

The Mightiest Little Peasant Chapter 1140

“What happened?”

All around the valley, within a radius of ten thousand miles, everyone raised their heads and looked at the sky in shock.

In the sky, the wind and clouds changed. A mighty pressure that made one’s soul tremble descended.

“That’s the power of heaven! Someone is drawing on the power of heaven and earth to break through to Path Seeking!”

Someone from the older generation cried out in shock.

“The force of the Heavens and Earth? Heavens! Which senior is this? Is there going to be another Path Seeking cultivator in the Ninth Continent?”

Those who heard it were also shocked. They raised their heads to look at the sky, revealing looks of shock.

Many people even revealed expressions of admiration and reverence. Anyone who could draw upon the power of the world was a person who perfected the Nascent Soul realm. They were existences that they could only dream of but not reach.

“It’s hard to say! This is only the first step. There’s still the Heavenly Demon Tribulation. Only by crossing it can one successfully reach Path Seeking. If one doesn’t cross it, then everything will be over!”

The seniors shook their heads and sighed.

The Path Seeking Realm was too difficult. The first step was to the trial to communicate with Heaven and Earth, and the second step, Heavenly Demon Tribulation, was even more difficult. This senior had only taken the first step and was still far from the true Path Seeking Realm.

In this mountain range, the cultivators could not withstand the increasingly terrifying heavenly might and fled.

In the valley, under the epiphany tree, Tang Hao sat cross-legged.

His eyes were tightly shut, as if he was unaware of the changes in the outside world.

In the sky, the wind and clouds moved more intensely, forming a huge whirlpool.

Boom=!

With a loud bang, a beam of light shot out from the center of the whirlpool straight towards the valley and landed on Tang Hao.

This was pure spiritual energy of the world. After it entered his body, it was absorbed by his body and quickly strengthened.

In front of his chest, the divine bones shook slightly. A portion of the divine qi was drawn over and poured into the divine bones.

After his divine bones evolved to the second form, Tang Hao's physical body was already extremely powerful. Now that he had absorbed this divine qi, he was even stronger.

On his chest, the golden radius gradually expanded, showing signs of developing to the third form.

Just like that, an hour passed. The energy of heaven and earth suddenly surged, heading straight for his abdomen and dantian, accumulating until it could no longer be stored.

Following a soft sound, his Dantian exploded, turning into chaos.

In this expanse of chaos, the energy of the heavens and the earth surged, and it started to open up a Dao Sea.

Once the Dao Sea was opened and the Dao Platform was constructed, it was considered a successful Path Seeking.

Meanwhile, the danger had just begun.

In the depths of the vortex, ripples appeared in the air. A wisp of smoke floated out and gradually took the shape of a human. However, its face was ever-changing. One moment, it would transform into a malevolent ghost, the next moment, it would transform into a handsome man, or an alluring beauty.

He looked down, and his eyes lit up.

"Hahaha! Another delicious meal!" He transformed into an alluring beauty and licked his lips, a greedy look on his face.

To the Heavenly Demon Clan, the divine soul of a human expert was a great supplement.

"Get lost! This is mine!"

Amidst the ripples, another wisp of smoke drifted out. It was elegant and graceful, and it also transformed into a woman. It was not as enchanting, but pure and beautiful, looking pitiful.

Then, smoke rushed out one after another, and when they looked down, they all revealed excited expressions.

"Mine!"

"That's mine!"

They fought to transform into beauties. They were sexy, charming, pure, and charming. They had all sorts of appearances. Then, they charged out like a swarm of bees, following the pillar of light formed from the qi of heaven and earth.

“Based on my years of research on men, they will definitely like this type. No matter how strong your will is, you will not be able to resist my temptation!”

A seductive woman twisted her waist. Her curves were truly breathtaking and somewhat exaggerated.

His lips quivered as he let out a decadent sound.

“Pfft! Men obviously like this kind of girl. She’s pure and innocent with a bit of charm. That’s the only way to move them!” another innocent girl said indignantly.

She also circled around the seated figure, gently twisting her waist as she spoke in a seductive voice.

The other Sky Fiends did not want to fall behind either and began to flirt.

The group of Sky Fiends twisted and turned, but the figure did not react at all.

They were all stunned.

Logically speaking, even if this fellow’s will was firm and was able to protect his heart, he shouldn’t have not reacted at all!

They were Heavenly Demons who were best at bewitching people.

Even though he would not succeed every time, those who were seduced would at least react. However, this guy was like a block of wood, not reacting at all.

It was not that this guy’s soul was too strong and his will was too firm, but that he did not like women at all.

Obviously, this was the latter.

“F*ck, so you don’t like women. You made me work for nothing!”

They all transformed from pretty girls to handsome men. They were domineering, gentle, and all sorts of people.

However, after trying for a long time, there was still no reaction.

The group of Heavenly Demons was stunned again. They looked at each other in confusion.

They had never encountered such a situation before.

They were unwilling to give up, so they used everything they had to tempt this guy.

However, whether it was the seven emotions or the six desires, they could not shake this guy at all.

“What a freak!”

They were all amazed.

“I think... perhaps this person’s soul is too strong and is not affected by our Heavenly Demon techniques, so we cannot shake him. We have to find someone stronger.”

Suddenly, a Heavenly Demon said.

“Yes, yes!”

The group of Heavenly Demons suddenly understood and agreed.

Very soon, the news spread and alarmed even more Heavenly Demons. Those stronger Heavenly Demons received the news that a freak had appeared!

They rushed over one after another and used all their tricks to entice this person.

However, there was still no reaction.

“What a once-in-blue-moon freak!”

The Heavenly Demon Realm was in an uproar.

More and more Heavenly Demons rushed down to see what this freak looked like.

Wisps of smoke swirled around the pillar of light and continued to pour down. Towards the end, they all came pouring down.

“What’s going on?”

“Heavens! Those are Heavenly Demons! But why are there so many? What’s going on?”

Shocked cries rang out from the surrounding crowd.

The older generation all knew that these were the extraterrestrial demons that had come from the outer realm, but how could there be so many?

Looking at the falling smoke, they were completely stunned.

“So many Heavenly Demons... Crazy! Completely crazy! That senior is so unlucky! He actually attracted so many Heavenly Demons. We’re doomed!”

When they recovered, they shook their heads and sighed.

The Heavenly Demon Tribulation was quite terrifying. Countless perfected Nascent Souls took the first step, but they all failed at this step.

And the Heavenly Demon Tribulation they had suffered was at most a few dozen Heavenly Demons. But now, there were at least thousands of Heavenly Demons in this patch of smoke. Who in this world could stop so many Heavenly Demons!

“He’s definitely going to fail!”

They all sighed with regret on their faces.
