

## The Mightiest Little Peasant Chapter 1218

“Hahaha!”

Jiang Li laughed out loud, but then his face darkened and he said coldly, “You want to kill me? Why don’t you give it a try!”

“Hmph! Arrogant! I don’t even know where you were when elder li dominated the first continent!”

The people of the Jiang family also sneered disdainfully.

This person was indeed powerful, but it was impossible for him to kill elder li! Who did he think he was? the sect master?

The man didn’t say a word. He just smiled indifferently and raised his foot again, taking a heavy step forward.

Bang!

His foot landed on the ground with a loud bang.

In an instant, the ground trembled as a majestic and surging power burst out, turning into a furious tide that surged forward.

At the same time, a huge spiritual energy light pillar shot up into the sky.

Under the impact of this aura, the people of the Jiang family all trembled, and their expressions changed.

“This aura ... It’s not an ordinary late-nascent Soul Stage cultivator. His cultivation base ... Is even higher than mine. He’s still a bit away from the great circle, but he’s not far away.”

Jiang Li gasped in shock.

“You have a pair of precious eyes, so do I. Why don’t we compete!”

Tang Hao stood there with his hands behind his back. His white robe was fluttering in the wind, and he exuded a terrifying aura.

Hearing this, Jiang Li sneered and said proudly, “My Jiang family’s treasure eyes are unrivaled in the world. What kind of eyes are yours? how dare you compare them with my Jiang family’s God-subduing eyes!”

As he spoke, his pupils shrank and turned into a pair of bright golden eyes.

“Mine is a bit special!”

Tang Hao chuckled. His pupils shrank, then turned into a pair of dragon eyes.

“What pupils are these? Strange, I’ve never seen him before! It’s a little like a beast’s eye!” Jiang Li looked at it and was puzzled.

Then, he sneered. “Your precious eyes don’t have any aura at all. What kind of precious eyes are they? look at mine. God-subduing!” God-subduing! Even if you’re an ancient God, I’ll still subdue you!”

“Is that so?”

Tang Hao smiled without saying anything.

The next moment, his two dragon eyes lit up.

When the first one lit up, the wind blew and the clouds moved. When the second one lit up, lightning flashed and a heavy rain fell.

The rain came too quickly, and the group of old monsters were all drenched in an instant.

They looked up at the sky and were a little dazed.

“Why is it raining?”

“The wind is so strong! It’s a little abnormal!”

They seemed to have thought of something. They shuddered and looked incredulous. Then, they turned around and looked at Tang Hao.

“It ... It can’t be him, right?”

They were in disbelief.

Jiang Li was stunned. A moment later, his expression changed drastically. He knew that it must be this guy’s doing. This was a Supreme magical power that could summon the wind and rain.

“How is it? my precious eye is not bad, right?”

Tang Hao smiled as he stepped into the air.

Beneath his feet, waves of water surged forth, forming a flight of stairs. The strong wind swirled around him, making him look divine and majestic.

Hiss!

Everyone sucked in a breath of cold air again, revealing an expression of extreme shock.

This divine power, this power ... Oh my God! Who the hell is this guy!

Jiang Li’s expression turned extremely ugly.

His opponent’s strength had once again exceeded his expectations. He was a tough opponent.

“Let’s go!”

At this time, the old monsters from all directions couldn't bear it any longer. They were afraid of being targeted by this guy, so they broke into a run.

"You want to leave?"

Tang Hao snorted and raised a hand in the direction the man had fled. He clenched his fist, and the air in that area suddenly froze. The next moment, the rain began to shrink.

It looked as if the void had collapsed.

As for the fleeing figure, he was also fixed in place. His entire body was trembling, and his pale face revealed extreme fear.

He could feel a terrifying force surrounding him, squeezing him madly and trying to make him explode.

Ah!

He screamed in pain.

"Die!"

Tang Hao was unmoved. He clenched his fist and the man exploded with a loud bang. Blood and flesh splattered everywhere.

Hualala!

The rain fell again, bringing with it blood as it rushed to the ground.

A ray of light flew out from the blood light and tried to escape.

However, before it could escape far, it was fixed in place again. The rain that filled the sky turned into a giant palm and crushed it.

A mid Dao seeking expert had been crushed to death so easily, as if he was an ant.

The old monsters were scared out of their wits.

“Quickly run!”

They shouted madly, scurried up, and fled in all directions.

Tang Hao’s face was expressionless. He kept reaching out with his hands, and with every clench, a person would explode. At the same time, the Azure Dragons flew up and attacked the old monsters.

Ahhhh!

The screams were endless.

Balls of blood light exploded in the rain, and blood dyed the ground red.

This was a one-sided massacre.

Occasionally, a few people managed to escape, but Tang Hao did not care. They were just a few shrimps. It did not matter if they escaped. As long as the big fish was still there, it was fine.

Finally, the hundreds of old monsters either fled or died. Only the Jiang family was left in this mountain range.

They stood there with grave expressions.

“Now, it’s your turn!”

Tang Hao raised a hand and pressed it down. A giant palm a thousand feet long appeared in the sky and slammed down, opening the battle.

Then, the dragons pounced toward the other members of the Jiang family.

Tang Hao summoned his armor and a spear. He walked toward the old man Jiang Li.

“Old man, come!”

He shouted coldly, grabbed his spear, and threw it out.

Whoosh!

The battle spear pierced through the air like a shooting star.

The old man’s eyes widened and shot out beams of golden light toward the battle spear. However, this was not enough to stop the spear.

Bang!

He took out a defensive treasure and took the attack head-on. His body trembled and he was forced to retreat.

At this moment, a black shadow flashed like a ghost and arrived in front of him. He grabbed his spear and stabbed.

Pfft!

The old man received another blow, and his body trembled again. He spat out a mouthful of blood and was already injured.

He was greatly shocked and was already a little terrified.

His opponent was too terrifying. His cultivation was much higher than his, and his body was unbelievably strong. His body was also full of treasures. Whether it was the spear or the armor, they were both ancient senior true treasures.

Who was this guy?

If the first continent had such a powerful figure, how could he not have heard of him?

Moreover, this person seemed to have a grudge against the Jiang family, which was even stranger!

He raised his hand and summoned a dozen golden swords. After blocking for a moment, he thought of retreating.

“Hmph! Where do you think you’re going!”

“Die!” Tang Hao shouted. He grabbed the spear and threw it, causing the old man to stagger. Then, his eyes flashed and he pointed a finger.

In an instant, all the life force within a hundred miles was extracted and turned into a destructive force that shot out.

“This ... This is ...”

The old man’s eyes were wide open, revealing extreme shock and disbelief.

He was all too familiar with this move!

“You ... Who are you?”

He gasped in shock, but before he could finish speaking, the finger pointed at him, shattering his defensive light curtain and killing him.
