

The Mightiest Little Peasant Chapter 1148

“You’re not crippled?”

Liu Heihu said with a trembling voice.

“You can guess!” Tang Hao grinned at him.

Liu Heihu’s face twitched, and he roared in his heart. What the f*ck, guess your head! Since you aren’t crippled, then why are you still pretending to be crippled? You’re being chased around by others, and I even believed you!

Too shameless! Too despicable!

Liu Heihu was a little hurt. He had always thought that he was shameless and devious, but compared to this guy, he was nothing!

“Tang... Brother Tang, can you let me off this time? I was wrong, I was really wrong!”

Liu Heihu said with a long face.

He could no longer remember how many times he had been defeated by this guy. He had thought that this time, he would finally be able to rise again, but it was still the same as before.

Could this guy really be his nemesis?

Tang Hao said, “Sure, I’ll give you some face this time!”

“Really?”

Liu Heihu said in disbelief.

“I think you’re quite pitiful. I won’t strip you naked this time. I’ll leave some behind for you!” Tang Hao said.

Liu Heihu was instantly enraged. He opened his mouth to curse, but at this moment, Tang Hao narrowed his eyes and stared coldly at him. His entire body stiffened, and he became terrified again.

“That... that’s fine too!” he said meekly. That aggrieved expression on his face made him look like an injured little wife.

“Very good, stand still!”

Tang Hao nodded, turning his gaze towards Wan Qingzi.

Wan Qingzi’s face was filled with shock as he shouted, “Weren’t you struck by lightning and heavily injured?! How can your Dao platform be fine?”

“Who said my platform is fine? It’s cracked!” Tang Hao said calmly.

Wan Qingzi was stunned. “It cracked? Then why are you fine?”

“Oh! My dao platform might be thicker. Look, it’s not ordinary!” As he spoke, a golden light flashed above Tang Hao’s head, and that dao platform rushed out.

Its entire body was brilliant gold, and its divine glow was resplendent. There were even golden veined patterns on its surface.

The Path Seeking experts were all stunned.

What is this?

This is a Dao Platform? What a joke! Does a Dao Platform look like this?

They looked inside themselves, at their crude and simple Dao platforms, and then at the golden Dao platform. Their expressions became extremely interesting.

“As expected of a monster, even his dao platform is different! I finally know why he was struck by lightning!”

“Look, there is indeed a crack, but why is it completely fine? How strange!”

All the old freaks exclaimed with shock and were extremely puzzled.

Tang Hao put away the platform and said coldly, “Old Wan Qing, let’s settle our scores today!”

Wan Qingzi’s face became rather ugly. Gritting her teeth, she said, “Brat, don’t think that you’re invincible just because you’ve asked. There are so many of us. Do you think we’ll be afraid of you?”

“Old Bai Mei, let’s join forces and kill him together!”

As he spoke, he looked at Daoist Baimei.

“Fine! Let’s attack together! I refuse to believe that he can stop so many of us!” Daoist Baimei said with a ferocious expression.

He was going all out. If they did not work together to kill this brat, they would be the ones to die!

“Go!”

He let out a roar and was the first to take out his treasure. Behind him, a group of Dao Seeking experts also let out a roar and attacked.

On the other side, Wan Qingzi took the lead, while the rest of the Anti-Tang Alliance attacked.

The two groups of people added up to more than ten people. More than ten Path Seeking experts attacked at the same time, and their momentum could be said to be extremely terrifying. All kinds of lights shot out like rainbows, carrying with them a monstrous aura.

Everyone cried out in alarm and retreated in all directions.

In the face of this combined attack, Tang Hao's expression did not change. In the past, when faced with so many Path Seeking experts, he could only run away. But now that he had reached Path Seeking, a mere dozen or so early-stage Path Seeking experts were no longer worthy of his attention.

"That's all!"

With a disdainful sneer, he stomped his foot and charged forward, swinging his halberd.

On the halberd's body, divine light shone brilliantly. A golden frain dragon rushed out, roaring towards the heavens.

This halberd strike was like a mountain splitting the sea, and it possessed peerless divine might.

Numerous streaks of light rushed over and were all split apart. With a few clangs, artifacts and treasures were struck and sent flying.

With a few groans, the few Path Seeking old men immediately swayed, their faces turning pale.

Their eyes widened in shock and fear.

The combined attack of more than ten people was actually unable to do anything to this brat?

What a terrifying strength!

Wan Qingzi's body shook as well, and he let out a muffled groan as his broken sword was sent flying once more. He was greatly shocked, and he was just about to retreat when a black shadow flashed before him, and his opponent had already arrived before him.

Wan Qing Zi was so scared that her whole body trembled, and her soul almost left her body.

"You're the first!"

Tang Hao moved his lips, muttered, and swung his halberd.

Foom!

A head flew out, blood splashing like a spring.

Then, Tang Hao waved his hand, and Dao fire surged out, incinerating this head and body into ashes.

In the next moment, his figure flashed and vanished on the spot. When he appeared once more, he'd already arrived before Feng Boya.

“You’re the second!”

Tang Hao shouted coldly and swung his halberd, killing him.

Hiss!

Kong Mingzi and the others stood to the side and gasped as they watched.

This scene was too shocking!

These were all Path Seeking experts! Yet they were chopped up like vegetables!

“This brat is too scary! Thankfully, I didn’t join in on the fun!” They were both shocked and relieved.

“Quick! Stop him! Ah-!”

Screams filled the air.

The group of Path Seeking old monsters gathered together and joined forces to fight the enemy. However, they could not stop their opponents and fell one by one.

“Brat, open the tunnel!”

The remaining few charged at Liu Heihu with ferocious expressions.

“F*ck, you’re blaming me now?”

Liu Heihu’s face darkened. He was a little depressed. He wanted to open the passageway too, but he did not dare to. What if he opened the passageway and really angered this Tang guy? What if he chased after him for a thousand miles?

Between life and treasure, he would rather choose life.

Liu Heihu glared at the few old fellows before retreating.

At this moment, Tang Hao rushed up and killed those old guys one by one, taking their things into his bag.

The surroundings were dead silent. Everyone looked at Tang Hao with fear, not even daring to breathe.

“Open the tunnel!”

Tang Hao said to Liu Heihu.

Liu Heihu obediently opened the passageway. After exiting, Tang Hao extended his hand and said, “Hand it over!”

“Count me unlucky!”

Liu Heihu first handed over a map, then took off his ring and tossed it over, his face filled with resentment.

“Very good! Goodbye!”

“F*ck, who wants to see a bastard like you again? We’d better never meet again! We’ll never meet again!” Liu Heihu cursed angrily before turning around to leave.

As he walked, he ran and disappeared.

After the others came out, they also took off. They were afraid of being targeted by Tang Hao. They were even more eager to spread the news of what had happened here so that the world would know.

“Congratulations, Fellow Daoist Tang!”

After some hesitation, Kong Mingzi and the others still came forward to congratulate him. After exchanging some pleasantries, they left.

“Let’s go!”

Tang Hao also rode his rain dragon towards the southern region.
