

The Mightiest Little Peasant Chapter 1023

“Ahh!”

A scream rang out from somewhere in the First Continent.

In a room, a woman opened her eyes and shouted angrily, “B*stard!”

Her wispy eyebrows straightened sharply, and she clenched her teeth tightly. Her entire body was trembling with anger.

That despicable b*stard had caused her to be killed, and she had lost her purple gold shard!

Who was she?

She was the little princess of the Feng family!

Every man pampered her, loved her, and took good care of her. That b*stard, on the other hand, had caused her to die!

“What’s wrong, my daughter?”

An anxious voice was heard from outside the door.

A dignified-looking man with a long beard and wearing a red robe pushed the door open and walked in.

“I died, Dad! Someone killed me!”

Feng Wu sniffled and almost burst into tears.

“What?”

The man’s eyes widened in shock.

How dare someone harm his daughter, the little princess of the Feng Family!

“Who is it? I’ll kill him!”

He roared angrily and a terrifying qi aura burst out from his body.

Clang! Clang! Clang! Everything in the palace was hit by that burst and trembled violently.

“I don’t know!” Feng Wu shook her head.

“Huh?”

The man was taken aback, and his qi aura dissipated.

"I've... never seen that guy before. He's probably just a nobody!" Feng Wu hesitated for a moment and said.

"A nobody? Hmph! How dare he! Just you wait, my dear daughter, I'll get someone to avenge you."

He stormed off in anger.

After a while, the sound of the bell resounded throughout the Feng family estate.

The Feng family estate was vast and boundless. On the mountains and next to the lake were red halls carved with fire phoenixes.

In those halls, the disciples of the Feng family turned their heads in shock to look in the direction of the sound of the bell.

The bell signified that something major had happened.

A moment later, the Feng family was in an uproar.

A nobody caused the Feng family princess's death in the Void Realm!

The news quickly spread, and all the Feng family disciples were furious.

"We'll find that b*stard and kill him a hundred times!"

"Kill him! Kill him!"

They roared in anger, and their eyes burned with rage.

The Feng family was one of the few that were conferred a title. Their title was "Nine Heavens," and they were famous throughout the First Continent. No one had ever dared to offend them.

Today, someone had caused the death of the Feng family's beloved princess in the Void Realm. Moreover, he was only a nobody!

That was intolerable!

"Let's go! We'll go to the Void Realm and capture the murderer!"

They shouted and rushed toward the Hall of the Void Realm at the center of the family estate, hoping to be the first to go into the Void Realm.

The Feng family was a superpower in the First Continent. Even in the younger generation in the family, there were thousands of Golden Core cultivators. It was a spectacular scene when they all gathered at the same place.

In the Void Realm, one figure after another gathered at the entrance of the second level. They all wore fiery red phoenix robes, and their expressions were cold and murderous.

Everyone in the plaza was stunned.

The phoenix robe was extremely famous in the First Continent.

Following that, they were extremely shocked.

People continued to pour in through the entrance. One hundred, two hundred... it showed no signs of stopping.

The Feng family disciples occupied the entire plaza. Their expressions were sullen and filled with killing intent.

“Oh... oh my god! What’s going on?”

“Are they hunting down someone? Who could have offended the Feng Family?”

Everyone exclaimed in shock.

They found it hard to believe that someone dared to offend the Feng family. People in the First Continent would steer clear of people who wore the fiery phoenix robe, afraid that they would get into big trouble.

It was the same if they met a disciple of the Feng family in the Void Realm.

From the looks of it, it was something serious.

“Right, Princess Feng came over not long ago. Did something happen to her?” Someone guessed.

“It can’t be!”

Immediately, someone shook their head.

Who dared to lay a finger on the little princess of the Feng family? Every bump or scrape would spell disaster!

“That’s true!”

They could not believe that something had happened to Princess Feng.

If something had truly happened, it would shock the entire First Continent.

Not only was Princess Feng Wu the darling of the Feng family, but she also was famous in the First Continent for her beauty. She was one of the Four Great Beauties of the First Continent, and she had countless admirers among the younger generation.

Finally, the Feng family disciples were all there.

In the meantime, the young man in blue clothes and the others also came up.

The last one to come up was Princess Feng Wu.

The people surrounding the plaza gasped when they saw the beautiful woman.

“She... She died! The little princess of the Feng family died!”

“Oh my god! Which lunatic did it?”

Everyone was extremely shocked.

“Did anyone see a guy dressed in plain clothes leave?”

The young man in blue clothes looked around and asked coldly.

“Plain clothes?”

Many people were surprised, but they remembered who he was talking about.

Most of the people in the First Region were dressed luxuriously, so the plain-looking kid stood out. Many people remembered seeing him.

“No!”

They shook their heads.

“No? Then he’s still in the mountains! Let’s go!”

The young man in blue clothes took the lead and walked toward the mountain.

The Feng family disciples followed behind with gloomy faces.

The people in the town burst into discussion after those people left.

“Who could that kid be? I’ve never seen him before!”

Everyone was discussing the identity of that kid dressed in plain clothes.

“Heh, who cares? He’s not only going to die here, but he’ll also die in the real world. He’s really done it for causing the death of Princess Feng!”

“Let’s go and watch the show!”

Many people rushed out of the small town and followed the Feng family delegation.

Such a major event had not happened in the First Region for a long time. They were interested to join in the fun.

Soon, the news of Princess Feng being killed spread quickly.

The young people were all shocked.

“Dammit, who dares touch my goddess? I’ll cut him!”

“Hahaha! What a great opportunity! If we find the murderer and kill him, won’t we have a chance to win our goddess’s favor?”

They set off excitedly toward the scene of the incident.

Not only the young people were excited, but the middle-aged and old men too.

They put down what they were doing and rushed over together with the young people.

“Damn! How old are you again? How shameless!”

“F*ck! How old are you? Can you even walk?”

The young people were speechless when they saw those old men.

Those old men had hunched backs and were old enough to be Princess Feng’s grandfather.

“Sigh! Young men, you don’t understand! Love doesn’t care about age. All you need is a genuine heart!”

“Hmph! Age is nothing! I might be old, but my heart isn’t!” The old men lectured them.

Then, they ran away faster than the young people.
