

## The Mightiest Little Peasant Chapter 1082

Tang Hao felt like he was in a dream.

In that dream, he saw countless people, from the lowliest street urchin to the kings and nobles. He watched them being born, grow old, and die from the perspective of a third party, feeling their emotions.

The march of time was merciless.

Generations passed in the blink of an eye.

As he watched, Tang Hao vaguely understood that it was the Path of Time and Rebirth.

Compared to the Path of Life and Death, the Path of Time and Rebirth was even more profound and hard to grasp.

Tang Hao could clearly see the cycle of reincarnation over and over again, but it was difficult for him to grasp the Path within.

He was not in a hurry anyway. He sat still and began to comprehend.

Back in the real world, the people waiting there were getting impatient.

“He is comprehending the Path. I’m afraid it will take a long time!”

“You can go away if you have somewhere else to be!”

The people muttered as they landed on the ground and sat down.

“We’ll keep him alive for a little longer. When he comes back, he will die!” The patriarch of the Jiang family grunted angrily. He landed together with the Jiang family disciples and sat down in an area.

The Emyrean Sect leader and the others also grunted angrily. They looked at the figure in the air with intense killing intent.

They could not allow that brat to live!

He had humiliated the First Continent over and over again!

Moreover, that brat was too monstrous. Now that he had converted a Natal Soul, he would be a terrifying force in the future!

When the kid would reach the State of Path Seeking in the future, none of them would be able to stop him!

They also landed on the ground and began to wait.

The people formed circles around the beam of light in the center. It was a spectacular sight.

Some people that left brought the shocking news to where they were from.

When other people heard the news, their first reaction was to laugh. It sounded like fake news!

Supreme Natal Soul? World-destroying Tribulation of Lightning? That Qin guy had successfully defeated all the other eternal monsters and became King?

That sounded so far-fetched, like a fantasy story!

They had never heard of a Natal Soul before. Also, how could the kid survive the world-destroying Tribulation of Lightning if it was supposed to be world-destroying? That was utter nonsense!

However, so many people could not have been lying at the same time! They had no choice but to believe it.

Heavenly Star Nation was in shock!

The news continued to spread like the wind to the other nations.

Soon, the entire continent was in an uproar. The news was more sensational than last time.

"I didn't expect that he'll become King in the end!" Many people exclaimed. They were not too happy about the news.

Nameless Qin was not from the First Continent, so they were not happy that he became King. However, they could not help but feel some admiration for him.

One had to admire the person who became King of the Void Realm and whose name would be passed down through the ages!

"That Nameless Qin is truly someone special. However, he has committed too many sins and deserves to die. No matter how powerful he is, someone will eventually take him down!"

Some people also mocked him.

"Don't you know? That Qin guy is trapped in Soul Peak Mountain of Heavenly Star Nation. His soul might be in the Void Realm comprehending the Path technique, but his physical body is stuck there. When he returns, it'll be time for him to die!"

When that news spread, it caused another uproar.

"Sigh! What a pity!"

"Hmph! What's so pitiful about it? That Qin guy is a devil. It will be great if he dies!"

Some people felt regretful, while others were happy.

“Let’s go to Heavenly Star Nation. We should see it for ourselves!”

Countless people set off for Heavenly Star Nation.

The sky in Heavenly Star Nation continued to shine brightly for the next two weeks. An endless stream of people came to see that Qin guy for the last time.

Soul Peak Mountain was filled with people. It was extremely lively.

“So that’s the Qin guy? He looks quite powerful. Too bad he’s about to die!”

The people observed the figure within the divine light.

It was like a wild party. The people drank liquor, and some of them even carved their names on the cliff walls to show that they were there.

No one doubted if that Qin guy would be able to escape. The faction leaders had all said that they would kill that kid personally.

During that period, a huge shadow flashed past in the sky. It was the divine envoy of the Divine Mountain. It flew around once before leaving again.

With the faction leaders there, the primordial scions would not gain any benefit.

In any case, that guy was going to die anyway. It did not matter who killed him.

Just like that, half a month passed.

At noon on that day, the pillar of divine light trembled for a moment. Following that, the figure within also moved, and vitality returned to his eyes.

“He’s back!”

The people who were observing him shouted.

In an instant, the entire Soul Peak Mountain was in an uproar.

Countless people threw away their liquor flasks and rushed toward the center.

“Hahaha! You’re finally back, you filthy kid!”

“Hand over the shards and your treasures, you brat. I’ll give you a quick death!”

The faction leaders stood up and laughed loudly.

Tang Hao stood in the divine light and did not say a word.

His gaze was profound and indifferent, as though he had seen through it all.

“Hmph! Are you still pretending to be cool even when you’re about to die? Get down here!”

The patriarch of the Jiang family sneered and reached out. A huge palm appeared and grabbed at the figure in the air.

At that moment, the divine light disappeared. The palm was about to grab the figure.

Suddenly, the figure flashed like a phantom and dodged the palm.

“Hmph! Still trying to run away? Let’s see where you can run!”

The Jiang family patriarch flew into a rage out of humiliation. He jumped up and slapped the figure.

This time, Tang Hao did not dodge. He looked coldly at the Jiang family patriarch.

When his eyes met, the patriarch was shocked.

‘What happened to his eyes?’

‘They were cold and indifferent with countless images spinning inside. Life and death, endless reincarnation...’

“That... that is...”

The Jiang family patriarch’s eyes were wide open in shock.

Before he could recover, Tang Hao gently raised his hand and pointed with his finger. A mysterious power surged out and landed on the Jiang family patriarch.

Then, something uncanny happened. The Jiang family patriarch’s face changed and gradually aged.

At first, he looked like he was in his sixties, but in a short while, he looked like he was in his seventies.

“What’s... happening to me? My lifespan...”

The Jiang family patriarch cried out in fear.

“Hiss!”

The other faction leaders gasped out of shock.

That scene was too terrifying!

He was robbing the Jiang family patriarch of his lifespan!

“Heavens! Heavens! How could that be? That... that is the Path of Time and Rebirth! It is a supreme Path technique!”

The Deathless Sect leader cried out in shock.

His entire body was trembling in fear!

The Path of Time and Rebirth!

That was a legendary yet incomparably terrifying Path!

Only a few seconds had passed, but to the Jiang family patriarch, he had experienced hundreds or even thousands of years.
