

The Mightiest Little Peasant Chapter 1239

“Heavens! There are actually three!”

“I’m rich!”

The group of people’s eyes suddenly turned red, and they were so excited that their bodies trembled.

In the past, each of their great sects only had one Supreme treasure, and every one of them was a rare item. Now, three of these treasures had appeared at once, so they could not help but be excited.

“A sword, a turtle shell, and a ruler ... Hmm? That ruler’s aura is a little strange. It seems to be a little broken!”

“Look, it’s indeed a little broken. They can’t be considered Supreme treasures. Strictly speaking, there are only two!”

Everyone carefully inspected the area.

There were a total of three treasures: an ancient green sword, a tortoise shell, and a ruler that looked like white jade. The sword and tortoise shell were intact, but the ruler was broken.

“What a pity!”

Everyone could not hide their disappointment.

“It’s already pretty good to have two! But ... How do we split it?” The Yushi clan head said.

“That’s simple. Two Supreme treasures, just enough to give to two young people, one for each. As for the other three sects, there’s no rush. After we kill that kid, there will be many more treasures to be divided.”

Sect leader Tongtian said.

“This ...” The master of the Yushi family and the others hesitated for a moment, but they quickly nodded in agreement.

For now, this was the best way. Everything was to kill that kid surnamed Qin first.

“Then it’s decided!”

Sect leader Tongtian said.

“That devil is still alive, but his aura is very weak. Let’s get rid of him first!” At the north gate.

“Alright!”

Everyone responded and gathered their Dao energy. They took out their treasures and waited in formation.

Then, sect leader Tongtian struck out with his sword, slashing at the golden chain.

With a crisp sound, the chains broke, and the coffin immediately tilted. The entire sealing formation was broken.

Clang clang clang!

The coffin began to shake violently. Something inside started to move, and a deep roar came out.

Then, with a loud bang, the lid of the coffin burst open, and a figure rushed out. It had six arms, black all over, and steel-like skin.

He was tall and big, but his entire body was extremely thin.

“Go!”

Everyone shouted and activated their treasures to attack.

That demon was once at the peak of immortal realm, but after being suppressed for so long, his cultivation had long been worn out. Naturally, he couldn't withstand the siege of so many people and was blasted into a sorry state.

"There's no need to fear this fiend. Wu 'er, go and get the treasure!"

Sect leader Tongtian shouted.

"Yes! Sect master!"

"Yes," Ji Wu replied. He dashed toward the three floating light balls.

"My cultivation has already caught up to that guy. As long as I have another Supreme treasure, I can surpass him and wash away the shame!"

"I'll take revenge for the humiliation he gave me!"

At that moment, Ji Wuxin was so excited that her whole body was trembling.

As the treasures got closer and closer, he became more and more excited.

He stretched out his hand and took the lead to grab the green ancient sword.

Compared to the defensive tortoiseshell, he preferred treasures like swords.

The sword in front of him was simple and unadorned. On the hilt, there was an Azure Luan.

"Good sword!"

Ji Wu couldn't help but praise.

The Supreme treasure of the heavenly reaching great sect was also a sword. However, it was on par with this sword and each had its own characteristics.

“I’m going to use this sword to kill that guy and wash away my humiliation!”

He laughed carefreely, and it looked like he was about to grab the sword.

However, at this moment, a figure suddenly rushed down from the sky above the abyss. It passed the crowd and went straight for Ji Wu.

Everyone was working together to kill the demon, but they didn’t expect someone to ambush them from behind, so they couldn’t react in time.

Ji Wu was also immersed in ecstasy. By the time he reacted, the figure was already behind him.

He only reacted when the strong wind hit his body, and he was instantly shocked.

When he turned around, he was stunned. His eyes widened, and he could not believe what he saw.

“You ...”

He opened his mouth and exclaimed.

“You what you! Get lost!”

“Die!” Tang Hao shouted and slammed his palm down.

Bang!

Ji Wu’s body trembled and he fell.

“All the treasures are mine!”

“Good sword!” Tang Hao shouted. He reached out, and the three Treasures fell into his hands.” Good armor! And this ruler ... It’s not bad either!”

At this moment, everyone was stunned.

The sounds of fighting stopped abruptly. The figures were all frozen on the spot. Their eyes were wide open as they stared at Tang Hao. They looked as if they had seen a ghost.

Even Beimen Yi's face was blank, and his mind was blank.

He was completely dumbfounded.

What was this kid doing here?

Last time, they were too careless and didn't take any precautions, which was why this kid had stolen their treasures. But this time, they were clearly well prepared, so how did this kid still follow them?

How did he manage to catch up?

Even though he was a half-immortal, he couldn't figure it out.

Even he couldn't figure it out, let alone the others. They were even more confused.

Suddenly, Tang Hao's eyes darted around and caught sight of the golden chain. His eyes lit up.

"It's a treasure!"

"No! I can't keep them. As long as they are treasures, they are all mine! I won't leave a single hair for you!"

Tang Hao reached out and conjured a giant Golden Palm. It grabbed the Golden chains and pulled hard, putting them into his pocket.

After putting away the chains, he turned his eyes to the coffin.

“This coffin seems to be good. Although it’s a little inauspicious, it’s still a treasure. I can’t waste it. I’ll keep it!”

Tang Hao mumbled. He reached out and put the coffin away.

Everyone was a little stunned and had not come back to their senses.

Even the devil was staring at Tang Hao in shock.

Who was this kid?

His eyes were shimmering, and he looked a little perverted. F * ck! He didn’t even let go of the nails that were embedded in the wall. He really didn’t let go of a single hair!

Tang Hao’s gaze shifted to the demon.

F * ck! What are you looking at me for?

The demon shuddered and felt a chill down his spine.

He felt that something was wrong. There was something wrong with this guy’s eyes. They were green, and he looked at him as if he was a treasure.

“You ... What do you want to do?”

He had once been a peak immortal, a lawless demon who wasn’t afraid of half-immortal Almighty. But at this moment, he felt a little uneasy and scared in front of this kid.

Tang Hao’s eyes glowed brighter and brighter as he stared at him.

In his eyes, it was also a treasure!

“I don’t want to do anything. I just want to devour your soul and study your body!” Tang Hao mumbled.

The demon's eyes widened and he was so scared that he almost fainted.

F * ck! They wanted to devour his soul and mess with his body, and this was nothing?

This was clearly a demon who was even more brutal and terrifying than him!
