

The Mightiest Little Peasant Chapter 1212

“Hey! Heyyo!”

In a large province of the first continent, in a deep underground cave, an old man rolled up his sleeves and was digging with all his might with a golden iron pick.

In front of him was a mine called Mystic Crystal.

The mystic Crystal was a rare mystical material. It was extremely hard and was a top-tier mystical material for making flying swords and weapons.

He wouldn't be interested in normal Mystic crystals, but this was a three-colored Mystic Crystal, the best among Mystic crystals. Besides, this was the center of the mine, so there was a chance that five-colored Mystic crystals could be produced here.

The five-colored Mystic Crystal was a legend among Mystic crystals. It was known as the heavenly crystal, a treasure that even the Hierarch would be tempted by.

He had also killed countless powerful fierce beasts and gone through countless hardships to reach this place. He had also dug for a long time. If it wasn't ten days, it would be half a month.

He did not know how many meters he had dug, even though he had not seen a single heaven crystal, he did not give up and continued to dig with all his might.

“Treasure! Treasure! Quickly come out!”

“I'll dig! I'll dig! I'll continue digging! “Ah!” I've worked so hard, the heavens will definitely be touched and give me a perfect heaven crystal!”

As he dug, he muttered.

He was almost touched by his own diligence and perseverance.

He dug a few more meters deeper, and finally, the heavens paid off. A five-colored light appeared in the crystal wall.

“This ... This is heaven crystal!”

“Hahaha! That’s great!”

He laughed out loud, overjoyed.

“The heavens must have been touched by my perseverance!” He was overjoyed as he grabbed the iron pick and started to dig with all his might.

Heyo, Heyo!

He dug for a long time and finally dug out the heaven crystal.

He stood up, wiped his forehead, and reached for the heaven crystal.

At this moment, his face was filled with happiness and a satisfied smile. There was nothing in this world that was more satisfying than seeing his own hard work pay off.

However, at this moment, there was a whooshing sound behind him, and a gust of cold wind flashed past.

It was a figure that took away the heaven crystal at an extremely fast speed.

With a whoosh, he ran away.

The old man immediately froze there, dumbfounded.

Wait a minute, what was this situation?

How could there be people here?

Even if there was someone, how could he not notice it? furthermore, what kind of speed was this? it was too fast, so fast that it was unbelievable!

This turn of events had come too suddenly, and he was completely dumbfounded!

“Ai! Fellow Daoist! Thanks! You really are a good person!”

That fellow’s voice drifted over from afar.

The old man’s face twitched violently. He gritted his teeth so hard that his teeth were almost broken. His entire body trembled, and his face turned ashen. He was so angry that his lungs were about to explode.

Someone actually dared to trick him and snatch his things!

What was even more detestable was that he even mocked him! Who couldn’t endure it!

“Little thief! Don’t run! Stop right there!”

He roared madly and chased after him, vowing to tear this hateful guy into pieces.

However, that guy was too fast. By the time he chased after him, he had already disappeared.

Heading north and crossing two large provinces, they arrived at a mountain range filled with fog. A few old monsters were travelling together.

“Soon! The Golden Lotus is not far ahead!”

“That Golden Lotus should be able to bear more than a dozen lotus seeds this time. We can each get a few. After swallowing them, our cultivation will definitely improve greatly, saving us decades of bitter cultivation.”

They talked as they moved forward.

A moment later, they arrived at a swamp. In the center of the swamp, a golden light bloomed. It was a Golden Lotus. The golden light was hazy, and a strange fragrance lingered.

“The Lotus is ripe and ready to be picked!”

The few of them glanced at it and laughed.

“I’ll do it!”

An old man in the middle stepped forward and waved his hand. A small red sword flew out and slashed at the Golden Lotus.

With a plop, the Lotus was cut down.

The old man stretched out his hand and was about to take the item.

At this moment, there was a soft whoosh and a gust of wind blew past. The Lotus disappeared.

The old monsters were stunned.

Only then did they realize that someone had come out of nowhere and robbed them of their things.

“You have guts!”

“Stop!”

They were furious. They roared a few times and chased in the direction of the wind.

“You guys are really good people! Thank you!”

A voice came from far ahead.

The old monsters almost vomited blood when they heard that.

Snatching their things and even dared to mock them, this guy was really too cheap! How detestable!

“Little thief, stop!”

“Leave your name if you have the guts, and I’ll hunt you down to the ends of the earth!”

The old monsters were mad with anger and chased after him. However, that guy was too fast and disappeared in a short while.

After chasing for a long time, they stopped and cursed.

Such a situation not only happened in the two big provinces, but also in the 300 big provinces of the first province.

Countless old monsters were in trouble. A mysterious person appeared out of nowhere and robbed them of their treasures. What was even more detestable was that that fellow’s mouth was also very cheap and vicious. After snatching their things, he still mocked them.

Some of the more unlucky ones were not as simple as being robbed halfway. They were directly knocked unconscious by SAP, then stripped, robbed, and thrown naked into the grass by the roadside.

Such a method was simply insane and inhumane.

Most of them were early stage old monsters. Some of them were flying in the air and were rushing on their way when they were suddenly knocked unconscious by a stick. Some of them were sitting in their own sects and were suddenly knocked unconscious.

There were also some who were searching for treasures and were suddenly knocked unconscious by a rod.

In short, no matter what he did, be it pill forging, smithing, eating, or drinking, everything was dangerous. That fellow appeared and disappeared like a ghost, coming and going without a trace. It was impossible to tell where he would appear from and give you a heavy blow. It was extremely terrifying.

The first continent was huge and the cultivation world was at its peak. There were many Dao seeking old monsters. Every continent had many early, middle and late stage Dao seeking experts.

Adding up the entire continent, this was a shocking number.

Although only a portion of them had suffered, it was still a relatively large number.

Those old monsters who had their things stolen asked around and asked each other, only to find out that it might be the same person.

“F * ck! No way! What a coincidence!”

“The guy who robbed me was very slippery and unbelievably fast. He was like the wind, and I couldn’t even see his figure clearly. But it was definitely him. He also mocked me and said that I was a good person!”

“Damn it, that’s him! It’s this bastard! Who was he? Where did he come from?”

“Hmph! No matter who he was, he was dead! When I find him, I’m going to cut him into eight pieces and mince him into meat paste!”

Very quickly, the news of the mysterious thief spread.

“That’s right! It’s him! It turns out that I’m not the only one who suffered!”

After hearing the news, those old monsters who had their things robbed gritted their teeth and were extremely angry.

As for those early stage old monsters, they were in a state of panic and couldn’t live in peace.
