

The Mightiest Little Peasant Chapter 1024

The First Region was in an uproar.

Countless people rushed over from all directions and joined the hunt for the murderer.

Almost all the men had arrived at the second level. They were filled with righteous indignation and could not understand why someone would attack a beauty like Goddess Feng.

No man could possibly harm her because of her beauty, let alone her status!

More and more people poured into the mountain range and began to search for that plainly-dressed kid.

“F*ck! Is this necessary?”

Tang Hao was shocked when he saw the scene from afar.

The mountain range might be vast, but the sheer number of people meant that Tang Hao was quickly discovered.

“Haha! He’s here!”

Someone laughed loudly, swooped down, and grabbed toward Tang Hao with an extremely excited expression on his face.

The Feng family would reward them handsomely if they could capture that kid. They might even win the favor of Goddess Feng too.

Whoosh! Whoosh!

Many figures pounced at him from all directions. In fact, they were fighting over him.

“Get lost! That kid is mine!”

“You should get lost. I discovered him first!”

They were already fighting among each other before they could catch Tang Hao. They were not worried about that kid running away. After all, he was only a nobody.

It was all too easy for them to capture or kill him.

“Haha! He’s mine!”

A middle-aged man managed to subdue the others and continued to rush toward Tang Hao.

When he got close, the ecstatic expression on his face turned savage. He stretched out his arm, causing lightning to surge out, which formed a huge palm that slapped toward Tang Hao.

His qi aura showed that he was in the latter period of the State of the Golden Core.

Tang Hao stood there, expressionless.

The man thought that Tang Hao was already scared out of his wits, and he felt quite smug about himself.

“Dammit, he got there first!”

Countless figures rushed over from all directions. They were quite frustrated when they saw that scene. They wished that they had run faster.

Tang Hao finally moved when the lightning palm got close. He lifted his hand and slapped it.

“Haha!”

The man was overjoyed. ‘What’s up with that weak counterattack? Did he skip lunch?’

Everyone was surprised. They thought that it was quite strange.

Soon after that, their eyes widened in shock.

The slap was light, as though it did not carry any strength. However, when it hit the giant lightning palm, the latter shattered instantly.

Then, it continued to push forward and gently landed on the middle-aged man’s chest.

There was a soft bang after that.

The man’s chest instantly caved in, and his body exploded, sending blood and flesh splattering everywhere.

Hiss!

Everyone gasped at the same time.

That was a latter period Golden Core cultivator! Someone at that level was considered quite powerful, but he was absolutely crushed by a slap. That was quite shocking.

It seemed that the kid was not as weak as they had imagined.

The people surrounding Tang Hao in all directions paused for a moment before continuing to charge over.

“You’re in big trouble, kid. You’d better give up!”

They shouted loudly and attacked one after another.

Tang Hao did not say a word. He took a step forward and struck out with his palm.

In an instant, all the lightning and flames aimed at him were smashed into oblivion.

Bang!

The first person was smashed into pieces.

Then, he continued to strike out with his palm. With another bang, another person was smashed into pieces.

Tang Hao rushed forward in a straight line. Everyone in his path was smashed into pieces.

Hiss!

Everyone gasped again. They widened their eyes in disbelief.

The scene just now was too brutal! They had never seen such a brutal killing technique!

“Damn! That kid is quite powerful!”

“F*ck! Who said that he’s a nobody?”

They exclaimed one after another.

Most of the people Tang Hao killed earlier were in the latter period, and there was even one in the peak. They could tell that the kid was also at the peak, and he cultivated physical techniques.

That was why he could smash people to pieces so cruelly.

Cultivators who practiced physical technique had it easier in the Void Realm.

For him to reach the peak of the State of the Golden Core at such a young age, he was definitely a prodigy.

For a moment, the people in the surroundings all stopped, not daring to come forward.

They all realized that that kid was no pushover.

In the distance, there were figures swarming from all over the sky.

“That’s him!”

The young man in blue clothes led the Feng family’s group and charged over.

“How daring of you to stay here instead of running away after all the trouble you caused!”

Now, you can't run away even if you want to!" The young man in blue clothes said savagely while hovering in the air.

The other young men also cursed.

"How dare you harm someone from the Feng family? That is a serious crime! Today, not only do I want to kill you here, but I will also find your real identity and exterminate your entire clan."

A young man from the Feng family stood out and shouted arrogantly.

Tang Hao rolled his eyes when he heard that.

"Exterminate my entire clan? What a boast!" He said coldly.

"Hmph! Boast? You don't know how powerful the Nine Heavens Feng family is!" The young man sneered.

At that moment, the young man in blue clothes said again, "I've told you before that you'll know what true terror is, and it's now the time for you to experience it!"

He took a step forward and brandished his qi aura.

Golden sword qi appeared in his eyes and around his body.

That was clearly the manifestation of nascent qi.

He was an expert in the Proto-State of the Nascent Soul!

"Remember my name, you brat. I am Ning Yu from the Great Allheaven Sect!" He shouted.

He raised his hand, and streaks of sword qi coalesced around his body.

"Terror? Ha! Maybe I should show you what true terror is!" Tang Hao sneered.

As he said that, he clenched his fist and shook it. A cold expression appeared on his face.

It had been a long time since his last killing spree!

Today, he was going to get a good workout.

Hearing that, everyone was stunned.

Then, they burst into laughter.

That kid was simply too funny!

He was alone, so how was he going to show everyone else true terror? Not even those monsters would claim that!

Tang Hao's eyes narrowed, and a terrifying light burst forth.

He stomped his foot and shot out explosively. In the blink of an eye, he arrived in front of Ning Yu and struck out with his palm.

"Great Allheaven Sect, right? Now die!"

The palm strike shattered all the qi swords. Then, under Ning Yu's shocked and terrified gaze, the palm landed on his chest.

Boom!

The sword qi shattered into pieces, and blood splattered everywhere.

The laughter all around came to an abrupt end at that moment.

Only a blank expression remained on those people's faces.

"You're from the Feng family, aren't you? Die, too!"

In the next moment, Tang Hao appeared in front of the young man from the Feng family in a flash.

He struck out with his palm, and another cloud of blood mist could be seen in midair.

"And you!"

In another flash, Tang Hao was already in front of Feng Wu. His face was as cold as ice as he struck out with his palm.

"I've killed you once, and I can kill you a second time!"

He did not show any mercy to her.

In an instant, another cloud of blood mist bloomed in the air.
