

The Mightiest Little Peasant Chapter 1224

Bang!

His foot landed on the ground with a muffled sound.

The entire stage shook violently.

A surge of energy erupted from Tang Hao's body, and his aura skyrocketed. At first, he was only in the mid-stage of the nascent soul formation realm, but in the blink of an eye, he had reached the late-stage.

Then, it was the perfection stage!

With him as the center, circles of translucent ripples spread out wildly and swept in all directions.

Sensing this aura, Duan shaolong was stunned and his entire body froze.

His eyes gradually widened, filled with disbelief.

F * ck!

At this moment, he really wanted to curse. He had thought that he had picked up a big bargain, but he had never expected that his opponent had hidden his cultivation. It was not the middle stage, but the complete earthly sovereign.

There was also an uproar.

Just now, they had also thought that there would be no suspense in this battle. After all, brother Dali relied on talismans and his own cultivation was not very powerful. His opponent was the number one genius of the Three Pure Ones sect, the former Daozi.

The two of them were not on the same level at all.

It wasn't easy for big brother Dali to make it this far. He would definitely be eliminated in this round. However, he had hidden his cultivation level.

The great circle of the nascent Soul Stage, in terms of cultivation level, was already on par with those Dao children.

Among the younger generation, there were not many who could reach this realm. Most of them were the successors of the top forces.

The religious leaders also revealed a look of surprise.

"Who is this person?"

"A talisman master? This is interesting!"

They all laughed and their eyes were filled with admiration.

However, they didn't care too much. They were sect Masters, so their horizons were naturally not ordinary. The great circle of the nascent Soul Stage wasn't much. In the realm of the nascent Soul Stage, it still depended on how many nascent souls one had condensed.

In the same realm, those who had more nascent souls were stronger.

The kid surnamed Tang was still no match for the kid from the Three Pure Ones sect.

However, at this moment, a loud boom came from the battle stage, and the aura rose again. Previously, it was a violent wind, but now it had turned into a hurricane, sweeping wildly and engulfing the entire Valley.

Peng Peng Peng!

The ground of the battle stage exploded inch by inch, sending dust flying.

As for Duan shaolong, his entire body trembled as he was forced back a few steps by the sudden burst of powerful Qi, almost falling down.

He was completely dumbfounded, and his mind went blank.

This aura ... Wasn't it a Dao seeking? How was this possible?

Everyone was also stunned.

Their eyes were wide open, and their faces were full of shock and horror.

"That ... That's the Dao seeking aura!"

"That's impossible!"

Everyone was in disbelief.

On the side, Ji Wu, Jiang tianwu, and the others, who were originally calm, also changed their expressions. Their eyes were bright as they stared at the figure on the stage.

Even the sect Masters' expressions changed.

Among the younger generation, there were many who had reached the completion, but only a few could break through to Dao pursuing realm. Now, Ji Wu was the only young Dao pursuing realm cultivator on the surface.

Where did this guy come from?

Everyone was extremely puzzled.

Duan shaolong, on the other hand, had the urge to vomit blood. He was too unlucky! He had thought that it was a soft persimmon, but he did not expect it to be an iron plate.

This pervert ... Who was he?

When he looked up and saw that guy's terrifying appearance, his eyes rolled back and he really wanted to faint.

"Who is this person?"

The entire Valley was in an uproar.

Another young man asked.

Another world-shocking monster!

Logically speaking, it was impossible for them not to know of such a person, but they had never heard of this person.

Tang Hao retracted his aura and stopped growing.

He looked at Duan shaolong coldly and shouted, "Come on! Didn't you want to end the battle quickly?"

Duan shaolong's face twitched, and he really wanted to curse.

"Motherf * cker! So what if I'm daoask? my target is the three great demon geniuses. I'll kill them all even if I'm daoask!"

He cursed and raised a few flags, ready to go all out.

However, Tang Hao strode forward and struck out with his palm.

It was a simple palm strike, but it was unstoppable. It smashed through all obstacles and landed on Duan shaolong's chest in front of his terrified eyes.

Bang!

There was a muffled sound.

His robe exploded and his chest caved in. He spat out a mouthful of blood. Then, his body was sent flying like a cannonball. He smashed through the audience and mountains, flying thousands of meters.

There was a deathly silence all around.

Everyone was dumbfounded.

They were a little dazed and almost thought that they were seeing things.

The number one genius of the Three Pure Ones sect, the former Daozi, had actually been defeated so easily!

Just one move and he was killed instantly!

Moreover, he had been defeated so miserably. He had been blasted thousands of meters away with a single palm strike. Even if he didn't die, he would be seriously injured!

Gulu!

In the silence, there was the sound of swallowing.

"This is too terrifying!"

They looked at the figure on the stage and their hearts trembled.

"F * ck!"

The Dao children were also dumbfounded.

"Damn it, where did this monster come from?" Even Yao Tian was left speechless.

"This kid is a little strange!"

The sect Masters narrowed their eyes and stared at the figure on the stage for a while. They all frowned. The person on the stage seemed to be covered in a layer of fog, and even they could not see through him.

But how was that possible?

They were the sect Masters, the top figures of the first continent. How could there be someone they couldn't see through?

Their faces darkened, and their expressions turned grave. They all realized that something was wrong.

"Can't even withstand a single blow!"

On the stage, Tang Hao grunted.

Then, he turned around and looked around. His eyes were disdainful, overbearing, and arrogant.

"What great ensemble? it's really boring. You ... Come at me together! Quickly end it!" He said coldly.

"Hiss! What a big tone!"

"F * ck! This guy was too crazy! Although he does have some ability!"

The crowd was in an uproar.

"Damn, this guy is a little crazy! Let's kill him!"

The group of Daoists were indignant.

"Hmph! You're too arrogant. It's just asking, what's the big deal?" Jiang tianwu snorted coldly. His body trembled and a majestic aura soared into the sky as he asked.

"Aiyaya! Young man, don't be too arrogant, you'll suffer!"

Yao Tian also released his aura and asked the same question.

Ji Wu also released his aura, and three Dao seeking auras pressed down on the stage at the same time.

“Is that so?”

Tang Hao smirked coldly. He took a step forward and struck out with his palm.

Instantly, spiritual Qi gushed out and turned into a giant Golden Palm that pressed down on the stage.

Pfft! Pfft!

In a single exchange, several Daozi were sent flying while vomiting blood.

Even Yao Tian and the others were stunned. Their expressions changed and they were shocked. Their opponent’s strength was beyond their expectations. He didn’t seem to be at the early stage of Dao seeking. He was a late stage old monster.

Peng Peng Peng!

Tang Hao stepped forward, and with every step he took, he struck out with his palm.

One Golden Palm after another appeared and slapped down.

Pfft! Pfft!

The Dao children vomited blood one after another and were sent flying. Even Yao Tian and the others were struggling to hold on.

The surroundings were deathly silent again.

Everyone was completely stunned.

The person on the stage had unparalleled might. He was clearly alone, but he had crushed the most outstanding geniuses of the first continent!

This scene was too shocking and unbelievable.
