

## The Mightiest Little Peasant Chapter 1238

In the northern part of the first continent.

High up in the sky, the void suddenly rippled as a large ship shuttled out.

At the bow of the ship, there were many figures.

If there were people here, they would probably be speechless. This group of people all had terrifying auras. The lowest was at the late stage of Dao seeking, and there were five people at the sect master level.

“Hahaha! We’ve already traveled four times, it’s impossible for that kid to find us!”

“If that kid is following us, he must be very depressed now. I’m afraid he’s looking for us everywhere like a headless fly.”

They looked around and all laughed.

“We were too careless last time. Otherwise, we wouldn’t have given that kid an opportunity to take advantage of us. Now that we’re serious, there’s no chance for that kid to get involved!”

“That’s right!”

They were even more proud.

“Alright! Let’s keep going, we’re not far from our destination!” Beimen Yi said with a smile.

“May I ask senior, where are we going this time?”

The Jiang family’s master bowed and asked respectfully.

“It must be an ancient ruin!” The Yushi clan head said.

This was an ancient half-immortal, so all the places he knew must be ancient ruins, like the Thunder World ruins.

“That’s right!” North Gate one nodded.

Then, his tone changed. “However, it’s different from ordinary ruins. The place we’re going to this time was a place to suppress demons in ancient times.”

“Demon subduing ground?”

Everyone’s expression changed slightly when they heard this.

Generally speaking, the demon subduing grounds were extremely dangerous places that suppressed all kinds of evil beings. There were many such places in the first continent.

“Don’t worry, so many years have passed. Even if that devil doesn’t die, he’s already on his last breath. He’s not a threat.” Northgate one laughed.

“That’s true!”

Everyone’s expression eased a little.

“I’ve heard of this demon suppression place before. The demon suppressed here is very powerful. He has cultivated a kind of golden body and is very difficult to kill. That’s why he was suppressed.”

“The person who suppressed him had the same cultivation as me. He was also a half immortal and a famous war god at that time. When he was suppressing the demon, he used a lot of treasures to suppress the demon for all eternity. ”

“That demon didn’t have the cultivation of a half-immortal, but was at the peak of the immortal realm. He shouldn’t be underestimated, but after so many years, I’m afraid he’s already gone.”

“Our target is the treasure that the God of War used to seal the place.”

Beimen Yi said slowly.

Hearing this, everyone also became excited.

He was also a half-immortal, so he must have used Supreme treasures. According to the senior, there seemed to be more than one.

They now had a lot of Supreme treasures. As long as they had a few more and equipped Ji Wu and Jiang tianwu with them, they would be able to easily crush that Qin brat.

Especially the Jiang family's kid, who already had a Supreme armor, and now had a weapon. That would be incredible. With two Supreme treasures, he was afraid that he could defeat the kid alone.

At that time, he could set up a trap to trap that kid and kill him easily.

When they thought of this, they became even more excited.

“Hahaha! We'll be able to kill that brat soon!”

“Let's go, let's hurry!”

They all laughed out loud, feeling extremely carefree.

Amidst the relaxed and happy laughter, the ship sped up.

At this moment, a wisp of a soul was sitting ten thousand miles away from them. A pair of silver light shot out from its eyes, which could pierce through the void and watch them.

It wasn't just here, but several other souls also turned around and looked at him.

A pair of eyes flashed with silver light.

“I found it!”

“They’re here!”

Information was being transmitted between them.

Wherever the ship passed, the split souls raised their eyes, their eyes shining with silver light as they closely monitored the ship.

The people on the ship were unaware that so many eyes were watching them. Tang Hao could see their every move.

They had never left Tang Hao’s surveillance network. They were closely followed. Even if they traveled through the void, Tang Hao would be able to find them quickly.

His surveillance network covered the entire first continent, and no one could escape his tracking.

“A bunch of idiots!”

When he heard the laughter coming from the ship, he grinned and laughed coldly.

At this time, he was sitting cross-legged on the Thunder firmament battleship and rushing over.

Half a day later, the ship stopped.

A vast mountain range appeared in front of them.

“This is the place!” Beimen Yi looked around and took out a map to compare.

“Let’s go!”

They flew out one by one and soon found a huge abyss in the mountain range.

“It’s inside, let’s go down!” He said.

The group of people rushed into the abyss.

“This abyss is called the immeasurable abyss. It’s named so because it’s unfathomable and its bottom can’t be seen. It’s also a famous dangerous place!” The Jiang family’s master said, “I really didn’t expect that this place would be a demon suppressing place.”

“I’ve heard of this place before. I’ve been here once when I was young!” The patriarch of the Yushi family said with emotion.

The group continued to descend, and after a long time, they still could not see the bottom.

From time to time, they would encounter some ferocious beasts that lived on the cliff of the abyss. There were many densely packed holes there.

Many of them were very powerful, but when they released their auras, those fierce beasts were so intimidated that they couldn’t move and could only shiver.

After an unknown amount of time, they finally reached the bottom.

“Eh? Why is there nothing?”

Everyone was stunned when they saw the bottom of the abyss.

There was nothing at the bottom!

“This ...”

Bei men Yi hesitated for a moment. “This should be the place!”

He landed and took a closer look. Suddenly, he pointed to the ground and shouted, “This is a fake. Quickly break through it. We haven’t reached the real bottom yet.”

Everyone was stunned for a moment before coming to a realization.

They took out their treasures and attacked the ground.

Bang!

The Jiang family's master used the God slaying whip to smash the ground. The ground was pierced through, and there was a bottomless abyss below.

They continued to descend, and after more than ten minutes, they sensed a faint demonic Qi coming from the abyss below.

"There's no mistake, it's right below!"

They immediately increased their speed, and after descending for a short distance, they saw rays of golden light appear in the abyss below. Those were golden chains, and they were engraved with mysterious runes.

In the middle of the chain was a coffin.

The faint aura was coming from the coffin.

Above the coffins floated a few balls of light. Upon closer inspection, they were clearly treasures. The auras on them were vast and majestic, and they were all Supreme treasures.

"One, two, three ... Hiss! Three Supreme treasures!"

The crowd gasped in shock.
