

## The Mightiest Little Peasant Chapter 1045

“Young Master Jiang is here!”

Everyone in the small town cheered.

Jiang Tianwu flew over coolly with his hands behind his back. His clothes fluttered in the wind.

When he got closer, the cheers became even louder. The women were shrieking in excitement.

He did not land on the plaza. Instead, he stood on a tall building and looked down at Tang Hao with an ice-cold gaze.

On the plaza, Tang Hao opened his eyes and glanced at Jiang Tianwu coldly.

Sparks of hostility flew when the two pairs of eyes met.

Jiang Tianwu’s gaze carried a hint of arrogance and contempt.

He was confident that he would win.

Tang Hao’s mouth twitched into a sneer when he saw that Jiang Tianwu was looking at him with contempt. Then, he slowly clenched his fists. A monstrous fury and hatred surged in his chest.

The Jiang family was one of the masterminds behind the invasion on Earth.

He had always remembered the few Taoist masters that died tragically at the hands of the Jiang family.

He took a deep breath and slowly stood up. Battle intent surged in his eyes.

Last time, he had killed the patriarch of the Jiang family. This time, he would kill the number one prodigy of the Jiang family, as well as all the people that he brought with him.

His killing intent soared as he glared at the people from the Jiang family.

“You’ll die today, Qin!”

The patriarch of the Jiang family shouted.

“Kill him!”

Behind him, the people from the Jiang family shouted fanatically in unison.

“Kill that b\*stard!”

Everyone in the town began to shout as well.

At that moment, almost everyone from the First Region with access to the second level had gathered there. The entire small town was packed with people.

There were even more people in the sky. It was impossible to count just how many there were.

It could be hundreds of thousands, or millions, or even more...

The collective shouts of all the people were like thunder. It was a spectacular scene.

The people looked at Tang Hao with intense enmity and hatred.

They could not wait to see that kid die. The more pathetic the death, the better!

Tang Hao looked around, and his expression became even gloomier.

“Shut up!”

Suddenly, he threw his head back and roared. His voice was like thunder, and it drowned out all the other shouts.

The surroundings instantly became quiet.

Tang Hao raised his hand and pointed at Jiang Tianwu. “Get down here, Jiang!”

Jiang Tianwu narrowed his eyes coldly. “Looks like you can’t wait to die. Fine, I’ll fulfill your wish!”

He took a step forward in the air. Boom! He brandished his qi aura. All around him and in his eyes, there were physical anomalies of flames, lightning, and frost.

There were a total of seven anomalies, which represented streaks of nascent qi.

“Oh my god! He already has seven streaks of nascent qi. As expected of an eternal monster!”

“I remember that he only had five streaks of nascent qi two months ago! That’s one streak a month! What a freak!”

Everyone exclaimed in awe.

The other prodigies felt pressured. Gathering nascent qi was not easy. They needed two to three months to gather one streak of nascent qi.

Jiang Tianwu managed to gather one streak in a month. How freakish!

Jiang Tianwu could not help but feel smug when he heard the exclamations all around him.

Who was he?

He was Jiang Tianwu, the number one prodigy of the Jiang family. He was extremely talented and had an astonishing comprehension ability. To him, comprehending a cultivation technique was too easy.

“I have seven streaks, Qin guy. What do you have?”

He looked down at Tang Hao with a haughty face.

Tang Hao rolled his eyes and said disdainfully, “Is seven streaks a lot?”

Jiang Tianwu was stunned for a moment, then burst into laughter.

‘Is that guy an idiot? Does he think that seven streaks isn’t a lot?’

Two months ago, that guy only had three streaks. He probably only gathered another streak in the past two months. It meant that the guy would have four streaks at most, which was three streaks less than him.

Three streaks of nascent qi was a massive gap. In addition, he had a qilin bone, so it was easy for him to crush that guy.

Everyone also laughed.

“Do you think that seven streaks isn’t enough? Show us how many you have!”

“Right! Show us!”

Everyone started to jeer. Their faces were full of ridicule.

“Fine! Since you want to see, then I’ll show you!” Tang Hao grinned and said.

After he finished speaking, he took a step forward and brandished his qi aura.

The first ray of light that surged out was a flame-type nascent qi.

Following that, another ray of lightning surged out from his back.

Another ray of light surged out, and a wave of water appeared.

Following that, a violent wind blew.

Everyone was not too surprised by what they saw. In fact, they had a hint of disdain in their eyes.

Those four streaks of nascent qi were nothing special. In fact, it was beneath the level of an eternal monster to gather nascent qi of those types.

“What kind of eternal monster is he? He’s just so-so!”

Everyone laughed softly.

Jiang Tianwu also sneered, and his expression became even more contemptuous. "Do you think you can put up a fight against me with those types of nascent qi?"

Tang Hao rolled his eyes and said, "What's the rush? I'm not done yet!"

Jiang Tianwu was immediately stunned. 'He's not done? Does he have five streaks?

'That's impossible!'

While he was still in a daze, a streak of sword qi gushed out from Tang Hao's body. It was sword-type nascent qi.

Jiang Tianwu's expression immediately changed.

That kid had five streaks of nascent qi. Two months ago, he only had three.

It meant that the kid could gather one streak per month. The speed was on par with Jiang Tianwu.

"Five streaks!"

Many people in the surrounding crowd stopped jeering. They looked at Tang Hao with a serious expression.

"Not bad. Unfortunately, five streaks still isn't enough to fight me!" Jiang Tianwu said with a cold sneer.

Tang Hao did not say a word. He took another step forward, and his qi aura suddenly expanded. At the same time, a wave of extreme frost surged out and revolved around him.

Jiang Tianwu's eyes widened in shock.

Everyone's eyes also widened in shock.

That guy had six streaks!

How was that possible? He only had three streaks two months ago, but he gathered three streaks in two months. That made him a bigger freak than Jiang Tianwu.

That speed was simply unimaginable!

"Three streaks in two months? Is that guy still human?" Many people were depressed.

"So what if you have six streaks? You still can't beat me!" Jiang Tianwu grunted angrily after recovering from his shock. He seemed extremely angry.

"Are you sure?"

Tang Hao grinned mockingly.

As he spoke, another anomaly surged out from his body. It was a scene of vegetation, which represented wood-type nascent qi.

Hiss!

Everyone gasped.

Seven streaks of nascent qi!

He also had seven streaks!

He gathered four streaks in two months, which meant one streak every half a month. The speed was simply shocking!

“Heh, is seven streaks a lot?” Tang Hao looked around and sneered.

Under everyone’s shocked gazes, another anomaly appeared on his body, followed by another...

Eight streaks, nine streaks...

In the end, there were a total of ten streaks!

Everyone’s eyes widened in utter shock.
