

The Mightiest Little Peasant Chapter 1241

“What ... What is this thing?”

“It looks like a Dao pillar, but ... How is this possible? How could there be such a Dao pillar?”

Everyone was stunned.

The object in front of him looked a little like a Dao platform, but its shape and aura were completely different from ordinary Dao platforms. The aura, in particular, had a kind of vast heavenly might.

They couldn't believe that this was really a Dao platform.

Moreover, if it was a Dao pillar, why did this guy use it? one should know that a Dao pillar was a very fragile thing. Most people would hide it in a hurry, so who would dare to use it!

“This ... This is ...”

At this moment, Beimen Yi's body trembled as if he had been struck by lightning.

His eyes suddenly widened, revealing extreme shock and disbelief.

“This ... This is impossible ... How can such a heaven-defying item appear again ...” He mumbled to himself. He looked at Tang Hao again, and his eyes were filled with shock.

“This kid ... How could he create such a heaven-defying item! It's unbelievable!”

“Wrong! I was wrong! This kid isn't simple. He's a heaven-defying figure, the most terrifying figure!”

He mumbled, his expression gradually turning into fear.

He looked at the Dao platform with a hint of fear in his eyes, as if he had seen the most terrifying thing in the world.

“No... There’s something wrong with this aura. It’s different from what I remember ... Right, there’s another aura here. It’s the green Lotus! He actually fused the green Lotus into the Dao pillar. ”

“This ... This is shocking! It was unbelievable! It was too unbelievable! I’ve never heard of it before!”

“Retreat! Quickly retreat! This item is extremely terrifying!”

Then, he screamed and pulled Ji Wu back.

Hearing this, the others were even more confused and shocked.

What was this?

Even a half-immortal old monster was scared to this extent?

They subconsciously wanted to retreat, but it was too late.

The Dao pillar flew out and spun around. It suddenly bloomed with a shocking heavenly light. At the same time, the Dao patterns all over it lit up and emitted a dazzling golden light.

With the platform as the center, a circle of translucent ripples spread.

Wherever it went, the void froze.

The beams of light and treasures all came to a halt.

Then, the figures froze.

The entire void was frozen.

The only person who could move was Tang Hao.

Divine light shot out from his eyes as he took out his halberd and shot out.

His biggest enemy was Ji Wu and the half immortal old monster. He should kill them first, but the old monster reacted too fast and had already retreated far away.

His Natal Dao platform could only hold the void for a limited time, so he had to abandon Ji Wu and rush toward the master of Yushi.

This person's cultivation level was the weakest, and he was also the closest. If she didn't kill him, who would she kill?

Although he had been frozen in mid-air, the master of the Yushi family could still think. He looked at the figure charging towards him with fear in his eyes.

Tang Hao's expression was cold. He swung his halberd and slashed.

The halberd cut through the man's defense, and Tang Hao slapped him with his palm. The man's body exploded with a bang. Then, he grabbed the platform and his soul. He crushed it.

A sect master had died in an instant.

At this time, the time was up, and the others began to move.

"Ji, and you, old man, we'll meet again next time!"

Tang Hao glared at Ji Wu and Beimen Yi coldly. Then, he grabbed the things that the old man, rain master, had left behind and rushed up.

"Get lost!"

He brandished the divine halberd with an unstoppable force.

With a few bangs, master Jiang and the others were sent flying and crashed heavily into the cliff wall, looking extremely miserable.

After breaking out of the encirclement, Tang Hao's speed increased dramatically, and he disappeared in the blink of an eye.

"What's going on? That thing just now ... What was going on?"

"Yushi is dead? This ... How is this possible?"

The crowd exclaimed in shock.

Many people looked up and wanted to chase after him, but his shadow had long disappeared. They immediately cried out in frustration.

With that kid's speed, he would have run far away.

When they recalled the scene just now, they felt a chill all over their bodies and were extremely frightened.

To freeze the entire void, what kind of terrifying divine power was this!

"I remember now. That brat used this method before. Have you all forgotten that it was his Natal infant? it's just that the time it was frozen was too short, so it wasn't as terrifying as it is now."

Sect leader Tongtian said.

Everyone was stunned for a moment before coming to a realization.

"A lifeblood nascent soul ... Could this be a lifeblood Dao pillar? How could this be possible? I've also heard of this thing. Even in the ancient times, only a few people were able to refine it!" The Jiang family head said with a frown.

"That's right, that's my life Dao pillar!"

At this moment, Beimen Yi floated out from Ji Wu's body and said seriously.

"I really didn't think that in this day and age, someone would be able to create a life Dao pillar. This is simply unbelievable! That kid was too terrifying! He's not an ordinary person, he's a heaven-defying figure!"

"Ji brat is blessed by the heavens, and he is heaven-defying, no wonder he's being suppressed everywhere ..."

Hearing this, Ji Wu clenched his fists and his face twitched a few times, showing a touch of extreme unwillingness and anger.

"Senior, this life Dao pillar ... How powerful is it?"

An elder asked.

North Gate one's face grew more serious. "Didn't you see how powerful it is just now? And that's not the only wondrous part of it. What's even more amazing is the Dao fruit it bears. "

"As you all know, Dao fruits are divided into different grades. Different Dao pillars produce different Dao fruits. The fruits produced by the life Dao pillar are the best."

Hiss!

Everyone gasped in shock.

That brat was only in his twenties, but he had already reached this realm. They had no doubt that he would be able to break through to the Dao severance realm. It was only a matter of time.

According to the senior, it seemed that once the kid severed his Dao, his strength would become even more terrifying.

"It's such a pity that we didn't manage to keep him here this time! This kid is too terrifying. Once he severs his Dao, we can't hold him back anymore. We have to kill him before he severs his Dao. "

Beimen Yi said sternly.

“Don’t worry, it’s not that easy to cut off Dao. We still have many opportunities. Although that kid is powerful, I’m not to be trifled with. With my experience and that kid’s luck, I’ll definitely be able to suppress him!”

“I, Beimen Yi, have been through all sorts of things in my life. I’m confident in dealing with a mere junior!”

Hearing this, everyone heaved a sigh of relief and regained some confidence.

This time, they actually still had the upper hand. They were just caught off guard, which was why one of them died, and the kid escaped.

“I know many other places, but we can’t move for now. We have to find out how that kid is tracking us.”

North Gate one said.

“That’s true! This matter was really strange! How did that kid catch up?”

Thinking of this, everyone was puzzled again.

This was something they couldn’t understand.

“Go! Let’s go back first!”

With the north gate leading the way, a group of people swept out of the abyss in a single file. They came in high spirits, but when they came out, they could not help but look a little disheveled and dusty.

They steered the great ship and shuttled through the void, returning to the sect.
