

The Mightiest Little Peasant Chapter 1244

“What’s going on?”

Tang Hao’s expression changed.

Just a moment ago, the power that came from the divine rain Bell suddenly increased by a large amount.

“There must be a powerful figure here! You want to snatch my treasure? Hmph! Don’t even think about it!” “Hmph!” Tang Hao grunted and activated the divine void Gu again.

However, the power coming from the other side was too strong, and he couldn’t catch up at all.

Clang clang clang!

The divine rain Bell trembled violently, and its power increased greatly. In an instant, several split souls were shattered.

Tang Hao’s expression turned serious. If things continued like this, he would not be able to keep the treasure. However, he was not willing to give it back. The treasure was already in his hands. There was no way he would return it.

Suddenly, a bold idea popped up in his mind.

“Retreat!”

He shouted.

The souls immediately retreated.

“Hahaha! It’s a success!”

“That kid gave up!”

The hall was filled with cheers.

Everyone was extremely excited.

After a tough battle, they finally defeated the little demon and took back the treasure. Their Yushi family's face was saved!

"I told you! It's guaranteed to be foolproof!"

The group of old men all had relaxed expressions.

At this moment, the entire Hall was immersed in a jubilant atmosphere.

The great elder was also extremely excited, his face red.

Even though he had burned so much blood essence, eaten so many medicinal pills, and even invited the elders of the previous generation who were in seclusion to comprehend the Dao, the price was not small. However, as long as he could protect the divine rain Bell, everything was worth it.

"Alright, call Zhong Zhao back!"

He suppressed his excitement and shouted.

"Yes! Great elder!"

Everyone responded and activated their imprints to summon the divine rain Bell.

On Tang Hao's side, the divine rain Bell suddenly trembled. It glowed brilliantly and once again soared into the sky. In midair, ripples appeared in the void, and a passage appeared.

The divine rain Bell rushed into it and disappeared in the blink of an eye.

In the next moment, it appeared in the sky above the Yushi clan's main hall.

Clang clang!

The sound of the bell rang throughout the entire Yushi residence.

"The divine rain clock has returned!"

The entire Yushi family was in an uproar.

"That's great! The precious Bell is safe!"

Everyone raised their heads and looked at the precious Bell, revealing excited expressions.

They all knew that the precious Bell had been snatched away by that devil surnamed Qin. Now that he had returned, it meant that the elders had won and had successfully snatched the precious Bell back.

However, at this moment, a figure suddenly appeared in the void ripples behind the bell.

The cheers stopped abruptly.

The entire Yushi family fell into a dead silence.

Everyone stared blankly at the figure that had suddenly appeared in the air.

"Who is that?"

Some were bewildered, but they didn't know this person.

However, the others all sucked in a breath of cold air and revealed extremely shocked expressions.

"Qin Wang! That's the King of Qin!"

Someone screamed.

In the main hall, all the elders were dumbfounded and in disbelief.

The brat was so bold that he had crossed the passage and come to Yushi's house!

The group of Grand elders were also shocked and sighed. "How bold!"

Then, they all revealed fierce expressions and shouted.

"You came just in time! Little devil, I'll suppress you today!"

"Go! Kill this brat and use his blood to wash away the shame of our Yushi family!"

They leaped into the air, their Daoist robes fluttering in the wind, and their powerful auras soared into the sky.

"Little demon, you killed the head of the Yushi clan and stole our treasure, and you still dare to come here? you're quite bold! Today, I'll make sure you won't be able to return!"

The great elder stepped into the air and shouted.

"Kill him! Take revenge for the head of the family!"

The other elders also shouted as they rushed out of the hall. Their eyes were filled with killing intent and their battle intent soared.

Thousands of auras locked onto Tang Hao at the same time.

However, Tang Hao did not seem to notice it. He stood in the air and coldly looked around. "I'd like to see how you're going to make me stay!"

"Woof! What a big tone!"

The elders laughed in anger.

“Also ... I have to remind you that this is no longer your treasure. It’s mine!”

Tang Hao raised his hand and pointed at the divine rain Bell.

“Motherf * cker, you’re too shameless!”

“Wayaya! This kid is too arrogant!”

The group of elders were infuriated, and their faces were flushed red.

They had never seen such an arrogant and shameless person.

How dare he be so arrogant after stepping into the Yushi family’s house? furthermore, he even shamelessly claimed that the Yushi family’s things were his.

“Kill him! Hurry up and kill them!”

The group of Grand elders were stomping their feet in anger.

“Go!”

Along with a series of battle cries, rays of light shot up into the sky and blasted towards the figure in the air.

Tang Hao’s expression did not change. He looked around and laughed coldly. “What rain deity clan? I’m going to turn this place upside down today!”

Then, he flicked his hand and the divine virtual banner flew out. Countless rays of light shot out and turned into “Tang Haos” that flew in all directions.

“Fellow Daoist, stall them! Let’s go find the treasure!”

“Treasure! Treasure! Where are you guys?”

“Remember, take everything you can. Not a single brick, not a single leaf!”

This group of split souls was abnormally excited, and their eyes were all shining.

Everyone from the Yushi family was dumbfounded.

They could vaguely feel that the situation was not good.

“Hahaha! This group of idiots actually let us in! Don’t stand on ceremony, just take it!”

The split souls roared and pounced in all directions, snatching everything they saw. They even released golden armored strongmen, which stirred up a whirlwind and blew over. Everywhere they passed, whether it was a Palace or a Pavilion, they were all removed, leaving behind a bare Foundation.

“Al! Look, those kids are wearing pretty good clothes!”

“Strip it! Strip him!”

They rushed towards the group of ignorant disciples, stripped them of their clothes, and took away their treasures.

Seeing this scene, the group of elders’ eyes widened even more.

He didn’t even let a single brick go. How brutal was this!

Then, they were so angry that they trembled and smoke came out of their seven orifices.

“Preposterous! Preposterous!”

“Stop!”

They roared in anger and rushed over madly, trying to stop this group of split souls.

However, there were too many of them, and they were extremely slippery. They couldn't catch up with them, and could only watch as those bastards stripped their palaces and emptied their Yushi family.

In the main hall, Tang Hao took out his halberd and fought his way down, holding back the strongest group of people.

“Don't bother about those beasts, let them snatch it! As long as we kill this little demon, we can easily deal with those split souls!”

Many elders flew back and joined the group of people who were attacking.
