

The Mightiest Little Peasant Chapter 1028

“He is Nameless Qin?”

Exclamations erupted from all directions.

Everyone had a look of shock and astonishment on their faces.

They were very familiar with that name. Nameless Qin had broken several major records in a row and even made it on the League of Eternal Heroes. His exploits shook the entire Void Realm.

“F*ck! So it’s him! No wonder!”

They became depressed after that.

No wonder that kid could claim that he could turn the First Region upside down. He turned out to be an eternal monster!

No wonder he was so terrifying!

That guy had broken the Slaughter record, which meant that he had killed the most people in the history of the Void Realm. He was a supervillain that did not bat an eyelid when he killed people.

“Hot damn!”

The patriarch of the Feng family could not help but curse.

‘Who said that he is a nobody? He’s an eternal monster, and the most savage among the seven, too! How am I going to take my revenge?’

The Feng family did not have an eternal monster. Even if all of them went up against him, the kid would not be tired even after killing them all.

He had a bitter expression on his face. He wanted to cry but had no tears.

The rest of the sect leaders and patriarchs frowned with grave expressions on their faces, especially the Jiang family patriarch, who narrowed his gaze and analyzed Tang Hao’s strength.

The Jiang family also had an eternal monster, and he would definitely be able to fight against that kid.

Sensing his gaze, Tang Hao turned his head and looked over coldly.

Invisible sparks flew between them.

The Jiang family patriarch was startled. He noticed that the kid’s gaze seemed to contain a strong hostility.

However, he did not pay too much attention to it. He only thought that that kid was hostile toward the Jiang family because of the battle.

A moment later, Tang Hao looked away, grunted coldly, and struck toward Jiang Tiancheng.

Jiang Tiancheng was greatly shocked. He hurriedly blocked the attack and retreated quickly at the same time.

Of course, Tang Hao was faster. His palm broke through Jiang Tiancheng's defense and clawed at his head.

Then, Tang Hao activated the soul-searching technique.

"Ahh!"

Jiang Tiancheng's whole body twitched, and he let out a shrill scream.

The people in the surrounding crowd were terrified. Jiang Tiancheng was, after all, the third most powerful cultivator in the Jiang family and one of the top fifty of the First Continent. However, he offered no resistance against that monster.

"Stop!"

The patriarch of the Jiang family roared angrily.

However, he dared not go forward. He could only watch helplessly as that eternal monster delved into his prodigy's memories.

His chest heaved, and his body was trembling from anger.

"Jiang Tianwu... The Ancestral Planet... Great Allheaven Sect..."

Countless scenes surged into Tang Hao's mind. A moment later, he released his grip and slapped that guy into bits.

"You have a death wish, Nameless Qin!" The patriarch of the Jiang family said through gritted teeth.

As one of the conferred families, the Jiang family had never suffered such humiliation before.

"I think that you're the one who has a death wish!"

Tang Hao looked at him with a gaze as sharp as lightning. He stomped his foot and dashed toward the patriarch of the Jiang family.

"You..."

The patriarch was greatly shocked. He did not expect Tang Hao to attack him.

The surrounding sect leaders and patriarchs turned pale with fright and retreated in panic.

They were no match for that monster in the second level. It would be extremely humiliating if they were killed.

Bang bang bang!

After exchanging about ten attacks, the patriarch finally could not take it anymore and wanted to escape. Tang Hao grunted coldly, turned into a bolt of lightning, caught up to him, and slapped.

“Ahh!”

With a short scream, the patriarch’s head exploded.

Hiss!

The other sect leaders and patriarchs gasped when they saw that, and their faces were slightly pale.

‘F*ck! That guy is indeed a murderous maniac. He dared to kill the patriarch of a conferred family!’

“Quick! Run! What are you still standing there for!”

They panicked and started to run.

Tang Hao looked around and recognized the sect leader of the Great Allheaven Sect by his clothes. He chased after him and killed him.

“Just you wait, Nameless Qin!” The sect leader of the Great Allheaven sect shouted before he died.

The other sect leaders turned around and were so scared that their bodies trembled.

“F*ck! If I knew that this would happen, I wouldn’t have come!”

They exclaimed regretfully.

“Haha!” The patriarch of the Feng family laughed. Now that he had seen so many people die, he felt that the deaths of the people in his family, including his beloved daughter, were nothing at all.

After laughing, he began to run.

Meanwhile, the surrounding crowd looked at the scene while standing rooted to the ground.

The sect leaders and patriarchs were incredibly depressed. They were incredibly powerful and influential in the real world, but in the Void Realm, they were helpless against a filthy brat.

“This is too embarrassing!”

They had thought of fighting back, but they could not help but cower when they saw the murderous look on that kid's face.

'Damn, he's too terrifying! He's just like a god of death!'

"Ahh!"

After killing another one, Tang Hao looked around and saw that those people had already run far away.

"Hmph!"

He grunted coldly. "This is just a taste of what's to come!"

The Jiang family was not the only faction that invaded Earth. The Great Allheaven Sect and the other major factions were also involved.

He stood there for a moment, then turned around and prepared to leave.

At that moment, he suddenly sensed something in his mind.

He immediately lifted his head and looked into the distance.

In that direction, far away from where he was, a golden light shot up into the sky. It was a young man with a cold and stern expression. His qi aura was shocking, and there was a vertical eye between his brows.

The vertical eye was slightly narrowed, and it emanated a terrifying qi aura.

That person also sensed something and looked in Tang Hao's direction.

The mark between Tang Hao's brows lit up and shone into the sky.

Following that, another streak of golden light shot into the sky from another direction.

A moment later, another streak of golden light shot into the sky.

Four streaks of golden light stretched across the First Region and resonated with each other.

Tang Hao sensed for a moment and frowned. Out of the four of them, his qi aura was the weakest. He only had three streaks of nascent qi, while the others had five or six.

Suddenly, the three figures moved in unison and headed in his direction.

"F*ck! Do you think I'm the weakest?"

Tang Hao was furious.

Then, he turned around and ran.

He was not confident of taking on those three. After all, his cultivation base was much weaker. Moreover, after the big battle, he was not in his best condition, so he would be at a disadvantage if he fought them now.

He ran all the way back to the small town. Then, he rushed into the exit and returned to the real world.

In reality, he opened his eyes, and his expression was gloomy.

From Jiang Tiancheng's memories, he knew that the second wave of people had already set off. There were more people this time, and many of them were in the State of the Nascent Soul.

There was not much time left for Earth.

After pondering for a long time, he decided to focus on what was important. To him, the more pressing matter was the Coronation Battle.

He lifted his hand and touched the spot between his brows. With a mental command, a flash of golden light appeared, revealing a number six. Following that, seven star-shaped silhouettes appeared around the number.

One of them lit up, while the other six were dim.
