

The Mightiest Little Peasant Chapter 1074

“No... it can't be!”

The Yin-Yang Sect leader said in a daze.

He found it hard to believe. How did the kid realize so fast that it was a trap? Moreover, that kid had fooled him with his acting!

“That's impossible!”

The Feng family patriarch's face flushed red. He activated his ability and looked again.

After he saw clearly, his entire body trembled, and his face turned ashen.

“That little brat is too damn cunning!” He gnashed his teeth and said.

The other sect leaders activated their true sight abilities and looked carefully. After that, their faces turned ashen.

It was indeed that brat!

They could not help but gnash their teeth hatefully when they realized that they were deceived.

They were so close to being completely fooled. Their grand plan had failed, and they were going to become the subject of ridicule.

“How despicable!”

They were furious, and their exploding qi auras pierced through the sky.

In an instant, the clouds swirled, and the sky darkened.

“Stop, damned kid!”

The Yin-Yang Sect leader roared in anger, and his hair, beard, and treasure robe fluttered in the wind.

He stretched out his hand, and a huge palm materialized, grabbing toward the figure in the distance.

Tang Hao, who was running away, turned around and was startled. The qi auras of the figures standing at the mountain peak were terrifying. They were clearly the leaders of the factions.

Those figures were all in the latter period of the State of Path Seeking. In the era with no Path Severance cultivators, they were the strongest.

“All of you are bullies! Don't you have any shame?”

Tang Hao cursed angrily and discarded the act. He activated the Emperor Yu's Step and escaped in a flash.

That giant palm could not catch up.

The Yin Yang Sect leader was stunned and found it hard to believe.

"That's the Emperor Yu's Step!" The Feng family patriarch said gloomily. "He's quite good at escaping!"

The sect leaders did not move. They looked at each other, feeling a little embarrassed.

They were all leaders of great factions, but today, they had attacked a kid who was not even in the State of the Nascent Soul. It was really quite shameful.

They were not planning on attacking him at first, intending to leave the job to the prodigies and elders. However, they did not expect that the kid would see through the deception so quickly.

If they did not make a move, the kid would run away again.

"I'll have to detain you even if it means giving up my reputation!"

The Great Allheaven Sect leader grunted angrily and charged out in pursuit.

The latter-period Path Seeking expert was extremely fast. In the blink of an eye, he had caught up to Tang Hao. With a vicious laugh, he stretched out his palm toward him.

He splayed his fingers, and Tang Hao was instantly sucked toward it.

Tang Hao's expression immediately changed.

"Return me my treasures of the Great Allheaven Sect, you filthy brat!" The sect leader said angrily as he increased the suction force.

"Your treasures? Once they enter my pocket, they're my treasures!" Tang Hao said angrily.

He turned around, and there were already eight thunder grenades in his hands.

"Go to hell, old man!"

He threw the thunder grenades, which exploded loudly.

The sect leader did not mind it at first. He waved his sleeve and blocked the grenades. However, after the grenades exploded, he was assailed by clouds of mist.

"Is this... poison?"

The sect leader's expression changed drastically. He retreated and said, "How despicable, you brat!"

“Right back at you!”

Tang Hao grunted and threw a few more grenades. Then, he ran away.

The Great Allheaven Sect leader stood where he was and clenched his fists tightly. His face was extremely gloomy.

He really wanted to take out his treasures and destroy that detestable little brat in one blow. Only then could he vent the anger in his heart.

“Haha!”

The faction leaders who rushed over from behind all laughed loudly.

The Great Allheaven Sect leader had actually lost to that brat!

“Let him run! I’d like to see how far he can run.” An old man said coldly.

He was wearing an aquamarine treasure robe. There was a mark of a water drop between his brows. His blue eyes were like the vast ocean.

He laughed coldly and lifted his sleeve. A soft hissing sound came from within, and a small ice-blue snake slithered out. Its eyes stared intently in front of it.

The other faction leaders glanced at it and showed slight apprehension.

Following that, they felt relieved. If the snake had its eyes on that kid, he would not be able to escape from their grasp even if he ran to the ends of the earth.

“That kid deserves to die for stealing the treasures of my Yushi family!”

The patriarch of the Yushi family sounded sinister as the small snake attached itself to his arm.

He took a step forward and chased after Tang Hao.

At that moment, the commotion had attracted the attention of the valley. Many people came out from their hiding places to inquire about the situation. When they found out that the person just now was Nameless Qin, they were all dumbfounded.

“Damn it, is that kid a fox?”

“Wargh! He’s too despicable!”

As the news spread, countless people around the valley dispelled their concealment formations. Following that, even more people rushed out of the cave.

“After him! We can’t let that kid get away this time!”

“Kill that b*stard and take back our treasures!”

Everyone was furious. They shouted in unison and followed their leaders.

There were masses of people in the sky and on the ground. It was impossible to count how many there were.

They were full of killing intent, and their qi auras were shocking.

Among the crowd, the prodigies were the ones who wanted to kill Tang Hao the most. They wanted to avenge themselves.

Also, they were already in the State of the Nascent Soul.

The unknowing crowd also came out of the cave. When they saw the spectacular formation in front of them, they were all stunned.

“What? That guy is Nameless Qin?”

“King Xue’s tomb is fake? That’s only a trap?”

Everyone was dumbstruck.

The burly man from before even trembled.

‘F*ck! The guy that I slapped is the rumored supervillain?’

His head spun, and he almost fell down.

Then, those people also joined in the hunt.

In front, Tang Hao was running desperately, but no matter how he ran, the old men behind him followed closely. He could not shake them off no matter what.

Even if he changed his appearance and qi aura, it would not work at all.

He immediately understood that someone was tracking him.

Those were all people with extraordinary means. It would not be difficult to track him down.

“This is troublesome!”

Tang Hao’s expression was grim.

If this went on, he would eventually be finished!

After running for another half a day, an overwhelming number of people appeared not far in front of him, cutting off his path.

“That’s Nameless Qin. Quick!”

When they saw Tang Hao, they all sped up.

“Dammit!”

Tang Hao gritted his teeth and cursed. He was frowning hard.

This time, it would be impossible to escape!
