

The Mightiest Little Peasant Chapter 1233

“Hahaha! It’s still there!”

Beimen Yi burst out laughing.

“Look, the seeds of this Lotus are already ripe. With just one, Ji brat, your cultivation will reach the great circle of perfection and catch up to that brat! There’s more than one lotus seed, and you can create a few more paragons. ”

As he said that, he revealed a look of regret.

“Actually, for you guys, the effect of the green Lotus is still too strong. It’s only suitable for those who cut their Dao to really absorb the medicinal effects of the Lotus seed. It’s a bit of a waste to use it on you guys.”

Hearing this, everyone’s eyes became more and more heated.

“The lower levels have all been visited by people, and only this Palace is intact. There must be a mystery!”

They didn’t rush up, but released their soul consciousness to check carefully.

“There’s a great formation!”

“I should be able to break it. No matter how powerful the array is, it should be broken after so many years!”

After discussing for a while, they all took out their treasures and attacked.

Peng Peng Peng!

A light screen appeared around the palace. At the same time, the sky darkened and thunderclouds rolled up.

Bolts of lightning shuttled through the clouds and gathered together to form huge lightning dragons. They tore through the clouds and descended from the sky.

Each of the Thunder Dragons had a violent and terrifying aura.

Moreover, the color of these lightning dragons were all different. Some were black, some were golden, some were purple, some were golden ...

“Which evildoer dares to invade the sacred ground of my Thunder clan?!”

The lightning dragons opened their mouths and let out a human voice.

A few of them suddenly changed into the appearance of a handsome man with a Thunder mark between their eyebrows, which was similar to the rain drop mark of the Yushi family.

“It’s the Thunder spirit formed by the soul of a Thunder clan member after he died!”

Beimen Yi shouted, “don’t let your guard down. These lightning spirits are very strong!”

Everyone’s face turned serious. These lightning spirits were quite terrifying. Some of them had reached the level of Dao severing. Moreover, they were not ordinary lightning.

He couldn’t be defeated!

In an instant, everyone had this thought.

However, they didn’t panic. No matter how strong these lightning spirits were, they weren’t true Dao severing. They were just souls and weren’t as terrifying as true Dao severing.

“They are not one with the formation. Let’s delay them and get the green Lotus first!”

Sect leader Tongtian said.

“Good! The elders will be in charge of the formation. Once the formation is broken, we’ll immediately take the green Lotus.”

The group of people quickly came up with a plan.

The five sect Masters looked at each other and went up to greet him. With a wave of their hands, rays of magnificent light rushed out and turned into five Supreme treasures.

In order to prevent that Qin brat from ambushing them, they were all carrying their treasures with them.

They used their Supreme treasures to bombard the group of lightning spirits, while the elders of the various religions attacked the formation together.

Boom! Boom! Boom!

An intense battle broke out.

Facing so many lightning spirits, the five sect Masters found it a little difficult. Soon, they were forced to retreat and could only resist with all their might.

Fortunately, the formation wasn’t that powerful. After more than 10000 years, it had long decayed and decayed. Under the bombardment of the elders of various sects, it only lasted two to three minutes before it was broken.

“Go!”

As soon as the formation was broken, Ji Wu and Jiang tianwu rushed out toward the pool in the middle of the palace.

“As long as I get the green Lotus, I will be able to catch up and even surpass that Qin guy. At that time, I will be able to wash away my previous humiliation!”

Seeing that the green Lotus was about to be in his hands, Jiang tianwu was filled with excitement.

“With this item, cultivation is no longer a problem. That guy is no longer my opponent!”

Even Ji Wu was excited.

In the blink of an eye, the two of them were above the pond. They reached out their hands together and grabbed the green Lotus.

However, at this moment, there was a Swoosh. A ray of light swept over from the side. It was as fast as lightning and surpassed them in the blink of an eye, rushing into the pool.

In the next moment, he picked up the green Lotus and fled.

The two of them were stunned, and their hands froze.

At this moment, they were completely dumbfounded, their minds blank.

They had never thought that such an unforeseen event would occur at this critical moment.

Weren't they the only ones here? why were there other people? Could it be that he had been here before?

Also, how could he be so fast that even they couldn't see him clearly.

At this moment, the group of elders and Beimen Yi were also stunned. They froze in mid-air, and the excitement and excitement on their faces froze.

After being stunned for a few seconds, their faces twitched violently, and they became ferocious and crazy.

There was actually someone who dared to steal a treasure right under their eyes, and it was even a Supreme divine item like the ten thousand year old green Lotus. This was simply audacious to the extreme!

“Who is it? Who dares to snatch my things!”

“Bastard! Stop!”

They roared in anger and were about to go crazy.

Sensing the commotion below, the five sect Masters were stunned and almost angered to death.

F * ck! It was not easy for them. They fought to the death and were so full that they were about to vomit blood. In the end, their treasure was snatched away. What was this?!

They were so angry that they almost vomited blood.

“Who is it? Who is it?”

They suddenly turned around, their eyes sweeping in all directions like lightning.

“Over there!”

Soon, they saw that the thief had turned into a stream of light and was rapidly escaping.

“Quickly, catch up to him! We can’t let him get away!”

They roared a few times and gave chase.

“You have guts! How dare you steal the divine item of my Thunder clan!”

In the sky, the Thunder Dragons were also furious and chased after him.

After chasing for a while, a figure suddenly appeared in the sky in front of them. He was walking step by step in the air. It was a handsome young man, his white clothes were fluttering, and his black hair was flying.

His eyes were shining with a bright divine light.

The streak of light rushed over and stopped in front of him. He reached out and took the green Lotus. He smiled and muttered, "Good treasure!"

Then, he raised his eyes and looked at the crowd with a mocking smile. "Thank you for your hard work, everyone!"

The group of people were all stunned.

They were in a daze and couldn't believe their eyes. Many of the elders raised their hands and rubbed their eyes. No matter how many times they looked at it, they couldn't believe it.

"It's that Qin guy!"

"What is he doing here?"

Even Beimen Yi, a mighty half-immortal, was dumbfounded.

How did this happen?

What was this kid doing here?

This was too f*cking strange!

After the shock, everyone gritted their teeth and was about to explode. Not only did this bastard Rob them, but he also dared to mock them. He really deserved a beating!

"Stinky brat, return the green Lotus!"

"Hey! Why are you still talking nonsense with him? quickly kill him! As long as we block him here, we can just kill him and everything will be over!"

The group of sect Masters activated their Dao energy and activated their Supreme treasures.

The group of Thunder Dragons also turned into members of the Thunder clan and shouted in a deep voice, "Return the divine item, or don't even think about leaving this world!"

With that, their auras exploded as they locked onto the figure in front of them.
