

The Mightiest Little Peasant Chapter 1234

Tang Hao's expression did not change. He slowly put away the green Lotus.

Then, he raised his eyes and looked ahead.

"You want to keep me here?" The corners of his mouth twitched, and his tone carried a hint of ridicule.

"And you guys, you're just a bunch of wandering ghosts. How dare you be so impudent in front of me? I'll eat you!"

He turned his eyes to the group of lightning spirits.

"You ..."

"You have guts!"

Both sides were furious.

"Hahaha! This kid is really an idiot! After getting the treasure, you still don't run. You're still so arrogant and dare to provoke this group of lightning spirits. Aren't you looking for death?" Many elders of the major sects were secretly delighted.

In their eyes, this kid was really too stupid.

The sect Masters were also secretly happy. With just the five of them, they might not be able to keep this kid, but with this group of lightning spirits, it would be stable.

This time, he would definitely be able to make this kid stay!

"Do it!"

The Jiang family's master roared. He was already impatient.

However, Tang Hao made the first move. He charged toward the lightning spirits and flicked his wrist. Whoosh! Whoosh! Whoosh! Countless rays of light flew out and transformed into treasures.

There were bells, rulers, and even zither ... They were all different and had different appearances.

The only similarity was the aura they emitted.

All of these treasures were soul-subduing type.

As the treasures scattered, the lightning spirits' bodies sank and lost their balance.

These lightning spirits were powerful, some of them even reaching the level of Dao severing. These treasures would not be able to suppress them for long, but for Tang Hao, a short moment was enough.

He flicked his hand again, and the divine virtual banner flew out along with Azure Dragons.

Then, the split soul beside him leaped up and devoured an Azure Dragon. With a shake of its body, it also transformed into an Azure Dragon and pounced toward the nearest lightning spirit.

Aowu!

The lightning spirit was directly swallowed.

Then, the old Dragon's body suddenly expanded, and his aura became even more powerful.

He opened his mouth wide and swam over, swallowing the lightning spirits one by one like a whale.

No matter what realm he was in, he was just one mouthful. At the same time, rays of light separated from his body, slashing out Dragons.

The sect Masters were about to attack, but they were stunned.

The elders, Ji Wu, and bemen Yi were once again dumbfounded.

They were completely stunned by the scene before their eyes!

Directly devouring it, how brutal was this!

Moreover, what kind of spell was this? it was so magical that not only could it swallow the soul, but it could also turn it into a soul in the shape of the old dragon.

They had never heard of such a spell before.

Hiss!

Seeing that the Dao severing stage soul was also swallowed in one gulp, their hearts trembled and they couldn't help but suck in a cold breath. They felt their scalps go numb.

Oh my God!

It could even swallow those who had severed their Dao. What exactly was this thing? it was too terrifying!

At this point, the sect Masters' faces twitched and turned red.

F * ck! They had fought to the death, but they still couldn't get rid of this group of lightning spirits. Instead, they could only take a beating and be beaten into a sorry state. However, they didn't expect that this kid would get rid of them as soon as he came.

It was so easy! It was so simple!

They were even more depressed when they saw the dragons that kept slashing out.

At this moment, they felt as if countless curses were galloping through their hearts.

Originally, with just the five of them, it would be very difficult to keep this kid. Now that this kid had so many more souls, how could they keep him here? once he exploded, they would not be able to keep this kid.

Soon, even the lightning spirits were afraid. They trembled and revealed looks of fear.

“This is too terrifying!”

“Hurry up and run!”

They struggled to break free from the restraints of the soul-subduing treasures and fled in a panic.

“Don’t run! You’re all mine!”

“Die!” Tang Hao shouted. The split soul chased after them and swallowed them all.

“Burp! I’m so full!”

The split soul even burped in satisfaction, then slashed out a few more Azure Dragons and returned to Tang Hao’s side.

“Fellow Daoist! You’ve worked hard!”

Tang Hao cupped his hands and smiled.

“Al! It wasn’t hard! It’s not hard!” That split soul also laughed.

“Hmph! Stinky brat, don’t be so smug. Do you really think we can’t do anything to you?” The Jiang family’s master hollered in anger, “everyone, attack together! We must make him stay!”

“Go!”

The elders also shouted and rushed forward.

They were all in the late stage, and many of them were close to the great fulfilment. Their cultivation bases were deep, and they were only a step away from those sect Masters. If they worked together, they would be a powerful force.

“Bring it on!”

Tang Hao’s lips curled into a cold smile.

He raised his hand, and with a flash of golden light, the eight barren halberd flew out. Then, clangclangclang, rays of white light flew out and instantly assembled into the White bone true devil armor.

He released his Qi and struck out with his halberd.

Behind him, the dragons followed and pounced.

An intense battle erupted.

The five factions had five sect Masters and many elders, but Tang Hao’s side was also strong and had many Cang Dragons.

These old Dragons were not strong and were no match for the elders. However, they would self-destruct at the slightest disagreement.

Peng Peng Peng!

It looked like fireworks and was especially beautiful.

Ahhhh!

From time to time, there would be muffled groans, which came from the elders suffering internal injuries from the explosion.

The more they fought, the more depressed they became. Each and every one of them had a bitter face.

Damn, can this war be fought?

Self-destructing at the slightest disagreement, not one by one, but two or three at once, F * ck! Do you think this is a jade talisman that you can just blow up?

This was a late Dao seeking soul!

After fighting for a while, they really wanted to give up. However, when they thought about how the green Lotus was still with this kid, they gritted their teeth and had the motivation to continue.

After fighting for a while more, suddenly, there was a noise from behind.

Everyone was stunned and subconsciously turned around to look.

It didn't matter if he didn't look, but when he did, he was stunned.

On the top of the towering tree, countless golden-armored strongmen had appeared out of nowhere and were tearing down the palace. They were very fast and did not even let a single tile go.

They were as fast as a whirlwind, as brutal as a swarm of locusts. Wherever they passed, not a single blade of grass was left.

As for the palace in the middle, it had long been gone. Not even half a brick was left.

“What ... What's that?”

An elder trembled as he spoke. Even his mind was trembling.

“Locusts! That's a swarm of locusts!”

“Ah, Yingluo! My Palace!”

Then, there were a few cries of alarm and a few screams.

“Aiya! We’ve been discovered!”

“Hurry up! Hurry up and run!”

Those golden armored strongmen all had their own consciousness. They had been specially refined for the construction of Kun Lun.

Seeing that they had been discovered, they quickly burrowed into a house. Then, a split soul grabbed the house and fled toward the exit.

“Where are you running to?”

“Stop!”

Those people were so angry that they were trembling.

The green Lotus was gone!

Now, even the palace was gone!

There was nothing left!

All of them had been snatched away by this kid!

“You brat, I’ll F * ck your eighteen generations of ancestors!”

“You brat, I’m going to kill you!”

Their faces were ferocious as they charged forward.

Tang Hao did not want to waste any more time with them now that he had the treasure. He quickly left and headed for the exit.
