to your father!"

"Who is your father doing this for, but for you?"

"Do you know what the return on investment of this project is?"

"More than ten times! More than ten times!"

"Three hundred million dollars invested, reporting at least three billion!"

"With such a large sum of money, our family, we will be able to become a big family in Guangyang City, this is our family's chance to rise, you know?"

"Our family only has you and Xue'er two daughters, mum and dad are doing all this, but it's for you two, you how can you let your dad's good intentions down like this?"

Xu Hanxia was filled with pain: "I know you guys are doing it for my own good, but the problem is, this boss Zhou is a liar"

"Shut up, I forbid you to talk about Boss Zhou like that!" Fang Hui was also furious.

Several people in the room argued, and at that moment, an employee happened to pass by the door.

Listening to the argument inside the house, a brilliant aura flashed in this employee's eyes.

He quietly went to the bathroom at the back, took out his mobile phone and sent out a message.

Chapter 86

The Xu family compound.

The Xu family all looked dead silent.

After the company had been acquired, the family had been driven out of Xu Pharmaceutical.

Now they were only small shareholders of the company, no longer having the status of calling the shots they had before.

Suddenly, Xu Chang Yuan ran in with an excited face.

"Grandpa, happy news, heavenly happy news!" Xu Changchang said excitedly.

"At this time, what kind of happy event can there be?" Xu Jianping was dismayed, "Don't disturb your grandfather's rest!"

Xu Changchang said excitedly, "Dad, it's really a happy event, something has happened to Xu Pharmaceutical!"

"Something's happened?" Everyone sat up straight, Xu Yongqing had an excited look on his face, "What is it? Is it serious?"

Xu Changchang said excitedly, "Enough for Xu Hanxia to go to jail!"

"Speak up, speak up!" Xu Yongqing was so excited.

Xu Changchang cleared his throat, "In the company, I have also arranged for a close friend."

"This crony just sent me a message, saying that Xu Jiangong took Xu Hanxia's official seal, borrowed Xu Hanxia's name and embezzled three hundred million from the company!"

"It said it was given to a boss named something like Zhou, to invest in real estate. And this Boss Zhou, is a fraud!"

Xu Yongqing was overjoyed, "There's still such a thing? Hahaha, misappropriating the company's money privately, even if he is the chairman, he still has to be held responsible."

"What's more, it was her relatives who embezzled the company's money. If this matter goes big, she will have to go to jail for at least ten years!"

"Come on, let's go to Xu's Pharmaceutical now. We are still shareholders of the company and have the right to ask about the company's financial movements!"

The Xu family members got into the car aggressively and headed straight for the Xu Pharmaceuticals.

On the other hand, Lin Mo found the place where Boss Zhou lived according to the location provided by Chen Shengyuan.

As it turned out, the place was already empty, no one was there.

And just then, Lin Mo also received a call from Xu Hanxia.

"Lin Mo, something has happened. Xu Yongqing brought other shareholders of the company and came to the company to cause trouble"

Lin Mo's heart was shocked, the thing he was most worried about had still happened.

"Wait, I'll be right back!"

He quickly rushed to Xu's Pharmaceutical.

This time, the security guards didn't stop Lin Mo either, mainly because the upstairs was already in an uproar.

Going upstairs, from afar, he heard Xu Jiangong arguing with someone.

"What's wrong, I'm Hanxia's father. Hanxia is the chairman of the company, her company, is my company, so why can't I dispose of the company's assets?"

"I'm just diverting three hundred million, that's also a normal investment. When the time comes, to earn back more than three billion, won't you guys share the money?"

"You people, you're not capable of making money, I'm taking you to make money, and you're still not grateful to me?"

Lin Mo padded over, only to see that everyone from the Xu family had basically arrived.

Not only that, there were also some minor shareholders of the company, all concentrated here, making a lot of noise.

Xu Hanxia was surrounded by the crowd, her eyes red. As the chairman of the board, she was under the most pressure.

A man shouted, "Xu Jiankong, just cut the crap!"

"No matter what your relationship with Xu Hanxia is, you are not qualified to dispose of the company's assets."

"You're breaking the law by privately diverting the company's money!"

"Just wait for the police to come and arrest you!"

Xu Jiangong panicked a little and hurriedly said, "I I am not privately appropriating the company's money!"

"Oh?" Xu Yongqing sneered, "Then you mean that Xu Hanxia instructed you to do so?"

"General Xu, do you admit to this?"

Fang Hui said anxiously, "Halfsia, help your father, he's also doing it for your own good!"

Xu Hanxia's face turned pale, if she admitted to this matter, then she would have to bear the three hundred million.

As the chairman of the board, being cheated out of three hundred million, she would be facing jail time!

Chapter 87

Seeing that Xu Hanxia did not speak, Xu Jiankong was also annoyed: "Hanxia, say something!"

"I've raised you so well and treated you so well, and this is how you treat me?"

Xu Hanxia gritted her teeth and was about to admit it.

At that moment, Lin Mo walked out from behind.

"This matter has nothing to do with Halfsia at all!"

Everyone looked at each other, and Xu Yongqing had a cold smile on his face, "Yo, isn't this the son-in-law of our Xu family? What, you can be Xu Hanxia's family now?"

Xu Jiangong became enraged: "Who let this bastard up here! Security! Where are the guards? Get him out of here!"

Fang Hui cursed, "Lin Mo, what do you mean? Are you trying to get your father killed?"

"If Hanxia confessed, your father wouldn't have to go to jail, what are you thinking?"

Lin Mo was annoyed, "You're only thinking about whether he'll go to jail, so have you considered what consequences Hanxia will have to bear?"

"Boss Zhou is a fraudster and the company was cheated out of three hundred million. If Hanxia admits it, how many years do you think Hanxia will have to go to jail?"

Fang Hui was furious: "I repeat, Boss Zhou is not a liar. As long as this matter at hand is resolved, the company will definitely make money and a fortune!"

Lin Mo shook his head, "What time is it now, you're still daydreaming here?"

"Boss Zhou is not a liar?"

"Do you know that Boss Zhou has all but run away!"

"Ran away?" Fang Hui was confused: "What are you talking nonsense about? What did Boss Zhou run away for?"

Lin Mo: "I just went to the place where Boss Zhou lives, and there's no one inside!"

Xu Jiangong said angrily, "Bullshit! Boss Zhou must have gone to work on something else, how could he have run away!"

"Lin Mo, if you insult Boss Zhou like that again, I'll fight you to the death!"

Lin Mo was speechless, this person, how could he be deceived like this?

Just then, there was a commotion from outside.

Immediately after, a group of police officers walked in.

After the captain leading the group understood the situation, he looked directly at Xu Jiankong with a solemn expression, "What does the boss you said, Zhou, look like?"

Xu Jiangong hurriedly described it, and the captain frowned, took out his mobile phone and flipped out a photo: "Is this the person?"

Xu Jian Gong took a look and hurriedly said, "Yes, yes, that's him, that's him!"

"It's really him!" The captain's eyes widened and he sighed, "Ai, we're still a step too late."

"I didn't expect that this con man, who has such a great ability to cheat 300 million in one go!"

"Sh..... what!?" Xu Jiangong was confused, "He he he's a con man?"

"Yes!" The captain nodded: "A big con man wanted in Jiang Province, who has cheated more than one hundred million in Jiang Province."

"Some time ago, we received news that he had sneaked into Guangyang City."

"We've still been looking for him, but to our surprise, he has even succeeded in his crime!"

"Three hundred million, such a large amount, what were you guys thinking, giving it to him straight away?"

"I I" Xu Jiangong opened his mouth wide and slowly collapsed to the ground.

"Husband! Honey! Don't you scare me, don't you scare me!" Fang Hui with a sobbing voice: "They must have made a mistake, how could Boss Zhou be a fraud? This is definitely a fake police officer!"

Xu Hanxia looked miserable: "Captain Wang has been working here for over twenty years, how could it be a fake?"

Fang Hui also panicked and said in a trembling voice, "Could it be a mistake? He lives in a high-end villa ah"

Chapter 88

Captain Wang: "What villa? Let's check it out!"

Fang Hui said the name of the villa, and it didn't take long for Captain Wang to find out.

"This villa, which belongs to a person surnamed Li, was just rented out half a month ago!"

Fang Hui panicked: "Rented rented it? It's not his?"

Captain Wang: "This kind of crooks, often rent some high-class houses to make people think he is strong, this is also a way to cheat people!"

Huang Liang said anxiously: "But we saw with our own eyes at the time that he had 1.5 billion on his account!"

Captain Wang: "Now high-tech fraud, that is all false accounts, how much money on it, are filling in the numbers themselves."

Huang Liang also confused, trembling voice: "Then then this money, can still be recovered?"

Captain Wang shook his head: "The possibility is very low!"

The company's main business is to provide a wide range of products and services to the public. We just transferred it this morning, it's not even three hours

Captain Wang: "They laundered the money through the internet, three hundred million, it wouldn't take an hour to transfer it to all corners of the world."

"Three hours, enough for this money to be laundered cleanly, there is no way to trace it!"

With a poof, Fang Hui's legs went limp and she sat down on the ground, muttering, "How could this happen? How could this happen"

Xu Jiangong's anxious fire attacked his heart and he directly spurted out a mouthful of blood, fainting to the ground.

Xu Yongqing's family, on the other hand, was full of smugness, what happened was exactly what they wanted to see the most ah.

"Hanxia, are you willing to admit this matter yourself, or are you going to watch your parents go to jail?"

Xu Hanxia's face was white as she looked at her miserable parents, and her heart was unbearable to the extreme.

In the end, Xu Hanxia gritted her teeth and said loudly, "This matter, it is me"

Not waiting for Xu Hanxia to finish, Lin Mo suddenly said loudly, "It's only three hundred million, just recover it, what's the big deal?"

"Recover it back?" Xu Yongqing sneered, "How will you recover it back?"

Lin Mo said, "Give me three days, I'll recover all the money back!"

Xu Yongqing frowned, "Why should I give you time?"

Lin Mo ignored him and looked at those other shareholders, "Everyone, you invest to make money, not to fight with people."

"What good will it do you guys to let the Xu family go to jail and lose 300 million?"

"I'll give you guys a guarantee, within three days, I'll recover the three hundred million back."

"Not only that, for this year's dividends, the Xu family will take out an extra 100 million and distribute it to you all as compensation!"

Those shareholders looked at each other and finally nodded at the same time, "Okay, then I'll give you one day!"

Xu Yongqing was anxious: "You guys how can you compromise? This matter, they should be sent to jail!"

No one paid any attention to him, these people were all in it for profit, they didn't have any hatred for Xu Hanxia.

In the end, Xu Yongqing's family was alone, and the matter had to be put to rest.

Xu Jiangong Fang Hui was taken to the hospital and Xu Hanxia sat on the sofa, her body shaking uncontrollably.

After all, she was a woman, where had she ever faced such a situation!

"Lin Mo, how do I do?" Xu Hanxia said in a trembling voice, "Three hundred million, where are we going to get the money back?"

"You don't need to worry, just leave it to me!" Lin Mo gently stroked Xu Hanxia's hair: "I'm here, you don't need to be afraid!"

Xu Hanxia's eyes were filled with tears, at the critical moment, it was Lin Mo who stood by her side and gave her the greatest support.

But the question was, would they be able to get through such a difficult time?

Chapter 89

It was definitely impossible to recover the 300 million.

Therefore, Lin Mo could only think of other ways to raise the money.

Right now, on Lin Mo's side, there were three people who could easily come up with three hundred million - Nanba Tian, Huang Yongfeng and Chen Shengyuan!

Although Zhao Qianyuan was powerful, it didn't mean he was rich, he just had more power!

In the end, Lin Mo chose Huang Yongfeng.

He arrived at Huang Yongfeng's company, and before he even went upstairs, Lin Mo's brow furrowed.

Although this building was under the blazing sun, it was shrouded in an indescribably eerie aura.

Lin Mo had received the inheritance from the divine doctor saint Lin Chongxuan, which included not only the art of medicine, but also the art of feng shui.

The last time he saw Huang Yongfeng, Lin Mo felt that something was not right with his situation.

His son's car accident was so serious, it was not just an accident.

However, Huang Yongfeng and Lin Mo did not know each other well, and since Mrs. Huang's attitude was so bad, Lin Mo did not bother to care so much about it.

This time, for the sake of the three hundred million, Lin Mo had to come here to take a trip.

Walking into the Huang Group, Lin Mo registered at the front desk and sat down next to it to wait.

Not long afterwards, he saw the girl at the front desk, walking over with a group of security guards.

At the head of the group was a fat white security guard, and when he saw Lin Mo, his eyes flashed sharply, as if he had seen an enemy.

This fat white man was Madame Huang's cousin and worked here as the head of security.

A few days ago, Madam Huang came back and whined in front of him about how she had been humiliated by Lin Mo.

Fatty White took it to heart and had long wanted to find a chance to clean up Lin Mo and avenge his sister's death.

Unexpectedly, Lin Mo even found his way to his door himself.

"Stand up, who told you to sit here!" Fatty White scolded angrily.

Lin Mo frowned: "The sofa you put in the hall, isn't it for people to sit on?"

Fatty White: "It's for people to sit on, but have you been allowed to sit?"

"What do you mean?" Lin Mo's face turned cold, this security guard was clearly here to cause trouble.

"Humph!" The fat white man snorted coldly, "Your name is Lin Mo?"

Lin Mo did not answer.

The security guard scolded angrily, "Are you deaf? Didn't you hear me ask you?"

Lin Mo didn't bother to pay attention to him and waved his hand, "I don't want to talk nonsense with you, go and tell Huang Yongfeng to come down!"

"How dare you!" The guard cursed, "Who the hell gave you the guts to call our General Manager Huang by his name!"

Lin Mo said angrily, "What the hell do you want?"

"Who do you think our Mr. Huang is that you can see him whenever you want to?" The security guard said in a cold voice: "Get lost, Mr. Huang is not a guest today!"

Lin Mo frowned: "You mean, you can make decisions for Huang Yongfeng?"

A security guard next to him immediately said, "Our captain, who is Mr. Huang's brother-in-law, can of course make decisions for Mr. Huang!"

Lin Mo suddenly realized, and his face turned cold: "Let me advise you, let Huang Yongfeng come to see me immediately! You can't afford to delay the main event!"

"Who the hell are you scaring!" Fatty White cursed, "I'm telling you, I'm here today, you'll never see my brother-in-law!"

"If you want to see my brother-in-law, that's fine. Kneel down here now and kowtow until my sister's anger subsides, then maybe I'll let you see my brother-in-law!"

"Forget it, I won't talk nonsense to you!" Lin Mo waved his hand and took out his mobile phone, "I'll call Huang Yongfeng myself!"

"Still want to call? Take his phone away from me!" Fatty White shouted angrily.

Several security guards immediately rushed up, not even snatching the phone.

Armed with sticks, they came straight towards Lin Mo's head and hit him.

Chapter 90

Lin Mo's face was cold as he lifted his foot and kicked a security guard away. At the same time, his fists came out in unison, and in three blows, he knocked down all these security guards.

Fatty White was directly dumbfounded, they had never suffered a loss in the past when they had bullied others on account of their numbers.

Now, seven or eight of them beat one, but they all fell down, what the hell is this?

"You dare to hit someone here" Fatty White's voice shivered, "Do you know that this is the Huang Group"

Lin Mo didn't bother to pay attention to him and took out his phone to dial Huang Yongfeng's number.

However, the call was unreachable.

Lin Mo was surprised, he had just called a few times on the way, but all of them were unreachable, what was Huang Yongfeng busy with.

Just at that moment, Madam Huang walked out with a group of people.

Her face was full of gloom: "Lin Mo, what do you want?"

"How dare you come to our company and cause trouble, do you really think that our Huang family members are easy to bully?"

Lin Mo: "I'm looking for Huang Yongfeng on an important matter, you tell him to come down to see me!"

Mrs. Huang was furious: "Do you think my husband is one of your men? You can call on him at will!"

"In this Guangyang City, no one dares to speak to my husband like that!"

"Who are you to say that he has to come down just because you say so?"

Lin Mo's brows furrowed as he said in a cold voice, "Mrs. Huang, are you planning to cross the river and tear down the bridge because you think your son is no longer in danger?"

Madam Huang was furious, "Tearing down the bridge across the river?"

"Surnamed Lin, who are you to say such words?"

"You saved my son and we gave you a supreme card worth hundreds of millions of dollars."

"How dare you not know enough, you came here this time to ask for more favours?"

"Even a beggar is not as greedy and shameless as you are!"

Speaking in anger, Madam Huang simply waved her hand, "You are not qualified to stand in front of me, men, throw him out!"

Several sturdy men immediately surrounded Lin Mo in the middle, these men were practitioners at first glance, their temples bulging.

The man at the head of the group said in a cold voice: "Get out yourself, or, we'll throw you out!"

Lin Mo said in a cold voice: "Madam Huang, I've come to help you this time, must you be so desperate?"

"I told you to get out, who told you to speak!" The leader man was furious and punched Lin Mo violently in the chest.

Lin Mo casually grabbed his wrist and twisted it so hard that the man's arm made a crunching sound and directly dislocated.

Several other men were shocked and attacked Lin Mo with their hands.

These men were a bit stronger, but they were still not strong enough to face Lin Mo.

Soon, these few men were all knocked to the ground as well.

Madam Huang's eyes were wide, these were all her bodyguards, one person had no problem beating several of them. Now, surprisingly, they were all knocked down by Lin Mo, what kind of monster was this?

"You how dare you hit someone in our company" Mrs. Huang was furious: "Call the police! Quickly call the police!"

Lin Mo frowned, not bothering to dwell on it, and said in a cold voice: "Mrs. Huang, to tell you the truth, your son's matter is not over yet."

"In less than twenty-four hours, your son will have another accident."

"By then, it won't be that easy to beg me to save your life again!"

Lin Mo walked straight away.

Mrs. Huang froze for a moment and then cursed angrily, "Surnamed Lin, you dare to curse my son?"

"My son is in the hospital right now, under supervision the whole time."

"I'd like to see what kind of accident will happen to my son!"

Chapter 91

The Xu family.

Xu Jiankong Fang Hui has already gone home, and Huang Liang and Xu Dongxue have also returned.

Only Xu Hanxia did not come back, she was still dealing with the company.

Fang Hui's eyes were red and swollen from crying, "This boss Zhou, how is he a fraud?"

"Three hundred million ah, just like that it was cheated away!"

"Why don't you guys do a proper investigation into his background?"

Xu Jiangong's face was ironic: "Huang Liang, this person was introduced by you. What do you say, what about this matter?"

Huang Liang said awkwardly, "Dad, I also wanted to do something for the family, I didn't know this was a fraud!"

Fang Hui said angrily, "Why did you introduce someone to us if you didn't know about him?"

"Mum, don't blame him, he didn't want to either!" Xu Dongxue said urgently, "If you want me to say so, blame Lin Mo for this!"

Fang Hui was stunned, "What does this have to do with Lin Mo?"

"How is it not related?" Xu Dongxue said angrily, "From the very beginning, he said that Boss Zhou was a liar. It means that he knew the bottom of this Boss Zhou's identity a long time ago."

"But then, he wouldn't tell us the details of Boss Zhou's identity, instead he kept winding up mocking us."

"Mom and Dad, Mom and Dad, you two have been cautious all your lives. But why are you in such a hurry to invest this time?"

"It's not because of this Lin Mo!"

"If Lin Mo hadn't kept muttering that Boss Zhou was a fraud, would we have been so hot-headed as to transfer the 300 million straight away?"

Xu Jiangong Fang Hui's brow furrowed, and his anger began to shift towards Lin Mo.

Huang Liang's eyes lit up as he listened, nodding his head repeatedly, "Yes, what Xue'er said is right, this Lin Mo's intentions are too vicious, he did it on purpose!"

"Also, since he knows that this Boss Zhou is a fraud, then why didn't he just stop Boss Zhou?"

"He obviously knew that we were being cheated, and he ended up watching Boss Zhou run away."

"This man is too sinister, he just wants us to fail in our investment and wants our family to get into such a big trouble."

"In this way, Sister Hanxia won't be able to get rid of him!"

Hearing this, Xu Jiangong finally couldn't help himself and slapped the table and roared, "This beast, he is too despicable!"

Fang Hui said with tears in her eyes, "How can people be so bad!"

"People's hearts are separated from their bellies!" Huang Liang said softly, "Mom and Dad, this Lin Mo seems honest and loyal, but he's actually full of bad intentions."

"Look at what he's done to Sister Hanxia lately."

"Sister Hanxia listens to you two the most, but how many times has she disobeyed you lately?"

"It's all because of what this Lin Mo has taught us!"

Xu Jiangong shivered with anger, "This son of a bitch, he wants to pester Hanxia, that's simply not possible."

"Unless I die, the two of them must get a divorce!"

Fang Hui also nodded along, "Yes, they must be divorced. I'll get a lawyer later"

"Mom!" Huang Liang hurriedly waved his hand, "Don't rush yet, in fact, this Lin Mo is still of some use."

"Useful?" Fang Hui wondered.

Huang Liang smiled and said softly, "If Lin Mo is willing to take on the company's affairs, just say that he stole the official seal and privately embezzled three hundred million from the company."

"Then, this matter, then, has nothing to do with us."

"Whether it's mum and dad, or sister Hanxia, they don't have to take responsibility!"

Xu Jiangong Fang Hui's eyes lit up, that was a way to go.

Chapter 92

Not long after Lin Mo came out of Huang's group, he received a call from Fang Hui, asking him to come home to discuss things.

When he entered the house, Xu Jiangong, Fang Hui and Xu Dongxue were already sitting in the living room.

"Xiao Lin, you're back, have a seat!" Fang Hui had a rare warm face.

Lin Mo was puzzled, this family had never given him a good look, why were they so polite today?

"Mom, you guys are looking for me for something?"

Fang Hui said, "Oh, it's nothing much, I just want to talk about you and Hanxia."

Lin Mo frowned and said softly, "I won't divorce Hanxia."

Fang Hui shook her head, "I didn't say I wanted you to divorce Hanxia!"

"I just want to ask you, do you really like Hanxia?"

Lin Mo nodded, "I really love Hanxia!"

Fang Hui was delighted: "Then then are you willing to do anything for Hanxia?"

Lin Mo nodded again, "I am willing!"

"Great!" Fang Hui was overjoyed and nodded, "Lin Mo, I really didn't misjudge you, you are indeed a man of commitment."

"It's really the greatest blessing for Hanxia to have found you!"

Lin Mo's head was full of confusion, what was this Fang Hui drama? Why was she suddenly so nice to herself?

"Mom, what exactly are you trying to say?"

Fang Hui smiled, "Nothing, I just want to ask you to do Hanxia a favour."

Lin Mo: "What kind of favour?"

Fang Hui smiled, "You go to the police station and tell them that this time, these three hundred million dollars, you stole the official seal and transferred it privately, that's all!"

"What!?" Lin Mo's eyes widened in shock, wasn't this asking him to turn himself in and confess his guilt?

You guys made a mess and you want me to take all the blame?

How can this be justified?

Fang Hui said softly, "Lin Mo, aren't you willing to do anything for Han Xia?"

"Now, if you go to the police station and take up this matter for Hanxia, you're doing Hanxia a big favour!"

"In this way, Hanxia will have nothing to do with this matter."

Lin Mo's face turned cold: "Why should I be allowed to go? It's not like I did this!"

Xu Jiangong: "If you don't go, who will?"

"Do you want us, the old couple, to go?"

"Lin Mo, do you think Han Xia will let us take on this matter?"

"Once something happens to us both, she will definitely take all the blame and it will still be her business in the end! "

"Do you want to see Hanxia go to jail?"

Lin Mo glanced at Xu Dongxue, "This matter was caused by Huang Liang, why not let him go?"

"Why should my husband be allowed to go!" Xu Dongxue immediately said, "If you go, you are taking the blame for my sister. Letting my husband go, what does that mean?"

Lin Mo: "Shouldn't your husband take care of the trouble he caused?"

Xu Dongxue said angrily, "How is this something my husband has caused?"

"If you hadn't been taunting Mom and Dad, would we have gotten into such a big mess?"

"Lin Mo, you have to take the main responsibility for this time, you should be the one to deal with it!"

"I'm telling you, this time around, either you take the blame or my sister does, you're on your own!"

Xu Jiangong: "Lin Mo, don't worry."

"As long as you take on this matter, it means that you have no ill will towards our family."

"Then, in the future, we will fully approve of what you and Hanxia do."

"Not only that, we'll also hire the best lawyers and try to make you take the least amount of responsibility!"

"You won't be in jail for a few years either, and when you get out, how nice it will be for our family to live in peace and harmony."

Chapter 93

Lin Mo's heart was cold.

From the beginning to the end, he had been advising them.

They didn't listen to a single word, and even let it slip that even if they were duped, it had nothing to do with Lin Mo.

In the end, they had caused such a big trouble, but then they licked their faces and asked Lin Mo to take the blame.

Just how thick-skinned was this family to do such a thing?

"I'm not going to take the blame for this, and Hanxia won't go to jail either!"

Lin Mo said in a cold voice.

Several people's faces changed, and Xu Jiangong stormed out, "You're not going, and you won't let Hanxia go, so you're going to let me go to jail?"

"Fine, I'm half in the ground anyway, there's not much point in living anymore."

"Why don't you just let me drink the medicine and die, so I don't have to go through this!"

"But, Lin Mo, listen carefully."

"If I die because of you, my daughter will never forgive you for the rest of her life!"

Lin Mo scoffed, this Xu Jiangong and Fang Hui, had always used suicide as a threat to people. But in fact, they both cherished their lives more than anyone else.

In the family, only Xu Hanxia would be threatened, and Lin Mo wasn't afraid of this at all.

"You don't need to toss and turn."

"I said that I would recover the three hundred million."

Dropping a sentence, Lin Mo left straight away.

The four people in the room were all furious, Xu Jiangong slapped the table, "This Lin Mo, what a poorly fed dog."

"Our family treated him so well, saved him when he was at his worst, and this is how he treats us?"

Fang Hui nodded vigorously, "Yes, if it weren't for our family, he would have been begging on the streets long ago."

"Now he's just asking him to do something for us, and he's reluctant."

Xu Dongxue bristled, "Huang Liang is right. People's hearts are all over the place, these people are just full of bad intentions, what can they not do?"

Huang Liang nodded repeatedly, "Let's get Sister Hanxia to divorce him as a matter of urgency."

The four of them grumbled for a while, but eventually fell silent.

Fang Hui whispered, "Lin Mo doesn't want to turn himself in, what now?"

Xu Jiangong looked at Huang Liang, who was suddenly flustered: "It's alright, this matter is out of his hands. When the time comes, we'll just bite the bullet and say that he did it!"

Xu Jiangong: "Is this going to work?"

Huang Liang's eyes were fierce: "Whether he can or not, he can't get away with it anyway."

"If something happens to us, he can't get away with it!"

"Besides, if more people take the blame, each of us will be less culpable."

Xu Jiangong and Fang Hui looked at each other and nodded slowly: "If he is unkind, don't blame us for being unrighteous."

"If we don't have a good life, he won't have one either!"

City Hospital.

Once Huang Shao's condition was stabilised, he was transferred directly to the city hospital where the medical conditions were the best.

In the afternoon, Madam Huang brought a group of people to this place, and also specially invited Elder Yue to come here to mainly watch over Young Huang.

A group of people were guarding the entrance of the ward, and Madam Huang also brought her cousin, Fatty White, to guard the inside of the ward.

Fatty White had a smug look on his face, "Sister, I just asked the doctor, my nephew's condition is very stable, he will be fine at all."

"That Lin, he's just making things up. This is in the hospital, what can happen?"

"Humph, there are so many of us here. If anything happens again, I'll die here!"

Madam Huang nodded in satisfaction, "Very well, I'll leave this place to you, I'll go to the next room to rest."

"Remember, no mistakes are allowed!"

"Humph, how dare the surname Lin curse my son and say twenty-four hours."

"When these twenty-four hours have passed and nothing has happened to my son at all, let's see how he ends up!"

Chapter 94

Fatty White smiled sarcastically, "Sister, this kind of charlatan, you don't need to pay attention to him."

"When this matter with my nephew is over, I will find some brothers and set a trap for him, and fix him up at once!"

Mrs. Huang nodded, "You can fix him up any way you want, but, the most crucial point, don't let your brother-in-law know about this!"

"Your brother-in-law has been fooled by this man and is now convinced of him."

"If your brother-in-law really knows about this, it will be a problem!"

Fatty White: "Don't worry, sister, I'll do my job, don't worry. As long as he can't contact my brother-in-law, then he'll be dead!"

Madam Huang sneered, "I've already used your brother-in-law's phone and set a call restriction for him."

"Humph, when he calls, it will only be unreachable, how will he contact your brother-in-law?"

Fatty White's spirit lifted, "Sister, it's still you who's thoughtful."

"Haha, this time, I'll make this Lin, who is surnamed Lin, disappear unnoticed!"

As the two were talking, suddenly, there was a loud bang from outside and the whole building shook a little.

Before they knew it, the ceiling of this room fell down together with the light fixture, hitting Huang Shao hard and burying the hospital bed in it.

The two men were confused, what was this?

"Quickly quickly"

Mrs. Huang's tongue was in a knot and her words were incoherent.

Fatty White reacted a little faster and rushed to the door yelling, "Come in, save the people, call the doctor!"

A group of people rushed in and were confused when they saw the situation.

"What are you waiting for, hurry up and strip my nephew out!"

Fatty White yelled sharply.

The crowd came back to their senses and rushed over, moving the pile away with their arms and legs.

Huang Shao was inside, smashed and covered in blood, unable to see if he was alive or dead.

It didn't take long for the doctors to come running over too.

Seeing such a situation, these doctors were dumbfounded and hurriedly took Huang Shao to the emergency room.

Mrs. Huang's legs went weak and she chased after him with the help of Fatty White.

"How how did this happen", Mrs. Huang's voice trembled.

Fatty White was also dumbfounded.

Not long after, someone ran over to report the situation.

It turned out that it was a car on the road next to it that lost control and ran off the road, just in time to hit the building.

But the weird thing was that the whole building was basically fine, except for the ceiling of Huang Shao's room which fell down with the light fixture.

This ward, or a special high-class ward, was still using high-end beautiful chandeliers.

All of them fell on Huang Shao's body, and the injury could be imagined!

Fatty White said in bewilderment, "How could such a bizarre accident happen?"

Madam Huang's face changed sharply, it really verified Lin Mo's words, her son had really had an accident.

But, how did Lin Mo know?

Not long after, the doctor walked out.

"Madam Huang, your son's injuries are too serious, I'm afraid there's nothing I can do!"

"What?" Madam Huang was almost paralyzed: "Quickly go and get Elder Yue!"

Elder Yue happened to be in the hospital as well, and when he heard the news, he also immediately ran into the emergency room.

Mrs. Huang sat paralyzed in her chair, tears in her eyes.

If anything happened to her son, she wouldn't want to live.

Yue Lao worked for more than an hour before he came out of the emergency room.

Mrs. Huang said anxiously, "Elder Yue, I how is my son"

Elder Yue shook his head and sighed, "Young Huang is too badly injured, I can only keep him alive for now."

"If we want to save him, I'm afraid we still have to find that Mr. Lin!"

Chapter 95

Madam Huang's body shook, even Yue Lao couldn't do anything, then in Guangyang City, no one could save her son.

Did she really have to look for Lin Mo?

Thinking about how she had treated Lin Mo during the day, if she went to him now, would he save him?

Mrs. Huang's heart was filled with remorse.

She was impatient to seek revenge on Lin Mo because she thought her son was fine.

Had she known this, she wouldn't have dared to offend Lin Mo if she had killed him.

Elder Yue said, "Madam Huang, go and ask that Mr. Lin as soon as possible."

"If it's late, I'm afraid your son will really be hopeless!"

Madam Huang's body shivered, how else could she go to Lin Mo?

Just then, Fatty White came over and whispered, "Sister, don't worry."

"My friend introduced me to a divine doctor, I've already contacted him, he'll be here soon!"

Madam Huang hurriedly said, "What divine doctor? How is the medical skill?"

Fatty White said smugly, "No problem with the medical skills, much better than that what's-his-name Yue Lao!"

"Called the divine doctor Xue, in the whole of Guang Province, his medical skills are one of the best."

"Even when Old Yue sees him, he has to be respectful!"

"That Lin Mo, a milquetoast brat, in front of Divine Doctor Xue, he's nothing!"

Madam Huang's eyes lit up, she had also heard of Divine Doctor Xue's great name.

"In that case, then hurry up and invite him here!"

Half an hour later, Huang Yongfeng also arrived at the hospital.

After understanding the situation, Huang Yongfeng was also confused.

"How could this happen?"

"That highway is more than a hundred metres away from this building, and there's a fence in between, how did it get out of control and crash into the upper floors?"

"Also, the whole building was fine, but the ceiling collapsed in my son's room, what kind of sense does that make?"

No one could answer, this accident, it was too bizarre.

Elder Yue: "Mr. Huang, now is not the time to pursue this. Why don't we hurry up and ask Mr. Lin to come and save our lives!"

Huang Yongfeng hurriedly said, "Yes, yes, that's the key, I'll call him!"

Mrs. Huang hurriedly pressed Huang Yongfeng's arm, "Honey, there's no need to look for him."

"I've already found a miracle doctor, he'll be here soon."

Huang Yongfeng frowned, "What divine doctor? Who else's medical skills can be superior to Mr. Lin's? You haven't been tricked by some charlatan, have you?"

Madam Huang was just about to speak when an icy voice suddenly came from the other side of the corridor.

"Mr. Huang thinks that the old man is a charlatan?"

Huang Yongfeng turned his head, only to see Divine Doctor Xue strutting over.

"So it's Divine Doctor Xue!"

Huang Yongfeng was shocked and hurriedly arched his hand, "Divine Doctor Xue, I didn't know it was you who had come. Please forgive me for any disrespectful words I spoke just now!"

The divine doctor Xue had an arrogant face, "Mr. Huang, if you don't trust me, just say the word and I'll leave now."

Huang Yongfeng hastened to smile, "How dare you! It is our honour to have the divine Doctor Xue, how could we not trust him?"

Mrs. Huang also immediately laughed, "In the entire Guangyang City, God Doctor Xue's medical skills rank second, who dares to rank first?"

"If we can't even trust God Doctor Xue, then if we look at the whole country, who else can save my son?"

"Divine Doctor Xue, don't be so normal with my husband."

"He's just been cheated by that charlatan named Lin, so he's a bit wary in his heart."

Huang Yongfeng was annoyed and said sharply, "How is Mr. Lin a charlatan?"

"Isn't he?" Mrs. Huang sneered, "Then who do you think is more skilled in medicine when he is compared to Divine Doctor Xue?"

Chapter 96

"This" Huang Yongfeng was at a loss for words.

In fact, in his heart, he felt that Lin Mo was more capable.

However, it was impossible to say this in front of Divine Doctor Xue.

Madam Huang had a smug look on her face, "Honey, I personally invited the divine doctor Xue to come here."

"Don't worry, Doctor Xue is definitely much better than that Lin!"

"Son, it will definitely be fine!"

Doctor Xue went into the emergency room, and the crowd waited anxiously outside.

After tossing and turning for almost two hours, Divine Doctor Xue came out with a face full of exhaustion.

"Divine Doctor Xue, how is it?" Madam Huang said urgently.

Divine Doctor Xue sighed, "Your son's injuries are too serious, even if the Da Luo Golden Immortal was here, there is nothing he could do!"

"What!?" Madam Huang fell straight to the ground.

This was her only hope, if even Divine Doctor Xue couldn't save her son, then it would really be the end.

Huang Yongfeng's face was pale.

At this moment, Elder Yue came over and said softly, "Mr. Huang, why don't we ask Mr. Lin, he might have a way to save him!"

Huang Yongfeng's eyes lit up, yes, Lin Mo might really be able to create a surprise.

"Calling what Lin Mo!" Mrs. Huang broke into a cuss, "Even the divine doctor Xue couldn't save my son, what ability does Lin Mo have to save people?"

"Do you guys think that his medical skills are even better than God Doctor Xue's?"

Yue Lao was at a loss for words, as Divine Doctor Xue was of a high status, he did not dare to speak casually.

Who knew that at this moment, the divine doctor Xue came over and said excitedly, "The Lin Mo you guys are talking about, is which Lin Mo? Is it a young man?"

The crowd was stunned and Huang Yongfeng said in confusion, "Divine Doctor Xue knows him?"

Divine Doctor Xue nodded vigorously, "I've also seen a Lin Mo, extremely skilled in medicine, but I don't know if it's the one you guys are talking about!"

Huang Yongfeng and Elder Yue looked at each other, extremely skilled in medicine, so it must be the same person.

Huang Yongfeng immediately said Lin Mo's general appearance, and Divine Doctor Xue was surprised, "It really is him! Sure enough, it's him!"

Madam Huang panicked and said in a trembling voice, "Divine Doctor Xue, you have seen this Lin?"

"How dare you!" Divine Doctor Xue rebuked angrily, "How dare you be so rude to Mr. Lin!"

"I" Madam Huang was embarrassed and whispered, "You've seen Lin Mo?"

Divine Doctor Xue had a face of admiration, "I had the honor of meeting him once!"

"Then your medical skills, compared to his"

"A world of difference!" The divine Doctor Xue said solemnly, "In front of Mr. Lin, this bit of my medical skill is not worth mentioning at all."

"If you look at the whole country, if there is anyone who can save your son, I guess it is only this Mr. Lin!"

"Ah!?" Madam Huang was completely dumbfounded.

How could even Divine Doctor Xue hold Lin Mo in such high esteem!

Was this Lin Mo's medical skill really that brilliant?

Elder Yue hurriedly said, "Then why are you still standing there, hurry up and invite Mr. Lin!"

Huang Yongfeng took out his mobile phone and was about to make a call when Madam Huang violently grabbed his hand.

"What are you doing!" Huang Yongfeng said sharply, "Who else do you want to call? Didn't you hear the divine doctor Xue say that no one can save our son except Mr. Lin!"

Mrs. Huang looked ashamed and said with a sobbing voice, "Honey, I I was wrong"

Huang Yongfeng was surprised, "What were you wrong about?"

Mrs. Huang lowered her head and told what had happened before.

After hearing this, Huang Yongfeng was shocked and angry.

Throwing a slap at Madam Huang's face, he roared, "You defeated thing!"

"Look what you've done!"

"If Mr. Lin doesn't come this time, I'll have your life!"

Chapter 97

Huang Yongfeng suppressed his anger and called Lin Mo, apologizing and begging one after another, asking him to come and save his life.

Lin Mo was not much disgusted with Huang Yongfeng and rushed straight to the hospital.

As soon as he saw Lin Mo, Huang Yongfeng walked straight over and bent over to the bottom.

"Mr. Lin, I sincerely say sorry to you for what my wife has done."

"I didn't know that you had come to see me, nor did I know that she was so bold as to do such a thing."

"This is my mistake, and I would like to ask Mr. Lin to reprimand me!"

Said Huang Yongfeng, glaring at Madam Huang.

Mrs. Huang shivered and hurriedly ran over to kneel in front of Lin Mo: "Mr. Lin, I know I was wrong. You are magnanimous, save save my son"

On the other side, someone also carried the fat white man, who was covered in blood and dying, over.

After Huang Yongfeng had called Lin Mo, he had someone drag the fat white man out and beat him up, just to give Lin Mo an explanation.

Lin Mo glanced at them and calmly said, "Mr. Huang, there's no need to go to such trouble."

"I am going to charge a consultation fee for saving people this time!"

Huang Yongfeng breathed a sigh of relief, he wasn't worried about the money, he was worried that Lin Mo wouldn't come to the rescue.

"Mr. Lin, you name a price, I will never return the price!"

Lin Mo laughed lightly, "Mr. Huang, I'm afraid you can't accept the price I'm talking about."

Huang Yongfeng was stunned, he was worth nearly ten billion dollars, what was there that he could not accept?

"Mr. Lin, you can say whatever you want!"

Lin Mo nodded his head and slowly spat out two words, "Three hundred million!"

"Three what?" Madam Huang instantly exclaimed, "Three hundred million? Why don't you go rob it!"

Huang Yongfeng was also dumbfounded, three hundred million, who would dare to ask for such a high consultation fee? Is this Lin Mo's desire for money crazy?

Lin Mo said, "Three hundred million, not only to save your son, but also to save your family!"

Mrs. Huang jumped up, as if she were a shrew scolding the street, "What save my family? You're cursing my family?"

"Who do you think you are? You're just asking for 300 million?"

"Do you know how much three hundred million is?"

"Big talk, talking out of your ass, are you crazy?"

Huang Yongfeng's face was gloomy as he angrily scolded, "Shut up!"

"I" Mrs. Huang still wanted to speak, Huang Yongfeng threw a slap at her face and Mrs. Huang shut up instantly.

Huang Yongfeng took a deep breath and said through clenched teeth, "Mr. Lin, three hundred million, I can pay. But, you must save my son!"

Lin Mo glanced at him and said softly, "I know you are somewhat unconvinced, but you will soon feel that the three hundred million, is well worth the price paid!"

With those words, Lin Mo walked straight to the emergency room.

Divine Doctor Xue stood at the entrance with a respectful face, "Mr. Lin, it's an honour to meet you!"

Lin Mo nodded, and Dr. Xue was instantly filled with excitement, with a sense of joy at being recognised.

Madam Huang came up to Huang Yongfeng and gritted her teeth, "Husband, this much money, you've promised him?"

"It's 300 million, is he crazy?"

"What kind of doctor, charges such an expensive consultation fee?"

Yue Lao also sighed and shook his head, "For those who practice medicine, medical skills are important, but medical ethics are even more important. If you only want to make a profit, even if you have the best medical skills, you will hardly gain respect!"

Huang Yongfeng gritted his teeth and did not say anything, Lin Mo's lion's mouth made him feel unhappy too.

Lin Mo went in for less than five minutes and came straight out.

"Find a surgeon, clean up his wounds and sew them up, and you'll be fine."

Huang Yongfeng was stunned, "So soon?"

Divine Doctor Xue and Elder Yue had already entered the ward, and not long after, the two walked out.

"Mr. Lin is indeed a godly man!" Divine Doctor Xue sighed from the bottom of his heart.

Chapter 98

Elder Yue nodded, "Young Huang is already fine."

Huang Yongfeng breathed a sigh of relief, but Mrs. Huang was annoyed: "Five minutes to earn three hundred million?"

"Lin Mo, you're using this money, is it against your conscience!"

"Honey, don't give him so much. As I see it, giving a hundred thousand will do!"

"Shut up!" Huang Yongfeng angrily scolded, "Since Mr. Lin has saved the person, we have to pay the money we promised Mr. Lin as it is."

"In my life, I have never gone back on what I promised, Huang!"

Lin Mo smiled, "Don't worry, I don't renege on things I promise others either."

"Huang Yongfeng, saving your son is a small matter, saving you, is really not easy!"

"Me?" Huang Yongfeng was surprised, "Mr. Lin, I'm not sick or in pain, why should I be saved?"

"No illness, no pain?" Lin Mo sneered, "Pull up your clothes."

With doubts, Huang Yongfeng pulled his shirt up, revealing his stomach.

Lin Mo suddenly struck out and instantly punctured Huang Yongfeng's seven acupuncture points.

In an instant, Huang Yongfeng's face turned red and even his breathing became difficult.

"What are you doing!" Madam Huang shouted urgently.

Lin Mo said in a cold voice, "Look at what's on his stomach!"

The crowd looked in unison, only to see Huang Yongfeng's belly, slowly shrinking backwards.

On the belly, the outline of a face gradually appeared.

The outline became clearer and clearer, and finally, it completely took on the shape of a face.

It had a nose, eyes and a mouth, and looked extremely creepy.

"What is this thing?" Madam Huang exclaimed in shock.

Everyone else was also confused, who had ever seen anything like this before?

Divine Doctor Xue came over and exclaimed, "This could this be the legendary sphinx sore?"

"Sphinx sores?" Elder Yue's face changed, "Isn't this a rumour? Is there really such a thing?"

Divine Doctor Xue nodded, "My master has mentioned to me before that there is indeed this strange disease."

"However, this disease is extremely rare, and ordinary people don't get it."

"Countless doctors have practiced medicine all their lives and have never seen this disease before."

"My master's master, saw it once."

"That's why we, as a clan, know about this sphinx sore!"

"This sphinx sore has yet to take shape, once the eyes open, Chief Huang will definitely die!"

"Huh?" Mrs. Huang exclaimed, "This is really a disease?"

"Yes!" Divine Doctor Xue nodded his head.

Mrs. Huang hurriedly said, "Then how can it be cured?"

Divine Doctor Xue: "Take medicine."

Madam Huang: "Take what kind of medicine?"

"Not necessarily." Divine Doctor Xue: "The medicine is not for the person, but for this face."

"No one is sure which medicine this sphinx sore, exactly, fears."

"Therefore, the only way to treat the sphinx sore is to feed various medicines to this face."

"If it doesn't eat one of these medicines, then that means that this medicine is its nemesis."

"Then, force-feeding this medicine will cure it!"

Mrs. Wong breathed a sigh of relief, "Then this is too easy, hurry up and get the medicine."

"Buy all kinds of medicine, just feed it!"

"Hmph, Lin Mo, who are you trying to scare with this?"

"You dare to ask for 300 million for a disease that is so curable? Do you still want to be shameless?"

Lin Mo laughed coldly without saying anything.

"Never!" Divine Doctor Xue hurriedly waved his hand.

"Why?" Madam Huang was stunned.

The divine Doctor Xue sighed, "When I say treatment, I mean sphinx sores growing on other parts of the body."

"But your sphinx sores are on your stomach, so this method won't work."

Chapter 99

Madam Huang was surprised, "What's the difference?"

Divine Doctor Xue said, "Of course it's different!"

"As the saying goes, a medicine is three times more poisonous."

"If you take so many medicines, they will definitely be toxic."

"If the sores were on the arms and legs, it wouldn't be a big deal to take some medicine."

"But it's on the stomach, where all the internal organs are."

"If you take that much medicine, the toxicity will eat away at your internal organs."

"By then, if the sores are not cured, I am afraid that Mr. Huang's internal organs will rot first."

Mrs. Huang was confused, "Then how can this be cured?"

The divine Doctor Xue looked at Lin Mo: "Mr. Lin, do you have any high opinion?"

Lin Mo glanced at Mrs. Huang: "How much are you willing to pay to save your husband?"

"I'm willing to pay any amount of money!"

Mrs. Huang blurted out, without hesitation.

Huang Yongfeng was the backbone of the family, if Huang Yongfeng lived, any amount of three hundred million could be earned.

If Huang Yongfeng was gone, then his family would probably be finished.

Without Huang Yongfeng's might, the family behind the Huang family, would definitely want to seize power immediately.

Madam Huang and Young Huang, orphans and widows, how could they be a match for those in the family?

"Three hundred million, you're willing to do that too?" Lin Mo asked rhetorically.

Madam Huang did not hesitate: "Willing! Willing! Divine Doctor Lin, I beg you, save my husband."

Next to her, Elder Yue and the others also nodded secretly, Huang Yongfeng's one life was worth three hundred million!

Lin Mo looked at Huang Yongfeng's sphinx sore and took the silver needle pack out.

"Mr. Lin, this sphinx sore, it can still be treated with acupuncture?" Divine Doctor Xue exclaimed.

Lin Mo shook his head, "The sphinx sore, it doesn't need to be treated."

"No need for treatment?" The crowd exclaimed in shock.

A deadly thing that still didn't need treatment?

Lin Mo explained, "A sphinx sore is not a bad thing. On the contrary, it's a good thing!"

Yue Lao was shocked, "No way? Didn't you say that this disease could kill people?"

Lin Mo laughed, "In a way, it can be said to be a new birth for the human body."

"It's like a new life, birthed inside the body."

"The sphinx sore, will absorb the nutrient essence of the body."

"If you don't deal with it and all the nutrient essence of the body is absorbed by the sphinx sores, then the body will definitely die."

"But if you can successfully draw it in and return the essence of the sphinx sore to the body. Then, the essence will be nourished."

"Simply put, with the condition of this sphinx sore, Chief Huang. If you can channel the sphinx sore back to the original body, Mr. Huang's body can function at least ten years younger!"

"What!?" The crowd exclaimed, dumbfounded.

Ten years younger?

This was something that many people could only dream of!

Even though Huang Yongfeng was extremely uncomfortable right now, he was still in a stirring mood when he heard these words.

To be ten years younger, not to mention three hundred million, a billion, three hundred million, he would be willing to do it!

Mrs. Huang said excitedly, "Then Mr. Lin, please hurry up and save my husband!"

Lin Mo took out his silver needles, and with a solemn expression, he suddenly stabbed out three needles, sealing three acupuncture points on Huang Yongfeng's chest.

Immediately after, seven more needles were stabbed out, sealing the acupuncture points on both legs.

In less than five minutes, thirty-six silver needles were inserted into Huang Yongfeng's body.

The thirty-six acupuncture points corresponded to the thirty-six Heavenly Deities, which were the thirty-six places where the body's Yang energy was at its peak.

The expression of the human-faced sores suddenly became livid, as if they were suffocating and uncomfortable.

Huang Yongfeng's expression was a little better, as if he was competing with the sore for survival.

If the sphinx was uncomfortable, Huang Yongfeng could feel better.

After about half an hour, the sphinx's expression became more and more hideous and looked extremely terrifying.

Chapter 100

"Mr. Lin, is this this considered a cure?" Divine Doctor Xue asked cautiously.

"No." Lin Mo shook his head, "This is just the beginning, I want to force this human face sore back into his five internal organs."

Divine Doctor Xue was surprised, "Why do you want to force it back there?"

Lin Mo glanced at Huang Yongfeng, "He's already showing signs of cirrhosis, severe kidney deficiency, had a stomach perforation and persistent gastritis."

"The heart is also bad, and it's estimated that in another two years, he'll need a stent."

"If we let this human face sore disperse its essence within his five internal organs, it will cure him of all these diseases!"

Divine Doctor Xue looked to the old man Yue next to him, who was Huang Yongfeng's personal doctor. Elder Yue knew Huang Yongfeng's physical condition the best.

Elder Yue exclaimed, "Mr. Lin is truly a godly man!"

The divine doctor Xue could not help but be shocked, even his master could not tell someone's physical condition at a glance.

After another ten minutes of time had passed, the sphinx sore seemed to finally be unable to take it anymore and slowly retreated.

"It's really receding!" Mrs. Huang was surprised, "Mr. Lin, now is it better now?"

"There's no rush!" Lin Mo shook his head.

"Ah?" Mrs. Huang was stunned.

Not long after, Huang Yongfeng's belly fluctuated, and the human-faced sore surprisingly rushed out once again.

Moreover, Huang Yongfeng's belly was propped up.

As if it was trying to burst out of Huang Yongfeng's belly, the sphinx sore struggled desperately and opened its mouth wide.

Although the sphinx sore could not make a sound, the crowd could feel as if the sphinx sore was hissing.

The crowd was stunned.

Lin Mo looked at the sphinx calmly.

The sphinx struggled like this three times, and eventually, it completely stopped moving.

Lin Mo began to act, as he stuffed a small Returning Elemental Pill into Huang Yongfeng's mouth.

With his right hand, he clasped Huang Yongfeng's neck and lifted his entire body up.

With his left hand, he grabbed something that looked like weed from his pocket and stuffed it all into Huang Yongfeng's mouth with one gulp.

Then, covering Huang Yongfeng's mouth and nose, he made him swallow it all.

Huang Yongfeng was so suffocated that he rolled his eyes, and Lin Mo threw him to the ground.

Huang Yongfeng rolled and struggled desperately on the ground, letting out a burst of beast-like hissing as if he was in pain.

"Mr. Lin, I my husband he" Mrs. Huang panicked to the extreme.

Lin Mo: "It's alright, it's almost done!"

After seven or eight minutes of tossing and turning, Huang Yongfeng gradually calmed down.

Lin Mo nodded: "It's done!"

Huang Yongfeng slowly stood up, only feeling an indescribable sense of relief.

Those old ailments that had nagged him for many years in the past could not be felt at all at this moment.

Disregarding the expressions of the crowd, Huang Yongfeng directly fell to his knees and said in a trembling voice, "Thank you, Mr. Lin, for your rebuilding grace!"

Lin Mo had not only saved his life, he had also made him a decade younger, that was a great favour!

Elder Yue, the divine doctor, looked shocked and had even more admiration for Lin Mo.

This was a true miracle doctor!

Lin Mo said, "Mr. Huang doesn't need to be polite, I'm also being paid to do something."

Huang Yongfeng immediately said, "Within twelve hours, five hundred million, absolutely to Mr. Lin's account."

Lin Mo shook his head, "No need for that much, three hundred million will be enough."

"Besides, the matter is not yet finished, I can't take the money yet."

"Huh?" Huang Yongfeng was surprised, "It's not done yet? I feel like I'm fine, ah, my illness hasn't been cured yet?"

Lin Mo shook his head: "Your illness is cured, but your family's business, it's not over yet!"
