

The Mightiest Little Peasant Chapter 1220

The surroundings suddenly fell silent, so silent that it was a little scary.

The old monsters of the Jiang family were frozen on the spot. Their bodies trembled slightly, and their faces were filled with fear.

Old Li is dead!

One of the nine elders of the Jiang family, a legendary figure who had shaken the world, had actually died at the hands of this unknown expert.

Who was this person?

When had the Jiang family ever made such a terrifying enemy?

Suddenly, a person's body trembled as if he had thought of something. He exclaimed in shock, "That move just now ... I've seen it before. That was the withering glory technique! The one and only withering art!"

Hearing this, the rest of the people were all shocked.

"The withering art? This ... How is this possible?"

"Isn't that guy dead?"

They also cried out in shock, their expressions as if they had seen a ghost.

They were all too familiar with this withering glory technique. Back then, it was the Qin Emperor's signature move. Their previous clan head's defense had been broken by this move before he was killed by the Qin Emperor.

Now, this spell had reappeared and killed an elder of the Jiang family!

This ... Could it really be a coincidence?

“No matter what, we have to go back and bring this news back to our clan!”

They shouted loudly, and all of them burst out and fled.

“Hmph!”

An angry groan exploded.

“All of you, stay!”

Tang Hao grabbed the spear and threw it. Then, all kinds of treasures flew out.

Whoosh! Whoosh! Whoosh!

With him as the center, rays of light flew out, accompanied by a few “ah ah” sounds. The fleeing figures were stopped, pierced by swords, Spears, and other treasures, and fell.

Tang Hao walked up to them and finished them off one by one.

“Who ... Who are you? What enmity do you have with the Jiang family?”

“You demon, my clansmen will avenge me! You’ll die a horrible death! Anyone who dares to provoke the Jiang family will die. ”

They roared crazily before they died.

“You’re too noisy!”

Tang Hao’s face was expressionless. He waved his sword and killed them.

The enmity between him and the Jiang family was too deep!

Not only the Jiang family, but the heavenly Luo sect, the rain master family, and so on ... All of them would have to pay the price!

With a flash of sword light, the last person was also killed.

The surroundings returned to a dead silence.

As far as his eyes could see, it was a mess. Corpses and blood were everywhere.

Tang Hao strolled over and picked up the Rings and treasures. In the end, the raindrops turned into a huge wave that completely submerged the place, erasing all traces.

“Let’s go!”

After doing all this, he waved his hand in the air.

The Azure Dragons split apart and turned into Tang Haos. After the battle, there were only a few hundred of them left, but there were still nearly a thousand of them.

“Fellow Daoist! His cultivation base had improved again! Congratulations! Congratulations!”

“Congratulations, fellow Daoist!”

They landed one after another and cupped their hands in congratulations.

“Where? Where! You guys have worked hard!” Tang Hao said with a smile.

If it weren’t for the hard work of these souls, how could his cultivation level have risen so quickly?

“Hey! You’re too polite, fellow Daoist!”

“It’s not hard! It wasn’t hard! You are us! We are you! Everyone is one!”

They all laughed.

“Let’s go, let’s go!”

Then, they flew up and scattered in all directions.

Tang Hao only left after he saw them off.

Meanwhile, the Jiang family was in an uproar.

Just now, the life plates of the elders who were sent to catch the bandit, led by Jiang Li, were all broken, which meant that they had all died.

There were more than twenty elders, and one of them was one of the nine elders who was a quasi-sect master. This news immediately shocked the entire Jiang family.

Clang clang clang!

The law Bell rang crazily, and the news spread throughout the Jiang family.

After hearing the news, the members of the Jiang family were all shocked.

So many elders had fallen all of a sudden, and even one of the nine elders was dead. This was the most serious situation that had happened since the death of the previous family head!

“Who is it? Who dares to kill a member of the Jiang family?”

“You can’t offend the power of the Jiang family! We must find the murderer and pay him back a hundred times!”

Angry yells could be heard everywhere in the Jiang family.

Soon, groups of people gathered and set off for the North with a murderous aura.

In the North, a shocking piece of news gradually spread.

The news was so shocking that it was treated as a joke at first and no one believed it.

The mysterious Bandit had killed hundreds of mid and late Dao seeking experts all by himself. Even one of the nine elders of the Jiang family had died. If this wasn't a joke, what was?

This was too exaggerated! This was too absurd!

Not to mention whether that guy was so powerful that he could fight a hundred people alone, the fact that he had killed the Jiang family's people was not very reliable.

Everyone knew that they couldn't afford to offend the Jiang family. Once they did, they would die without a doubt. Who on the first continent would have the guts to kill the Jiang family?

However, this news was quickly confirmed.

Those old monsters were indeed dead!

The people of the Jiang family were also dead. The Jiang family was furious and had sent a large group of people to rush over.

"Heavens! He's pierced through the heavens!"

"Another peerless brutal man!"

Everyone exclaimed in shock.

When the news spread, the entire first continent was shocked.

However, a few days later, even more shocking news came. In the southern part of the first continent, the elders of the Yushi family were attacked. All twenty of them were killed. The murderer was the mysterious Bandit.

“Hiss!”

Hearing this news, everyone sucked in a breath of cold air. They all felt that this was a little crazy!

“He killed the Jiang family’s people first, and then exterminated the Yushi family’s people. Is he crazy?”

They were from two great conferred families!

Two days later, another piece of news came. The heavenly Luo sect was exterminated, and the murderer was also that great thief!

“This is crazy! He’s completely crazy!”

The entire first continent was in an uproar.

When the news of other families and sects being exterminated came, they were already numb to it.

“We’ve never seen such a vicious person in the first continent!”

“Where did this person come from?”

Everyone in the first continent was fervently discussing this.

The great sects and families were furious. They sent out countless people to search for the thief, but to no avail.

After killing several super forces, the mysterious Bandit disappeared without a trace.

“Search! Continue searching, no matter where he is hiding, we must find him!”

The people from the various sects were still searching frantically.

Just like that, half a month passed, and the commotion gradually died down. Everyone thought that since that fellow had not appeared after such a long time, he must have run away.

If such a peerless figure didn't run too fast, he would be able to run to other continents in a few days.

"The Jiang family is so unlucky! Previously, Qin Wang had appeared and caused them to be in an extremely difficult situation. Now, there was another unparalleled brutal person! He's even fiercer than that Qin Wang!"

"The Jiang family is so unlucky. The family head just died, and now a sect-to-be master has died. He was the pillar of the Jiang family!"

As everyone discussed, they were all gloating.

After a few days, there was still no news, and they gradually forgot about the matter.
