

## The Mightiest Little Peasant Chapter 1131

One, two, three...

Countless revenant gods rushed out of the Divine Void Banner but were all devoured.

Every time he swallowed one, the Eight-Armed Revenant God's aura would skyrocket.

Wan Qingzi was already going crazy as he continued to activate the Divine Void Banner.

The other two were shocked.

They also wanted to seize this opportunity to attack that brat's original body, but there was endless lightning radiance, as well as a Suan Ni formed from lightning water protecting him. Moreover, with that terrifying Eight Armed Demon God around, they couldn't get close at all.

After swallowing countless Demon Gods, the Eight-Armed Demon God finally stopped.

It started to tremble, as if it could not withstand the power inside its body and was about to explode.

"Hahaha! Look, this kid can't take it anymore. He can't take it anymore! It's going to explode!"

Wan Qingzi laughed loudly.

"Serves you right!"

Feng Boya was also overjoyed.

The sinister old man snorted softly and said, "Compared to the physical body, the soul is much more precious. Even the physical body has to self-destruct after swallowing too much power, let alone the soul."

As he said that, his lips curled into a smirk.

His gaze was filled with pity as he looked ahead.

"Once his soul explodes, this brat will probably wish he was dead!"

After a while, the Eight-Armed Demon God trembled even more violently. Suddenly, it raised its head to the sky and roared. Its body was like a balloon, instantly expanding and about to explode.

"Quick! Dodge!"

Wan Qingzi roared and retreated.

The expressions of the two people above changed, and they retreated rapidly, far away from the valley.

The revenant god continued to expand, and when it reached a certain point, it cracked open.

Beams of golden light shot out from the cracks.

Bang!

An earth-shattering boom erupted.

The ghost god exploded, and the golden light that burst forth filled the entire heaven and earth, blinding everyone.

Wan Qingzi and the others raised their hands to shield their eyes.

But then, they were stunned, sensing that something was wrong. The only thing that erupted was golden light and a weak force. Logically speaking, when such a large soul body exploded, there should be a terrifying shock wave.

They all turned to look at the golden light.

“What... what is that?”

After taking a closer look, their bodies shuddered in shock.

Amidst the endless golden light, a gigantic golden Buddha appeared. It was extremely brilliant and had an imposing aura.

“Buddha... Buddha-level? How... is this possible?”

Wan Qingzi cried out involuntarily, her face filled with disbelief.

How long had it been since this kid had obtained the ‘Divine Void Scripture’? Not only had he cultivated it to the Revenant God level, he had even refined it to the Buddha level.

This was an existence second only to an Azure Dragon in the classics.

Just as they were in a daze, the golden buddha opened its eyes and revealed an angry expression. It slapped over.

The palm strike seemed like it could split the sky and earth. It was extremely powerful.

Wan Qingzi bore the brunt of the attack. His expression changed drastically as he retreated while waving the Divine Void Banner to summon the three revenant gods.

Bang! Bang! Bang!

The moment the three revenant gods appeared, they exploded into pieces.

“Oh my!”

Wan Qing Zi's eyes bulged out, he was scared out of his wits.

Strictly speaking, the strength of these revenant gods was not much. They could not be compared to real Path Seeking cultivators like them, but at least they were Path Seeking -level beings!

He found it hard to believe that they had exploded so easily.

The power of this golden Buddha had probably surpassed the battle prowess of that brat's main body.

Because of the existence of this golden Buddha, his Divine Void Banner was also crippled. No matter how much he summoned, it was not enough for this brat to eat. The more he ate, the stronger he became.

In this case, there were only five of them left.

With the lightning pool and the formation, the five of them could not kill this brat.

Wan Qingzi instantly felt a little despair. He was originally full of confidence this time and firmly believed that with the strength of so many of them, they would definitely be able to defeat this brat.

However, in the end, they were the ones who were defeated.

"Go! Go!"

He cried out in panic, turning around and rushing towards the Stormcloud Dreadnought.

The other four were already scared out of their wits. When they saw him run, they ran as well.

"Oh my! This is too scary!"

The sinister old man turned around to take a look. He was so scared that he shivered again, and his face turned pale.

"F\*ck, who said that killing this kid is like playing around before this? You should f\*cking kill him now!"

"Heavens! This kid is too abnormal. Is he really in his twenties? Are you guys kidding me? How can a kid in his twenties be so fierce? What a joke!"

The group of people cursed as they ran. They were all extremely depressed.

They were Path Seeking experts after all. The top figures of the ninth continent were all famous, but after today, they would lose all their face.

Five Path Seeking seniors could not even defeat a kid in his twenties, and they had fled in such a sorry state!

F\*ck! How embarrassing!

Seeing the dumbstruck crowd, their faces turned red.

“Run! Are you idiots? Is your face more important than your life?”

Wan Qingzi roared and fled even faster.

The others shuddered and ran away as well.

Below them, that golden buddha rushed into the sky, chasing after a palm.

Foom Foom!

Feng Boya and the sinister old man were the slowest to escape. They were forced to turn around and block, and they both spat out a mouthful of blood.

“Quick! Block it!”

They roared madly at the three people above them.

When the three of them looked down, their expressions changed drastically. They could only take out their treasures and attack to save the two.

The combined attack of the three caused the giant Buddha to retreat. Taking advantage of this gap, the five of them rushed onto the ship.

Immediately afterwards, the great warship trembled, moving, quickly fleeing, disappearing in the blink of an eye.

“Hmph! He escaped rather quickly!”

Tang Hao coldly harrumphed as he watched them flee.

Even after the ship had fled far away, the people watching from afar were still standing where they were, stunned.

“Five Path Seeking experts... running away?”

They could not believe it.

That was five Path Seeking experts!

One of them was the acting sect leader of Broken Sword Mountain, and the other was the previous leader of the Rainmaker Tribe. The other three were also famous Path Seeking experts!

The five of them had joined forces, but they had been knocked away as well. Two of them had been injured, and they had fled in panic.

This was too unbelievable for them!

At first, they thought that Valley Master Tang had escaped, but the result was completely different.

“He’s already this strong?”

Countless people raised their heads and looked at the figure in the air in shock.

A month ago, he had only defeated one Path Seeking Realm cultivator. Now, however, he was fighting against five Path Seeking Realm cultivators alone, forcing back five Path Seeking Realm cultivators. This level of strength was even more terrifying.

“What’s that? It’s huge!”

“This is too shocking!”

There were also countless people who raised their heads to look at the huge golden Buddha. Their faces were filled with shock and bewilderment.
