

The Mightiest Little Peasant Chapter 1116

The figures that were about to rush out from the main hall froze in their tracks.

They did not know how to react.

In the distance, the Nascent Soul experts who were watching were also stunned.

Everyone froze there as if time had stopped.

When they came to their senses, they gasped in extreme shock and disbelief.

One strike!

That expert had defeated a grand elder of Broken Sword Mountain in one strike!

How terrifyingly powerful he was!

Some people thought that they were hallucinating. They rubbed their eyes and looked at the cliff wall again, but there was no mistake. The person pinned on the wall was indeed a grand elder of Broken Sword Mountain.

“How is that possible?”

“That... can't be!”

The Primeval Mountain sect leader and the others trembled in disbelief.

“How scary? Where is that guy from?”

The Di family patriarch muttered. His face was pale.

When he looked at that figure again, his eyes were filled with fear.

On the cliff wall, the corners of the old man's mouth twitched as blood flowed out. His eyes were wide open with terror, and he struggled as he tried to pull the spear from him.

However, there was a terrifying force from the spear that suppressed him, so he could not move away at all.

“I said that you're trash!”

The figure on the flood dragon said.

Brimming with killing intent, Tang Hao pointed his right palm at the elder and twisted gently. The spear twisted together with his hand, and a powerful force exploded.

Boom!

The grand elder's body exploded, and flesh and blood splattered everywhere. Even his nascent soul could not escape.

That was the end of a peak Nascent Soul cultivator.

“One!”

Tang Hao shouted coldly, and he turned to look at another person. “You’re number two!”

After he said that, he recalled his spear and threw it out again.

Whoosh!

The spear transformed into a stream of light.

The grand elder was alarmed. He quickly took out a defensive Artifact and activated it.

“Let me help you, Junior Brother!”

“Be careful, Senior Brother!”

The others also took out their Artifacts and stacked them together to block the attack.

Bang!

The spear penetrated the first layer of defense.

To the spear, the tortoise-shell Artifact was like paper. The spear made a hole in the barrier and shattered it. The next layer was shattered in a similar fashion, then the next...

In the blink of an eye, all five layers were penetrated, and the spear pierced the grand elder's chest.

“Urgh!”

The grand elder trembled and spat out a mouthful of blood. He lowered his head and looked at the spear stuck in his chest in disbelief.

“If I said that you’re next to die, you’ll be the next to die!”

Tang Hao twisted his palm, and the resulting qi explosion killed the grand elder.

“Oh my god!”

Everyone in front of the main hall was shocked to the core. The early and middle-period elders were trembling violently, and their faces were pale from fear.

The three remaining grand elders and Gu Jianzi were no better.

Their faces were pale, and their hearts were filled with fear.

They had never seen such a terrifying figure who could easily kill a peak Nascent Soul cultivator with a twist of his hand!

The battle spear was also a supreme treasure!

How could that person have so many supreme treasures?

Moreover, even if it were a supreme treasure, it could not be so powerful as to penetrate the defense set up by five Nascent Soul grand elders.

“He must have at least five nascent souls, no, maybe even more. In the distant First Continent, there are cultivators who have gone beyond five nascent souls.”

An elder shouted in panic.

“Beyond five nascent souls?”

The other elders trembled and became even more terrified.

Those cultivators must be peerless experts. Together with the supreme treasures, they must be unstoppable.

“How could that be...”

Go Jianzi was stunned.

He could not believe that after many years, a former enemy of his could have become such a formidable opponent and bring disaster to the sect.

“Quick, open the defensive formation again! We’ll have to stop it from coming in. Otherwise, many people will die today!”

“You! Go to the back of the mountain and summon the previous sect leader!”

The elders shouted anxiously.

Immediately, several people rushed toward the back of the mountain.

In the air, the sect-wide defensive formation was activated once again.

The people who were watching that scene felt as though they were dreaming.

Beyond five nascent souls, two supreme treasures, and killing a grand elder with a twist of their hand!

The power of the nameless expert had exceeded their imaginations.

There was only fear and reverence left in their hearts.

“If they’re bringing the previous sect leader back, it means that they’re faced with the threat of extermination!” The Treasure Trove Mountain sect leader sighed. He felt pity for Broken Sword Mountain.

“It’s a good thing that we don’t have him as an enemy!”

The Primeval Mountain sect leader gulped.

In mid-air, Tang Hao stood there with his spear and waited for the light barrier to fully activate.

After the barrier was fully activated, the people on Broken Sword Mountain heaved a sigh of relief.

Once the sect-wide defensive formation was activated, there was no chance that their enemy would be able to breach it, no matter how powerful he might be. Once the previous sect leader arrived, they would be able to drive that person away.

At that moment, Tang Hao grinned mockingly. “Do you think that you can stop me with this stupid this?”

The people inside laughed and shouted, “We’d like to see you break it then!”

Tang Hao did not say anything. He put away his spear and took out the Moonshooter Bow.

He planted his feet on the flood dragon and stretched the bow.

In an instant, the color of the sky changed, and the clouds swirled.

Endless light condensed and formed an arrow. It emitted a terrifying aura.

It was as though a full moon had appeared. The light from the arrow illuminated the sky and the earth.

The eyes of the figure drawing the bow shone with divine light as though he were a god.

Everyone on Broken Sword Mountain looked at him with fear.

In the distance, the faction leaders were almost losing their minds.

“Another supreme treasure!”

“It’s not an ordinary supreme treasure. I’ve never seen a bow like that before!”

Whoosh!

At the zenith of its power, the arrow of light shot out explosively and struck the barrier.

Bang! The light barrier began to dim.

Three seconds later, the light barrier shattered, though the arrow continued to attack and eventually hit the cliff above the main hall.

Rumble!

In an instant, the mountain peak collapsed.

The people there flew away to dodge the falling rocks.

“You’re the third one!”

Tang Hao mumbled and activated the Emperor Yu’s step. He appeared in front of a grand elder and slapped him with his palm.
