

## The Mightiest Little Peasant Chapter 1199

"If you want the halberd, can't you come and get it yourself?" Tang Hao smirked. A golden light flashed in his palm, and the halberd flew out. Then, with a few clanking sounds, beams of white light flew out and instantly assembled into a white bone armor. He grabbed the divine halberd, and with the might of the battle armor, he struck out. "Good halberd! Good armor!" The martial immortal praised and waved his hand. Rays of light flew out and formed a golden armor. Then, he took out a spear and attacked. Clang! The halberd and the spear clashed, creating a deafening sound and causing ripples to spread. This attack was evenly matched. Although Tang Hao had a divine halberd, his cultivation was not high enough. On the other hand, his opponent's spear was not an ordinary weapon. Their battle prowess was on par. "Kid, not bad! It felt great! It's really satisfying!" The martial immortal laughed out loud, becoming more and more courageous as he fought. "You're not bad either!" Tang Hao retorted coldly. "F \* ck! Are you mocking me?" The martial immortal was a little unhappy. This kid's tone and eyes were clearly mocking him. However, it was also true. He was an old senior, but he fought to a draw with a stinky kid. There was really nothing to be proud of. "Brat, don't be so arrogant. Take this!" The martial immortal roared and a ray of light rose from his body. It turned into a divine Tiger and roared towards the sky. Then, the divine Tiger swooped down and crashed into his body. The martial immortal's momentum increased dramatically, and he struck with his spear. Tang Hao was sent flying and smashed into the valley. "Kid, this move is pretty good, right?" The warrior immortal laughed complacently. "Compared to an old senior like me, you're still too young!" As he spoke, he even posed and muttered, "Al! It's so lonely to be invincible!" Upon hearing this, the faces of the old monsters above twitched and they all revealed strange expressions. "This old man Wu is still as shameless as before!" Yan Xian laughed. "Is that so?" At this time, a cold shout came from the valley. Tang Hao leaped into the air, gritted his teeth, and looked determined. He flicked his hand and the divine virtual banner flew out. Countless rays of light gushed out and rushed into the air. "What is this?" The martial immortal was stunned. "Something that will take your life!" "Die!" Tang Hao shouted. The virtual gods exploded one after another. He stomped his foot and soared into the sky. He wielded his halberd with the power of the virtual gods' self-destruction. "Why are there so many? F \* ck! Brat, where did you get so many souls!" The martial immortal turned pale with fright and was flustered by the explosion. Tang Hao's halberd strike sent him flying. He grunted in pain. "We're even now!" Tang Hao said coldly. "You ... You little brat!" The martial immortal's face turned livid with anger. He grabbed his spear and was about to fight again. "Old man Wu, enough! You can't do anything to this kid, so let's attack together!" The flame immortal said. "Get lost! Don't interfere, this is between me and this kid!" The martial immortal angrily rebuked. "Tsk! This guy ... Ignore him, let's make our move! Let's finish this as soon as possible to avoid any more trouble!" The flame immortal said. "What fellow Daoist tai-Shu said makes sense!" The rest of the people nodded and gathered their Dao energy, ready to attack. Old demon Tuntian and the others heaved a sigh of relief when they saw that. This matter was done! The void around them had been sealed, and this kid couldn't escape. His strength was on par with a martial immortal. With the flame immortal and so many of them, this kid was definitely dead! "Hahaha! You brat, to think that you would have such a day!" The ghostly old Daoist laughed smugly, feeling extremely carefree. This brat was simply his nemesis. Not only did he snatch his treasures, but he also beat him up time and time again, forcing him to flee in a sorry state. He was simply abominable to the extreme. Tang Hao's eyes swept across the room and he laughed coldly. "You want to kill me?" The old monsters were all stunned. Then, there was a burst of laughter. "This brat, I'm afraid he still can't see the situation clearly!" "Brat, don't you know that you're dead! Do you really think that you can escape from here today?" The group of old monsters sneered. Tang Hao's expression did not change as he said coldly, "Escape? Why should I escape? I think you're the ones who should be running!" The old monsters were stunned again. Then,

they burst out in even louder laughter. “Hahaha! What did this kid say? he said we’re going to escape? Hahaha! Was he an idiot? We have so many people, who can beat us away!” “Hahaha! This kid is too good at bragging!” They naturally didn’t believe this. Even if the sect leader came, he would be beaten away by them. What other methods did this kid have to make them run away? he was definitely just talking nonsense to scare them. Tang Hao turned around and bowed toward the mountain.” “Senior, please take action!” In an instant, the laughter stopped. Everyone’s eyes turned to the mountain. They had thought that there was some peerless figure hiding there, but after looking clearly, there was nothing. No, there was something else. It was a tree, an old locust tree. This old locust tree was very ordinary. No matter how one looked at it, it was just an ordinary tree. “A broken tree?” Their faces were blank, but they found it hard to believe that the brat’s reliance was a broken tree. Was this a joke? “Woof! What the hell!” “Why is this tree a little ugly? it’s quite an eyesore. Let’s destroy it first!” An old monster from the second continent frowned and revealed a look of disgust. He raised his hand, and a bolt of lightning struck the old locust tree. Everyone’s eyes focused as they looked over. They naturally didn’t believe that such an ordinary old locust tree could be the brat’s reliance. There was an 80% chance that there was someone hiding in the void over there, and this attack might be able to force the other party to show himself. As for that old locust tree, if it died, it died. It was just a broken tree! However, at this moment, the old locust tree moved. Its branches and leaves shook, and a bolt of lightning burst out, bombarding the old monster. “Ah!” There was a short scream. The old monster’s body trembled and he was struck into charcoal, falling from the sky. Everyone was stunned and confused. The lightning bolt was too fast for them to react. Then, their expressions changed drastically, revealing a look of horror. They had made a mistake. That was not an ordinary tree, but a tree demon! Moreover, he was quite powerful. He could seriously injure a thousand-year-old monster with one strike, so he must be at the same level. “Hmph! So what if there was one more! Can the heavens be overturned!” “Let’s kill this tree demon first, then kill that kid! Kill them all! We’ll raze this place to the ground!” The group of old monsters shouted and took out their treasures one after another. They poured their Dao energy into them and shot out beams of spirit light towards the old locust tree. “You’re looking for death!” The old locust tree was furious. Its branches and leaves began to shake violently. It suddenly pulled itself up from the ground and flew into the air. The lightning on its body shone brightly as it shot out and blasted towards the old monsters.
